His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Behavioral Health, to amend an existing contract with Carelon Behavioral Health, Inc. (VC #170842-B001), Boston, MA, for continued operation of a centralized crisis call center for individuals experiencing a mental health and/or substance use disorder crisis, by exercising a contract renewal option by increasing the price limitation by \$6,141,052 from \$15,984,299 to \$22,125,351 and extending the completion date from June 30, 2024 to June 30, 2025, effective July 1, 2024 upon Governor and Council approval. 4% Federal Funds. 96% General Funds.

The original contract was approved by Governor and Council on June 30, 2021, tabled item #19, and most recently amended with Governor and Council approval on June 28, 2023, item #37.

Funds are available in the following accounts in State Fiscal Year 2025 with the authority to adjust budget line items within the price limitation through the Budget Office, if needed and justified.

See attached fiscal details.

EXPLANATION

The purpose of this request is for the Contractor to continue operating the New Hampshire Rapid Response Access Point crisis operations center, which receives telephone calls, text messages, and two-way real-time chat; provides clinical crisis resolution services; and acts as a triage center for mental health and/or substance use disorders crises. The crisis operations center is operational twenty-four hours per day, seven days per week (24/7). The Contractor will continue coordinating services with regional mobile crisis teams and with the new Rapid Response Crisis Centers in alignment with the Crisis Now model. Additionally, the Contractor will continue providing data collection services to promote consistency and quality and will continue making technological enhancements to the dispatching software.

From January 2023 through March of 2024, the Access Point had 39,453 phone, text, or chat contacts from individuals, families, and third parties looking for behavioral health support. Of the overall contacts, 8,396 resulted in the dispatch of mobile crisis teams at the 10 Community Mental Health Centers to the community for emergent support. The Access Point only referred directly to the emergency departments 2% of the time (713). While acting as the second of New Hampshire's two 988 call centers, the Access Point had an average of 79.5% in state answer rate

for 988 calls during the same time period, based on Vibrant's National Suicide Prevention Lifeline Call Metrics. The Access Point is anticipated to facilitate the same or more contacts and dispatches from July 2024 through June of 2025.

The Contractor will continue improving the efficiency of mobile team assignment and the coordination of crisis follow-up services, which allows for better utilization of resources, including distance optimization, queueing, "best fit" Rapid Response Team assignment, and software technology enhancements. In addition, the Contractor will continue working on a data analysis project to improve reporting and development of information dashboards for the Department.

As referenced in Exhibit A, Revisions to Standard Contract Provisions, of the attached contract, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval. The Department is exercising its option to renew services for one (1) year of the remaining three (3) years available.

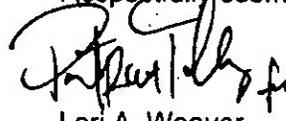

Should the Governor and Council not authorize this request, individuals in need of behavioral health services will no longer have the ability to receive immediate intervention in their communities and will have no option but to utilize emergency departments, hospitals, and long-term care facilities, which places a strain on these resources. Additionally, the Department may not be able to comply with requirements of the Community Mental Health Agreement, Senate Bill 14 (2019), to fulfill the vision of the 10-Year Mental Health Plan.

Area served: Statewide.

Source of Federal Funds: Assistance Listing Number (ALN) 93.958, FAIN B09SM087375.

In the event Federal Funds become no longer available, additional General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Weaver
Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 033013

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Behavioral Health, to amend an existing contract with Carelon Behavioral Health, Inc., (VC#170842-B001), Boston, MA, for continued operation of a centralized crisis call center for individuals experiencing a mental health and/or substance use disorder crisis, by exercising a contract renewal option, by increasing the price limitation by \$6,725,351 from \$9,258,948 to \$15,984,299 and by extending the completion date from June 30, 2023 to June 30, 2024, effective July 1, 2023, upon Governor and Council approval. 18% Federal Funds. 82% General Funds.

The original contract was approved by Governor and Council on June 16, 2021, Item #19.

Funds are anticipated to be available in State Fiscal Years 2024, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

See attached fiscal details.

EXPLANATION

The purpose of this request is for the continued operation of a crisis operations center, the New Hampshire Rapid Response Access Point, which receives telephone calls, text messages, and two-way real-time chat, provide clinical crisis resolution services, and act as a triage center for mental health and/or substance use disorders crises. Additionally, the Contractor will strengthen dispatch coordination between the Lifeline centers and mobile response teams operated by the ten Community Mental Health Centers (CMHCs) through the creation and hiring of a specialty position to address issues in the dispatch structure and processes.

The Contractor operates the New Hampshire Rapid Response Statewide Access Point twenty-four hours per day, seven days per week (24/7). The Contractor will continue to coordinate with regional crisis services, use the Crisis Now tool kit, develop the Rapid Response training curriculum, train the Rapid Response workforce, and provide data collection services to promote consistency and quality.

Approximately 30,000 callers to the New Hampshire Rapid Response Access Point, and their families, will be served from July 1, 2023 to June 30, 2024.

The Contractor will create a specialty position and hire staff to expand and enhance services related to 988 Suicide and Crisis Lifeline activities. This dedicated position will focus on

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

increasing communications between the 10 CMHCs' Rapid Response Teams and the Access Point and improving the quality of the transition of care process as they relate to dispatching. This position will increase access to services through improved contact answer rates via phone, text, and chat at the Access Point for individuals in crisis across New Hampshire and more efficient use of Rapid Response Teams for deployment to individuals in crisis. The Contractor also will work with the Department to make technological enhancements to the dispatching software in support of the new dispatcher role.

As referenced in Exhibit A. Revisions to Standard Contract Provisions, of the attached contract, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval. The Department is exercising its option to renew services for two (2) of the four (4) years available.

Should the Governor and Council not authorize this request, individuals in need of behavioral health services will continue to utilize emergency departments, hospitals, and long-term care facilities rather than receive immediate intervention in their communities. Additionally, the Department may not be able to comply with requirements of the Community Mental Health Agreement, Senate Bill 14 (2019) and fulfill the vision of the 10 Year Mental Health Plan.

Area served: Statewide.

EXPLANATION

The purpose of this request is to establish and operate a crisis operations center, to be known as the New Hampshire Rapid Response Access Point, which will receive telephone calls, text messages, and two-way real-time chat, provide clinical crisis resolution services, and act as a triage center for mental health and/or substance use disorders crises. The New Hampshire Rapid Response Access Point will operate twenty-four hours per day, seven days per week (24/7). The Contractor will perform centralized triage of in-coming calls, texts and chat messages, conduct initial assessments, brief interventions, and deploy mobile response teams to the caller's location when necessary. The Contractor will also coordinate with regional crisis services, use the Crisis Now tool kit, develop the Rapid Response training curriculum, train the Rapid Response workforce, and provide data collection services to promote consistency and quality.

The New Hampshire Rapid Response Access Point will serve New Hampshire residents of any age, statewide, who may be experiencing a mental health and/or substance use disorder crisis.

Approximately 30,000 callers to the New Hampshire Rapid Response Access Point will be served from July 1, 2021 to June 30, 2023.

The Contractor will provide an initial assessment for each individual who calls the New Hampshire Rapid Response Access Point to determine the nature of the crisis. The Contractor will

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

engage each individual in brief phone-based counseling and intervention to determine the individual's appropriate level of need, and to attempt to resolve each situation, using tools such as the PHQ-9 Patient Health Questionnaire 9 (PHQ-9) for depression, Mood Disorder Questionnaire (MDQ), Adverse Childhood Experiences (ACES) questionnaire, a lethality assessment tool, a drug abuse screening test (DAST 10), an alcohol use disorder identification test, and other recognized tools for determining the nature of a behavioral health crisis. Initial assessment will result in resolution, deployment of a mobile crisis team to the caller's location, and/or referral, as is appropriate for each individual caller's needs.

The Department will monitor contracted services using the following performance measures:

- 100% of individuals identified as in need of face-to-face assessment from the access point will receive an in-home or in-community face-to-face deployment from regional rapid response teams within specified times of dispatch of the mobile response.
- One hundred percent (100%) of individuals not currently receiving mental health services from a qualified provider prior to contact with the Rapid Response Access Point will be offered follow-up services, and then referred to an outpatient provider, as appropriate.
- Seventy percent (70%) of individuals identified to need a follow-up call will receive a post crisis follow up from a peer support specialist.

The Department selected the Contractor through a competitive bid process using a Request for Proposals (RFP) that was posted on the Department's website from 10/16/2020 through 12/17/2020. The Department received four (4) responses that were reviewed and scored by a team of qualified individuals. The Scoring Sheet is attached.

As referenced in Exhibit A, Revisions to Standard Contract Provisions, Section 1, Revisions to Form P-37, General Provisions, Subsection 1.1 of the attached contract, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

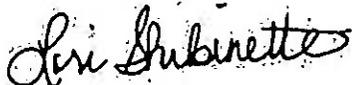

Should the Governor and Council not authorize this request, the Department may not be able to comply with requirements of the Community Mental Health Agreement, Senate Bill 14 (2019) and fulfill the vision of the 10 Year Mental Health Plan. More importantly, individuals in need of behavioral health services will continue to utilize emergency departments, hospitals, and long term care facilities rather than receive immediate intervention in their communities.

Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds affected by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provided in EXHIBIT B, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. The State shall not be required to transfer funds from any other account or source to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/ PAYMENT.

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT C which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred, by the Contractor in the performance hereof, and shall be the only and the complete

compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. In addition, if this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all federal executive orders, rules, regulations and statutes, and with any rules, regulations and guidelines as the State or the United States issue to implement these regulations. The Contractor shall also comply with all applicable intellectual property laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3 The Contractor agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 give the Contractor a written notice specifying the Event of Default and set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

9. TERMINATION.

9.1 Notwithstanding paragraph 8, the State may, at its sole discretion, terminate the Agreement for any reason, in whole or in part, by thirty (30) days written notice to the Contractor that the State is exercising its option to terminate the Agreement.

9.2 In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall, at the State's discretion, deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT B. In addition, at the State's discretion, the Contractor shall, within 15 days of notice of early termination, develop and

submit to the State a Transition Plan for services under the Agreement.

10. DATA/ACCESS/CONFIDENTIALITY/PRESERVATION.

10.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes, letters, memoranda, papers, and documents, all whether finished or unfinished.

10.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

10.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

11. CONTRACTOR'S RELATION TO THE STATE: In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

12.1 The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written notice, which shall be provided to the State at least fifteen (15) days prior to the assignment, and a written consent of the State. For purposes of this paragraph, a Change of Control shall constitute assignment. "Change of Control" means (a) merger, consolidation, or a transaction or series of related transactions in which a third party, together with its affiliates, becomes the direct or indirect owner of fifty percent (50%) or more of the voting shares or similar equity interests, or combined voting power of the Contractor, or (b) the sale of all or substantially all of the assets of the Contractor.

12.2 None of the Services shall be subcontracted by the Contractor without prior written notice and consent of the State. Contractor, or subcontractors, including but not limited to the negligence, reckless or intentional conduct. The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and continuously maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 commercial general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate or excess; and

The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference.

15. WORKERS' COMPENSATION.

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from the requirements of N.H. RSA chapter 281-A ("Workers' Compensation").

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. The Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

17. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire unless no such approval is required under the circumstances pursuant to State law, rule or policy.
