\$909,343.00

EXPLANATION

On February 21, 2024, Governor and Executive Council approved the funding for the New Hampshire Department of Agriculture, Markets, and Food Crop Loss Program (Item #59) for the purpose of providing one-time emergency assistance to agricultural operations that experienced significant crop loss due to frosts, freezes, or significant weather-related events between January 1 and November 1 of 2023.

DAMF is accepting applications from eligible farms on a rolling basis through May 15, 2024. Requests for award authorizations for those over \$10,000 will be submitted to the Governor and Executive Council in "batch" approval requests.

The Award shall be administered through advance payments of 50 percent of eligible award amount upon Governor and Executive Council approval. At the conclusion of the program (May 15, 2024) total approved awards will be calculated. If the total of all eligible awards exceeds funding, remaining disbursements will be prorated for all awardees.

Within the total awards issued by DAMF in this batch, awards not to exceed \$909,343.00 are being submitted for approval by Governor and Executive Council as part of this request because they exceed the \$10,000 per entity threshold. Attached you will find a cumulative list of awards issued.

To avoid delay in payments to these agricultural operations, you will notice on the table that some do not have vendor codes at the time of request. DAMF is working with Department of Administrative Services to verify existing vendor codes or create new ones for these districts.

The Attorney General's Office has reviewed and approved the agreement as to form, substance, and execution.

Respectfully submitted,

A handwritten signature in black ink that reads "Shawn N. Jasper". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Commissioner
