**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with J. Hutchins Inc. (Vendor 285855) of Richmond, VT, on the basis of a low bid of \$4,131,543.41, for pavement resurfacing on four sections in seven towns (Green's Grant, Martin's Location, Dixville, Millsfield, Jefferson, Dummer and Cambridge) and the parking lot at the Colebrook-Dixville patrol shed in District 1 (Project: Statewide Tier 2 Resurfacing (North) 43052), from the date of Governor and Council approval through October 27, 2023, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

### EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Pave-T2-Resurfacing Program. This project is part of the Tier 2 Federal Resurfacing program and involves 20.1 miles of pavement resurfacing on four (4) sections in seven (7) towns and a patrol shed parking area in District 1.

- 20103 – Green's Grant/Martin's Location, NH 16, ¾" Paver Shim Full-Width Overlay, 4.0 Miles
- 20108 – Dixville/Millsfield, NH 26, 1½" Full-Width Overlay, 3.3 Miles
- 21107 – Jefferson, US 2, ¾" Paver Shim Full-Width Overlay and 1¼" Full-Width High Strength Overlay, 9.5 Miles
- 22103 – Dummer/Cambridge, NH 16, ¾" Full-Width Paver Shim Overlay, 3.3 Miles
- BALSAM – Colebrook, Dixville Patrol Shed, Valley Road, 2-1/2" Binder and 1-1/2" Wearing

This project will extend the life of the existing pavement and delay costlier improvements. The sections will be resurfaced via paver shim and full width wearing course overlay. Ancillary work includes striping, drainage work, and guardrail replacement. All impacted towns and utilities will be notified.

The proposed contingency amount is 5% of the contract amount. This is to account for escalation in asphalt prices, that quantity calculations are based on aerial and street view photography and field conditions will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

Although the bid costs exceeded the Department's estimate by 5.91%, the low bid of three bids received is felt to be reasonable for the work involved. Two items of significance accounted for 100% of the overage (pavement binder and paver shim). Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Pave-T2-Resurf), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

Your approval of this resolution is respectfully requested.

William Cass, P.E.

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project is part of the Tier 2 Federal Resurfacing program and involves 20.1 miles of pavement resurfacing on four (4) sections in seven (7) towns and a patrol shed parking area in District 1.

20103 Green's Grant/Martin's Location, NH 16, ¾" Paver Shim Full-Width Overlay, 4.0 Miles

20108 Dixville/Millsfield, NH 26, 1½" Full-Width Overlay, 3.3 Miles

21107 Jefferson, US 2, ¾" Paver Shim Full-Width Overlay and 1½" Full-Width High Strength Overlay, 9.5 Miles

22103 Dummer/Cambridge, NH 16, ¾" Full-Width Paver Shim Overlay, 3.3 Miles

**BALSAM** Colebrook, Dixville Patrol Shed, Valley Road, 2-1/2" Binder and 1-1/2" Wearing

**FEDERAL FUNDING:** Pave-T2-Resurf (80%), Turnpike Toll Credit (20%); NON-PAR (100%)

**CONTINGENCY:** The proposed contingency amount is 5% of the contract amount. This is to account for escalation in asphalt prices, that quantity calculations are based on aerial and street view photography and field conditions will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

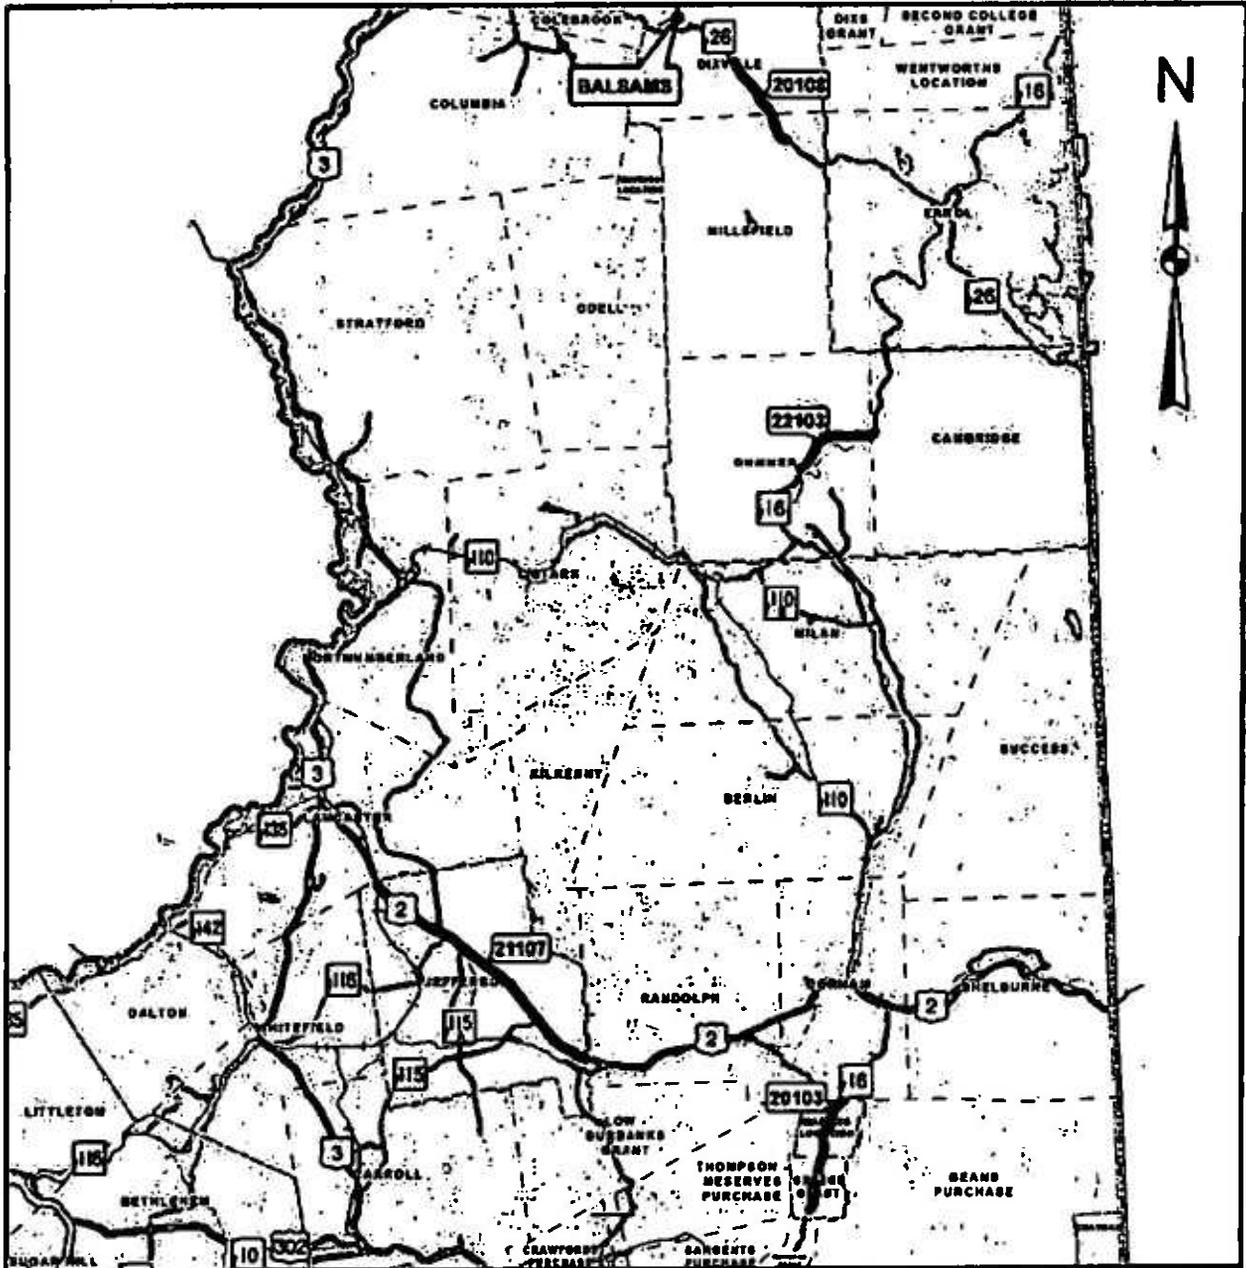

**PROJECT INITIATED:** This project is part of the CY 2023 federally-funded Tier 2 resurfacing program. The Pavement Management Section reviewed the road sections included in this project and identified one (1) section of Preservation (3.3 miles), and three (3) sections for Light Capital Paving (16.8 miles). District 1 initiated the paving of the patrol shed parking area.

**PROJECT EXPLANATION:** This project will extend the life of the existing pavement and delay costlier improvements. The sections will be resurfaced via paver shim and full width wearing course overlay. Ancillary work includes striping, drainage work, and guardrail replacement. All impacted towns and utilities will be notified.

**TRAFFIC IMPLICATION:** This project will use one-lane, alternating two-way traffic, lane shifts, and shoulder closures where necessary to complete the work, supplemented with flaggers and officers. Schools are present on or near Section 21107.

**FINAL COMPLETION DATE:** October 27, 2023.
