EXPLANATION

Formed in 1992 by the six New England State Travel Directors, Discover New England (DNE) is the only regional marketing organization that equally represents and markets the New England states in the international market. The Division of Travel and Tourism Development (DTTD) is requesting this contract as **sole source** because there are no other organizations that could perform DNE’s scope of services. It is a unique partnership specifically developed by the New England Tourism Directors in response to industry needs. The organization performs marketing services that DTTD does not have the resources to undertake as an individual state.

Each state contributes equal funds for distant domestic and international marketing programs that include trade shows and tour operator/media summits, sales missions, literature production and distribution, advertising, cooperative marketing, press and travel trade familiarization tours, public relations, and research. In addition to DNE's core programs in established markets, DNE offers each state the opportunity to grow demand through new market entry. Tactics include sales missions, trade shows, familiarization tours, travel agent trainings, advertising campaigns, and product development.

In 2019, New England received 2.2 million international visitors who spent more than \$7.1 billion. Since Covid and the reopening of the borders, New Hampshire and the other New England states are collaboratively trying to attract international visitors back to pre-pandemic numbers.

The Attorney General's office has approved this contract as to form, substance and execution.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "T. Caswell".

Taylor Caswell
Commissioner

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.
