**EXPLANATION**

The Southern NH Planning Commission is a designated Metropolitan Planning Organization (MPO) which covers the City of Manchester and surrounding communities. The Investing in Infrastructure & Jobs Act (IIJA) provides planning and transit funds for each Regional Planning Commission (RPC). Cooperatively, the New Hampshire Department of Transportation (NHDOT) and the Southern NH Planning Commission has developed procedures for addressing transportation planning issues.

The Southern NH Planning Commission has developed a proposal to carry out the Metropolitan Planning process as identified by 23 CFR Subpart C and USC Title 23 Section 134 and the Transit Planning process as identified in Section 5303 of the Federal Transit Act.

This contract comprises the biennium Unified Planning Work Plan (UPWP) for State Fiscal Years 2024 and 2025. As part of this program, the Southern NH Planning Commission will provide transportation planning and programming services and products to support state, regional, and local needs. The Southern NH Planning Commission will focus on ten planning factors as follows:

- 1) Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
- 2) Increase the safety of the transportation system for motorized and non-motorized users.
- 3) Increase the security of the transportation system for motorized and non-motorized users.

- 4) Increase the accessibility and mobility of people and freight.
- 5) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns.
- 6) Enhance the integration and connectivity of the transportation system, across and between modes, people and freight.
- 7) Promote efficient system management and operation.
- 8) Emphasize the preservation of the existing transportation system.
- 9) Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.
- 10) Enhance travel and tourism.

These planning factors are identified in the Investing in Infrastructure & Jobs Act (IIJA). Additionally, the Southern NH Planning Commission will address the New Hampshire Federal Highway Administration and Federal Transit Administration Planning Emphasis Areas (PEAs), which include FAST Act implementation of performance based planning and programming, regional planning cooperation and ladders of opportunities for access to essential services and identification of connectivity gaps.

The Southern NH Planning Commission can accomplish this work for a total fee not to exceed \$2,422,264. The funding to be used is from Federal Highway Administration (FHWA) Planning funds and local funds. The Federal portion \$2,180,038 is Federal Aid (involving Metropolitan Planning (PL), Statewide Planning & Research (SPR) funds) and Consolidated Planning Grant funds with additional \$242,226 from local funds (collected by the Southern NH Planning Commission to be applied towards total cost).

The funding is 80% Federal Funds with 10% state match. Turnpike toll credit is being utilized for match requirement, effectively using 90% Federal Funds and 10% local funds from Southern NH Planning Commission. The Capital Budget Overview Committee approved the use of Turnpike Toll Credits on May 26, 2023.

The Contract has been approved by the Attorney General as to form and execution and funding for each fiscal year is contingent upon the availability and continued appropriations of funds. Copies of the fully executed contract are on file at the Secretary of State's office and the Department of Administrative Services office and subsequent to Governor and Council approval, will be on file at the Department of Transportation.

It is respectfully requested that authority be given to enter into a Contract for professional services as detailed in the Requested Resolution.

Sincerely,

William J. Cass, P.E.  
Commissioner

## INTRODUCTION

The Southern New Hampshire Planning Commission (SNHPC) is one of nine Regional Planning Commissions in New Hampshire established under NH RSA Chapter 36 and is the designated Metropolitan Planning Organization (MPO) serving 14 municipalities in the greater Manchester, New Hampshire Urbanized Area (UZA).

The FY 2024 - FY 2025 Unified Planning Work Program (UPWP) for the SNHPC metropolitan planning area has been developed to meet the requirements of the Infrastructure Investment and Jobs Act (IIJA) and the metropolitan transportation planning regulations codified in 23 CFR 450. This UPWP includes the description of all transportation planning activities that will be performed by the SNHPC during the fiscal years beginning July 1, 2023 and ending June 30, 2025 (i.e. State Fiscal Year 2024 and 2025). A map of the SNHPC region is shown in Exhibit 1 below.

**Exhibit 1- Southern New Hampshire Planning Commission Region**

*Note: Portions of the towns of Bow, Allenstown, and Pembroke are included in the Manchester, NH urbanized area. The SNHPC's Metropolitan Planning Area (MPA) boundary includes these areas. Under a Memorandum of Understanding with the Central NH Regional Planning Commission, the towns of Bow, Allenstown, and Pembroke are designated as voting members of the SNHPC MPO to ensure that they are afforded the opportunity to fully participate in all aspects of the SNHPC's metropolitan planning process.*

This UPWP is a consolidated planning work program supported by FHWA Metropolitan Planning (PL) funds, FTA Section 5303 Metropolitan Planning funds, and FHWA State Planning and Research (SPR) funds. Federal funding supporting this UPWP is matched by a combination of turnpike toll credits administered by the New Hampshire Department of Transportation (NHDOT) and matching funds provided by the SNHPC. The planning activities outlined in this UPWP have been designed to meet the local needs of the SNHPC region's municipalities and ensure consistency with the ten federally-designated metropolitan planning factors as detailed in Exhibit 2 below.

**Exhibit 2- SNHPC UPWP Linkages with Federally-designated Metropolitan Planning Factors**

On April 6, 2015, the 1997 8-Hour Ozone NAAQS was revoked for all purposes, including transportation conformity, thus alleviating the Boston-Manchester-Portsmouth (SE) NH area from having to demonstrate the conformity of transportation plans. However, due to a decision of the U.S. Court of Appeals for the District of Columbia Circuit (South Coast Air Quality Management District v. EPA), as of February 16, 2019, transportation conformity for the 1997 ozone NAAQS again applies in the Boston-Manchester-Portsmouth (SE) NH "Orphan Area." - (5) Sanctions for Noncompliance: In the event of the CONTRACTOR'S noncompliance with nondiscrimination provisions of this agreement, the RECIPIENT shall impose such contract sanctions as it or the New Hampshire Department of Transportation may determine to be appropriate, including, but not limited to:
  - (a) withholding of payments to the CONTRACTOR under the contract until the CONTRACTOR complies; and/or
  - (b) cancellation, termination, or suspension of the contract, in whole or in part.
- (6) Incorporation of Provisions: The CONTRACTOR shall include the provisions of paragraphs (1) through (6) in every sub-agreement, including procurements of materials and leases of equipment, unless exempt by the REGULATIONS, or directives issued pursuant thereto. The CONTRACTOR shall take such action with respect to any sub-agreement or procurement as the RECIPIENT or the New Hampshire Department of Transportation may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-applicant or supplier as a result of such direction, the CONTRACTOR may request the RECIPIENT to enter into such litigation to protect the interests of the RECIPIENT, and, in addition, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.
