Re: **PETITION – Chichester #40631**

The Department of Transportation requests placing this item on the Consent Calendar.

Under RSA 230:14, attached is a petition for a hearing on the reconstruction of NH Route 28, Main Street, and Depot Road in the Town of Chichester. The Main Street approaches will be consolidated into one location opposite Depot Road, creating a conventional 4-way intersection.

As the petition is not for the limitation or control of access, a Commission of Three Persons should be appointed by the Governor with the advice of the Executive Council to hold a hearing as prescribed by RSA 230:14. The Commission of Three Persons shall determine whether there is an occasion for the construction of the intersection.

The purpose of the Chichester project #40631 is to improve the safety and capacity of the intersection and adjacent areas.

**Recommended Commission:**

Richard Merkt -- Westmoreland  
Terry Pfaff -- Hooksett  
Ray Chadwick -- Bedford

**Proposed Budget:**

9 workdays @ \$50.00 = \$450.00  
796 miles @ \$0.655 = \$521.38  
TOTAL = \$971.38

Respectfully,

William J. Cass, P.E.  
Commissioner
