**EXPLANATION**

This request is **Retroactive** because the Maintenance Mechanic III position #8T3170 ended on February 17, 2024 and as a result of an administrative oversight this position was not captured for continuation for 2024-2025.

This position is essential for the effective and efficient operations of Cannon Mountain and Franconia Notch State Park (Cannon/FNSP). This position is responsible for maintenance of buildings and infrastructure, as well as all motorized mountain equipment to include snow groomers, bulldozers and backhoes and assist with supervision of construction and maintenance of roads and trails within the state park. Granting approval of this position extension will allow the Department to continue to provide the needed maintenance service it provides to our operations at Cannon/FNSP. For this reason, we seek to continue employment of the position.

Respectfully submitted,

(SM)

Commissioner
