His Excellency, Governor Christopher T. Sununu  
 and the Honorable Council  
 State House  
 Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Natural and Cultural Resources (DNCR), Division of Parks and Recreation, Bureau of Community Recreation to **Retroactively** award a federal Land and Water Conservation Fund (LWCF) – State Assistance Program sub-grant to the City of Franklin (VC#177390) in the amount of \$200,000 for the development of public outdoor recreation property, effective upon Governor and Council approval for the period of September 24, 2018 through September 23, 2023. 100% Federal Funds.

Funding is available in account, LW Conserve Fund Grants, as follows:

	FY 2025
03-035-035-351510-37170000-072-500574- Grants to Local Gov's - Federal	\$200,000

**EXPLANATION**

This request is **Retroactive** because the DNCR discovered through refinement of its internal control initiatives, that the Bureau of Community Recreation had inadvertently proceeded as the presumed designated State Liaison Officer to the NPS for the LWCF-State Assistance Program authority to award sub-grants to local units of government for the pass-through of these federal funds as described within the federal LWCF program manual. Clarification that LWCF sub-grants necessitate Governor and Council approval has been identified through internal controls oversight from the DNCR Office of Administration resulting with this request, to implement the State's standardized G-1 grant agreement form.

The LWCF-State Assistance Program is funded by the US Department of Interior, National Park Service (NPS) under the LWCF Act of 1965 (Public Law 88-578) codified as positive law at 54 U.S.C. § 200301 et seq. The program provides matching/reimbursement grants to States, and through States to local units of government as sub-recipients, for the acquisition, development and/or renovation of public outdoor recreation sites and facilities. Grants approved by the NPS are first received by the DNCR then passed through to the local government sub-recipients. As a condition of this \$200,000 sub-grant the City of Franklin commits, at minimum, an additional \$200,000 from other sources in fulfillment of the program's 1:1 cost share requirement. Pending completion of scope, the overall value of the project will be \$400,000 or more.

The initial federal award for this sub-grant, LWCF #33-00716, was approved by the NPS on September 17, 2018. Due to significant project delays and cost increases that resulted from adverse impacts to supplies and services by the COVID-19 pandemic, the NPS subsequently approved an extension of the federal award period of performance, LWCF #33-00716.1, on September 17, 2021 through September 23, 2023.

The City of Franklin will use this sub-grant as amended towards the acquisition of two parcels, and the development a parking area, and pathways at Mill City Park located at Willow Street.

The Attorney General's Office has reviewed and approved the attached grant agreement as to form, substance, and execution.

Respectfully submitted,

(SM)

The City of Franklin will acquire 2.18 acres of land to be added to existing city-owned land and will construct public outdoor recreation projects within Mill City Park at Franklin Falls. Construction activities include two restrooms, a parking lot, a multi-use trail, two picnic areas, and a pavilion. - B. **Communications.** Recipient shall address any communication regarding this Agreement to the Program Officer with a copy to the AO. Communications that relate solely to technical matters may be sent only to the Program Officer.

#### ARTICLE VIII – AWARD AND PAYMENT

- A. NPS will provide funding to the Recipient in an amount not to exceed \$200,200.00 for the Statement of Work described in Article III and in accordance with the Applicant's submitted SF-424C/SF-424D and Budget Narrative, which the NPS has approved and is incorporating by reference.
- B. Recipient shall request payment in accordance with the following:
1. **Method of Payment.** Under most circumstances, payments on grants will be handled on a reimbursement basis. Sponsors seeking a cash advance for a project must first make a request to the AO for an exception.
  2. **Requesting Reimbursement.** Requests for reimbursements must be submitted via the Department of Treasury's Automated Standard Application for Payments (ASAP). Requests for reimbursement should coincide with normal billing patterns. Each request must be limited to the amount of disbursements made for the Federal share of direct project costs and the proportionate share of allowable indirect costs incurred during that billing period.
  3. **Adjusting Payment Requests for Available Cash.** Funds that are available from repayments to, and interest earned on, a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds must be disbursed before requesting additional cash payments.
  4. **Bank Accounts.** All payments are made through electronic funds transfer to the bank account identified in the ASAP system by the FA Recipient.
  5. **Supporting Documents and Agency Approval of Payments.** Additional supporting documentation and prior NPS approval of payments may be required when/if a FA Recipient is determined to be "high risk" or has performance issues. If prior Agency payment approval is in effect for an

award, the ASAP system will notify the FA Recipient when they submit a request for payment. The Recipient must then notify the NPS AO that a payment request has been submitted. The NPS AO may request additional information from the Recipient to support the payment request prior to approving the release of funds, as deemed necessary. The FA Recipient is required to comply with these requests. Supporting documents may include invoices, copies of contracts, vendor quotes, and other expenditure explanations that justify the reimbursement requests.

- C. In order to receive a financial assistance award and to ensure proper payment, it is required that Recipient maintain their registration with the System for Award Management (SAM), accessed at <http://www.sam.gov>. Failure to maintain registration can impact obligations and payments under this Agreement and/or any other financial assistance or procurements documents the Recipient may have with the Federal government.
- D. **Allowable and Eligible Costs.** Expenses charged against awards under the Agreement may not be incurred prior to the beginning of the Agreement unless specifically approved as a pre-award cost or with prior approval from the NPS AO via a Waiver of Retroactivity, and may be incurred only as necessary to carry out the approved objectives, scope of work, and budget of the project. The Recipient shall not incur costs or obligate funds for any purpose pertaining to the operation of the project, program, or activities beyond the expiration date stipulated in the award.
- E. **Travel Costs.** Not Applicable
- F. **Indirect Costs.** Indirect costs will not be allowable charges against the award unless a copy of the approved negotiated indirect cost rate has been submitted with the application and costs are specifically included as a line item in the approved budget incorporated into the award.
- G. **Recipient Cost Share or Match.** Any non-Federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the Federal share. Exceptions to this requirement may be granted by the AO based on sufficient documentation demonstrating previously determined plans for or later commitment of cash or in-kind contributions. In any case, the Recipient must meet their cost share commitment over the life of the award.

#### **ARTICLE IX – COST-SHARING REQUIREMENT**

At least 50% non-Federal cost-share is required for costs incurred under this Agreement.

#### **ARTICLE X – APPROVED INDIRECT RATE**

1. An audit set-aside rate of one-tenth of one percent (0.001) is added to the base of this award.

#### **ARTICLE XI – PRIOR APPROVAL**

The Recipient shall obtain prior approval for budget and program revisions in accordance with 2 CFR 200.308.

#### **ARTICLE XII – REPORTS AND/OR DELIVERABLES**

- A. Specific projects, tasks or activities for which funds are reimbursed will be tracked and reported by annual submission of a SF-425 Federal Financial Report (FFR) and annual submission of a Performance Report. A final SF-425 and Performance Report shall be submitted at the completion of the Agreement. The following reporting period end date shall be used for interim reports September 30. For final the SF-425 and Performance Report, the reporting period end date shall be the end date of the agreement. Annual and final reports shall be submitted no later than 90 days after project is completed or the grant end period date, whichever comes first. All reports shall be submitted via email to the NPS Program Officer with a copy to the AO.
- B. The Secretary of the Interior and the Comptroller General of the United States, or their duly authorized representatives, will have access, for the purpose of financial or programmatic review and examination, to any books, documents, papers, and records that are pertinent to the Agreement at all reasonable times during the period of retention in accordance with 2 CFR 200.333.

#### **ARTICLE XIII – REPORTING OF MATTERS RELATED TO RECIPIENT INTEGRITY AND PERFORMANCE**

Not Applicable

#### **ARTICLE XIV – MODIFICATION, REMEDIES FOR NONCOMPLIANCE, TERMINATION**

- A. This Agreement may be modified only by a written instrument executed by the parties. Modifications will be requested in writing and approved by the NPS AO and the authorized representative of Recipient.
- B. Additional conditions may be imposed by NPS if it is determined that the Recipient is non-compliant to the terms and conditions of this agreement. Remedies for Noncompliance can be found in 2 CFR 200.338 and the LWCF Assistance Manual ([https://www.nps.gov/subjects/lwcf/upload/lwcf\\_manual.pdf](https://www.nps.gov/subjects/lwcf/upload/lwcf_manual.pdf)).

- C. This Agreement may be terminated consistent with applicable termination provisions for Agreements found in 2 CFR 200.339 through 200.342 and the LWCF Assistance Manual.

For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.
- d) Exemptions.
1. If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:
    - i. Subawards, and
    - ii. The total compensation of the five most highly compensated executives of any subrecipient.
- e) Definitions. For purposes of this award term:
1. Entity means all of the following, as defined in 2 CFR part 25:

- i. A Governmental organization, which is a State, local government, or Indian tribe;
  - ii. A foreign public entity;
  - iii. A domestic or foreign nonprofit organization;
  - iv. A domestic or foreign for-profit organization;
  - v. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.
2. Executive means officers, managing partners, or any other employees in management positions.
3. Subaward:
  - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
  - ii. The term includes your procurement of property and services needed to carry out the project or program. The term does not include procurement of incidental property and services needed to carry out the award project or program.
  - iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
4. Subrecipient means an entity that:
  - i. Receives a subaward from you (the recipient) under this award; and
  - ii. Is accountable to you for the use of the Federal funds provided by the subaward.
5. Total compensation means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):
  - i. Salary and bonus.

- ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
- iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

- v. Above-market earnings on deferred compensation which is not tax-qualified.
- vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

**12) Conflict of Interest**

- a) The Recipient must establish safeguards to prohibit its employees and Sub-recipients from using their positions for purposes that constitute or present the appearance of a personal or organizational conflict of interest. The Recipient is responsible for notifying the Awarding Officer in writing of any actual or potential conflicts of interest that may arise during the life of this award. Conflicts of interest include any relationship or matter which might place the Recipient or its employees in a position of conflict, real or apparent, between their responsibilities under the agreement and any other outside interests. Conflicts of interest may also include, but are not limited to, direct or indirect financial interests, close personal relationships, positions of trust in outside organizations, consideration of future employment arrangements with a different organization, or decision-making affecting the award that would cause a reasonable person with knowledge of the relevant facts to question the impartiality of the Recipient and/or Recipient's employees and Sub-recipients in the matter.
- b) The Awarding Officer and the servicing Ethics Counselor will determine if a conflict of interest exists. If a conflict of interest exists, the Awarding Officer will determine whether a mitigation plan is feasible. Mitigation plans must be approved by the Awarding Officer in writing.

c) Failure to resolve conflicts of interest in a manner that satisfies the government may be cause for termination of the award. Failure to make required disclosures may result in any of the remedies described in 2 CFR § 200.338, Remedies/or Noncompliance, including suspension or debarment (see also 2 CFR Part 180).

## **ARTICLE XVI – LWCF PROVISIONS**

### **Part I – Definitions**

- A. The term "NPS" or "Service" as used herein means the National Park Service, United States Department of the Interior.
- B. The term "Director" as used herein means the Director of the National Park Service, or any representative lawfully delegated the authority to act for such Director.
- C. The term "Manual" as used herein means the Land and Water Conservation Fund State Assistance Program Manual.
- D. The term "project" as used herein means a Land and Water Conservation Fund grant, which is subject to the project agreement and/or its subsequent amendments.
- E. The term "State" as used herein means the State or Territory that is a party to the project agreement, and, where applicable, the political subdivision or public agency to which funds are to be transferred pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the recipient political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it is to apply solely to the State. For purposes of these provisions, the terms "State," "grantee," and "recipient" are deemed synonymous.
- F. The term "Secretary" as used herein means the Secretary of the Interior, or any representative lawfully delegated the authority to act for such Secretary.

### **Part II - Continuing Assurances**

The parties to the project agreement specifically recognize that the Land and Water Conservation Fund project creates an obligation to maintain the property described in the project agreement and supporting application documentation consistent with the Land and Water Conservation Fund Act and the following requirements.

Further, it is the acknowledged intent of the parties hereto that recipients of assistance will use monies granted hereunder for the purposes of this program, and that assistance granted from the Fund will result in a net increase, commensurate at least with the Federal cost-share, in a participant's outdoor recreation.

It is intended by both parties hereto that assistance from the Fund will be added to, rather than replace or be substituted for, State and local outdoor recreation funds.

- A. The State agrees, as recipient of this assistance, that it will meet the general, special, and LWCF provisions outlined in this award agreement and that it will further impose these provisions, and the terms of the project agreement, upon any political subdivision or public agency to which funds are transferred pursuant to the project agreement. The State also agrees that it shall be responsible for compliance with the terms of the project agreement by such a political subdivision or public agency and that failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply with the terms of this agreement.
  
- B. The State agrees that the property described in the project agreement and the signed and dated project boundary map made part of that agreement is being acquired or developed with Land and Water Conservation Fund assistance, or is integral to such acquisition or development, and that, without the approval of the Secretary, it shall not be converted to other than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of leased property. The Secretary shall approve such conversion only if it is found to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location pursuant to Title 36 Part 59.3 of the *Code of Federal Regulations*. This replacement land then becomes subject to LWCF protection. The approval of a conversion shall be at the sole discretion of the Secretary, or his/her designee.

Prior to the completion of this project, the State and the Director may mutually alter the area described and shown in the project agreement and the signed and dated project boundary map to provide the most satisfactory public outdoor recreation unit, except that acquired parcels are afforded LWCF protection as Fund reimbursement is provided.

In the event the NPS provides Land and Water Conservation Fund assistance for the acquisition and/or development of property with full knowledge that the project is subject to reversionary rights and outstanding interests, conversion of said property to other than public outdoor recreation uses as a result of such right or interest being exercised will occur. In receipt of this approval, the State agrees to notify the Service of the potential conversion as soon as possible and to seek approval of replacement property in accord with the conditions set forth in these provisions and program

regulations. The provisions of this paragraph are also applicable to: leased properties acquired and/or developed with Fund assistance where such lease is terminated prior to its full term due to the existence of provisions in such lease known and agreed to by the Service; and properties subject to other outstanding rights and interests that may result in a conversion when known and agreed to by the Service.

- C. The State agrees that the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quality of public outdoor recreation facilities and resources which are available to the people of the State and of the United States, and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement. The State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement.

The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement or the submission and approval of a conversion-of-use request as described in Part II.B above.

- D. The State agrees to comply with the policies and procedures set forth in the Manual. Provisions of said Manual are incorporated into and made a part of the project agreement.
- E. The State agrees that the property and facilities described in the project agreement shall be operated and maintained as prescribed by Manual requirements and published post-completion compliance regulations (Title 36 Part 59 of the *Code of Federal Regulations*).
- F. The State agrees that a notice of the grant agreement shall be recorded in the public property records (e.g., registry of deeds or similar) of the jurisdiction in which the property is located, to the effect that the property described and shown in the scope of the project agreement and the signed and dated project boundary map made part of that agreement, has been acquired or developed with Land and Water Conservation Fund assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the Secretary of the Interior.
- G. Nondiscrimination
1. By signing the LWCF agreement, the State certifies that it will comply with all Federal laws relating to nondiscrimination as outlined in the Civil Rights

Assurance appearing at Article XV.A.2.

2. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence as set forth in the Manual.

### **Part III - Project Assurances**

#### **A. Project Application**

1. The Application for Federal Assistance bearing the same project number as the agreement and associated documents is by this reference made a part of the agreement.
2. The State possesses legal authority to apply for the grant, and to finance and construct the proposed facilities. A resolution, motion, or similar action has been duly adopted or passed authorizing the filing of the application, including all understandings and assurances contained herein, and directing and authorizing the person identified as the official representative of the State to act in connection with the application and to provide such additional information as may be required.
3. The State has the capability to finance the non-Federal share of the costs for the project. Sufficient funds will be available to assure effective operation and maintenance of the facilities acquired or developed by the project.

#### **B. Project Execution**

1. The State shall transfer to the project sponsor identified in the Application for Federal Assistance or the Description and Notification Form all funds granted hereunder except those reimbursed to the State to cover eligible expenses derived from a current approved negotiated indirect cost rate agreement.
2. The State will cause work on the project to start within a reasonable time after receipt of notification that funds have been approved and assure that the project will be implemented to completion with reasonable diligence.
3. The State will require the facility to be designed to comply with the Architectural Barriers Act of 1968 (Public Law 90-480) and DOI Section 504 Regulations (43 CFR Part 17). The State will be responsible for conducting inspections to insure compliance with these specifications by the contractor.
4. The State shall secure completion of the work in accordance with approved construction plans and specifications, and shall secure compliance with all applicable Federal, State, and local laws and regulations.

5. In the event the project covered by the project agreement, cannot be completed in accordance with the plans and specifications for the project; the State shall bring the project to a point of recreational usefulness agreed upon by the State and the Director or his designee.
6. The State will provide for and maintain competent and adequate architectural/engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the NPS may require.
7. The State will comply with the terms of Title II and Title III, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646), 94 Stat. 1894 (1970), and the applicable regulations and procedures implementing such Act for all real property acquisitions and where applicable shall assure that the Act has been complied with for property to be developed with assistance under the project agreement.
8. The State will comply with the provisions of: Executive Order 11988, relating to evaluation of flood hazards; Executive Order 11288, relating to the prevention, control, and abatement of water pollution, and Executive Order 11990 relating to the protection of wetlands.
9. The State will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1976. Section 102(a) requires the purchase of flood insurance in communities where such insurance is available, as a condition for the receipt of any Federal financial assistance for construction or acquisition purposes, for use in any area that has been identified as an area having special flood hazards by the Flood Insurance Administration of the Federal Emergency Management Agency. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.
10. The State will assist the NPS in its compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), Executive Order 11593, and the Archaeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to effects (see CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.

### C. Project Termination

1. The Director may temporarily suspend Federal assistance under the project pending corrective action by the State or pending a decision to terminate the grant by the Service.
2. The State may unilaterally terminate the project at any time prior to the first payment on the project. After the initial payment, the project may be terminated, modified, or amended by the State only by mutual agreement.
3. The Director may terminate the project in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Director will promptly notify the State in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the Service under projects terminated for cause shall be in accord with the legal rights and liabilities of the parties.
4. The Director or State may terminate grants in whole, or in part at any time before the date of completion, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The NPS may allow full credit to the State for the Federal share of the non-cancelable obligations, properly incurred by the grantee prior to termination.
5. Termination either for cause or for convenience requires that the project in question be brought to a state of recreational usefulness agreed upon by the State and the Director or that all funds provided by the National Park Service be returned.

### D. Project Closeout

1. The State will determine that all applicable administrative actions, including financial, and all required work as described in the project agreement has been completed by the end of the project's period of performance.
2. Within 90 calendar days after completing the project or after the end of the period of performance, whichever comes first, the State will submit all required documentation as outlined in the Manual and the Federal Financial Report (SF-

425) as outlined in Article XII of this Agreement for approval by the Service prior to requesting final reimbursement.

3. After review, including any adjustments, and approval from the NPS, the State will request through ASAP the final allowable reimbursable costs. Upon completion of an electronic payment, the State will submit a completed "LWCF Record of Electronic Payment" form to the NPS.
4. The NPS retains the right to disallow costs and recover funds on the basis of later audit or other review within the record retention period.
