Dept. Environmental Services, Winnepesaukee River Basin, Contracts for Program Services			

EXPLANATION

The Winnepesaukee River Basin Program (WRBP) owns and operates the wastewater collection and treatment system serving ten Lakes Region communities. The work under this contract involves System Integration Support, Supervisory Control and Data Acquisition (SCADA) maintenance and repair services on an as-needed or emergency basis such as, but not limited to, repairs/upgrades to Programmable Logic Controllers (PLC's), Variable Frequency Drives (VFD's), remote sensing equipment, local SCADA networks, radio telemetry systems, and telecommunications networks.

A Request for Proposals (RFP) was prepared and sent to nine (9) firms known to provide these types of services. The RFP was also advertised in the newspaper, The Union Leader, and posted on the Department of Administrative Services Purchase and Property website.

Responses to the RFP are as follows:

	<u>Total</u>
Wilson Controls, LLC Lee, NH	\$122,100
Barrett Electric Co., Inc. Concord, NH	\$160,860

Electrical Installations, Inc. Moultonborough, NH	\$174,840
Wright-Pierce Manchester, NH	\$230,100
Eversolve Technologies Lubbock, TX	\$557,490
AIO CTRLS LLC New Boston, NH	No Response
Northeast Integration, LLC Portsmouth, NH	No Response
United Automation, Inc. Portsmouth, NH	No Response
Live Automation, Inc. Sterling, MA	No Response
NIC Systems Corp Cromwell, CT	No Response

The RFP allowed for one or more firms to be awarded a contact if in the best interest of the WRBP and within operating budget limits. Having two firms under contract helps assure that critical technical assistance will be available when needed. A separate contract was awarded to Wilson Controls, LLC. Based on the proposals, we wish to award a second contract to Barrett Electric. After due diligence inquiries, this firm was selected based on their total proposed price, capability to perform the work, and experience at other wastewater treatment plants with similar equipment and SCADA systems.

Note that all operating costs of the WRBP are paid by the users of the wastewater treatment and collection system, as provided in RSA 485-A:50. There is no General Fund contribution to the WRBP's operation.

This contract has been approved by the Department of Justice as to form, substance, and execution.

We respectfully request your approval.

Robert R. Scott, Commissioner

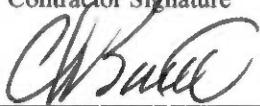

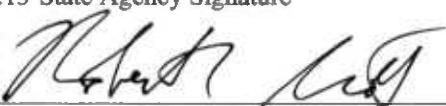

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.
