His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Administrative Services to enter into contract (Contract #8003461) with CTSG LLC (VC#461922), Colebrook, New Hampshire, for equipment rental with operator services in an amount of up to and not to exceed \$400,077.39, with the option to renew for up to an additional two-years, effective upon Governor and Executive Council approval through February 28, 2027.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

The Department of Administrative Services (DAS), through the Bureau of Purchase and Property, issued request for bid (RFB) 2817-24 for equipment rental and operator services on December 15, 2023, with responses due on January 16, 2024. This RFB reached 65 vendors through the NIGP registry with an additional 12 directly sourced. There were 27 compliant responses received offering a variety of different equipment types and service areas. The intent of this multi contract award is to provide as many contracts as possible for equipment rental with operator services under the expectation that multiple state agencies will have concurrent construction or maintenance efforts in different areas of the State.

Contracts emanating from RFB 2817-24 shall be awarded with consideration for the counties serviced and the type of equipment offered, resulting in six contracts requiring Governor and Executive Council review and approval. Upon approval the state agency seeking equipment rental services shall contact the lowest priced contractor with the necessary equipment who offers services in the county of the project location, if that contractor is unavailable, they are to pursue the next lowest priced contractor who can provide the necessary equipment in that county.

The purpose of these requested contracts for equipment rental with operator service will provide agencies which do not possess larger construction equipment with a direct pathway to acquire the equipment necessary to complete their construction or maintenance project. Approval of this contract will also assist agencies to better estimate costs of forthcoming construction endeavors by providing a predetermined cost of construction equipment rentals. With no previous contract of this kind from which to pull usage data, the price limitation has been calculated from agency expected usage combined with multipliers for the number of counties which will be serviced by the vendor and the abundance of the type of equipment offered, providing an accurate estimation of spending for the duration of the contract term.

Contract financials	
Estimated annual spend	\$133,359.13
Estimated 3-year term spend	\$400,077.39
Recommended price limitation	\$400,077.39

Based on the foregoing, I am respectfully recommending approval of the contract with CTSG LLC.

Respectfully submitted,

Charles M. Arlinghaus
Commissioner

Special Notes: The above table shows the distribution of equipment categories offered by county for the 27 contracts for equipment rental service. The Northern Counties of New Hampshire have the most coverage of equipment rental categories, which is consistent with the expected needs of agencies based on interagency conversations during the development of RFB 2817-24 for Equipment Rental Services. This higher distribution of contractors in the northern region is appropriate when considering that more than a third of New Hampshire's state parks are located within Coos, Grafton, and Carroll Counties, as well as many dams and other areas managed by the Department of Environmental Services and the Department of Natural Cultural Resources.

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed.

In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provided in EXHIBIT B, in whole or in part, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of

whatever nature incurred by the Contractor in the performance hereof and shall be the only and the complete compensation to the Contractor for the Services.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 The State's liability under this Agreement shall be limited to monetary damages not to exceed the total fees paid. The Contractor agrees that it has an adequate remedy at law for any breach of this Agreement by the State and hereby waives any right to specific performance or other equitable remedies against the State.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws and the Governor's order on Respect and Civility in the Workplace, Executive order 2020-01. In addition, if this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all federal executive orders, rules, regulations and statutes, and with any rules, regulations and guidelines as the State or the United States issue to implement these regulations. The Contractor shall also comply with all applicable intellectual property laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of age, sex, sexual orientation, race, color, marital status, physical or mental disability, religious creed, national origin, gender identity, or gender expression, and will take affirmative action to prevent such discrimination, unless exempt by state or federal law. 8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

10.2 All data and any Property which has been received from the State, or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

10.3 Disclosure of data, information and other records shall be governed by N.H. RSA chapter 91-A and/or other applicable law. Disclosure requires prior written approval of the State.

12.2 For purposes of paragraph 12, a Change of Control shall constitute assignment. "Change of Control" means (a) merger, consolidation, or a transaction or series of related transactions in which a third party, together with its affiliates, becomes the direct or indirect owner of fifty percent (50%) or more of the voting shares or similar equity interests, or combined voting power of the Contractor, or (b) the sale of all or substantially all of the assets of the Contractor.

The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the State's sovereign immunity, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure, and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. The Contractor shall furnish the Contracting Officer identified in block 1.9, or any successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. **WAIVER OF BREACH.** A State's failure to enforce its rights with respect to any single or continuing breach of this Agreement shall not act as a waiver of the right of the State to later enforce any such rights or to enforce any other or any subsequent breach.

PUBLIC DISCLOSURE OF BID OR PROPOSAL SUBMISSIONS:

Generally, the full contents of any proposal (including all materials submitted in connection with it, such as attachments, exhibits, addenda, and vendor presentations) become public information upon completion of final contract or purchase order negotiations with the selected vendor. Certain information concerning proposals, including but not limited to scoring, is generally available to the public even before this time, in accordance with the provisions of NH RSA 21-G:37.

Confidential, Commercial or financial information may be exempt from public disclosure under RSA 91-A:5, IV. Any and all information contained in or connected to a bid or proposal that a Bidder considers confidential shall be clearly designated in the following manner:

If the Bidder considers any portion of a submission confidential, they shall provide a separate copy of the full and complete document, fully redacting those portions by blacking them out and shall note on the applicable page or pages of the document that the redacted portion or portions are "confidential." Use of any other term or method, such as stating that a document or portion thereof is "proprietary", "not for public use", or "for client's use only", is not acceptable. In addition to providing an additional fully redacted copy of the bid submission to the person listed as the point of contact on Page one (1) of this document, the identified information considered to be confidential **must** be accompanied by a separate letter stating the rationale for each item designated as

confidential. In other words, the letter must specifically state why and under what legal authority each redaction has been made. Submissions which do not conform to these instructions by failing to include a redacted copy (if required), by failing to include a letter specifying the rationale for each redaction, by failing to designate redactions in the manner required by these instructions, or by including redactions which are contrary to these instructions or operative law may be rejected by the State as not conforming to the requirements of the bid or proposal. Marking or designating an entire proposal, attachment or section as confidential shall neither be accepted nor honored by the State. Marking an entire bid, proposal, attachment or full sections thereof confidential without taking into consideration the public's right to know shall neither be accepted nor honored by the State.

Notwithstanding any provision of this request for submission to the contrary, proposed pricing shall be subject to public disclosure REGARDLESS of whether or not marked as confidential.

If a request is made to the State by any person or entity to view or receive copies of any portion of a proposal, the State will assess what information it believes is subject to release, notify the Bidder that the request has been made, indicate what, if any, portions of the proposal or related material shall be released, and notify the Bidder of the date it plans to release the materials. To halt the release of information by the State, a Bidder must initiate and provide to the State, prior to the date specified in the notice, a court action in the Superior Court of the State of New Hampshire, at its sole expense, seeking to enjoin the release of the requested information.

By submitting a proposal, Bidders acknowledge and agree that:

- The State may disclose any and all portions of the proposal or related materials which are not marked as confidential and/or which have not been specifically explained in the letter to the person identified as the point of contact for this RFB;
- The State is not obligated to comply with a Bidder's designations regarding confidentiality and must conduct an independent analysis to assess the confidentiality of the information submitted in your proposal; and
- The State may, unless otherwise prohibited by court order, release the information on the date specified in the notice described above without any liability to a Bidder.

RENTAL EQUIPMENT DELIVERY ONLY:

Equipment Delivery:

- o Individual agencies will contact the successful Vendor(s) to schedule a delivery date, time, and location. An agency representative may request to be present at the time of delivery. If for any reason, the Vendor(s) is unable to adhere to the delivery timeline, they will notify the requesting agency no less than one (1) business days prior to the time of delivery to reschedule.
- o Equipment will be delivered fully fueled, in good working order and free of dirt, debris and other foreign matter. Certain locations may require equipment to be fully cleaned to avoid the spread of invasive species of vegetation.
- o Successful Vendor(s) will take equipment off delivery trailer and provide agency representative with any necessary information or instructions prior to leaving the drop off location.

ADDENDUM # 01 TO BID INVITATION 2817-24

DATE AND TIME OF BID CLOSING: 1/16/2024 10:00 AM

FOR: Heavy Equipment Rental and Operator Services

Question 1: There is an equipment category for 30-60 hp tractor with a 6 ft. rotary bush hog. It takes a 45 hp tractor to run a 6 ft bush hog; a 30-40 hp typically runs a 5 ft mower, likewise a 60-80 hp tractor could run a 7-8 ft brush hog. I run a 35 hp tractor with a 5 ft rotary bush hog. As the quote is written, I am not sure if I can bid on this.

State Response: The State will allow bidders to modify the capacities and/or capabilities in the Equipment Rates and Attachment Rates tabs of the Offer Sheet provided they are highlighted for visibility and the originally requested information is struck through and not deleted entirely.

For example:

Tractor	30-60 HP 35 HP
6' Rotary Bush Hog	5' Rotary Bush Hog

The State will determine if the modified equipment provided in the bid will meet the needs of the utilizing agencies needs.

Question 2: On the Equipment and Attachment Rates; am I correct that if my rate is \$50/hr I would enter \$400 for a daily rate? Weekly rate would be \$/hr x 40 hrs? And monthly rate would be 4/hr x 8 hr x 28?

State Response: There are two (2) separate Offer Sheets for this RFB:

Attachment 1: EQUIPMENT RENTAL ONLY – This offer sheet requires daily, weekly, and monthly rates to be entered. There are no hourly rates for this offer sheet.

Attachment 2: EQUIPMENT RENTAL WITH OPERATOR INCLUDED – This offer sheet requires hourly rates only.

Question 3: Does the State require the first page of the bid filled out and all pages initialed? Is that all the State requires for the bid?

State Response: The state requires that the bid transmittal letter be filled out in its entirety and each page of the bid be initialed and dated by the bidder. This shall be submitted to the State along with the completed Offer Section no later than the closing date and time specified above.

Question 4: When should an equipment list with rates be submitted?

State Response: The completed offer section must be completed and submitted as part of the bid. Any separate equipment (not listed on Offer Sheet) should be submitted with the rest of the bid documents. The entire package should be submitted prior to the closing date and time specified above.

Question 5: What happens if your equipment changes within the 3-year contract period?

State Response: The State understands that equipment may be replaced by newer makes and models

throughout the contract period. As long as the new equipment has the same size, capability and functionality and rental price as the old equipment, the State will accept these changes. If the equipment change would require a change in price, the State will be unable to accommodate that change.

Question 6: Is there a way to update the equipment list if a piece of equipment were added or removed from the bidder's inventory?

State Response: Equipment rented that is not on the original contract will be considered available as a "balance of product line" under the contract. Ideally these will be identified as additional equipment accompanying the Bid and Offer Sheet. If a piece of equipment is on a contract and the bidder no longer carries the equipment, it may be removed from the Notice of Contract, indicating to agencies that the equipment is no longer available.
