Bureau of Construction
November 9, 2023

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Continental Paving, Inc. (Vendor 155350) of Londonderry, NH, on the basis of a sole bid of \$884,675.87 for pavement resurfacing on Boynton Street in Bedford (Project: Bedford #44030), from the date of Governor and Council approval through September 13, 2024, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2024 and 2025 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2024</u>	<u>FY 2025</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$667,528.15	\$217,147.72

2. Further authorize that a contingency in the amount of \$88,467.59 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2025</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$88,467.59

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Pave-T2-Resurf/GRR Program. This project is part of the Tier 2 Federal Resurfacing program and involves 0.2 miles of pavement resurfacing on one (1) section in one (1) town in District 5.

- 23517 - Bedford, Boynton Street, 7" crushed gravel with 4.5" binder course and 1.5" high strength wearing course, 0.2 Miles

This project will replace the existing pavement and underlying base material, improve guardrail, and delay costlier improvements. The sections will be resurfaced via 7" crushed stone (fine) with 4-1/2" Binder and 1-1/2" High Strength Wearing Course. The impacted town and all utilities will be notified.

The proposed contingency amount is 10% of the contract amount. This is to account for quantity calculations that are based on aerial and street view photography and that field conditions will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

Although the bid costs exceeded the Department's estimate by 28.14%, the sole bid received is felt to be reasonable for the work involved. Some of the items that resulted in the higher than anticipated bid prices were: 403.11022 Pavement \$60,900, Item 203.1 Common Excavation \$59,731, and Item 304.401 Crushed Stone \$52,640. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available, and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal funds (Pave-T2-Resurf/GRR), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.
Commissioner

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project is part of the Tier 2 Federal Resurfacing program and involves 0.2 miles of pavement resurfacing on one (1) section in one (1) town in District 5.

23517 Bedford, Boynton Street, 7" crushed gravel with 4.5" binder course and 1.5" high strength wearing course, 0.2 Miles

FEDERAL FUNDING: Pave-T2-Resurf/GRR (80%), Turnpike Toll Credit (20%)

CONTINGENCY: The proposed contingency amount is 10% of the contract amount. This is to account for quantity calculations that are based on aerial and street view photography and that field conditions will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

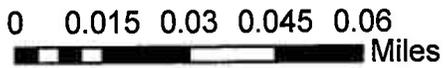

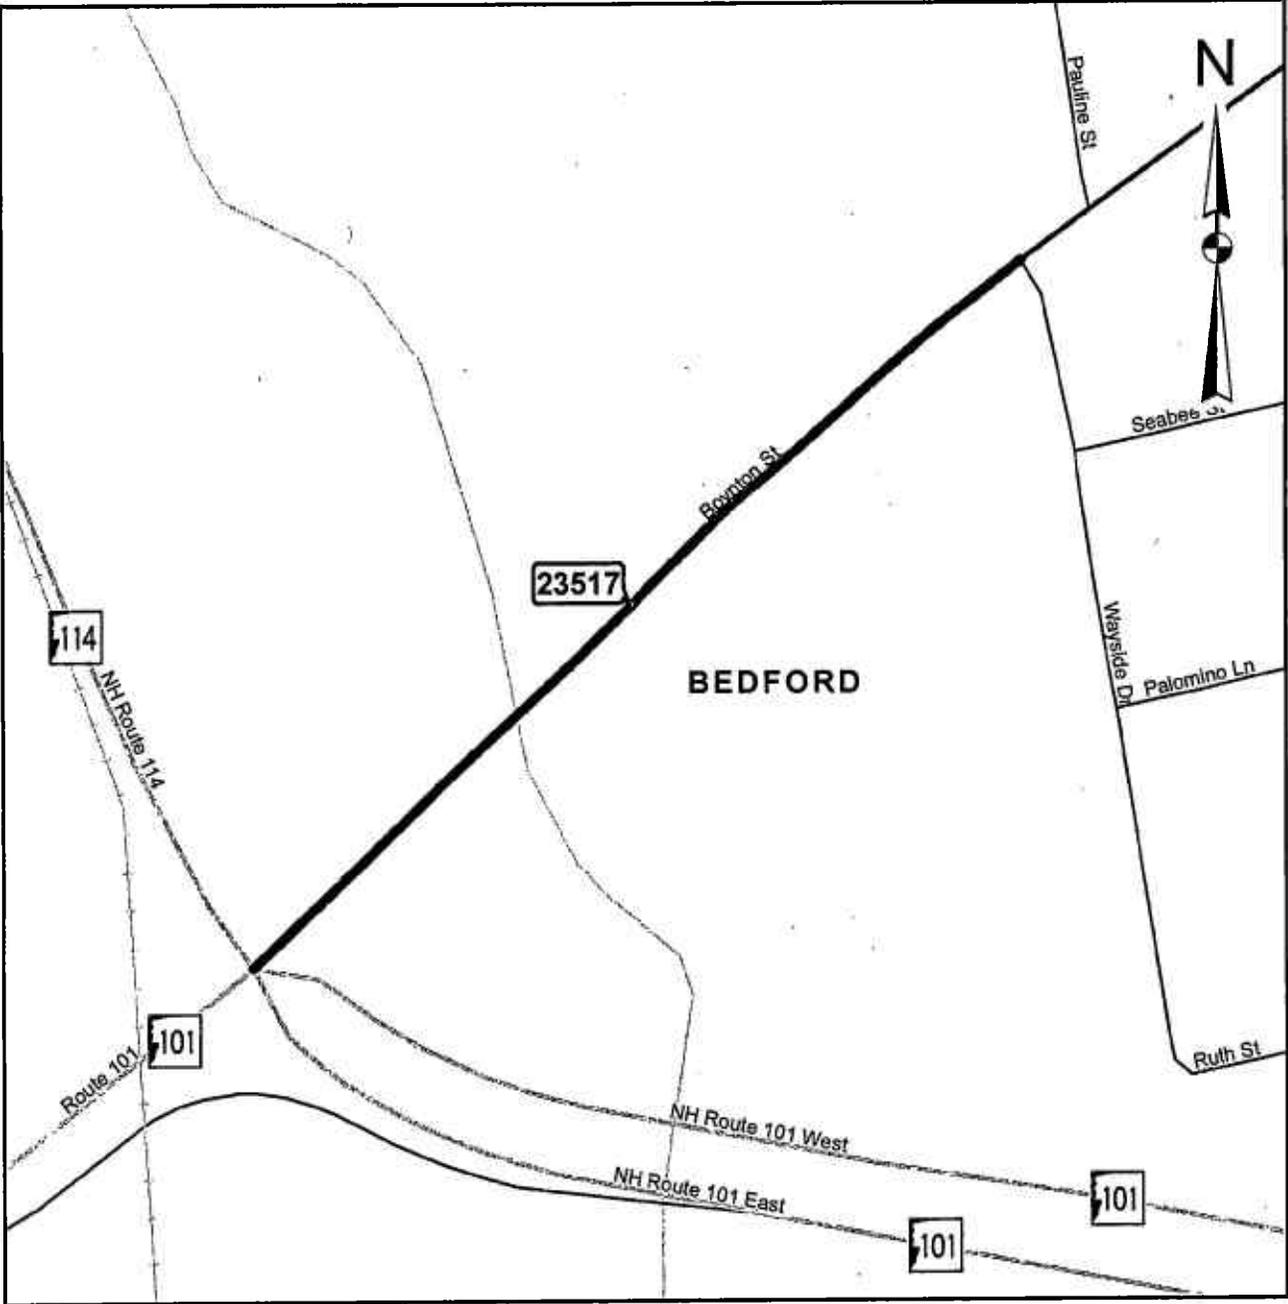

PROJECT INITIATED: The project is part of the calendar year 2024 Federal funded Tier 2 Resurfacing Program. The Pavement Management Section reviewed the road segment included in this project and identified the need for a major rehabilitation treatment, totaling 0.2 miles.

PROJECT EXPLANATION: This project will replace the existing pavement and underlying base material, improve guardrail, and delay costlier improvements. The sections will be resurfaced via 7" crushed stone (fine) with 4-½" Binder and 1-½" High Strength Wearing Course. The impacted town and all utilities will be notified.

TRAFFIC IMPLICATION: This project will use temporary lane closures and one-lane, alternating two-way traffic, lane shifts, and shoulder closures where necessary to complete the work, supplemented with flaggers and officers. Night work is required. Work zone significance was determined to be non-significant at the August 17, 2023 TCC Meeting.

FINAL COMPLETION DATE: September 13, 2024
