EXPLANATION

On June 28, 2023 (Item #242), the Governor and Executive Council approved a grant agreement between NHDOS and DNCR for the Operation Stonegarden portion of the 2022 Homeland Security Grant Program. The grant allows the Division of Forests and Lands to provide Detail Patrol coverage. Detail Patrols will be provided by the Division of Forests and Lands' Forest Rangers dressed in a recognizable department uniform.

Operation Stonegarden is a Homeland Security initiative that strives to engage local, state and federal law enforcement agencies in border security. Homeland Security recognizes that law enforcement agencies in the area have local knowledge, skills, and abilities that can supplement and enhance the Nation's border security.

Working in partnership with the Beecher Falls Border Patrol Station will raise our collective level of situational awareness in the border area of northern New Hampshire. Stonegarden provides compensation in the form of federal dollars for both personnel and equipment. Current Stonegarden participants in New Hampshire include the NH Fish and Game Department, Forest Protection Bureau of DNCR, Coos County Sheriff's Department, Pittsburg Police Department, Colebrook Police Department, and the Department of Safety's Division of State Police.

The following additional appropriation authorities are being requested:

Class 018 – Overtime – Appropriation needed to pay current Forest Protection Bureau staff for patrol details;

Class 060 – Benefits – Appropriation needed to pay associated fringe benefits on overtime hours; and

Class 070 – In State Travel – Appropriation needed to pay mileage expenses for Operation Stonegarden details.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Non-Supplanting Certification: This certification, which is a required component of the New Hampshire application, affirms that federal Homeland Security grant funds will be used to supplement (add to) existing funds, and will not supplant (replace) funds that have been locally appropriated for the same purpose. Potential supplanting will be addressed in the application review as well as in the pre-award review, post award monitoring, and the audit. DHS/FEMA I.B. 379 allows as well as FP-205-402-125-1 which apply to maintenance and sustainment of grant or in some cases non- grant acquired capabilities with specific definitions. Applicants and/or grantees will be/may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons OTHER than the receipt or expected receipt of federal Homeland Security grant funds. Supplanting funds is loosely defined (for these purposes) as using federal grant money to "replace" or "take the place of" existing local funding for equipment or programs. The funds are intended to provide local entities with increased or in 2022 sustained capabilities or to build capacity to address CBRNE/WMD terrorist incidents.

National Incident Management System (NIMS) Implementation

Prior to allocation of any federal preparedness awards, recipients must ensure and maintain adoption and implementation of NIMS. The list of objectives used for progress and achievement reporting is on FEMA's website at: <https://www.fema.gov/emergency-managers/nims/implementation-training>. Please see the: Preparedness Grants Manual for more information on NIMS. Recipients should manage resources purchased or supported with FEMA grant funding according to NIMS resource management guidance. Additional information on resource management and NIMS resource typing definitions and job titles/position qualifications is on DHS/FEMA's website
