ASSISTANT COMMISSIONER

ROBERT L. QUINN
COMMISSIONER

April 30, 2024

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Pursuant to the provisions of NH RSA 4:8, Gifts to the State, authorize the Department of Safety (DOS), Division of Emergency Services and Communications (DESC), to accept a donation of used radio site equipment valued, when it was purchased new, at \$7,140.00 from Wireless Partners LLC., of Concord, NH, as per the list below. These items will be accepted for use only upon Governor and Council approval.

EXPLANATION

DESC has been offered a used Eltek Cabinet for the storage of critical radio communications equipment at the Errol, NH radio site. These climate-controlled cabinets ensure the safety and stability of sensitive electronics and computer hardware in all types of weather. Wireless Partner's LLC. is decommissioning its equipment at the Vertical Bridge's Errol tower site and has offered to donate the tech cabinet to the DESC. This donation will be used to set up radio communications equipment on this tower to enhance law enforcement and public safety communications in Coos County. The authorization to accept this donation will save the State of New Hampshire from purchasing a brand-new tech cabinet since this cabinet is in perfect working order.

Below is a detailed list of equipment that Wireless Partners, LLC. would like to donate to DESC along with their original cost:

Quantity	Unit of Measure	Part Number	Description	Individual New Price	Combined New Price
CABINET					
1	Each	Eltek Cabinet	Eltek Outdoor Power Cabinet w/AC - Flatpack 2 power shelf and controller card included. McLean 2000 BTU Air Conditioner with 500 Watt Heater	\$3,500.00	\$3,500.00
2	Each	SBS190F	SBS190F EnerSys Battery, 12V Mod, 190Ah [4 Batt = 1 String]	\$1,820.00	\$3,640.00
				Total:	\$7,140.00

Respectfully Submitted,

Robert L. Quinn
Commissioner of Safety

Brandon McGorry, ENP
Chief of Administration
New Hampshire Department of Safety
Division of Emergency Services and Communications
110 Smokey Bear Boulevard
Concord, NH 03305

Brandon,

Wireless Partners Networks is currently in the process of decommissioning the equipment installed at the communications facility located at 365 Upton Rd in Erroll, NH. After discussing with DESC staff, it is our understanding that the State of NH has received approval to install LMR communications equipment at the same site. Wireless Partners Networks is offering to leave the ground equipment intact for the state to utilize during the installation. WP Networks will also leave its Eltek equipment cabinet which will include a -48v DC power Plant with Qty 3 100amp rectifiers and 2 strings of 190 AHr batteries.

Wireless Partners Networks is willing to donate these items to the State of NH to help improve public safety communications in the North Country.

Please feel free to reach out to us if you have any questions.
