Funds are available in the following accounts for State Fiscal Year 2025, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

**See attached fiscal details.**

**EXPLANATION**

This request is **Sole Source** because it was not competitively bid. This action is pursuant to an accept and expend request approved by the Governor and Council (May 29, 2024, Item #30) and Fiscal Committee (May 17, 2024, Item # FIS 24-196) to address operating losses experienced by nine Community Mental Health Centers (CMHCs) as a result of increased uncompensated care. The Grantees are the only CMHCs in the state. The Department contracts for mental health services through 10 CMHCs, which are designated by the Department to service towns and cities within specified geographic regions, as outlined in the NH Revised Statutes Annotated (RSA) 135-C, New Hampshire Mental Health Services System, and NH Administrative Rule He-M 403, Approval and Operation of Community Mental Health Programs.

The purpose of this request is for the Department to provide funds to the Grantees to assist with stabilizing operating losses experienced due to the impacts of increased uncompensated care related to the end of continuous Medicaid coverage under the Public Health Emergency to support access for those individuals who require continuation of services. The Department will make payment to the grantees to compensate for operating losses based on the submitted financial statements as of June 30, 2024, not to exceed the grant agreement amounts specified above. One of the CMHCs, Center for Life Management, did not experience an operating loss and, therefore, is not eligible for this funding.

The Grantees will employ a variety of strategies to mitigate further operating losses across their CMHC as a whole; document uncompensated care expenses monthly; and collaborate with the Department to develop a longer-term uncompensated care strategy to understand the root causes of operational losses.

The Department will monitor services by reviewing monthly reports submitted by the Grantees.

As referenced in Exhibit A, Revisions to Standard Agreement Provisions, of the attached agreements, the parties have the option to extend the agreements for up to two (2) additional

years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, the CMHCs will not receive this funding to mitigate operating losses, which could negatively impact patient care.

Source of Federal Funds: American Rescue Plan Act (ARPA) State Fiscal Recovery Funds (SFRF) funds under Section 602(c)(1)(A)

The Department will request additional General Funds in the event that Federal Funds are no longer available and services are still needed.

Respectfully submitted,

Lori A. Weaver  
Commissioner

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals.
