This project will include work to bathhouses on Horse Island and Big Island at the Pawtuckaway State Park located in Nottingham, NH. Additional work will include upgrade / modifications to existing well pump system / houses and a new proposed dump station for RVs. Project will include demolition of 5 existing bathhouses, and the construction of (5) new bathhouses within area of the existing facility. Statement Concerning Auto Coverages-Instructions to Bidders

Dear Ms. Jouvelakas:

Please be advised that Integrated Facilities Construction Corp. ("IFCC") does not "own" or "borrow" any vehicles. Therefore, the Commercial Automobile Liability ("Auto Coverage") as identified in the Instructions to Bidders ("ITB") is inapplicable because it would be impossible for IFCC to obtain coverage for either "owned" or "borrowed" autos as they simply do not exist. IFCC does, however, have Auto Coverage for hired and non-owned autos. As a point of reference, you recall that this statement was accepted by the State of New Hampshire in connection with the last four (4) projects we have and are currently performing (the Patrol Shed project in Manchester, NH, the APS Beds Renovate E&F Patient Units project in Concord, NH, and the Perimeter Security & Fence Detection System project in Concord, NH, and the REBID Glenn Cove Improvements project in Greenland, NH).

IFCC submits that based on the above, the Auto Coverage meets the requirements of the ITB which the Office of the Attorney General has previously accepted.

Very truly yours,
Integrated Facilities Construction Corp.

Rick Magliozi, its President
