## EXPLANATION

The New Hampshire Fish and Game Department is owner of lands throughout the state referred to as Wildlife Management Areas (WMA). It is NHFG's obligation to delineate and maintain in good order the boundaries of these public properties for the benefit of the public and abutting landowners. The Department is in the process of purchasing 185 acres in the Town of Springfield which, in addition to another abutting 635 acre, will create the state's newest wildlife management area. Licensed surveyors are selected for this work through a Request for Proposals (RFP) submission and subsequent qualification assessment evaluation. A Request for Proposals was advertised on April 21, 2023. Two proposals were received before the closing date and graded based on qualification criteria (see enclosed assessment table). Pennyroyal Hill had the winning proposal based on this evaluation.

Respectfully submitted
