His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Pursuant to RSA 261:97-c, Use of Funds, authorize the Department of Natural and Cultural Resources, Division of the Arts, to award a Conservation License Plate (Moose Plate) grant to the Portsmouth Historical Society (VC #154242) Portsmouth, NH in the amount of \$16,510 to support the conversation of the masonry at the 1812 Morton- Benedict House effective upon Governor and Council approval through October 31, 2024. 100% Other Funds (Agency Income).

Funds are available in account, Conservation Plate Funds, as follows:

	<u>FY 2024</u>
03-035-035-350010-34050000-073-509074 – Grants Non-Federal	\$16,510

EXPLANATION

Moose Plate Funds are used to promote the use and conservation of cultural resources in New Hampshire and to preserve the cultural heritage that belongs to all New Hampshire citizens by providing for the preservation of publicly owned historic properties.

In 2008, the Portsmouth Historical Society (PHS) assumed responsibility for the City of Portsmouth’s former public library building — a structure composed of two early 19th-century Federal brick buildings (the 1810 Portsmouth Academy building and 1812 Morton-Benedict House) connected by a 1975 addition. This complex incorporates spaces for a welcome center and gift shop, public restrooms, space for lectures and conferences, historic galleries for exhibitions, and offices for the Society and for two local nonprofits.

These funds will repair failed and failing masonry at the public entrance to the 1975 addition, and repair leaking windows in the 1975 addition. The Morton-Benedict House needs substantial masonry repairs on its brick facade. There are many areas of loss as well as deteriorating nails (used to train ivy) that are causing further areas of loss in the mortar. There is also a crumbling section of brickwork that lines the public entrance to PHS, part of the 1975 addition. The retaining wall for an elevated garden supports the handrail for access to the building and has experienced heavy mortar loss and brick loss. Repairs will ensure the integrity of this wall so as to allow continued access to our building for the 34,000 people that visit each year.

Additionally, one window wall in the 1975 addition experiences significant water damage. It is located in the exhibition area of Seacoast African American Cultural Center (SAACC). The presence of water not only risks damage to the artwork on display but creates an unstable environment (with fluctuating humidity) for the collections on view.

The Attorney General’s Office has reviewed and approved the grant agreement as to form, substance, and execution.

Respectfully submitted,

(15M)

Sarah L. Stewart
Commissioner
