REQUESTED ACTION

Authorize the Department of Transportation to enter into a contract with C.W. Sliter & Sons, LLC d/b/a CWS Fence & Guardrail Co. (Vendor 155763) of Andover, NH, on the basis of a low bid of \$636,125 for guardrail repair of damaged beam guardrail on Tier 1 roadways within Districts 2 and 5 (Project: Statewide Guardrail Repair West #44529), from the date of Governor and Council approval through December 5, 2025, unless extended by the Department in accordance with the Standard Specifications. 100% Other Funds (Betterment).

Funding is available in State Fiscal Years 2024 and 2025, and is anticipated to be available in Fiscal Year 2026 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2024</u>	<u>FY 2025</u>	<u>FY 2026</u>

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Highway Maintenance/Betterment Program. This contract provides for the repair of damaged beam guardrail on Tier 1 Roadways within Districts 2 & 5 (I-93 MM 38.4 to 57.0, I-393, and I-89). Work will be initiated via a work order issued by the District Engineer, their duly authorized representative, or Maintenance Superintendent or Supervisor. All materials required to facilitate repairs will be furnished by the Contractor.

Due to safety concerns, when existing guardrail within District 2 and/or 5 is damaged, this contract will be invoked by the respective District Engineer, their duly authorized representative, or Maintenance Superintendent or Supervisor to repair the damaged guardrail and that cannot be fixed by District's personnel.

This project funding is: 0% Federal funds (100% Highway Maintenance/Betterment; Program: BET-STAL-HQ, Non_Par).

Although the bid costs exceeded the Department's estimate by 0.47%, the low bid of three bids received is felt to be reasonable for the work involved. Readvertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval, will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

William J. Cass, P.E.
Commissioner
