**STATE OF NEW HAMPSHIRE
DEPARTMENT OF MILITARY AFFAIRS AND VETERANS SERVICES**

**EXHIBIT B
SCOPE OF SERVICES**

SUBJECT: Access to Mental Health Services

Easter Seals New Hampshire (ESNH) will enhance access to, and use of, mental/behavioral health services by individuals who have served and reside, in the state regardless of their discharge status or VA-eligibility, by enhancing its clinical capacity. ESNH Veterans Count (ESNH VC) Care Coordinators will work with veterans and carry out a comprehensive assessment to evaluate their needs, determine what natural supports they already have, and what community connections could help their journey to health, well-being, and self-sufficiency. ESNH VC will also leverage the resources, reach, and visibility of Veterans Count Chapters and its dedicated volunteers to broaden the depth and breadth of the outreach activities, and to spread awareness about ESNH VC and its vital programs and services.

Specific actions in support of these activities include:

- Outreach to providers to establish relationships in order to facilitate referrals for veterans in need of clinical mental/behavioral health services and to encourage provider organizations to ask the question: "Have you or a member of your family ever served in the military?" ESNH VC will outreach to community providers (i.e. hospitals, substance use treatment providers, community mental health providers, etc.), statewide, to not only facilitate referrals into the clinical program, but also to embed the practice of asking the question "Have you ever served in the military?" into every intake encounter. This will include new contacts as well as working with existing partners in the community such as the VA, local Vet Centers, Care Coordination Program of NH, etc. to ensure awareness of our clinical services and facilitate referrals.
- Recruit clinicians to grow clinical capacity, including an effort to establish a pipeline of clinicians by supporting unlicensed clinicians in obtaining licensure and accessing training.
- Hire an experienced Practice Manager to oversee scheduling (including the intake process), billing, utilization, and compliance, and to develop policies and procedures for the clinical services department.
- Invest in clinical trainings for new and existing ESNH VC staff with a concentration around evidence-based modalities, e.g. Eye Movement Desensitization and Reprocessing (EMDR) for clients with Post Traumatic Stress Disorder (PTSD), Cognitive Processing Therapy (CPT), Dialectic Behavioral Therapy (DBT), Cognitive Behavioral Therapy (CBT), and Critical Time Intervention (CTI).

Reporting

To measure the success of the program, the following data points will be tracked via client records in the ESNH secure Electronic Medical Records system. A monthly report will be submitted by ESNH to report on progress and outcomes. Monthly reports will be submitted along with the monthly invoice. ESNH will

work with Heather Smith, Division of Community Based Military Programs, Department of Military Affairs and Veterans Services, to determine the best format for reporting progress and outcomes.

At a minimum, the monthly report will contain the following information:

1. Progress made during the reporting period to develop the capacity and resources required to implement proposed programming (e.g. hiring and training staff, etc.).
2. Number clients receiving clinical services and information on their referral source.
3. Number of community provider connections made as a activities described herein. The name result of the outreach and location of organization/provider will be included to demonstrate the reach of the program.
4. Total number of clients served for the reporting period by the overall Veterans Count program.
5. Number of linkages to veteran and civilian community resources made as a result of referral into the Veterans Count program and the categories of services provided by those referrals (e.g. housing services, food insecurity, educational services, vocational services, healthcare services, mental health services, behavioral health services, legal services, etc.).
6. Results and impact of development, outreach, engagement, or services and how they support overall goal achievement.

For any military culture or suicide prevention training provided to existing staff, newly hired staff, or community partners as a result of the availability of these funds, the following information will be collected and reported to DMAVS:

1. Name of training and type of training (e.g. military culture, suicide prevention, etc.).
2. Date and location of training.
3. Length of training.
4. Number of attendees
5. Organizations represented by attendees and zip code of organization.
6. Industries represented by attendees (e.g. healthcare, mental health services, aging services, etc.).
7. Results of a training evaluation provided to attendees at the conclusion of the training to measure knowledge and confidence gained from attending training.

A final report at the conclusion of the funding period will be submitted. The final report will provide a comprehensive summary of all activities performed and an analysis of the results and impact of the work completed. Utilizing data visualization methods is recommended. The report will also describe how the work will be sustained or further developed in the future (if applicable).

The contract term may be extended for up to two (2) one-year periods at the sole discretion of the State, subject to the continued availability of funds, satisfactory performance of services, and approval by the Governor and Executive Council.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Easter Seals New Hampshire, Inc. and Subsidiaries

Opinion

We have audited the consolidated financial statements of Easter Seals New Hampshire, Inc. and Subsidiaries (Easter Seals NH), which comprise the consolidated statements of financial position as of August 31, 2023 and 2022, and the related consolidated statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Easter Seals NH as of August 31, 2023 and 2022, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Easter Seals NH and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Notes 2 and 7 to the financial statements, in 2023, Easter Seals NH has changed their method of accounting for leases, effective September 1, 2022, due to the adoption of Accounting Standards Codification Topic 842, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Easter Seals NH's ability to continue as a going concern for a period of within one year after the date that the financial statements are issued or available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Easter Seals NH's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Easter Seals NH's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Financial Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying other financial information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Board of Directors
Easter Seals New Hampshire, Inc. and Subsidiaries

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2023 on our consideration of Easter Seals NH's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Easter Seals NH's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Easter Seals NH's internal control over financial reporting and compliance.

EASTER SEALS NEW HAMPSHIRE, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2023 and 2022

1. **Corporate Organization and Purpose**

Easter Seals New Hampshire, Inc. and Subsidiaries (Easter Seals NH) consists of various separate nonprofit entities: Easter Seals New Hampshire, Inc. (parent and service corporation); Manchester Alcoholism Rehabilitation Center (Farnum Center); Easter Seals Maine, Inc. (up to August 31, 2022); and Easter Seals Vermont, Inc. (Easter Seals VT). Additionally, Champlin Place, Inc., was formed on June 30, 2022 and was 100% owned by Easter Seals New Hampshire, Inc. In April 2023, Easter Seals NH transferred a 21% interest in Champlin Place, Inc. to Housing Affordability Partnership, LLC. Champlin Place, Inc. is the sole General Partner of Champlin Place Limited Partnership (the Partnership). Champlin Place, Inc. has a 0.01% ownership interest in the Partnership, but oversees certain management and operational aspects of the Partnership subject to the terms set forth in the limited partnership agreement. See note 15. Easter Seals New Hampshire, Inc. is the sole member of each subsidiary, aside from Champlin Place, Inc. for which they have a 79% interest. Easter Seals NH is affiliated with Easter Seals, Inc. (the national headquarters for the organization).

Effective August 31, 2022, Easter Seals Maine, Inc. was dissolved, and all assets were transferred to Easter Seals New Hampshire, Inc.

Easter Seals NH's purpose is to provide plans of care comprised of thoughtfully integrated services that help those with varied abilities live, learn, work, and play throughout their lifetimes. Easter Seals NH operates programs throughout New Hampshire and Vermont.

2. **Summary of Significant Accounting Policies**

Principles of Consolidation and Noncontrolling Interests

The consolidated financial statements include the accounts of Easter Seals New Hampshire, Inc. and the subsidiaries of which it is the sole member and the less-than-wholly-owned subsidiary of which they maintain a controlling interest as described in notes 1 and 15. As Champlin Place, Inc. has only a 0.01% owned interest in the project described in note 15, which has not yet commenced planned principal operations, there are no revenue and expenses attributed to the entity to date. Accordingly, there is no investment in the less-than-wholly-owned subsidiary to present separately in the accompanying consolidated statements of financial position, and no increase (decrease) in net assets attributed to the controlling and noncontrolling interests to present separately in the accompanying consolidated statements of activities and changes in net assets. Significant intercompany accounts and transactions have been eliminated in consolidation.

Cash, Cash Equivalents and Restricted Cash

Easter Seals NH considers all highly liquid securities purchased with an original maturity of 90 days or less to be cash equivalents. Cash equivalents consist of cash, and money market funds, excluding assets limited as to use.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Easter Seals NH maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed amounts guaranteed by the Federal Deposit Insurance Corporation. Financial instruments which subject Easter Seals NH to credit risk consist primarily of cash equivalents and investments. Easter Seals NH's investment portfolio consists of diversified investments, which are subject to market risk. Investments that exceeded 10% of investments include the Lord Abbett Short Duration Income A Fund with a balance of \$10,229,900 and \$10,055,500 as of August 31, 2023 and 2022, respectively.

Restricted cash represents reserve accounts held by New Hampshire Housing Finance Authority (NHHFA) for insurance, taxes, replacement costs and operations as well as security deposit accounts held for tenants.

The following table provides a reconciliation of cash and cash equivalents and restricted cash reported within the consolidated statements of financial position that sum to the total of the same such amounts shown in the consolidated statements of cash flows at August 31:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$8,218,081	\$14,837,761
Restricted cash	<u>99,784</u>	<u>79,819</u>
	<u>\$8,317,865</u>	<u>\$14,917,580</u>

Assets Limited as to Use and Investments

Assets limited as to use consists of cash and cash equivalents, short-term certificates of deposit with original maturities greater than 90 days, but less than one year, and investments. Investments are stated at fair value. Realized gains and losses on investments are computed on a specific identification basis. The changes in net unrealized and realized gains and losses on investments are recorded in other non-operating expenses, gains and losses in the accompanying consolidated statements of activities and changes in net assets. Donated securities are stated at fair value determined at the date of donation.

Beneficial Interest in Trust

Easter Seals NH is the beneficiary of a trust held by others recorded in other assets in the accompanying consolidated statements of financial position. Easter Seals NH has recorded as an asset the fair value of its interest in the trust and such amount is included in net assets with donor restrictions, based on the underlying donor stipulations. The change in the interest due to fair value change is recorded within other non-operating expenses, gains and losses as activity with donor restrictions.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation and amortization. Expenditures for maintenance and repairs are charged to expense as incurred, and expenditures for major renovations are capitalized. Depreciation is computed on the straight-line method over the estimated useful lives of the underlying assets. Leasehold improvements are amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the asset.

EASTER SEALS NEW HAMPSHIRE, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Fixed assets obtained by Easter Seals NH as a result of acquisitions on or after September 1, 2011 are recorded at estimated fair value as of the date of the acquisition in accordance with generally accepted accounting principles guidance for acquisitions by a not-for-profit entity.

Donated property and equipment not subject to donor stipulated conditions is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support or, if significant uncertainties exist, as deferred revenue pending resolution of the uncertainties. In the absence of such stipulations, contributions of property and equipment are recorded as support without donor restrictions.

Internal-Use Software Costs

The Company expenses costs incurred in the preliminary project stage of developing or acquiring internal use software, such as research and feasibility studies as well as costs incurred post implementation operational stage, such as maintenance and training. Capitalization of internal-use software costs occurs only after the preliminary-project stage is complete, management authorizes the project and it is probable that the project will be completed and the software will be used for the function intended. There were \$736,658 of internal-use software costs capitalized during the year ended August 31, 2023. These amounts are recorded in intangible assets in the accompanying 2023 consolidated statement of financial position. There were no internal-use software costs capitalized for the year ended August 31, 2022. The capitalized costs will be amortized on a straight-line basis over the estimated useful life of the software, generally up to 5 years, once placed in service. There was no amortization expense recognized in 2023.

Long-Lived Assets

When there is an indication of impairment, management considers whether long-lived assets are impaired by comparing gross future undiscounted cash flows expected to be generated from utilizing the assets to their carrying amounts. If cash flows are not sufficient to recover the carrying amount of the assets, impairment has occurred, and the assets are written down to their fair value. Significant estimates and assumptions are required to be made by management in order to evaluate possible impairment.

No long-lived assets were deemed impaired in 2023. Certain long-lived assets were deemed impaired in 2022. See note 8.

Bond Issuance Costs

Bond issuance costs are being amortized to interest expense using the straight-line method over the repayment period of the related bonds, or the expected time until the next refinancing, whichever is shorter. Interest expense recognized on the amortization of bond issuance costs during 2023 and 2022 was \$6,110. The bond issuance costs are presented as a component of long-term debt on the accompanying consolidated statements of financial position.

2. Summary of Significant Accounting Policies (Continued)

Revenue Recognition and Program and Other Accounts Receivable

Easter Seals NH accounts for revenues (mainly relating to fees and tuition in the accompanying consolidated statements of activities and changes in net assets) under Accounting Standards Codification (ASC) 606, *Revenue from Contracts with Customers*, and determines the amount of revenue to be recognized through application of the following steps:

- Identification of the contract with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as Easter Seals NH satisfies the performance obligations.

Easter Seals NH determines the transaction price based on standard charges for goods and services provided, reduced by any applicable discounts, contractual adjustments provided to third-party payors, or explicit and implicit price concessions provided to groups or individuals. A performance obligation is a promise in a contract with a customer to transfer products or services that are distinct. Determining whether products and services are distinct performance obligations that should be accounted for separately or combined as one unit of accounting may require significant judgement.

A significant portion of Easter Seals NH's revenues are derived through arrangements with third-party payors that provide for payment at amounts different from its established rates. Payment arrangements include discounted charges and prospectively determined payments. As such, Easter Seals NH is dependent on these payors in order to carry out its operating activities. There is at least a reasonable possibility that recorded estimates could change by a material amount in the near term. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in fees and tuition in the year that such amounts become known.

Revenues are recognized when performance obligations are satisfied, or attributable to the period in which specific terms of the funding agreement are satisfied, and to the extent that expenses have been incurred for the purposes specified by the funding source. Revenue balances in excess of the foregoing amounts are deferred until any restrictions are met or allowable expenditures are incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

The collection of outstanding receivables from third-party payors, patients and other clients is Easter Seals NH's primary source of cash and is critical to its operating performance. The primary collection risks relate to uninsured accounts, including accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but individual responsibility amounts (deductibles and copayments) remain outstanding. Implicit price concessions relate primarily to amounts due directly from patients and other clients. Estimated implicit price concessions are recorded for all uninsured accounts, regardless of the aging of those accounts. Accounts are written off when all reasonable internal and external collection efforts have been performed. The estimates for implicit price concessions are based upon management's assessment of historical write-offs and expected net collections, business and economic conditions, trends in federal, state and private employer health care coverage and other collection indicators. Management relies on the results of detailed reviews of historical write-offs and collections at facilities and programs that represent a majority of revenues and accounts receivable (the "hindsight analysis") as a primary source of information in estimating the collectability of accounts receivable. Management performs the hindsight analysis regularly, utilizing rolling accounts receivable collection and write-off data. Management believes its regular updates to the estimated implicit price concession amounts provide reasonable estimates of revenues and valuations of accounts receivable. These routine, regular changes in estimates have not resulted in material adjustments to the valuations of accounts receivable or period-to-period comparisons of operations. At August 31, 2023, 2022, and 2021, estimated implicit price concessions of \$871,700, \$855,900, and \$1,079,600, respectively, had been recorded as reductions to program and other accounts receivable balances to enable Easter Seals NH to record revenues and accounts receivable at the estimated amounts expected to be collected.

Unconditional contributions are recognized when the promise to give is made and are recorded at the net present value of estimated future cash flows.

Advertising

Easter Seals NH's policy is to expense advertising costs as incurred.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying consolidated statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services based mainly on time records and estimates made by Easter Seals NH's management.

Charity Care (Unaudited)

Easter Seals NH has a formal charity care policy under which program fees are subsidized as determined by the Board of Directors. Free and subsidized services are rendered in accordance with decisions made by the Board of Directors and, at established charges, amounted to approximately \$9,020,000 and \$8,099,000 for the years ended August 31, 2023, and 2022, respectively.

2. Summary of Significant Accounting Policies (Continued)

Leases

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases* (Topic 842), which requires that lease arrangements longer than twelve months result in an entity recognizing an asset and liability. The pronouncement is effective for Easter Seals NH beginning September 1, 2022. See note 7.

At inception of a contract, Easter Seals NH determines whether that contract is or contains a lease. Easter Seals NH determines whether a contract contains a lease by assessing whether there is an identified asset and whether the contract conveys the right to control the use of the identified asset for a period of time in exchange for consideration. The organization has control of the asset if it has the right to direct the use of the asset and obtains substantially all of the economic benefits from the use of the asset throughout the period of use. This determination is reassessed if the terms of the contract are changed.

Easter Seals NH leases residential and office space (real estate) under non-cancellable operating leases. The carrying value of the organization's right-of-use lease assets is substantially concentrated in its real estate leases. As a practical expedient, Easter Seals NH does not recognize a lease asset or lease liability for leases with a lease term of 12 months or less. In the determination of the lease term, the organization considers the existence of extension or termination options and the probability of those options being exercised.

Leases are classified as operating or finance leases based on the terms of the lease agreement and certain characteristics of the identified asset. Right-of-use assets represent Easter Seals NH's right to use an underlying asset during the lease term and lease liabilities represent the organization's obligation to make lease payments arising from the lease. Right-of-use assets and liabilities are recognized at the commencement date, based on the net present value of fixed lease payments over the lease term. Lease terms include options to extend or terminate the lease when it is reasonably certain that the options will be exercised.

At the lease commencement date, the discount rate implicit in the lease is used to discount the lease liability if readily determinable. If not readily determinable or leases do not contain an implicit rate, Easter Seals NH has made a policy election to use a risk-free rate as the discount rate for all classes of underlying assets.

In addition to rent, the leases may require Easter Seals NH to pay additional amounts for taxes, insurance, maintenance and other expenses, which are generally referred to as nonlease components. For all asset classes, the organization has elected the lessee practical expedient to combine lease and nonlease components and account for the combined unit as a single lease component. Variable nonlease components are treated as variable lease payments and recognized in the period in which the obligation for these payments was incurred.

(prior to dissolution on August 31, 2022), Easter Seals VT and Farnum Center are exempt from both federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code, with the exception of certain federal taxes applicable to not-for-profit entities.

2. Summary of Significant Accounting Policies (Continued)

Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position historically taken on various tax exposure items including unrelated business income or tax status. In accordance with U.S. GAAP, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position.

Champlin Place, Inc. is a for-profit organization subject to Federal and state taxes. Deferred income taxes of Champlin Place, Inc. are computed using the asset and liability method under which deferred income tax assets and liabilities are computed based on temporary differences between the financial statement and tax bases of assets and/or liabilities which will result in taxable or deductible amounts on future tax returns. Champlin Place, Inc. records a valuation allowance against any deferred tax assets when it determines it is unlikely that the tax asset will be realized. No significant deferred income taxes have been realized for Champlin Place, Inc. since the entity's inception.

Management has evaluated tax positions taken by Easter Seals New Hampshire, Inc., Easter Seals Maine, Inc., Easter Seals VT and Farnum Center on their respective filed tax returns and concluded that the organizations have maintained their tax-exempt status, do not have any significant unrelated business income, and have taken no uncertain tax positions that require adjustment to or disclosure in the accompanying consolidated financial statements. Champlin Place, Inc.'s management has determined that Champlin Place, Inc. has not taken, nor expects to take, any uncertain tax positions in any income tax return.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used in accounting for explicit and implicit price concessions in revenue, workers' compensation liabilities and contingencies.

Derivatives and Hedging Activities

Accounting guidance requires that Easter Seals NH record as an asset or liability the fair value of the interest rate swap agreement described in note 11. Easter Seals NH is exposed to repayment loss equal to the net amounts receivable under the swap agreement (not the notional amount) in the event of nonperformance of the other party to the swap agreement. However, Easter Seals NH does not anticipate nonperformance and does not obtain collateral from the other party.

As of August 31, 2023, and 2022, Easter Seals NH had recognized a liability of \$531,680 and \$995,184, respectively, as a result of the interest rate swap agreements discussed in note 11. As a result of changes in the fair value of these derivative financial instruments, Easter Seals NH recognized an increase in net assets of \$463,504 and \$1,243,067 for the years ended August 31, 2023 and 2022, respectively, in the accompanying consolidated statements of activities and changes in net assets.

Increase in Net Assets from Operations

For purposes of display, transactions deemed by management to be ongoing, major or central to the provision of services are reported as revenue and expenses that comprise the increase in net assets from operations. The primary transactions reported as other non-operating expenses, gains and losses include the adjustment to fair value of interest rate swaps, the change in the fair value of beneficial interest in trust held by others, gains and losses on sales, disposals and impairment of fixed assets and net realized and unrealized gains and losses on investments.

Subsequent Events

Events occurring after the statement of financial position date are evaluated by management to determine whether such events should be recognized or disclosed in the consolidated financial statements. Management has evaluated events occurring between the end of Easter Seals NH's fiscal year end and December 22, 2023, the date these consolidated financial statements were available to be issued.

3. Classification of Net Assets

The following provides a description of the net asset classifications represented in the Easter Seals NH consolidated statements of financial position:

In accordance with *Uniform Prudent Management of Institutional Funds Act* (UPMIFA), net assets are classified and reported based on the existence or absence of donor-imposed restrictions. Net assets with donor restrictions include contributions and endowment investment earnings subject to donor-imposed restrictions, as well as irrevocable trusts and contributions receivable. Some donor-imposed restrictions are temporary in nature with restrictions that are expected to be met either by actions of Easter Seals NH and/or the passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources are to be maintained in perpetuity, the income from which is expendable to support all activities of the organization, or as stipulated by the donor.

Donor-restricted contributions whose restrictions are met within the same year as received are reported as support without donor restrictions in the accompanying consolidated financial statements.

In accordance with UPMIFA, Easter Seals NH considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (a) the duration and preservation of the fund; (b) the purpose of the organization and the donor-restricted endowment fund; (c) general economic conditions; (d) the possible effect of inflation and deflation; (e) the expected total return from income and the appreciation of investments; (f) other resources of the organization; and (g) the investment policies of the organization.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of donor-imposed restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Investment and Spending Policies

Easter Seals NH has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that Easter Seals NH must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of an appropriate market index while assuming a moderate level of investment risk. Easter Seals NH expects its endowment funds to provide an average rate of return over a five-year period equal to the rate of 2% over the inflation rate. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, Easter Seals NH relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Easter Seals NH targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Easter Seals NH may appropriate for distribution some or all of the earnings and appreciation on its endowment for funding of operations. In establishing this policy, Easter Seals NH considered the objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to, so long as it would not detract from Easter Seals NH's critical goals and initiatives, provide additional real growth through new gifts and investment return.

4. Liquidity and Availability

Financial assets available for general expenditure, such as for operating expenses, and which are without donor or other restrictions limiting their use, within one year of the consolidated statements of financial position date (August 31, 2023), comprise the following:

Cash and cash equivalents	\$ 8,218,081
Short-term investments, at fair value	10,230,068

To manage liquidity, Easter Seals NH maintains sufficient cash and cash equivalent balances to support daily operations throughout the year. Cash and cash equivalents include bank deposits, money market funds, and other similar vehicles that generate a return on cash and provide daily liquidity to Easter Seals NH. The management of Easter Seals NH has implemented a practice to establish cash reserves on hand that can be utilized at the discretion of management to help fund both operational needs and/or capital projects. As of August 31, 2023, and 2022, approximately \$9,300,000 and \$10,200,000, respectively, of cash and cash equivalents, and approximately \$10,230,000 and \$10,056,000, respectively, of investments were on-hand under this practice. 6. Revenues (Continued)

In response to the coronavirus (COVID-19) pandemic, Easter Seals NH qualified for certain federal grant funding through the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act) and CARES Act Provider Relief Funding. In 2023 and 2022, Easter Seals NH received approximately \$4,850,000 and \$1,846,000, respectively, of which approximately \$1,600,000 and \$900,000, respectively, was paid to employees either in the form of bonuses for retention and recruitment or employees who qualified for the additional payments under certain programs. 7. Operating Leases

ASC 842 became effective for Easter Seals NH on September 1, 2022 and was adopted using the modified retrospective method for all leases that had commenced as of the effective date, along with certain available practical expedients. The organization elected to adopt the package of practical expedients permitted under the transition guidance within the new standard. The practical expedient package applied to leases that commenced prior to the effective date of the new standard and permits a reporting entity not to: i) reassess whether any expired or existing contracts are or contain leases, ii) reassess the historical lease classification for any expired or existing leases, and iii) reassess initial direct costs for any existing leases. The reporting results for fiscal year 2023 reflect the application of ASC 842 guidance while the historical results for fiscal year 2022 were prepared under the guidance of ASC 840. The adoption of the new standard did not have a significant impact on Easter Seals NH's consolidated statements of activities and changes in net assets and cash flows. The adoption of the new standard resulted in the recording of right-of-use assets and corresponding lease liabilities pertaining to the organization's operating leases on the 2023 consolidated statement of financial position. As of the date of adoption, right-of-use assets and operating lease liabilities totaling approximately \$2,807,000 were established in the consolidated statement of financial position.

Right-of use assets and lease liabilities are reported in the statement of financial position as follows at August 31, 2023:

10. Retirement Plans

Easter Seals NH maintains a Section 403(b) Plan (a defined contribution retirement plan), which covers substantially all employees. Eligible employees may contribute any whole percentage of their annual salary. Easter Seals NH makes a matching contribution for eligible employees equal to 100% of the participants' elective deferrals limited to 3% of the participants' allowable compensation each pay period. The combined amount of employer and employee contributions is subject by law to annual maximum amounts. The employer match was approximately \$895,000 and \$645,000 for the years ended August 31, 2023 and 2022, respectively.

Easter Seals NH offers, to certain management personnel, the option to participate in an Internal Revenue Code Section 457 Deferred Compensation Plan to which the organization may make a discretionary contribution. The employees' accounts are not available until termination, retirement, death or an unforeseeable emergency. The PPP provided loans to qualifying businesses for amounts up to 2.5 times the average monthly payroll expenses of the qualifying business. The loan and accrued interest had original terms that were forgivable after the covered period as long as the borrower used the loan proceeds for eligible purposes, including payroll, benefits, rent, and utilities, and maintains its payroll levels. The amount of loan forgiveness would be reduced if the borrower terminated employees or reduced salaries during the period. The PPP loan was made for the purpose of securing funding for salaries and wages of employees that may have otherwise been displaced by the outbreak of COVID-19 and the resulting detrimental impact on Easter Seals NH's business. Easter Seals NH accounted for the PPP loan in accordance with the FASB ASC Topic 470 and included the full \$10,000,000 within debt. In connection with these amendments, the organization applied certain optional expedients in relation to contract modifications provided by FASB ASU 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting* to simplify the accounting analyses for contract modifications. The swap agreement had an outstanding notional amount of \$9,451,664 and \$10,061,668 at August 31, 2023 and 2022, respectively, which reduces in conjunction with principal reductions until the agreement is terminated in November 2034.

14. Fair Value of Financial Instruments

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at their measurement date. In determining fair value, Easter Seals NH uses various methods including market, income and cost approaches, and utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in factors used in the valuation. These factors may be readily observable, market corroborated, or generally unobservable. Easter Seals NH utilizes valuation techniques that maximize the use of observable factors and minimizes the use of unobservable factors.

Certain of Easter Seals NH's financial instruments are reported at fair value, which include beneficial interest held in trust, investments and the interest rate swap, and are classified by levels that rank the quality and reliability of the information used to determine fair value:

Level 1 – Valuations for financial instruments traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical instruments.

Level 2 – Valuations for financial instruments traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or similar instruments.

Level 3 – Valuations for financial instruments derived from other methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining fair value.

The following describes the valuation methodologies used to measure financial assets and liabilities at fair value. The levels relate to valuation only and do not necessarily indicate a measure of investment risk. There have been no changes in the methodologies used by Easter Seals NH at August 31, 2023 and 2022.

Investments and Assets Limited as to Use

Cash and cash equivalents are deemed to be Level 1. The fair values of marketable equity securities and mutual funds that are based upon quoted prices in active markets for identical assets are reflected as Level 1. Investments in certain government and agency securities and corporate and foreign bonds where securities are transparent and generally are based upon quoted prices in active markets are valued by the investment managers and reflected as Level 2.

Beneficial Interest in Trust Held by Others

The beneficial interest in trust held by others has been assigned fair value levels based on the fair value levels of the underlying investments within the trust. The fair values of marketable equity securities, money market and mutual funds are based upon quoted prices in active markets for identical assets and are reflected as Level 1. Investments in marketable equity securities and mutual funds where securities are transparent and generally are based upon quoted prices in active markets are valued by the investment managers and reflected as Level 2.

Interest Rate Swap Agreement

The fair value for the interest rate swap liability is included in Level 3 and is estimated by the counterparty using industry standard valuation models. These models project future cash flows and discount the future amounts to present value using market-based observable inputs, including interest rates.

At August 31, 2023 and 2022, Easter Seals NH's assets and liabilities measured at fair value on a recurring basis were classified as follows:

Capital Contributions

In 2022, Easter Seals NH, as the then sole owner of the General Partner, Champlin Place, Inc., has made its required capital contribution of \$1,742 as of August 31, 2022, which is recorded as investment in related entity in the accompanying 2023 consolidated statement of financial position. Champlin Place, Inc. is obligated to make additional capital contributions in the amount of \$150,478, which amounts are expected to be funded in January 2024.

Deferred Developer Fee

On June 30, 2022, Easter Seals NH entered into a Development Services Agreement for the Project, in which Easter Seals NH will earn up to \$2,272,940 as a development fee for its services in connection with the construction and development of the Project. Under the Development Services Agreement, \$250,000 was earned and recognized as other revenue by Easter Seals NH in the 2022 consolidated statement of activities and changes in net assets. The balance of the development fee will be earned on the date that the construction and development of the Project is substantially complete, and all dwelling units have been completed and are placed in service, with all balances to be paid prior to December 31, 2036.

Ground Lease

On June 30, 2022, Easter Seals NH entered into a ground lease with the Partnership for the land located at 215 Rochester Hill Road, Rochester, New Hampshire, with terms of 98 years from the date of execution. The Partnership will be required to pay Easter Seals NH base rent of \$37,004 per annum, commencing on January 1, 2023, and continuing on each one-year anniversary date of the lease, payable from available cash flow, as defined in the agreement. If available cash flow is insufficient to pay the full amount of the base rent for any year, the unpaid portion will accrue interest at 3.43% per annum and be payable on a cumulative basis in the first year in which there is sufficient available cash flow or capital proceeds.

Community Development Block Grant Loan and Agreements

In 2022, the City of Rochester, New Hampshire was awarded a Community Development Block Grant by the Community Development Finance Authority. In turn, the City of Rochester, New Hampshire has granted a conditional grant of \$975,000 to Easter Seals NH, which in turn will loan the funds to the Partnership to pay for site work improvements and certain construction costs of the Project through a leasehold mortgage that was executed on June 30, 2022 between Easter Seals NH and the Partnership. The loan accrues no interest and is payable to Easter Seals NH in one lump sum 30 years from the date of the note (July 2052). In the event of default of this condition, Easter Seals NH has the right to recover all of the CDBG funds expended on the Project on behalf of the New Hampshire Community Development Loan Fund. The amount of CDBG funds subject to recovery may decrease over the twenty-year period at a rate negotiated between the City of Rochester and Easter Seals NH and approved by the Community Development Finance Authority. Also as defined in the leasehold mortgage, if the Partnership performs its obligations as defined in the agreement, then repayment of the leasehold mortgage will become void, therefore requiring no repayment by the Partnership to Easter Seals NH. Because of that provision, in 2023 Easter Seals NH recognized offsetting assets and liabilities related to the \$975,000 in funding received from the City of Rochester, New Hampshire and subsequent loan to the Partnership when cash flow associated with the grant and leasehold mortgage is expected.

15. Champlin Place Limited Partnership (Continued)

Sponsor Loan and Terms

On June 30, 2022, in order to provide additional funding to the Partnership for upcoming site work and construction costs, Easter Seals NH entered into a \$563,607 loan agreement with the Partnership. This loan bears interest at the rate of 0% and, at August 31, 2023, \$8,000 had been drawn on the loan by the Partnership. If not paid earlier, all outstanding principal and interest accrued must be repaid to Easter Seals NH on June 30, 2052. Payments of principal and interest are to be made to the extent of available cash flow, as defined in the agreement. If repayment is not made within thirty days of the maturity date, or if any payment due is not paid within thirty days of the due date, then interest will be payable on any unpaid sum at the rate of 12% per annum, compounded annually, until such amount is paid, or another means of payment is arranged.

Reimbursement Agreements

On June 30, 2022, Easter Seals NH entered into a Reimbursement Agreement with the Partnership to reimburse Easter Seals NH for all predevelopment expenses incurred by the Project that were paid by Easter Seals NH. The Partnership acknowledged and agreed that the Partnership is solely responsible to pay all project expenses not later than the date of the closing of the Partnership's construction loan for the Project, which was July 13, 2022. At August 31, 2023, Easter Seals NH was owed \$1,818,919 and \$394,316, respectively, by the Partnership, which amount is recorded within accounts receivable from related entity in the accompanying consolidated statements of financial position. The entire amount due at August 31, 2023 was paid subsequent to year end.

Further, Easter Seals NH will be paid certain amounts under a Partnership Administration Agreement, dated as of June 30, 2022 between Easter Seals NH and the Partnership, whereby Easter Seals NH will provide various administrative services in exchange for fees of \$4,875 per year beginning in 2023, increasing 3% annually beginning January 1, 2024. The administration fee is payable solely if cash flow is available and otherwise the unpaid portion is accrued and payable on a cumulative basis in the first year in which there are sufficient cash flows. No amounts were paid under this agreement in 2023.

Right of Refusal and Option Agreement

Through a Right of Refusal and Option Agreement dated June 30, 2022, the Partnership granted to Easter Seals NH certain rights of first refusal and options to purchase the Project, which, if elected, would include the 99.99% interest in the Project held by Housing New England Fund IV. As a result, Easter Seals NH has been granted an irrevocable, successive, and exclusive right of refusal to purchase the Project. Such right is exercisable for a period of 24-months beginning upon expiration of an initial 15-year compliance period, and continuing until the Partnership otherwise sells the Project.

15. Champlin Place Limited Partnership (Continued)

Through a Right of Refusal and Opinion Agreement dated June 30, 2022, Housing New England Fund IV has the option to give written notice to Champlin Place, Inc. at any time following the end of the Credit Period, as defined, to require Champlin Place, Inc. to purchase the interest of Housing New England Fund IV for a price equal to the sum of: (i) \$100, (ii) the amount of any federal, state or local tax liability required to be paid (including, without limitation, any real estate transfer or franchise taxes), (iii) any costs incurred by Housing New England Fund IV in connection with the transfer of its interest, and (iv) all amounts then due and owing to Housing New England Fund IV or its affiliates under the agreement. Upon receipt of such written notice of the put option, Champlin Place, Inc. shall purchase such interest and make all payments required within 30 days. At the date of these consolidated financial statements, the put option was not eligible to be exercised by Housing New England Fund IV, and it is expected that the Credit Period will extend through December 31, 2034.

Guaranty Agreement

On June 30, 2022, Easter Seals NH unconditionally guaranteed due payment, performance, and fulfillment of certain obligations of the Partnership and Housing New England Fund IV. Easter Seals NH's liability is generally limited and shall not exceed \$402,000 in the aggregate, and the guaranty terminates upon the later of the 60th month anniversary of the stabilization date, as defined, and the date that the Partnership has achieved stabilized occupancy for five consecutive calendar years. However, should an operating deficit arise before the latest of permanent mortgage commencement or cost certification, as defined in the agreement, or the date the Project achieves 100% occupancy, then Easter Seals NH's obligation to advance funds to pay operating deficits shall be unlimited. At the date of these consolidated financial statements, no events or conditions have occurred that would trigger Easter Seals NH's performance under the guaranty agreement.

16. Commitments and Contingencies

Construction Commitments

Easter Seals NH has a committed construction contract totaling approximately \$684,000 at August 31, 2023. A member of the Board of Directors is an executive at the construction company. In September 2023, Easter Seals entered into a committed construction contract totaling approximately \$9,093,000 with an unrelated construction company. There were no committed construction contracts at August 31, 2022.

Contingencies

On September 18, 2020, the *Crime Victims' Rights Enhancement Act of 2020* (Act) was signed into law by the governor of New Hampshire, effectively removing the statute of limitations for filing specified claims in New Hampshire. Over the past year, Easter Seals NH has experienced an increase in notices of potential claims against it which fall under the provisions of the Act. Management of Easter Seals NH has identified insurance policies that they believe will cover any exposure and is working with legal counsel to appropriately respond to claims as they arise. No amounts have been provided in these consolidated financial statements relative to this matter.
