REQUESTED ACTION

Authorize the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) to amend an existing Memorandum of Agreement (MOA) with the Department of Environmental Services (DES), Dam Bureau Water Division (VC# 201164-B001), 29 Hazen Drive, Concord, NH 03301. This amendment will extend the completion date from September 14, 2024 to September 14, 2025. The grant was initially approved by Governor and Council on December 21, 2022, Item #119. Effective upon Governor and Council approval. 100% Federal Funds. No additional funds being requested.

EXPLANATION

This request for an extension is needed because of a delay in the award approval for Dollof Dam and Milton 3-Ponds Dam which delayed the start of the project to utilize services of a consultant to prepare final designs to adequately address deficiencies. It was agreed that an extension to September 14, 2025, will provide the necessary time to complete the project. HSEM has reviewed this request with the Federal Emergency Management Agency (FEMA), and it was determined that the date extension will not affect federal funding.

In the event federal funds are no longer available, general funds and/or highway funds will not be requested to support this program.

Subject: FY 2021 High Hazard Potential Dams (HHPD) Rehabilitation Grant
Award No. EMW-2021-GR-00162
Amendment # 1 – Extension to the Period of Performance

Dear Director Buxton:

The Federal Emergency Management Agency has approved the request from the New Hampshire Department of Safety, Homeland Security and Emergency Management (“Recipient”) to extend the period of performance for the FY 2021 HHPD Award # EMW-2021-GR-00162. The new period of performance is September 15, 2021, to September 14, 2025, and the enclosed Grant Adjustment Notice reflects this change.

Upon expiration of the period of performance, the Recipient must submit all required financial, performance, equipment, and other reports and take the other actions detailed at 2 C.F.R. § 200.344 by January 12, 2026. The Recipient must also continue to submit timely financial status and performance reports throughout the period of performance and is reminded that this extension does not change the approved scope of work or the amount of federal funding for the federal award.

Please keep a copy of this letter and the Grant Adjustment Notice with your official grant files. If you have any questions, please contact Tracy Narbeth, Grants Management Specialist, at (617) 306-9492.

Sincerely,
