September 20, 2023

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the New Hampshire Department of Energy (Department) to enter into an amendment to an existing **SOLE SOURCE** contract with Community Action Program Belknap-Merrimack Counties, Inc. (VC #177203), Concord, NH, to supplement the Agency’s Weatherization Assistance Program by increasing the price limitation by \$474,980 from \$90,768 to \$565,748 using additional Low-Income Home Energy Assistance Program (LIHEAP), from the U.S. Department of Health and Human Services, Administration for Children and Families and by extending the completion date from December 31, 2023 to September 30, 2024, effective upon Governor and Executive Council approval. The original contract was approved by Governor and Executive Council on December 21, 2022, Item #57.

Funding is available in the following account, contingent upon the availability and continued appropriation of funds in the operating budget, as follows:

<u>New Hampshire Department of Energy, Fuel Assistance</u>	<u>FY2024</u>
02-52-52-520510-33540000-074-500587	
Grants for Pub Assist & Relief	\$474,980

EXPLANATION

This contract is **SOLE SOURCE** because of the US Department of Energy’s (US DOE) grant guidance (10 CFR 440.15) giving Community Action Agencies preferred status for the Weatherization Assistance Program due to their non-profit status, their role providing a range of services to clients eligible for WAP, and their historical performance delivering the weatherization program.

The Department is responsible for administering New Hampshire’s statewide Weatherization Assistance Program (WAP). The objective of the program is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled,

households with children, and households with high-energy usage. The funding in this contract will supplement WAP work.

The Low Income Home Energy Assistance Program (LIHEAP-US DHHS) funding in this contract will allow the Community Action Agency (CAA) to effectively and efficiently increase the number of homes receiving heating system improvements and/or full weatherization services in the program year which begins upon G&C approval. The Department estimates that approximately 59 additional homes will be assisted in the CAA's service area as a result of the supplemental funding.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. 5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. 8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.3 give the Contractor a written notice specifying the Event of Default and set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.3. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

9. TERMINATION.

9.1 Notwithstanding paragraph 8, the State may, at its sole discretion, terminate the Agreement for any reason, in whole or in part, by thirty (30) days written notice to the Contractor that the State is exercising its option to terminate the Agreement.

9.2 In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall, at the State's discretion, deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT B. 10.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

10.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

11. **CONTRACTOR'S RELATION TO THE STATE.** In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

12.1 The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written notice, which shall be provided to the State at least fifteen (15) days prior to the assignment, and a written consent of the State. For purposes of this paragraph, a Change of Control shall constitute assignment. "Change of Control" means (a) merger, consolidation, or a transaction or series of related transactions in which a third party, together with its affiliates, becomes the direct or indirect owner of fifty percent (50%) or more of the voting shares or similar equity interests, or combined voting power of the Contractor, or (b) the sale of all or substantially all of the assets of the Contractor.

12.2 None of the Services shall be subcontracted by the Contractor without prior written notice and consent of the State. The State is entitled to copies of all subcontracts and assignment agreements and shall not be bound by any provisions contained in a subcontract or an assignment agreement to which it is not a party.

13. **INDEMNIFICATION.** Unless otherwise exempted by law, the Contractor shall indemnify and hold harmless the State, its officers and employees, from and against any and all claims, liabilities and costs for any personal injury or property damages, patent or copyright infringement, or other claims asserted against the State, its officers or employees, which arise out of (or which may be claimed to arise out of) the acts or omission of the

Contractor, or subcontractors, including, but not limited to the negligence, reckless or intentional conduct. The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and continuously maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 commercial general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate or excess; and

14.1.2 special cause of loss coverage form covering all property subject to subparagraph 10.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

NEW HAMPSHIRE DEPARTMENT OF ENERGY

EXHIBIT B

SCOPE OF SERVICES

1. Community Action Program of Belknap-Merrimack Counties (CAPBMC), hereinafter "the Contractor," agrees to utilize the Building Weatherization Program (BWP) funds, which are the subject of this contract and which have their origin in the federal Low Income Home Energy Assistance Program (LIHEAP), to provide eligible clients with weatherization services, including heating system repair and replacement services, which meet the requirements and standards for LIHEAP weatherization work as modified and approved in the FY23 New Hampshire LIHEAP State Plan. In addition, all work completed using BWP funds will be in accordance with the fiscal requirements of regulations set forth in 2 CFR 200 as amended, and will be guided and implemented as directed by the New Hampshire Department of Energy (NH Energy) in this contract and, from time to time, in BWP Subgrantee Notices or other communications. The Contractor agrees to revise BWP practices and procedures to incorporate instructions from NH Energy.

Contractor agrees to incorporate changes to the NH Building Weatherization Program as prescribed by NH Energy to improve program delivery. Contractor further agrees to perform all weatherization services in a manner that will successfully interact with utility administered energy efficiency programs for low income households in order to provide the best collaborative services for those households.

2. This BWP contract period, to be known as "BWP23," will commence upon approval of this contract by the Governor and Executive Council, and will have a completion date of December 31, 2023, also subject to the approval of the Governor and Executive Council.
3. BWP funds, which are the subject of this contract, shall not be expended for health and safety purposes. However, in projects where BWP money is used without any federal Weatherization Assistance Program (WAP) money involved – in other words, where there is no money for the installation of health and safety measures – then that BWP project may include the cost of incidental repair measures (see the NH Policies and Procedures Manual) if, by so doing, the cumulative SIR for the entire project is not brought down to below 1.
4. No portion of the BWP funding in this contract is set aside for training and technical assistance (T&TA). However, Contractor may choose to expend some or all of the designated administrative funds on T&TA activities. Appropriate back-up and justification for the use of those funds will be required by NH Energy prior to reimbursement.
5. During the contract period, the Contractor agrees to complete weatherization services on the number of units that is the result of dividing the Contractor's PY23 BWP allocation by \$6,500. NH Energy understands that the actual number of BWP completions will likely differ from that number due to the unpredictability of heating system costs, etc., but NH Energy expects to see monthly BWP payment requests from the Contractor in order to monitor BWP spending progress. Unit completions will be done to the standards and expectations presented in LIHEAP weatherization guidance, this contract, and the NH WAP *Policies and Procedures Manual*, 2019 edition, section on BWP management.
 - a. The number of dwelling units and the amount of funds to be expended shall conform to the provisions of this contract. NH Energy reserves the right to review progress under this contract

at any time and may utilize information from such reviews to alter dwelling unit goals and funds to be expended.

- b. All funds provided to the Contractor under this agreement must be expended by December 31, 2023.
6. Effective April 1, 2015, all work performed under the federal Weatherization Assistance Program (WAP) in New Hampshire must meet the minimum specifications defined in the US Department of Energy's Quality Work Plan (QWP) and the associated Standard Work Specifications (SWS). While BWP work is to be managed mostly under DOE rules, and is therefore not subject to all of the same specifications and requirements as WAP work, Contractor will manage BWP work in a manner which provides clients with weatherization outcomes similar to those achieved under WAP guidance whenever possible. The occasions when WAP rules must apply to BWP work are set out in this document (Exhibit B).
 7. Client eligibility for BWP-funded weatherization work should generally be the same as for WAP-funded weatherization work: client income is to be no greater than 60% of the state median income (SMI).
 8. BWP money may be "leveraged" (used in combination) with any other weatherization funding source. If WAP/DOE money is used in a dwelling weatherization project, and if the Subgrantee wishes to count that project as a WAP/DOE completion, then the project must have at least one energy conservation measure that meets the SIR test, that measure (or those measures) must be paid for with WAP dollars, and the final inspection of the whole job must be done by a current BPI certified Quality Control Inspector (QCI) and declared "WAP complete, ready for reimbursement."
 9. BWP money may be used for either full dwelling weatherization upgrades or for heating system improvements alone. Contractor is obligated under this contract to expend at least 50% of the contracted BWP amount on heating system repairs and/or replacements.
 - a. The PY23 BWP package of forms (see item 12b, below) for reporting BWP expenditures will include columns to make clear whenever BWP money was used:
 - i. for restoration of heating services (repair or replacement of inoperable heating equipment),
 - ii. for prevention of heating system service loss (repair or replacement to avoid approaching failure), or
 - iii. for supplementing or fully supporting a whole house weatherization project, with space to report when heating system work paid for with BWP funds is part of that whole house upgrade.
 10. The maximum amount of BWP money to be spent on any one dwelling project without an approved waiver is \$12,000. If the BWP budget for any one project must exceed that amount, a waiver must be received from NH Energy. NH Energy will review all waiver requests promptly and will provide approval when possible. However, applying the expenditure guidelines in the FY23 NH LIHEAP State Plan, NH Energy will not approve total BWP expenditures on any one dwelling weatherization project that exceed \$15,000. This total is cumulative, summing the BWP expenditures made during all visits to that dwelling (including amounts from program years in which the name of the LIHEAP-funded weatherization program may have been different).
 11. BWP production includes:

- a. Weatherization upgrades which are commensurate with a work plan developed from a thorough dwelling energy audit and a TREAT model prepared by a qualified (BPI-certified) Building Analyst or Energy Auditor or Quality Control Inspector who has developed the work plan (the energy conservation measures – ECMs – to be installed) using either the “benefit/cost ratio” (B/C) methodology as defined by the utilities’ Home Energy Assistance (HEA) program or the “savings to investment ratio” (SIR) methodology as defined by the US DOE for use in WAP. The SIR methodology must be used to justify the installation of any ECMs which are to be paid for with WAP funds.
- b. Final inspections which determine:
 - i. whether the project’s work plan was appropriate and complete, taking into account the methodology – B/C or SIR – used by the energy auditor to select the ECMs to be installed, the pre-weatherization condition of the building, etc.
 - ii. whether that appropriate work plan was fully and effectively implemented in the dwelling, providing the client with a comprehensive energy-saving weatherization outcome, or, in the case of heating system only improvements, providing the client with a safe and efficient and fully operational home heating system.
- c. In projects where BWP money is used alongside WAP money in the same dwelling (and there may be other funding sources as well), that project’s ECMs which are to be paid for using BWP and/or WAP funds must be completed using the WAP rules and standards, including the installation of only those measures which individually achieve an SIR equal to or greater than 1, the use of a certified Quality Control Inspector to perform the final inspection, etc.
- d. In projects where no WAP money is involved; the final BWP inspection may be performed by a person holding a current BPI certification in at least one of the following areas: Building Analyst, Energy Auditor, or Quality Control Inspector.
- e. Because BWP money is not WAP money, BWP money may be used in weatherization upgrades to dwellings which have received WAP-funded or BWP-funded upgrades more recently than the 15-year rolling time period which governs WAP re-weatherization by presenting a waiver request to NH Energy. However:
 - i. re-weatherization should be done sparingly, remembering that there are thousands of potential clients who have received no weatherization services at all;
 - ii. care should be taken, as always, to avoid even the appearance of favoritism;
 - iii. all BWP-funded second visits to previously weatherized dwellings, whether that weatherization work was done with WAP or BWP or HEA funds, must be preceded by receipt of an approved waiver from NH Energy.

12. The tracking of BWP jobs will include:

- a. Contractor preparation and maintenance of a client file on every BWP job. Contractor will utilize a filing protocol which allows recovery of the file when checking future jobs against previous weatherization work performed at that address, etc., even if no WAP money was used. Future CAP agency WAP Directors need to be able to check on weatherization work completed in dwellings, even when WAP money was not involved.
- b. The use of a separate BWP reimbursement request package/spreadsheet package supplied by NH Energy. All jobs with any BWP money invested must be submitted for reimbursement on the BWP set of forms. If a particular job also includes the use of any WAP money, then that job will have to be submitted for WAP reimbursement as well, using the WAP reimbursement

request forms. Therefore, if a single weatherization job uses funds from two different weatherization funding sources managed by NH Energy, that job must be submitted to NH Energy twice in order for it to be reimbursed for the correct amount from each source.

13. This agreement consists of the following documents: a completed P-37 form, and Exhibits A, B, C, D, E, F, G, H, I, and J. All exhibits are incorporated herein by reference as if fully set forth herein.

PAYMENT TERMS

In consideration of the satisfactory performance of the services set forth in Exhibit B, the State agrees to pay the Contractor, Community Action Program of Belknap-Merrimack Counties, Inc. up to the total sum of:

\$90,768	(which hereinafter is referred to as the "Contracted Amount"), of which
\$4,539	is the maximum to be spent on BWP related administrative costs,
\$86,229	(the balance) to be spent on weatherization activities (Program Activity).

Drawdowns from the total contracted amount will be paid to the Contractor only after written documentation of cash need is submitted to NH Energy. Disbursement of the contracted amount shall be made in accordance with the procedures established by the State and 2 CFR 200.305(b) on an advance basis; limited to minimum amounts needed; and be timed to be in accordance with the actual, immediate cash requirements of the Contractor in carrying out the purpose of the program. The Contractor must make timely payments to (sub)contractors in accordance with the contract provisions. Contractor shall submit a payment request to NH Energy for each month of the contract period using the forms to be provided by NH Energy for that purpose. Payment requests from Contractor shall be received at NH Energy no later than the 15th day of each month or the first business day following the 15th day.

Administrative costs are provided in order to support a specified number of unit completions at minimal standards. Administrative funds may be pro-rated by NH Energy if production unit completions do not meet expected production goals.

NH Energy will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary to ensure the efficient and effective operation of the contract as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

All obligations of the State, including the continuance of any payments, are contingent upon the availability and continued appropriation of funds for the services to be provided.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER
RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS**

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Energy (NH Energy) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when NH Energy determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the NH Energy to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NH Energy.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by NH Energy, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, NH Energy may terminate this transaction for cause or default.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Program of Belknap-Merrimack Counties, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Program of Belknap-Merrimack Counties, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2022, on our consideration of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

Community Action Program Belknap - Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Principles of Consolidation

The consolidated financial statements include the accounts of Community Action Program Belknap-Merrimack Counties, Inc., and the following entities as Community Action Program Belknap-Merrimack Counties, Inc. has both an economic interest and control of the entities through a majority voting interest in their governing board. All significant intercompany items and transactions have been eliminated from basic consolidated financial statements.

- Sandy Ledge Limited Partnership
- CAP BMC Development Corporation

Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Basis of Presentation

The consolidated financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles, which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions include net assets that are not subject to any donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net assets with donor restrictions include net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

COMMUNITY ACTION PROGRAM BELKNAP - MERRIMACK COUNTIES, INC.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021**

Donor restricted contributions are reported as increases in net assets with donor restrictions. When restrictions expire, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the consolidated statements of activities.

The Organization had net assets with donor restrictions of \$637,529 and \$1,048,832 at February 28, 2022 and 2021, respectively. See Note 14.

Income Taxes

Community Action Program of Belknap-Merrimack Counties, Inc. is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

The Organization files information returns in the United States and the State of New Hampshire. The Organization is subject to examinations by tax authorities for three years.

CAP BMC Development Corporation (the Corporation) is taxed as a "C" Corporation under the Internal Revenue Code. The Corporation accounts for deferred income taxes under the asset and liability method in accordance with Accounting Standards Codification No. 740 (ASC 740), "Accounting for Income Taxes". The objective of this method is to establish deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of the Company's assets and liabilities at the enacted tax rate expected to be in effect when such amounts are realized or settled. ASC 740 also requires deferred tax assets and liabilities to be shown separately. There are no deferred tax assets or liabilities. The Corporation has no federal net operating loss carryforwards available at February 28, 2022 and 2021.

Sandy Ledge Limited Partnership is taxed as a partnership. Federal income taxes are not payable, or provided by the partnership. Earnings and losses are included in the partners' federal income tax returns based on their share of partnership earnings. Partnerships are required to file income tax returns with the State of New Hampshire and pay an income tax at the state's statutory rate.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in consolidated financial statements. The Organization has analyzed its tax position taken on its income tax returns for the past three years, and has concluded that no additional provision for income taxes is necessary in the Organization's consolidated financial statements.

COMMUNITY ACTION PROGRAM BELKNAP - MERRIMACK COUNTIES, INC.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021**

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 10 years

Use of Estimates

The preparation of consolidated financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the consolidated financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying consolidated financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$592,136 and \$490,035 in donated facilities, services and supplies for the years ended February 28, 2022 and February 28, 2021, respectively, as follows:

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021**

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$18,731 and \$18,937 for the years ended February 28, 2022 and February 28, 2021, respectively.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$573,405 and \$471,098 for the years ended February 28, 2022 and 2021, respectively.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the years ended February 28, 2022 and February 28, 2021 totaled \$134,193 and \$14,287, respectively.

Inventory

Inventory consists of weatherization supplies and work in process and is valued at the lower of cost or net realizable value, using the first-in, first-out method.

Revenue Recognition

Amounts received from conditional grants and contracts for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as with donor restrictions if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

Program Service Revenue

Program service revenue is recognized as revenue when the services are performed.

Rental Revenue

The Organization derives revenues from the rental of apartment units. Revenues are recognized as income, monthly, when rents become due, and control of the apartment units is transferred to the lessees. The individual leases are for a term of one year and are cancelable by the tenants. Control of the leased units is transferred to the lessee in an amount that reflects the consideration the Partnership expects to be entitled to in exchange for the leased units. The cost incurred to obtain the lease will be expensed as incurred.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-It program in certain mutual funds. The fair value of the mutual funds totaled \$138,793 and \$126,996 at February 28, 2022 and 2021, respectively.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

COMMUNITY ACTION PROGRAM BELKNAP - MERRIMACK COUNTIES, INC.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021**

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2022 and 2021, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

	<u>2022</u>	<u>2021</u>
Beginning balance - mutual funds	\$ 126,996	\$ 109,078
Total gains - mutual funds	<u>11,797</u>	<u>17,918</u>
Ending balance - mutual funds	<u>\$ 138,793</u>	<u>\$ 126,996</u>

The carrying amount of cash, current assets, other assets and current liabilities approximates fair value because of the short maturity of those instruments.

The Organization also had \$1,000 invested in a Partnership, The Lakes Region Partnership for Public Health, at February 28, 2021. During the year ended February 28, 2022, the Organization is no longer a partner and a final K-1 was received.

17. OTHER MATTERS:

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread are affecting the Organization's business. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial and operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 28, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 8, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during

our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 28, 2022. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Community Action Program Belknap-Merrimack Counties, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Community Action Program Belknap-Merrimack Counties, Inc.'s federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Community Action Program Belknap-Merrimack Counties, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
