His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Administrative Services to enter into a contract with Metropolitan Foods, Inc. dba Driscoll Foods, Inc. (VC#480706), Wayne, NJ, in an amount up to and not to exceed \$16,764,884.84 for Food Products (Perishable and Non-perishable), with the option to renew for an additional two-year period, effective upon Governor and Executive Council approval through January 31, 2029.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

The Department of Administrative Services, through the Bureau of Purchase and Property, issued request for bid (RFB) 2830-24 on October 2, 2023, with responses due on November 2, 2023. This bid reached 191 vendors through the NIGP registry with an additional 23 directly sourced. There were 4 responses received with Metropolitan Foods, Inc, dba Driscoll Foods, Inc. submitting the lowest compliant pricing for their respective sections. It is important to note that responses from Boston Pizza Company and Sysco were non-compliant based on response quantity requirements and exception to terms and conditions. Following conclusion of the bid cycle, non-responsive vendors were audited, and it was determined they did not provide a bid response because their companies prefer to be the State's sole supplier rather than a secondary or participate in multi award scenarios.

The State currently has two similar contracts: Contract #8002889 with Ace Endico Corp and Contract #8003141 with Prime Source Foods. The estimated annual spend represented by this requested contract is derived from the bidder's offer sheet where estimated usage quantities for 910 items were provided. Of the 910 available items, 497 were directly comparable to items under the existing contracts representing an aggregate cost savings of approximately \$200,000 over the contract term.

In addition, this contract would provide essential food for residents of the hospitals, correction facilities, and the veterans' home; increased item availability; and permit additional cost savings (i.e. prompt payment, bulk order discounts, etc.) in contrast to historical pricing structures this contract contains control measures associated with measurable performance guarantees and financial benefit to the state associated with early payment discounts.

The requested price limitation of \$16,764,884.84 will cover the full term of the contract and is based off the pricing provided in Metropolitan Foods, Inc. dba Driscoll Foods, Inc's bid response. The spend limitation will be closely monitored to prevent the contract price limitation from being exceeded.

Contract financials	
Estimated annual spend	\$3,048,160.88
Term spend	\$15,240,804.40
Add allowance (10%)	\$1,524,080.44

Based on the foregoing, I am respectfully recommending approval of the contract with Metropolitan Foods, Inc. dba Driscoll Foods, Inc.

Respectfully submitted,

Charles M. Arlinghaus

To halt the release of information by the State, a Bidder must initiate and provide to the State, prior to the date specified in the notice, a court action in the Superior Court of the State of New Hampshire, at its sole expense, seeking to enjoin the release of the requested information.

The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Driscoll Foods main headquarters is located at 6 Westbelt, Wayne, NJ 07470 where we operate out of a 500,000 SF facility with a Dry storage capacity of 108,545 SF operated at 60-65 degrees with heating and cooling units. Please see attached, floor plan of our facility. Our facility is staffed and functioning 24 hours/6 days a week. If necessary, we have the capacity to function on a 24 hour/7 days a week schedule. To note, we have two additional facilities, one located in Amsterdam, NY and another in East Stroudsburg, PA.

Our fleet conforms to US EPA Regulations applicable to commercial vehicles. All vehicles in our fleet are equipped with an automatic 3-minute engine shut off to prevent engine idling. We aim to optimize and consolidate deliveries to mitigate climate and environmental impact. Maximizing delivery/drop sizes reduces the number of trips to each customer location, therefore resulting in lower negative environmental impact. All trucks are validly registered, inspected and insured. The interior of all cargo boxes is cleaned at the end of each route daily. We hire an additional heavy-duty power washing service to do an additional deep clean on the full fleet once a week.

Housed in our Wayne facility, we have a fleet of 140 trucks, including 26 ft. refrigerated cargo box trucks, 28/36/48/53 foot refrigerated/multi temp trailers as well as 2 smaller refrigerated 18-foot cargo box trucks for last minute orders. The master lease agreement for Riverstreet Idealease (now owned by Allegiance) is attached and references subs and interim/additional vehicles in articles (F and G). In addition to the 140 trucks that we run out of Wayne, we have 80+ trucks on order and at least 35 of those we have a commitment for 1 for 1 interims (basically 35 additional rentals). We work with two leasing vendors; Penske and Allegiance. Both are national players with multiple resources to pull from. We also have a tentative rental agreement with Ryder for additional rentals that is always a failsafe back up.

We currently have 251 drivers on staff, all drivers are rigorously screened and evaluated to ensure they are properly licensed. A large number of our drivers are exclusively designated and experienced in making deliveries to NYC DOE schools, as well as being finger printed and background checked through the DOE.
