REQUESTED ACTION

Authorize the Department of Administrative Services to enter into an amendment to an existing contract (Contract #8002916) with Katahdin Property Services LLC (VC#369019), Dover-Foxcroft, ME, for snow removal services, to remove five locations from the contract and decrease the price limitation by \$140,899.00 from \$1,425,371.02 to an amount up to and not to exceed \$1,284,472.02 effective upon approval by the Governor and Executive Council through July 31, 2024. The original contract (Contract #8002916) was approved by the Commissioner, Department of Administrative Services, on August 2, 2021, and most recently amended with Governor and Executive Council approval on February 8, 2023, Item #144A.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

As previously stated, the original contract (Contract #8002916) was approved by the Commissioner, Department of Administrative Services, on August 2, 2021. It was then subsequently amended with the Department of Administrative Services Commissioner approval on September 9, 2021, on October 29, 2021, on November 30, 2021, on May 10, 2022, and amended with Governor and Executive Council approval on February 8, 2023, Item #144A.

The purpose of this item is to remove five locations from the contract (Contract #8002916) for snow plowing services. The Department of Environmental Services (DES) had two sites listed on the contract (Contract #8002916): DES Water Shed and DES Dams Bureau. Both sites underwent a scope of work change concluding the Fiscal Year 2023 snow plowing season that was initiated and approved by the agency. During the Fiscal Year 2024 snow removal season, the agency would perform all snow removal activities for the DES Dams Bureau site, while a contracted vendor would clear snow from the driveway and surrounding dock area at the DES Water Shed location.

The Department of Administrative Services, through the Bureau of Purchase and Property, issued request for bid (RFB) 2806-24 on August 25, 2023, with responses due on September 13, 2023. RFB 2806-24 was issued for multiple statewide locations to provide snow removal services, including the DES sites that underwent a scope of work reduction and the Training Center and Readiness Center sites that experienced staffing shortages. This bid reached one-hundred thirty-nine vendors through NIGP, with twelve additional vendors sourced directly. Nineteen vendors responded; seventeen bids were compliant. The contract is intended to be multi-award.

The Department of Administrative Services (DAS) was contacted by the vendor on October 6, 2023, stating that during an internal audit they would be unable to provide adequate snow plowing services for the Pembroke Edward Cross Training Center (ECTC), Pembroke Readiness Center (RC), and Hillsborough Readiness Center (RC) due to staffing shortages.

The current contract (Contract #8002916) reflects a price limitation of \$1,425,371.02 to provide snow removal services to multiple agency locations. Removing the DES Dams Bureau, DES Water Shed, Pembroke ECTC, Pembroke RC, and Hillsborough RC sites from the contract (Contract #8002916), with this requested amendment, would decrease the current price limitation by \$140,899.00. The new requested price limitation would be \$1,284,472.02.

Contract financials	
Previous price limitation	\$1,425,371.02
Less this amendment	\$140,899.00
Requested price limitation	\$1,284,472.02

Based on the foregoing, I am respectfully recommending approval of the contract amendment with Katahdin Property Services LLC.

Respectfully submitted,

Charles M. Arlinghaus
Commissioner

REQUESTED ACTION

Authorize the Department of Administrative Services to enter into a **Retroactive** amendment to an existing contract (Contract #8002916) with Katahdin Property Services LLC (VC#369019), Dover-Foxcroft, ME for snowplowing services by increasing the price limitation by \$12,960.02 from \$1,412,441.00 to \$1,425,371.02, adding three new locations, removing four locations, and increasing pricing for seven locations effective upon Governor and Council approval for the period November 1, 2022 through July 31, 2024. The original contract (Contract #8002916) was approved by the Commissioner of the Department of Administrative Services on August 2, 2021, and most recently amended with approval of the Commissioner of the Department of Administrative Services approval on May 10, 2022.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

As previously stated, the original contract (Contract #8002916) was approved by the Commissioner of the Department of Administrative Services on August 2, 2021. It was then subsequently amended with the Commissioner of the Department of Administrative Services approval on September 09, 2021; on October 29, 2021; on November 30, 2021; and on May 10, 2022.

This amendment is **Retroactive** because of economic impacts the snowplow industry faced during the fall and early winter months of 2022, forcing several contractors to request increases against their fixed price agreements with the State. The Department of Administrative Services, through the Bureau of Purchase and Property after consultation with the Department of Justice, allowed the cancelation of nine locations under this contract (Contract #8002916) and allowed the incumbent contractor (Katahdin Property Services LLC) to respond to the resultant request for bid. The Bureau of Purchase and Property issued a request for bid (RFB) 2686-23 on October 21, 2022, with responses due on November 1, 2022. This RFB reached two hundred and

six vendors through the NIGP electronic sourcing platform with an additional twenty-three vendors directly sourced. There were six responses received with Katahdin Property Services LLC submitting the lowest compliant pricing for nine of the seventeen locations. This amendment upon approval by the Governor and Council will add three new locations, increase pricing on seven locations, and remove four locations on the existing contract (Contract #8002916).

The Bureau of Purchase and Property issued two additional requests for bid during the months of November and early December based on agency directed changes to the scope of work. The first RFB (2709-23) was issued on November 8, 2022, with responses due on November 17, 2022. This RFB reached one hundred and two vendors through the NIGP electronic sourcing platform with an additional twenty-three vendors directly sourced. The Bureau issued the second RFB (2716-23) on December 5, 2022, with responses due on December 15, 2022. This RFB reached one hundred and one vendors through the NIGP electronic sourcing platform with an additional twenty-three vendors directly sourced. Katahdin Property Services LLC provided responses, however was not the low bidder on any of the locations. The award of these bids resulted in the removal of four locations held under the original contract (Contract #8002916).

Due to market volatility and current economic conditions, this amendment reflects an increase of \$127,754.02 with a remaining unencumbered balance forward of \$114,794 resulting in a net change of \$12,960.02 compared to the current contract (Contract #8002916) price limitation. Upon approval, this amendment will ensure State agencies will be able to continue operating efficiently and safely throughout New Hampshire's winter season.

Apply contract increase this amendment	\$ 127,754.02

Based on the foregoing, I am respectfully recommending approval of the **Retroactive** contract amendment with Katahdin Property Services LLC.

Respectfully submitted,

Charles M. Arlinghaus

LIABILITY:

The State shall not be held liable for any costs incurred by Vendors in the preparation of bids or for work performed prior to contract issuance.

PUBLIC DISCLOSURE OF BID OR PROPOSAL SUBMISSIONS:

Generally, the full contents of any bid or proposal (including all materials submitted in connection with it, such as attachments, exhibits, addenda, and vendor presentations) become public information upon completion of final contract or purchase order negotiations with the selected vendor. Certain information concerning bids or proposals, including but not limited to pricing or scoring, is generally available to the public even before this time, in accordance with the provisions of NH RSA 21-G: 37.

To the extent consistent with applicable state and federal laws and regulations, as determined by the State, including, but not limited to, NH RSA Chapter 91-A (the "Right-to-Know" Law), the State shall, after final negotiations with the selected vendor are complete, attempt to maintain the confidentiality of portions of a bid or proposal that are clearly and properly marked by a bidder as confidential. Any and all information contained in or connected to a bid or proposal that a bidder considers confidential shall be clearly designated in the following manner:

If the bidder considers any portion of a submission confidential, they shall provide a separate copy of the full and complete document, fully redacting those portions by blacking them out and shall note on the applicable page or pages of the document that the redacted portion or portions are "confidential." Use of any other term or method, such as stating that a document or portion thereof is "proprietary", "not for public use", or "for client's use only", is not acceptable. In addition to providing an additional fully redacted copy of the bid submission to the person listed as the point of contact on Page one (1) of this document, the identified information considered to be confidential **must be accompanied by a separate letter stating the rationale for each item designated as confidential. In other words, the letter must specifically state why and under what legal authority each redaction has been made. Submissions which do not conform to these instructions by failing to include a redacted copy (if required), by failing to include a letter specifying the rationale for each redaction, by failing to designate redactions in the manner required by these instructions, or by including redactions which are contrary to these instructions or operative law may be rejected by the State as not conforming to the requirements of the bid or proposal. The State will generally assume that a bid or proposal submitted without an additional redacted copy contains no information which the bidder deems confidential. Bids and proposals which contain no redactions, as well as redacted versions of submissions that have been accepted by the State, may be released to the public, including by means of posting on State web sites.**

The State shall have no obligation to maintain the confidentiality of any portion of a bid, proposal or related material, which is not marked in accordance with the foregoing provisions. It is specifically understood and agreed that the bidder waives any claim of confidentiality as to any portion of a response to this RFB or RFP that is not marked as indicated above, and that unmarked (or improperly marked) submissions may be disseminated to any person, without limitation. Marking an entire bid, proposal, attachment or full sections thereof confidential without taking into consideration the public's right to know shall neither be accepted nor honored by the State.

Notwithstanding any provision of this request for submission to the contrary, proposed pricing shall be subject to public disclosure REGARDLESS of whether or not marked as confidential.

If a request is made to the State by any person or entity to view or receive copies of any portion of a proposal and if disclosure is not prohibited under NH RSA 21-G:37 or any other applicable law or regulation, bidders acknowledge and agree that the State may disclose any and all portions of the proposal or related materials which is not marked as confidential. In the case of bids, proposals or related materials that contain portions marked confidential, the State shall assess what information it believes is subject to release; notify the bidder that the request has been made; indicate what, if any, portions of the proposal or related material shall not be released; and notify the bidder of the date it plans to release the materials. The State is not obligated to comply with a bidder's designation regarding confidentiality. The State shall have no obligation to advise a bidder that an individual or entity is attempting to electronically access, or has been referred to, materials which have been made publicly available on the State's web sites.

By submitting a bid or proposal, the bidder agrees that unless it obtains and provides to the State, prior to the date specified in the notice described in the paragraph above, a court order valid and enforceable in the State of New Hampshire, at its sole expense, enjoining the release of the requested information, the State may release the information on the date specified in the notice without any liability to the bidder.

Notwithstanding NH RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff concerning specific responses to this bid invitation from the time this bid is published until the closing date for responses.

Some locations require walkway and sidewalk snow removal. The Vendor shall keep walkways and sidewalks safe and passable at all times. Damage to curbing, pavement, grates, guard rails, etc. shall be reported at the earliest opportunity, no later than four (4) hours after occurrence to the facility location contact. Damages noted above are to be repaired by the Vendor, at the Vendor's expense, as soon as possible after occurrence. Final payment will not be made unless all repairs have been completed and approved by the facility location contact.

The Vendor shall establish and implement methods of ensuring that all card keys and keys issued to the Vendor by the State are not lost or misplaced. The Vendor shall ensure that the card keys and keys are not used by unauthorized persons. No card keys and keys issued to the Vendor shall be duplicated. The Vendor shall report the loss of key cards and keys to the facility contact. In the event keys are lost, the Vendor shall be required to rekey or replace the affected lock(s). The State, at its discretion, may replace the affected lock(s) or perform the rekeying. When the replacement of lock(s) or rekeying is performed by the State, the total cost of rekeying or lock replacement shall be deducted from the monthly payment due to the Vendor.

It is the responsibility of the Vendor to prohibit the use of keys issued by the State to any person(s) other than the employees of the Vendor.

The Vendor shall complete spring clean-up prior to requesting a sign-off for the end of season from the facility location. The final payment shall be invoiced after the clean-up has occurred and been approved.

All services performed under this Contract(s) shall be performed between the hours of 7:30 A.M. and 4:00 P.M. unless other arrangements are made in advance with the State. Any deviation in work hours shall be pre-approved by the Contracting Officer. The State requires ten-day advance knowledge of said work schedules to provide security and access to respective work areas. No premium charges shall be paid for any off-hour work.

The Vendor shall not commence work until a conference is held with each agency, at which representatives of the Vendor and the State are present. The conference shall be arranged by the requesting agency (State).

The State shall require correction of defective work or damages to any part of a building or its appurtenances when caused by the Vendor's employees, equipment or supplies. The Vendor shall replace in satisfactory condition all defective work and damages rendered thereby or any other damages incurred. Upon failure of

the Vendor to proceed promptly with the necessary corrections, the State may withhold any amount necessary to correct all defective work or damages from payments to the Vendor.
