Bureau of Construction
November 16, 2023

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with J Hutchins Inc. (Vendor 285855) of Richmond, VT, on the basis of a low bid of \$2,993,930 for resurfacing of two (2) sections of US 3 within the Towns of Colebrook, Columbia and Stratford (Project: Colebrook, Columbia/Stratford #44029), from the date of Governor and Council approval through September 13, 2024, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2024 and 2025 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2024</u>	<u>FY 2025</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$2,259,056.28	\$734,873.72

2. Further authorize that a contingency in the amount of \$149,696.50 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2025</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$149,696.50

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the PAVE-T2-RESUR/GRR Programs. This project resurfaces two (2) section of US 3, a Tier 2 roadway, within three (3) towns in Maintenance District 1. These sections total approximately 9.5 miles in length. The sections will be resurfaced via 1/2" full width leveling course, 3/4" full width bonded wearing course, and 3/4" paver shim overlay. Additional work includes bringing guardrail up to standards.

The project will improve roadway ride quality, extend the life of the pavement, improve guardrail, and delay costlier improvements. All impacted towns and utilities will be notified.

The proposed contingency amount is 5% of the contract amount. This is to account for quantity calculations that are based on aerial and street view photography and field conditions that will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

Although the bid costs exceeded the Department's estimate by 0.63% the low bid of three bids received is felt to be reasonable for the work involved. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal funds (PAVE-T2-RESURF / GRR), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.
Commissioner

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project resurfaces two (2) section of US 3, a Tier 2 roadway, within three (3) towns in Maintenance District 1. These sections total approximately 9.5 miles in length. The sections will be resurfaced via ½" full width leveling course, ¾" full width bonded wearing course, and ¼" paver shim overlay. Additional work includes bringing guardrail up to standards.

FEDERAL FUNDING: PAVE-T2-RESURF / GRR (80%), Turnpike Toll Credits (20%)

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This is to account for quantity calculations that are based on aerial and street view photography and field conditions that will vary, and that the sections will need to endure one additional winter season before the proposed work takes place.

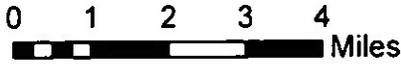

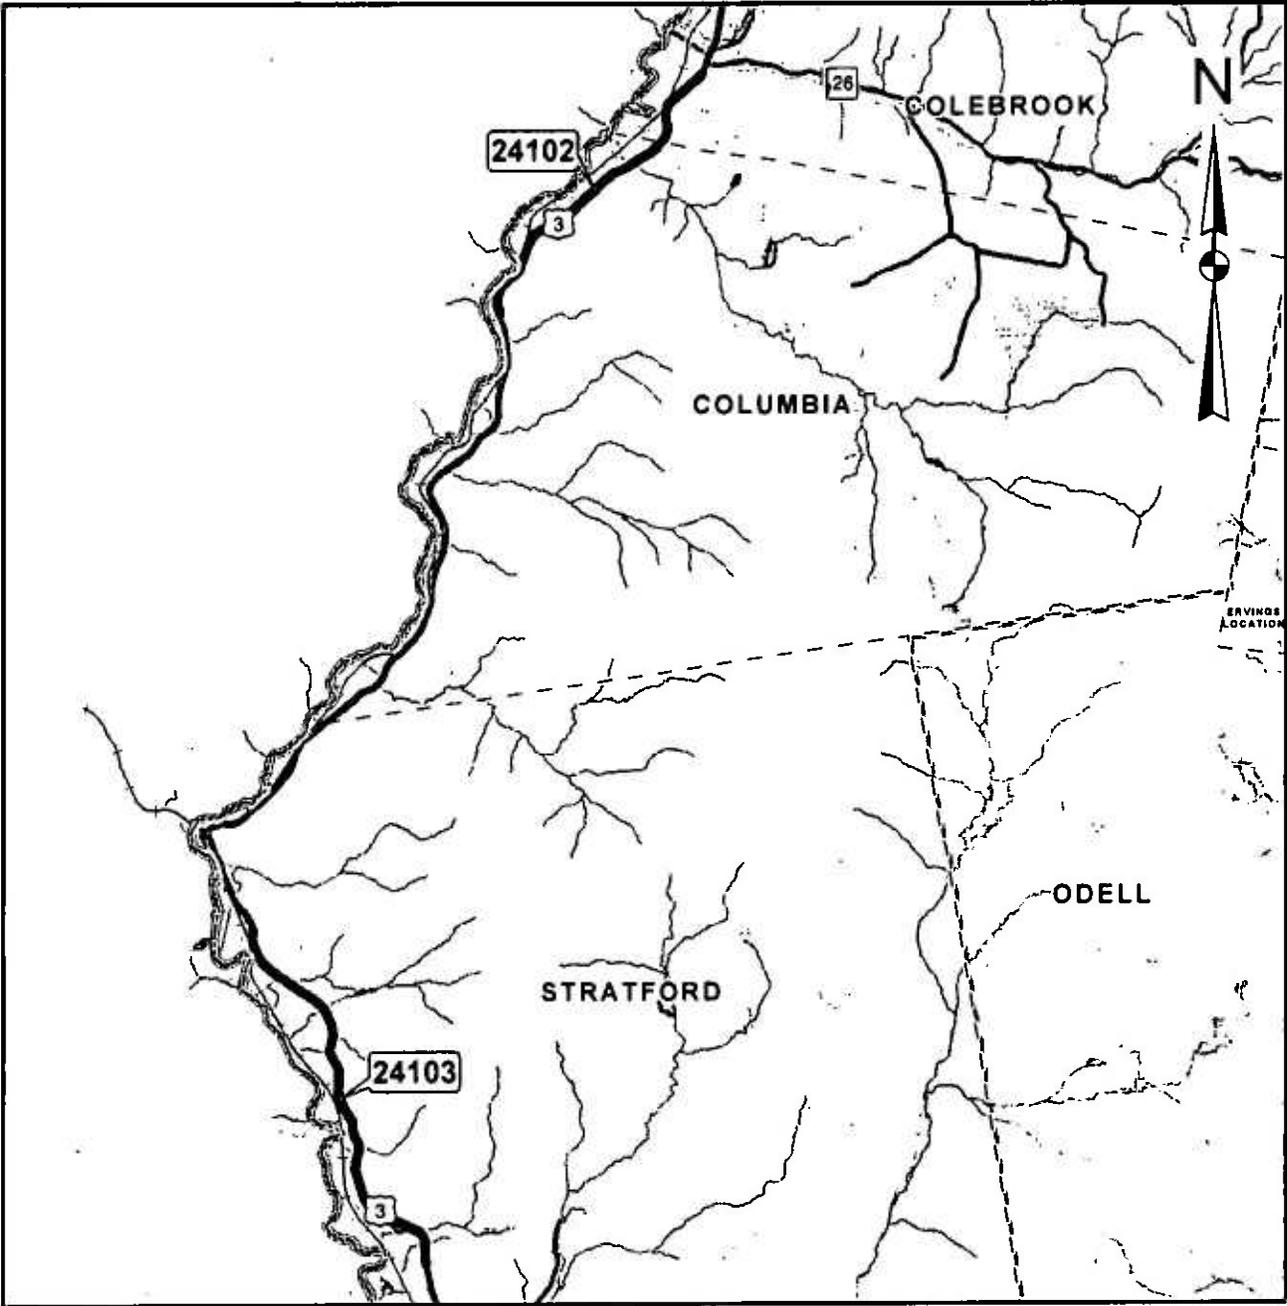

PROJECT INITIATED: The project is part of the CY 2024 Tier 2 Federal Resurfacing Program. The Pavement Management Section review the road segments included in this project and identified one (1) Light Capital Paving section totaling 5.2 miles and one (1) Preservation section totaling 4.3 miles.

PROJECT EXPLANATION: The project will improve roadway ride quality, extend the life of the pavement, improve guardrail, and delay costlier improvements. All impacted towns and utilities will be notified.

TRAFFIC IMPLICATION: This project will use one lane, alternating two-way traffic, lane shifts and shoulder closures where necessary to complete the work, supplemented with flaggers and officers. Traffic will be restored to normal patterns at the end of each workday.

FINAL COMPLETION DATE: September 13, 2024.
