EXPLANATION

The purpose of this request is for the New Hampshire Department of Corrections (DOC), and the New Hampshire Judicial Branch (NHJB), to continue providing housing assistance, case management and supportive services, for one (1) additional year, as directed by the Governor's Commission on Alcohol and Other Drugs, to individuals with substance use disorders who are either re-entering the community after incarceration in the State correctional system, or who are participating in one of the nine (9) New Hampshire county drug court programs or the Family Treatment Court.

The Community Housing Program helps to ensure a supportive and stable environment in the community, and increases the likelihood of reunification of families involved in Family Treatment Court. The program is accessible to qualified participants statewide.

The housing assistance, case management, and supportive services provided through the Community Housing Program helps individuals find stability within the community. Additionally, the New Hampshire Judicial Branch provides a coordinator position to assist individuals in securing and maintaining housing and ensures that individuals are referred to clinically appropriate substance use disorder and mental health treatments, and other services that support their recovery.

Between July 1, 2021 and June 30, 2022, 227 participants were connected to housing and 116 of those participants transitioned from the program while maintaining stable housing and income.

Should the Governor and Council not authorize this request, residents of New Hampshire with Substance Use Disorders who are engaged with judicial or correctional agencies may not have access to stable housing to support their recovery. This will increase their vulnerability to overdose and could potentially result in relapse, leading to recidivism or death. In addition to the human cost, the financial costs to the DOC and NHJB will increase.

Area served: Statewide.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Weaver
 Interim Commissioner

EXPLANATION

The purpose of this request is to revise the Memorandum of Understanding to include individuals with a substance use disorder who are participating in the New Hampshire Family Treatment Court program access to the Community Housing Program.

Approximately 150 individuals will be served during State Fiscal Year 2023.

This program will provide housing assistance, case management and supportive services for individuals to ensure a supportive and stable environment in the community, which will assist in increasing reunification of families involved in Family Treatment Court. The program currently serves individuals with substance use disorders who are either re-entering the community after incarceration in the state correctional system or who are participating in one of the nine New Hampshire county drug court programs. In SFY22, 227 qualified participants were connected to housing and 116 of them transitioned off the program support while maintaining stable housing and income. This amendment will make this program available to individuals with substance use disorders who are engaged with the only Family Treatment Court in the state, thereby making the Community Housing Program accessible to qualified participants in all New Hampshire counties. The New Hampshire Judicial Branch will continue to provide a coordinator to assist individuals secure and maintain housing and ensure that individuals are referred to clinically appropriate substance use disorder and mental health treatment and other services that support their recovery.

Should the Governor and Council not authorize this request, Family Treatment Court participants might not have access to stable and supportive housing to support their recovery. As a result this will decrease opportunities for family reunification and increase vulnerability to a relapse leading to recidivism or death. In addition, it will increase financial costs for both NH Family Treatment Court and the Department of Children, Youth and Families.

Area served: Statewide.

Source of Funds: 100% Other Funds (Governor's Commission on Alcohol and Other Drugs).

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibinette
Commissioner

EXPLANATION

The purpose of this request is to continue the provision of housing assistance to individuals with Substance Use Disorder who are either re-entering the community after incarceration in the state correctional system or who are participating in the New Hampshire drug court program who are in need of temporary housing.

Approximately 150 individuals will be served during State Fiscal Year 2023.

This program will provide housing assistance, case management and supportive services in the community to ensure individuals are stable in the community, which will assist in decreasing recidivism. The New Hampshire Judicial Branch will continue to provide a coordinator who will assist individuals to secure and maintain housing and ensure that individuals are referred to clinically appropriate substance use disorder and mental health treatment and other services that support their recovery.

As referenced in Section 2. Duration, Subsection 2.4. of the memorandum of understanding, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) of the one (1) years available.

Should the Governor and Council not authorize this request, NH citizens with Substance Use Disorders who are engaged with judicial or correctional agencies might not have access to stable housing to support their recovery. This will increase their vulnerability to overdose, potentially resulting in relapse leading to recidivism or death. In addition to human cost, it will increase financial costs for both NH Drug Courts and Department of Corrections.

Area served: Statewide

EXPLANATION

The purpose of this request is to continue the provision of housing assistance to individuals with Substance Use Disorder who are either re-entering the community after incarceration in the state correctional system, or who are participating in the New Hampshire drug court program who are also in need of temporary housing.

Individuals involved with criminal justice are having a difficult time finding affordable housing and/or property owners who are willing to provide affordable housing. Approximately 125 individuals will be served from July 1, 2021 to June 30, 2022.

This program will provide housing assistance, case management and supportive services in the community to ensure clients are stable in the community, which will assist in decreasing recidivism. The New Hampshire Judicial Branch will continue to provide a coordinator who will assist individuals to secure and maintain housing and ensure that individuals are referred to clinically appropriate substance use disorder and mental health treatment and other services that support their recovery.

As referenced in Section 2, Duration, Subsection 2.4 of the original memorandum of understanding, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) of the two (2) years available.

Should the Governor and Council not authorize this request, many NH citizens with Substance Use Disorders who are engaged with judicial or correctional agencies will not have stable housing that supports their recovery. This will increase their vulnerability to overdose, potentially resulting in death and relapse leading to recidivism. In addition to the human cost, it will increase financial costs for both NH Drug Courts and Department of Corrections.

Area served: Statewide

Source of Funds: 100% Other Funds (Governor's Commission on Alcohol and Other Drugs)

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibanette
Commissioner
