THE STATE OF NEW HAMPSHIRE  
DEPARTMENT OF TRANSPORTATION

85

William Cass, P.E.  
Commissioner

David Rodrigue, P.E.  
Assistant Commissioner  
Andre Briere, Colonel, USAF (RET)  
Deputy Commissioner

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
June 8, 2023

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with RJ Olszak Construction, Inc. d/b/a All-Ways Wrecking (Vendor 158160) of Bridgewater, NH, on the basis of a single bid of \$825,000 for expansion and repurposing of the existing paved area, formerly used by the DMV for commercial vehicle inspection, to accommodate CDL testing at the Southbound Rest Area/Weight Station north of Exit 18 on Rt. 89, (Project #43821) from the date of Governor and Council approval through October 20, 2023, unless amended by the Department in accordance with the Standard Specifications. 100% Other Funds.

Funding is anticipated to be available in State Fiscal Year 2024 as follows:

Funding is available as follows:	<u>FY 2024</u>
04-096-096-960515-3031	
Reimbursable Maintenance and Repairs	
400-500870 Construction Repair Materials	\$825,000

2. Further authorize that a contingency in the amount of \$82,500 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2024</u>
04-096-096-960515-3031	
Reimbursable Maintenance and Repairs	
400-500870 Construction Repair Materials	\$82,500

**EXPLANATION**

This project is located on the Interstate 89 Southbound Rest Area/Weight station parcel approximately 0.6 miles north of Exit 18. The project will expand and repurpose the existing paved area formerly used by the Department of Motor Vehicles (DMV) for inspection of commercial vehicles. The new layout will accommodate Commercial Driver License (CDL) testing to include but not limited to; pre-trip inspections, vehicle handling maneuvers and staging for the on-road test.

Due to the historic shortage of commercial drivers in the state of New Hampshire as well as across the country, the NH DMV is seeking to identify several locations across the state where they could schedule CDL testing so prospective drivers wouldn't have to always come to Concord. It is hoped that this may make it easier and more

convenient for those interest in obtaining their license. The DMV focused their attention on state properties so they would have some control of the access and operation of the property. Due to the requirements needed to safely process and accommodate the large trucks (up to 80 ft in length), only a few DOT Rest Area or Park & Ride facilities warranted increased investigation. The Lebanon site provided an opportunity to repurpose an existing underutilized paved area the DMV already had control over.

The proposed contingency amount is 10% of the contract amount. This project has limited survey, therefore certain quantities and repairs are estimated based on aerial and as-built plan information, run a higher risk of inaccuracy. These items include rock excavation.

Although the bid costs exceeded the Department's estimate by 25%, the sole bid received is felt to be reasonable for the work involved. Several drainage items, paving items, and Mobilization were the major contributing items that resulted in the bids being over the engineers estimate. Readvertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 0% Federal funds (100% GOFERR funds distributed by the State of NH).

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William Cass  
Commissioner

WC/pcj

Department Estimate:	\$660,000
Contract Amount:	<u>\$825,000</u>

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** The Lebanon project is located on the Interstate 89 Southbound Rest Area/Weight station parcel approximately 0.6 miles north of Exit 18. The project will expand and repurpose the existing paved area formerly used by the Department of Motor Vehicles (DMV) for inspection of commercial vehicles. The new layout will accommodate Commercial Driver License (CDL) testing to include but not limited to; pre-trip inspections, vehicle handling maneuvers and staging for the on-road test.

**FEDERAL FUNDING:** 0% (100% GOFERR funds distributed by the State of NH)

**CONTINGENCY:** The proposed contingency amount is 10% of the contract amount. This project has limited survey, therefore certain quantities and repairs are estimated based on aerial and as-built plan information, run a higher risk of inaccuracy. These items include rock excavation.

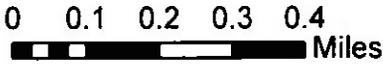

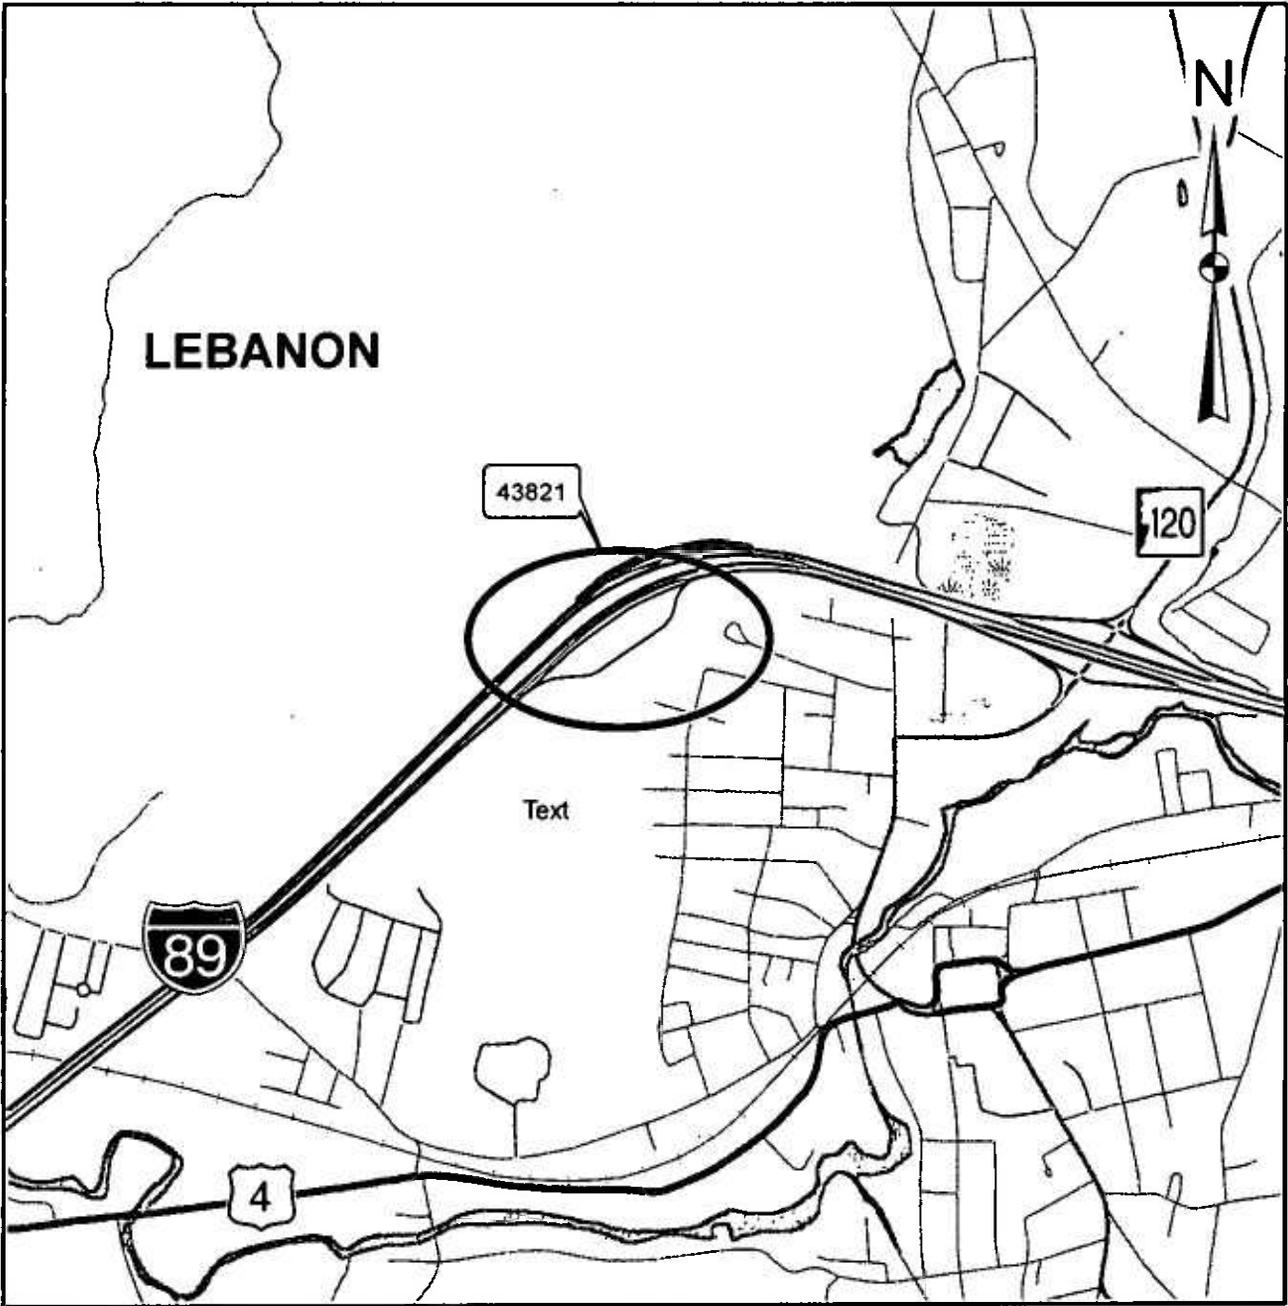

**PROJECT INITIATED:** By NH Department of Motor Vehicles.

**PROJECT EXPLANATION:** Due to the historic shortage of commercial drivers in the state of New Hampshire as well as across the country, the NH DMV is seeking to identify several locations across the state where they could schedule CDL testing so prospective drivers wouldn't have to always come to Concord. It is hoped that this may make it easier and more convenient for those interested in obtaining their license. The DMV focused their attention on state properties so they would have some control of the access and operation of the property. Due to the requirements needed to safely process and accommodate the large trucks (up to 80 ft in length), only a few DOT Rest Area or Park & Ride facilities warranted increased investigation. The Lebanon site provided an opportunity to repurpose an existing underutilized paved area the DMV already had control over.

**TRAFFIC IMPLICATION:** During blasting operations, rolling roadblocks and short duration closure (maximum 10 minutes) of the North and Southbound barrels will be allowed to provide windows of time when no vehicles will be in the blasting area. At all other times no direct impact on I-89 southbound is proposed or anticipated. Short-term lane, shoulder, and ramp closures on the Rest Area/Weigh Station site associated with non-paving activities will be allowed during off-peak daytime hours. I-89 is a major route for oversize/overweight vehicles, therefore at least one lane of 16' minimum clear width will be maintained on the existing truck lane through the site. Night time closures may be allowed for paving operations at the SB Rest Area/Weigh Station.

**FINAL COMPLETION DATE:** October 20, 2023.

### CERTIFICATE

I, David M. Scanlan, Secretary of State of the State of New Hampshire, do hereby certify that ALL-WAYS WRECKING is a New Hampshire Trade Name registered to transact business in New Hampshire on June 29, 2000. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: 352035

Certificate Number: 0006244180

IN TESTIMONY WHEREOF,

I hereto set my hand and cause to be affixed  
the Seal of the State of New Hampshire,  
this 8th day of June A.D. 2023.

A handwritten signature in black ink, appearing to read "David M. Scanlan".

David M. Scanlan  
Secretary of State

**Certificate of Authority # 1**

*(Corporation, Non-Profit Corporation)*

**Corporate Resolution**

I, Donna Olszak, hereby certify that I am duly elected Clerk/Secretary/Officer of  
*(Name)*  
R.J. Olszak Construction, Inc. I hereby certify the following is a true copy of a vote taken at  
*(Name of Corporation)*

a meeting of the Board of Directors/shareholders, duly called and held on Jan 25, 2023  
at which a quorum of the Directors/shareholders were present and voting.

**VOTED:** That Ronald Olszak (may list more than one person) is  
*(Name and Title)*

duly authorized to enter into contracts or agreements on behalf of

R.J. Olszak Const. Inc. with the State of New Hampshire and any of  
*(Name of Corporation)*

its agencies or departments and further is authorized to execute any documents  
which may in his/her judgment be desirable or necessary to effect the purpose of  
this vote.

**I hereby certify** that said vote has not been amended or repealed and remains in full force  
and effect as of the date of the contract to which this certificate is attached. This authority  
**remains valid for thirty (30) days** from the date of this Corporate Resolution. I further certify  
that it is understood that the State of New Hampshire will rely on this certificate as evidence that  
the person(s) listed above currently occupy the position(s) indicated and that they have full  
authority to bind the corporation. To the extent that there are any limits on the authority of any  
listed individual to bind the corporation in contracts with the State of New Hampshire, all such  
limitations are expressly stated herein.

**DATED:** 6/8/23
