EXPLANATION

During the Fall of 2021, NHDES went out for solicitation of interest to community water systems serving a population greater than 150 people. Sixty-six (66) proposals were received, evaluated, and ranked based on criteria included in the request for proposals, such as the ability to demonstrate a "shovel-ready" drinking water infrastructure project following the planning efforts and an ability to make improvements to the sustainability of the system. Out of the Sixty-five project proposals, twenty-two (22) were selected to be funded under the American Rescue Plan Act (ARPA) funds. See attachment A for the proposal rankings and list of reviewers.

The Two Rivers Mobile Home Community Cooperative will use the funds for the creation of an asset inventory and plan. Through the strategic planning efforts, the results of the assessment and asset management plan will allow the community to make informed decisions for their water system.

ARPA of 2021 is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic and health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies,

responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

In the event grant funds become no longer available, general funds will not be requested to support this program. This grant agreement has been approved by the Attorney General's Office as to form, substance, and execution.
