EXPLANATION

The Department of Health and Human Services is requesting authorization to transfer funds and create a new class line to comply with a court order in a timely manner and avoid threat of being found in contempt of court.

The Department previously reimbursed Area Agencies, under the Home and Community Based Services (HCBS) 1915c waiver, for individuals placed in the Judge Rothenberg Educational Center (JRC), located in Canton, Massachusetts. However, on January 12, 2022, the Department was notified by the Centers for Medicare & Medicaid Services (CMS), that JRC is not an approved provider and no federal Medicaid dollars would be allowed under the waiver. The Department engaged with Area Agencies to transition the five (5) individuals that were at the center, as federal matching funds were no longer available. The Department, working with the Area Agencies have transitioned three (3) individuals from the JRC. The Department is working with the Area Agencies to transition the final two (2) individuals.

Negotiations and reimbursement payments continued in the ensuing time period until a CMS HCBS settings rule took effect on March 17, 2023, which prohibits DHHS from using the funding provided under RSA 171-A to pay for individuals at the JRC. Specifically, RSA 171-A:18, II requires providers

paid by the Department for the provision of developmental services to meet 42 C.F.R. section 441.301 (i.e., HCBS settings rules), and any subsequent amendments thereto. The JRC does not meet the requirements of 42 C.F.R. section 441.301 and therefore in accordance with RSA 171-A:18, II, the Department could no longer use general funds to pay for services at JRC. The Department ceased all payments to Area Agencies effective March 17, 2023.

A petition to the NH Supreme Court, which included a motion to stay the Department's decision, was filed on August 24, 2023. The Supreme Court ordered the Department to pay for services related to the petition on September 20, 2023. The State filed a motion to reconsider September 29, 2023, which was denied by the Court on November 9. The Department sought clarification from the courts to clarify their specific charge to the Department regarding payment. On November 22, 2023, the Court issued an order clearly requiring the Department to pay for all services, including any past services and those going forward, during the pendency of the appeal. On June 27, 2024, the Supreme Court heard arguments related to this case.

The Department is seeking to transfer \$200,000 from the Medicaid Care Management account (05-95-47-470010-79480000) Class 101 – Medical Payments to Providers, to the Commissioner's Office account (05-95-95-950010-5000000) and create a new class line, Class 068 – Remuneration, from which to make a court ordered payment for services provided by the JRC. Funds are projected to be available in the Medicaid Care Management account based on enrollment utilization trends and available appropriations. The Department is requesting to transfer \$200,000 to pay for services provided between July 1 through September 30, 2024.

The Medicaid Care Management account, class 101, is used to make Medicaid Care management capitation payments. The Department receives a 50 percent federal medical assistance percentage (FMAP) on payments made for this purpose. Consequently, the federal funds are being reduced in the the Medicaid Care Management account because the matching general funds are being transferred to the Office of the Commissioner.

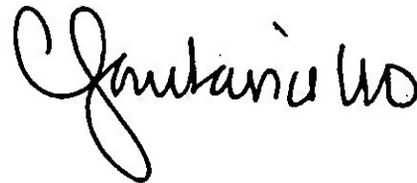

The following is the information specifically required when transfers are requested, in accordance with the Budget Officer's instructional memorandum dated April 17, 1985, to support the above requested actions:

- A. Justification:
As noted above, the Department is being ordered by the N.H. Supreme Court to make payments for individuals receiving services at the JRC.
- B. Does this transfer involve continuing programs or one-time projects?
Funds are being transferred to make payment for past services rendered, and to be rendered through September 2025.
- C. Is this transfer required to maintain existing program levels or will it increase the program?
This action would transfer funds sufficient to maintain services for two individuals at the JRC through February.
- D. Cite any requirements which make this program mandatory.
As noted above, this request is in response to a court order.
- E. Identify the source of funds on all accounts listed on this transfer.
The Department will be making the payments with 100% general funds.

The Honorable Ken Weyler, Chairman
His Excellency, Governor Christopher T. Sununu

Page 4 of 4

- F. Will there be any effect on revenue if this transfer is not approved?
Yes, there would be an additional \$200,200 of federal funds that could be claimed for the Medicaid program if the funds are not transferred.
- G. Are funds expected to lapse if this transfer is not approved?
The general funds in the Medicaid Care Management account would not lapse until June 30, 2025.
- H. Are personnel services involved?
No positions are being transferred as a result of this request.

Respectfully Submitted,

Lori A. Weaver
