Ora M. LeMere
Assistant Commissioner

September 6, 2024

His Excellency,
Governor Christopher T. Sununu
And Honorable Council

Dear Governor Sununu and Honorable Councilors,

It is my pleasure to present the Department of Revenue Administration's (DRA) 2024 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

In addition to useful information regarding revenue statistics and property tax data, this report also highlights a 83% decrease in the time to issue a final order from our Hearings Bureau, a 33% collection rate on delinquent notices of assessment, the processing of over 679,000 documents, the handling of over 47,000 phone calls, the completion of over 1,300 timber and gravel operation site visits, and the continuation of the Department's nationally recognized monitor forward audit program. As always, I am incredibly proud of the work that the DRA performs all year.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

Sincerely,

Lindsey M. Stepp
Commissioner

The Department of Revenue Administration

Our Mission

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

This report is submitted to

Department of Revenue Administration

Division Primary Functions

Administration Unit

The Administration unit performs administrative functions necessary to support Department of Revenue Administration (DRA) operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

Audit Division

The Audit Division conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with DRA to ensure compliance with New Hampshire tax laws and rules.

Collections Division

The Collections Division initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by DRA. The Division also issues wholesale tobacco tax licenses, meals and rentals tax licenses, and sells tobacco tax stamps.

Municipal and Property Division

The Municipal and Property Division (M&P) establishes and approves municipal, school, county and village district tax rates and provides technical assistance relative to taxation and finance to the political subdivisions of the state. The Division also prescribes a uniform chart of accounts for all municipalities, schools, counties, and village districts and assists and educates municipalities with the methods of appraisal and assessment of real property. Providing revaluation monitoring statewide to municipalities and conducting once in five-year assessment reviews, the Municipal and Property Division equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. In addition, the Division advises and assists municipalities and taxpayers in timely collection of the excavation tax and timber yield tax and appraises public utility and railroad property for equalization and state utility property tax. Lastly, the Division assists local municipalities with the administration of the Current Use law RSA 79-A.

Department of Information Technology

The embedded Department of Information Technology personnel design, develop, and maintain computerized systems to support the administration of taxes and to automate labor intensive functions.

Taxpayer Services Division

The Taxpayer Services Division processes taxpayer documents in an accurate and efficient manner and provides general taxpayer assistance to the public for all taxes administered by the Department while also maintaining taxpayer accounts.

2023 Employee of the Year

Ms. Jamie Osborne has worked for the Department of Revenue Administration since 2017. Jamie was promoted to Supervisor IV in 2021 and currently oversees Tax Account Reconciliation in the Taxpayer Services Division (TPS). As manager of this group, Jamie is responsible for about 17 full time staff that handle various tasks that require diverse skill sets and levels of knowledge. As the leader of this group, Jamie not only has to cultivate relationships with her own staff, but DRA staff from each division of the Department while also interacting with taxpayers daily. She is often the “go-to” person for account inquiries of all kinds and is consistently striving to offer the best customer service she can to taxpayers as well as all DRA staff. Jamie leads an extremely active unit but never turns anyone away when they have questions or need assistance.

Jamie has grown tremendously in the past few years as she has become more comfortable in her role as Manager in TPS. Jamie is a kind, fair, goal-oriented leader who leads by example and immerses herself in the daily struggles of her staff so she can effectuate needed change knowing she has all the facts. She understands the pressure associated with learning the different tax types because she insists on learning along with her staff to better support and assist them. Her positive attitude and willingness to assist others is evident in the additional responsibilities she takes on, including managing the TPS service request (SQR) queue, assisting with the letter committee, and continually working closely individuals from other units to answer questions about tax types or processes in the Revenue Information Management System (RIMS).

Finally, Jamie demonstrates the importance of leadership within the DRA and is deserving of recognition as the 2023 Employee of the Year because she faces challenges with a consistently positive attitude and never cuts corners just to move onto the next task. She looks for solutions when necessary and knows when to ask questions so as not to waste unnecessary time. Although her group is consistently busy throughout the year and often short-staffed, she never complains about helping others when needed. In fact, rather than complain about the amount of work that is to be disbursed amongst fewer people, Jamie never hesitates to jump on phones or to work extra tasks in RIMS to help her staff. Jamie leads by example with a “team” approach, has a great work ethic, and is a great role model for her staff.

The DRA Employee Code of Respect reads “We will cultivate respect and teamwork among fellow co-workers by encouraging each other to live up to our full potential through honesty, understanding, dignity, tolerance and accountability”. We thank Jamie for exemplifying this code and being a part of the DRA and recognize her as the DRA 2023 Employee of the Year.

SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE ADMINISTRATION FY 2024

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

BUSINESS PROFITS TAX – RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in Fiscal Year (FY) 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. For taxable periods ending on or after December 31, 2016, the BPT rate was reduced to 8.2%. For taxable periods ending on or after December 31, 2018, the BPT rate was reduced to 7.9%, because, in accordance with Chapter 274:23, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017, was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BPT rate was reduced to 7.7%. For taxable periods ending on or after December 31, 2022, the BPT rate was reduced to 7.6%. For taxable periods ending on or after December 31, 2023, the BPT rate was reduced to 7.5%. The BPT is assessed on income from conducting business activity within the state. For multi-state businesses, prior to taxable periods ending before December 31, 2022, gross business profits were apportioned using a weighted sales factor of two and the standard payroll and property factors. For taxable periods ending on or after December 31, 2022, multi-state businesses shall apportion gross business profits using only the sales factor. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. BPT return due dates are consistent with federal return due dates based on the taxpayer's entity type. For taxable periods beginning January 1, 2023, business organizations with over \$103,000 of gross business income from all their activities are required to file a return. That threshold amount was \$92,000 for taxable periods ending on or after December 31, 2022, and \$50,000 for taxable periods ending after June 30, 1993. For tax years beginning January 1, 2023, the Commissioner is required to biennially adjust the filing threshold using the Consumer Price Index, Northeast Region. Business organizations that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether the business organization's gross business income is in excess of the threshold during the taxable period.

BUSINESS ENTERPRISE TAX – RSA CHAPTER 77-E

In 1993, a 0.25% tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. For taxable periods ending on or after December 31, 2016, the Business Enterprise Tax (BET) rate was reduced to 0.72%. For taxable periods ending on or after December 31, 2018, the BET rate was reduced to .675%, because, in accordance with Chapter 274:24, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017, was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BET rate was reduced to 0.60%. For taxable periods ending on or after December 31, 2022, the BET rate was reduced to 0.55%. In 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 of gross business receipts or \$100,000 of the enterprise value tax base. For taxable periods ending on or after December 31, 2022, the filing threshold was increased to \$250,000 for both the gross business receipts threshold and the enterprise value tax base threshold. For taxable periods beginning January 1, 2023, this threshold amount increased to \$281,000. Beginning with taxable periods ending on or after December 31, 2015, the Commissioner is required to biennially adjust these filing threshold amounts using the Consumer Price Index, Northeast Region. Four annual estimate payments are required on liabilities greater than \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9th, and 12th months of the taxable year. The BET return is due at the same time the BPT return is due. The BET may be used as a credit against the BPT under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the BPT for 5 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending before December 31, 2014, and for 10 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending on or after December 31, 2014.

COMMUNICATIONS SERVICES TAX – RSA CHAPTER 82-A

First enacted in 1990 at 5.5%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001, and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the retailer on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any retailer who can reasonably estimate its average monthly liability to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

EDUCATION PROPERTY TAX – RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning July 1, 2005, and every fiscal year thereafter, the Commissioner is required to set the education tax rate at a level sufficient to generate revenue of \$363,000,000, with the exception that, for the fiscal year ending June 30, 2023, the Commissioner was required to set the education tax rate at a level sufficient to generate \$263,000,000.

INTEREST & DIVIDENDS TAX – RSA CHAPTER 77

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the “average rate of property taxation” upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due on tax liabilities greater than \$500 on the 4th, 6th, 9th, and 12th months of the tax year, unless the taxpayer is a calendar year taxpayer in which case the final payment is due on January 15th following the tax year. The I&D Tax return is due on the 15th day of the 4th month following the tax year. Additional exemptions are available for residents who are 65 years of age or older, who are blind, or who are disabled, unable to work, and have not yet reached their 65th birthday. For taxable periods ending on or after December 31, 2013, trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation. Chapter 91:89-102 was enacted during the 2021 legislative session and phased out the I&D Tax over several years. Chapter 79:85-88 enacted during the 2023 legislative session accelerated the repeal of the I&D Tax. The I&D Tax rate was reduced from 5% to 4% for taxable periods ending on or after December 31, 2023 and is reduced to 3% for taxable periods ending on or after December 31, 2024. The I&D tax is repealed for taxable periods beginning after December 31, 2024.

LOCAL PROPERTY TAX – RSA CHAPTER 76

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property’s actual use, such as:

- Current use assessments under RSA Chapter 79-A for certain farmland, forest land, and unproductive land. The program is for properties dedicated to remaining as open space. A Land Use Change Tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically, ten acres or more of dedicated land is required. Application to local officials on or before April 15th is required.
- Taxes on the value of standing timber assessed under RSA Chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials assessed under RSA Chapter 72-B. These are assessed at a rate of \$.02 per cubic yard of earth excavated.

Local Property Tax Exemptions, Credits and Deferrals

Elderly Exemption – RSA 72:39-a

Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemption, which the cities and towns may modify as follows:

- Different dollar amounts for qualified residents ages 65-75, 75-80, and 80 or older;
- Net income limitations, including social security or pension payments; and
- Net asset limitations.

Blind Exemption – RSA 72:37

The exemption is a minimum \$15,000 reduction of the assessed value of residential real estate (as defined in RSA 72:29, II) and could be higher if modified by the municipality.

Deferral for the Elderly or Disabled – RSA 72:38-a

Property taxes are deferred and accrue interest at the rate of 5% per annum for qualifying taxpayers. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older or eligible under the federal Social Security Act for benefits for the disabled, has owned the home for at least 5 years (or one year if eligible under the federal Social Security Act), and is currently residing there.

Veterans' Tax Credits and Disabled Exemption

Qualified residents are entitled to the following tax credits in the following amounts, which are to be deducted from their tax bills:

- **RSA 72:28** – The standard veterans' tax credit in the amount of \$50 unless, alternatively, the municipality adopts the optional veterans' tax credit which is an amount from \$51 up to \$750;
- **RSA 72:28-b** – The all veterans' property tax credit if adopted by the municipality, in the amount of the standard or optional veterans' tax credit in effect in the municipality;
- **RSA 72:28-c** – The combat service tax credit if adopted by the municipality, in an amount from \$50 up to \$500;
- **RSA 72:29-a** – The standard surviving spouse tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional surviving spouse tax credit which is an amount from \$701 up to \$2,000; and
- **RSA 72:35** – The standard service-connected total disability tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional service-connected total disability tax credit which is an amount from \$701 up to \$4,000.

Certain Disabled Veterans' Exemption under RSA 72:36-a: A resident discharged under conditions other than dishonorable or honorably separated from military service, who is 100% totally and permanently disabled from service connection, who is a double amputee, paraplegic, or has blindness of both eyes with visual acuity of 5/200 or less as the result of service connection, and who owns a specially adapted home acquired with the assistance of the United States Department of Veterans Affairs is exempt from all taxation on that home.

Tax Exemption for Improvements to Assist Persons with Disabilities – RSA 72:37-a

This exemption is limited to any increase in the assessed value of residential real estate owing to improvements made by the resident owner for the purpose of assisting a person with a disability who also resides on the residential real estate.

Tax Exemptions for Wind-Powered, Solar, and Wood heating Energy Systems RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns and must be voted upon locally.

Tax Exemption for the Disabled – RSA 72:37-b

This exemption is available to persons eligible under the federal Social Security Act for benefits to the disabled. It is applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

MEALS & ROOMS (RENTALS) TAX – RSA CHAPTER 78-A

The Meals and Rooms (Rentals) (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels, restaurants, and motor vehicle rental establishments on certain rentals of rooms and motor vehicles, and upon meals costing \$.36 or more, but collected and remitted to the State by operators. Chapter 330:1, Laws of 1977, increased the tax rate from 5% to 6%. Chapter 568:150, Laws of 1981, increased the rate from 6% to 7%, Chapter 8:1, Laws of 1990, Chapter 354:12 Laws of 1991, Chapter 350:36, Laws of 1993, Chapter 96:1, Laws of 1995, Chapter 132, Laws of 1997 imposed a rate of 8% for every biennium beginning April 1, 1990. Chapter 17, Laws of 1999 fixed the 8% and removed the biennial time frame. Chapter 144, Laws of 2009, increased the rate from 8% to the rate of 9%. Chapter 91:103-105, Laws of 2021 reduced the rate to 8.5% for taxable periods beginning on or after October 1, 2021. An M&R Tax operator's license is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax, accompanied by the M&R Tax return. An M&R Tax operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission if the return and payment are filed both timely and electronically.

MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax to be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014, and prior, hospitals were required to pay 100% of the tax due for the taxable period no later than the 15th day of the fourth month of the taxable period and were required to file a tax return with the Department on or before the 10th day of the month following the expiration of the taxable period. For taxable periods beginning July 1, 2014, and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the 15th day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreased to 5.45% for the taxable period ending June 30, 2016, and to 5.4% for the taxable period ending June 30, 2017, and for every taxable period thereafter.

REAL ESTATE TRANSFER TAX – RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57) must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

RAILROAD TAX – RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in this state shall pay an annual Railroad Tax. The Railroad Tax is assessed on the market value of the property and estate in this state of any such company as of April 1 of each year. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad “property” applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State.

TOBACCO TAX – RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax stamp (aka “indicia of tax paid”) on the tobacco product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013, the Tobacco Tax rate increased from \$1.68 back to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate “proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes.” In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% back to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Chapter 346, Laws of 2019 amends the Tobacco Tax to include electronic cigarettes effective January 1, 2020. Electronic cigarettes are

treated as OTP but subject to different tax rates under RSA 78:2, II, one for closed cartridges or containers that are not intended to be opened (or “closed system” devices), and the other for containers that are intended to be opened (“open system” devices). For closed system devices, the tax is imposed at a rate of \$0.30 per milliliter on the volume of the liquid or other substance containing nicotine in the cartridge or container. For open system devices, the tax is imposed at a rate of 8% of the wholesale sales price of the container of liquid or other substance containing nicotine. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

UTILITY PROPERTY TAX-RSA CHAPTER 83-F

Utility property is defined, in part, as “all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8, but not exempt under RSA 72:23,” excluding water and air pollution control facilities exempt from local property taxation under RSA 72:12-a. In 2011, “utility property” was amended to also exclude: the electrical generation, production, and supply equipment of an “eligible customer-generator” as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment’s generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce.

The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the market value of utility property as of the previous April 1. The tax is due annually on or before January 15th. Every utility or property owner required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period, accompanied by payment of 1/4 of the estimated tax due, on or before April 15 of each year. Additional quarterly estimated payments of the Utility Property Tax are due on June 15th, September 15th, and December 15th.

New Hampshire FY 2024 Legislative Session in Review

This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2024 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as a full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.

BUSINESS TAX

HB 645 (Chapter 263) recognizes a new business entity form, a Decentralized Autonomous Organization (DAO) and pursuant to new RSA Chapter 301-B, creates a registry and imposes other requirements, including expressly subjecting the entity type to taxation.

Statute Added: RSA Chapter 301-B.

Effective Date: July 1, 2025.

HB 1525 (Chapter 245) delays the implementation of further reductions in the credit carryforward limits for BPT and BET of 250% of total tax liability and 100% of total tax liability from 2025 to 2029 and from 2027 to 2031, respectively.

Statute Amended: RSA 77-A:7, 1(b)(2)-(3).

Effective Date: July 1, 2024.

MEALS AND ROOMS (RENTALS) TAX

HB 1191 (Chapter 190) exempts taxation on meals consumed at or provided by a restaurant, café, or other food service establishment that are redeemed through the Bureau of Elderly and Adult services restaurant voucher program.

Statute Amended: RSA 78-A:6-c.

Effective Date: July 1, 2024.

SB 585 (Chapter 310) provides that, for purposes of a property tax lien filed against an operator for unpaid M&R taxes, an “operator” is any person who has actual or constructive managerial or custodial responsibility and does not include persons with a mere ownership interest.

Statute Added: RSA 78-A:21.

Effective Date: January 1, 2025.

MUNICIPAL AND PROPERTY

HB 202 (Chapter 210) requires local property tax abatements that determine a new market value to equalize that value using the previous tax year’s median ratio; also requires telecommunications poles and conduits to be valued at Replacement Cost New (RCN) less depreciation without applying the annual equalization ratio.

Statutes Added/Amended: RSA 76:16-f; RSA 72:8-c, l.

Effective Date: April 1, 2025.

HB 1055 (Chapter 183) permits charitable organizations to file a late application for a real or personal property tax exemption at any time prior to the date the local tax rate is approved.

Statute Amended: RSA 72:23.

Effective Date: April 1, 2025.

HB 1105 (Chapter 106) clarifies that the estimated local taxes to be raised under the local tax cap shall include the operating budget and all other warrant articles with a tax impact.

Statute Amended: RSA 32:5-b, l.

Effective Date: September 1, 2024.

Statute Amended: RSA 72:36-a.

Effective Date: July 13, 2024.

SB 383 (Chapter 353) like HB 1105, this bill clarifies that the estimated local taxes to be raised under the local tax cap shall include the operating budget *and all other warrant articles with a tax impact*. This bill also adjusts caps based upon inflation and population changes and provides for adoption of a budget cap by school districts.

Statutes Added/Amended: RSA 32:5-b; RSA 32:5-d and :5-e,
Effective Date: October 1, 2024.

REAL ESTATE TRANSFER TAX

HB 68 (Chapter 1) adopts the Uniform Real Property Transfer on Death Act. The act allows an owner of real property to designate a beneficiary to automatically receive their real property upon their death without a probate procedure via a “transfer on death deed.” The bill also adds a new exception to the applicability of the Real Estate Transfer Tax (“RETT”). Per the new law, RETT shall not apply to a transfer on death deed, where no consideration is exchanged.

Statute Added: RSA Chapter 563-D.
Statute Amended: RSA 78-B:2.
Effective Date: July 1, 2024.

TIMBER TAX

SB 514 (Chapter 19) Increases the amount of wood or wood chips a landowner can use for personal use or for land conversion purposes without being subject to the timber tax.

Statute Amended: RSA 79:1, II(b).

DRA HIGHLIGHTS FY 2024

Agency Initiatives. The DRA is committed to improving the taxpayer experience and providing exemplary customer service and as part of a statewide initiative, launched an upgraded version of the external website. In addition to visual enhancements, the site features a more user-centric, intuitive approach and is optimized for mobile users. The website redesign was undertaken by DRA staff who relied on user feedback and site analytics to create a simple, yet functional site to support the needs of all visitors. Launched on June 25, 2024, the DRA site is ADA compliant and now includes information about DRA job opportunities and a full-year calendar of important dates and reminders.

DRA Revenue Information Management System. With a successful implementation of all three phases of the project, DRA has been fine-tuning the new tax administration system, Revenue Information Management System (RIMS) to ensure optimal functionality. The payment processing functionality of RIMS was enhanced with an upgrade to Managed Payments, which not only allows more flexibility, but also improves revenue distributions within the system. DRA also prepared for the October 2024 rollout of a full version upgrade to Core 21, giving the agency access to the latest technology and system security features available. Learn more about RIMS and GTC on page 33.

COVID-19 Relief Programs. The DRA continues its partnership with the Governor's Office for Emergency Relief and Recovery (GOFFER) and assists with evaluating requests for waiver of outstanding funds from recipients of awards issued through DRA-managed programs, Main Street Relief Funds 1.0 and 2.0 and the and Self Employed Livelihood Fund. DRA is contacting and working with identified grant recipients to gather necessary documentation to evaluate their request and making recommendations to GOFFER on an ongoing basis.

The New Hampshire Department of Revenue Administration's staff will always be ready to take your important phone call. To request forms, please email: forms@dra.nh.gov, or call the Forms Line at (603) 230-5001. For any other questions, please contact Taxpayer Services at (603) 230-5920.

The Legal Bureau

The Office of Revenue Counsel (the Legal Bureau) provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; responding to Right-to-Know requests; representing the Department before the Board of Tax and Land Appeals (BTLA) and the Department's Hearings Bureau; and providing assistance and advice to the Commissioner's Office, the Municipal and Property Division (M&P Division), and to other divisions in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Legal Bureau coordinates and assists with the Department of Justice's representation of the Department before state and federal courts and acts as co-counsel in certain cases.

Noteworthy Cases from FY 2024

Rand v. State; Rockingham Superior Court

The plaintiffs in *Rand* seek a determination that the Statewide Education Property Tax (SWEPT) is unconstitutional. The Legal Bureau assisted the Department of Justice in preparing numerous pleadings and affidavits defending the computation of tax rates and the administration of SWEPT. Partial Summary Judgment was granted to the Plaintiffs in the Superior Court, and appeal briefing is currently ongoing at the New Hampshire Supreme Court.

Woodsville Fire District

The Legal Bureau represented the Municipal and Property Division in the Woodsville Fire District's appeal of the disallowance of the Town's warrant articles under RSA 21-J:35 and assisted the Department of Justice in briefing Woodsville's appeal to the New Hampshire Supreme Court. Oral argument occurred in early FY 2024 and a decision by the Court was issued on July 24, 2024.

Morris v. DRA

The taxpayers appealed a determination that they were New Hampshire residents and subject to the Interest and Dividends tax for earnings during their residency. The Superior Court granted the Department judgment on March 28, 2024, following a Bench Trial. The Taxpayers' have appealed to the New Hampshire Supreme Court where briefing and oral argument are expected to occur during FY 2025.

PA -71 Proceedings

The PA-71 complaint process was statutorily moved to fall under the responsibility of the Office of Professional Licensure. Prior to this statutory change, two matters had been initiated for the decertification process, one completed the hearings process under a deputization from the

Office of Professional Licensure and is pending issuance of the final order. The second matter is being handled by that office.

Bankruptcy Cases

The Legal Bureau filed 51 Proofs of Claim in Bankruptcy Courts throughout the United States for unpaid taxes, penalties, and interest in an amount exceeding \$1,544,934.07¹ and collected payments from bankruptcy cases in an amount totaling \$532,474.57.

The bankruptcy cases generally involve objecting to reorganization and payment plans which do not comply with law, filing and defending claims from objections, protecting security interests, and tracking a significant number of cases through the court processes to protect the Department's interests. The cases run the gamut from large corporate cases filed in out-of-state courts, to New Hampshire domiciled individuals and businesses filed here. Many filings are based on estimates or for unknown values due to a filer's failure to submit a return for one or more years.

Utility Property Tax Appeals

The Legal Bureau is representing the Department in five appeals. Hearings are scheduled for FY 2025. Three other appeals were resolved prior to the close of the fiscal year.

Right to Know Requests

The Legal Bureau responded to 173 requests for government records pursuant to RSA 91- A:4 over the course of the past year. Some of these requests involved voluminous records and contested issues.

Appeals from Final Orders, Board of Tax and Land Appeals

The Legal Bureau engaged in representation of the Department in three appeals, one regarding a municipality's equalization ratio, one in relation to licensure revocation, and one related to an audit tax assessment.

The Legal Bureau further filed two Petitions related to reassessments and worked on municipal related appeals at the Board's request.

Appeals from Final Orders, Superior Court

The Legal Bureau has coordinated with the Department of Justice on six Superior Court tax appeals.

Simon Properties v. DRA

The taxpayer appealed a business tax assessment based on an audit determination that rental income from a major shopping center was correctly sourced to New Hampshire. The Department of Justice, with the Legal Bureau's assistance, is preparing the case for trial in FY 2025.

¹ One chapter 13 filing included a proof of claim in excess of \$1.2m and may not resolve until late FY 2025 or beyond.

Aldean Khater v. DRA

Additional tobacco tax and business tax was assessed against Khater and the Department’s Hearing Officer denied his appeal. He subsequently appealed to a Massachusetts superior court, which dismissed it. Khater refiled in the New Hampshire court and the Department of Justice with assistance from the Legal Bureau has moved to dismiss. Khater is subject to a criminal restitution order in excess of \$12 million. Efforts are being made by the Legal Bureau to enforce that judgment.

Hologic, Inc. v. DRA

The Legal Bureau is assisting the Department of Justice in responding to the appeal filed by a Massachusetts bio-tech company appealing an assessment of taxes following an audit. The appeal was filed at the end of FY 2023 and is set for final hearing in the fall of FY 2025.

Hewlett Packard Enterprise Company v. DRA

The Legal Bureau is assisting the Department of Justice in responding to the appeal filed by the Texas technology company appealing a denial of a refund request premised on alternative apportionment and statute of limitations concerns. The appeal was filed early FY 2024 and is set for trial in early FY 2026.

Seaside Vacation Rentals LLC v. DRA

The taxpayer appealed a business tax assessment based on an audit determination that rental income from an audit assessment of M&R and business taxes. The Department of Justice, with the Legal Bureau’s assistance, is preparing the case for trial in FY 2025.

Timber Investigations and Referrals

The Legal Bureau has worked closely with the Municipal and Property, Timber Audit division to investigate concerns around non-compliance with the Timber Tax requirements pursuant to RSA 79. The Legal Bureau has made two criminal investigation referrals during FY 2024 related to these efforts.

Declaratory Rulings

No Declaratory Rulings were issued in FY 2024.

Hearings Bureau

During FY 2024, the Hearings Bureau continued to strive to provide better service to the taxpayer. We have continued to review administrative tasks and workflow to ensure that our processes are as lean and efficient as possible to maximize our productivity.

In FY 2024, with respect to taxpayer petitions, the time to produce a final order after the close of the record averaged 20.81 days, which is a decrease of 82.98% from the average of 122.30 days it took in FY 2023. Our goal for taxpayer petitions in FY 2024 was to issue final orders within 90 days after the close of the record for 90% of the time. We met our goal and issued orders in 90 days or less for taxpayer petitions 96.91% of the time.

In FY 2024, with respect to cases involving license denials, suspensions, revocations, and tobacco seizures, the time to produce a final order after the close of the record averaged 9.97 days, which was a decrease of 54.43% from the average of 21.88 days it took to produce an order in FY 2023. Our goal for FY 2024 for cases involving license denials, suspensions, revocations, and tobacco seizures was to issue final orders within 14 days after the close of the record for 90% of the time. We very narrowly missed our goal by less than half of a percent, as we issued orders in 14 days or less for cases involving license denials, suspensions, revocations, and tobacco seizures, 89.53% of the time.

The number of docketed appeals filed in FY 2024 increased by 62.54% from the number filed in FY 2023. The total number of final orders issued in FY 2024 increased by 44.09% from the number issued in FY 2023, which correlates with the increase in docketed appeals.

During FY 2024, the Hearings Bureau experienced some personnel changes as our previous Paralegal II sought new opportunities and our Paralegal I was promoted to the Paralegal II position. Our Paralegal II has done an amazing job in her new position and learning her new job responsibilities. Even with the changes this year, we've completed a revision of the Hearings Bureau manual and have begun revising a procedures manual for our case management software as well as outlining tasks that need to be completed in the Department's Revenue Information Management System with respect to appeals. Completing our DRA Record Retention Policy adherence project to catalog and store final orders and recordings that we are required to keep while purging the outdated files, we are now current in FY 2024.

The Collection Division

Director of
Collection:

Bonnie Walshaw

The Collection Division

The mission of the Collection Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules, and policies.

The division is primarily responsible for collecting delinquent notices of assessment resulting from tax returns, following up on unfiled Meals and Rentals (M&R) tax returns, selling tobacco stamps, and licensing and educating M&R operators charging for taxable meals, room rentals, and motor vehicle rentals.

FY 2024 Value of Inventory and Collections

Delinquent Inventory – beginning July 1, 2023	\$83,363,423
Delinquent Inventory – ending June 30, 2024	\$90,027,657
Delinquent Payments Collected	\$29,579,311

FY 2024 Statistical Counts

New Meals & Rentals Operators Licensed	758
Meals and Rentals Unfiled Returns Followed Up	7153
Tax Liens Recorded	2059
Tobacco Tax Field Compliance Visits	238
Payment Plans Initiated	570
Field Visits Conducted	2227

At the start of FY 2024, a Compliance Officer II (CO II) was added to the Collection Division staff specifically to collect tax assessments generated through our data exchange agreement with the IRS. While acting in compliance with IRS Pub 1075 guidelines, this CO II contacts delinquent taxpayers with the goal of having the missing returns filed. Most times, these newly filed returns reveal a tax liability, which is then collected by the CO II.

All Meals & Rentals Operators are required to renew their Meals & Rentals License on June 30th of every odd year. For most operators the renewal process is automatic, provided they are in compliance with all taxes administered by the Department. At the beginning of FY 2024, there were 1,118 operators not in compliance. Through extensive effort by the collections staff throughout this fiscal year, that number has been reduced to 32 operators with a goal of zero by the end of FY 2025.

With FY 2024 came a renewed “boots on the ground” presence in NH’s North Country. The Division had not had any CO IIs visit Coos County since the outbreak of Covid in April, 2020. A team of CO IIs conducted a multiple-day trip in May 2024 to perform drop-in visits to the many Meals & Rentals operators in the region. They helped several operators apply for

M&R licenses and explained the DRA’s expectations with regards to timely payment and filing of the returns. The addition of a few new Toyota Rav 4s to the DRA’s fleet of cars will enable the Division to send CO IIs northward during the snowy winter months when there are many seasonal operators that cater to snowmobiling and skiing tourists.

Fair/festival season (May through October) is traditionally a busy time for the Division. Food truck rallies, Craft Brew festivals, County Fairs, Laconia Bike Week and the like, all have what are referred to as “itinerant or transient operators.” The individual event directors are contacted in the weeks leading up to these fairs/festivals to obtain lists of all operators that have registered to appear at a specific event. The lists are reviewed to ensure that all operators have valid licenses and are current with all NH taxes. Those operators that are unlicensed or have outstanding tax debt are visited on site by a CO II to bring the operator into compliance. It is expected that over 64 fairs/festivals will be contacted/attended this season.

The Taxpayer Services Division

The mission of the Division of Taxpayer Services is to continuously improve taxpayer experiences through efficient data processing, accurate account maintenance, and exemplary customer service.

The Division operates two high speed scanners that allow employees to scan, validate, and process large volumes of tax forms more efficiently. By using the high-speed scanners in conjunction with our new Revenue Information Management System (RIMS), we've introduced numerous efficiencies related to processing paper documents, electronically routing correspondence, and managing taxpayer requests.

The most notable change for FY 2024 was, once again, the significant increase in the number of electronically filed returns, payments, and taxpayer requests. Using our Granite Tax Connect (GTC) web portal and the IRS Modernized e-File program, taxpayers filed about 30,000 more documents electronically in FY 2024. Although, much of this can be attributed to the 20,000 additional Interest & Dividends Tax returns and payments received in FY 2024, the fact that more and more taxpayers are using electronic methods to file with DRA means the Division can focus its attention on processing returns, refunds, and documents timely, as well as meeting our goal of responding to most taxpayer requests within 30 days. In fact, despite this significant increase in tax returns received, the Division issued over 92% of requested refunds within 30 days of the request.

The mission of the Municipal and Property (M&P) Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property and administering timber and gravel taxation.

The Division consists of two bureaus, Municipal and Property.

The Municipal Bureau establishes and approves municipal, school, county, state education and village district tax rates. It provides technical assistance on taxation and finance to the approximately 564 political subdivisions of the state, and the general supervision of municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities.
- Establishing a standard technical assistance manual for municipalities' use.
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit.
- Conducting workshops and seminars for municipal officials, including selectmen, budget committees, trustees of trust funds, tax collectors, and school officials.

The Property Bureau oversees the assessment review process and monitors revaluations and revaluation contracts, as well as the following specialized services:

- The Equalization Bureau determines the total equalized value of all taxable property within the state on an annual basis. This allows shared tax burdens, such as the state education tax, county property tax, and cooperative school taxes to be apportioned at a single standard, full market value. The equalization process includes compiling assessment data, conducting ratio studies and preparing statistical reports.
- The Utility Appraiser values all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes.
- The Timber and Gravel Appraisers provide administrative, technical and enforcement support to all municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax.

- Staff provides support to two administratively attached boards, the Assessing Standards Board (ASB) and the Current Use Board (CUB).

Accomplishments of FY 2024 Municipal and Property Division

The M&P Division continues to make strides to improve services to municipalities and municipal officials while improving transparency to the public. Several initiatives were completed while others are new or ongoing. During FY 2024, these efforts have led to the following accomplishments:

- Continued to provide educational offerings for assessors and municipal employees on topics including overview of assessing, exemptions and credits, current use, timber and gravel, institutional exemptions, and assessment review.
- Maintained the timely filing of municipal finance reports and completing tax rates.
- Transferred the certification of assessing personnel to the NH Office of Professional Licensure and Certification.
- Real estate appraisers monitored 57 revaluations for the 2023 tax year, conducted assessment reviews, and continued to provide related technical assistance.
- Implemented the utility valuation software system through Catalis to actuate the audit and appraisal of \$7.15B in utility and railroad property and railcar company assets resulting in billing \$47M+ in utility and railroad property taxes.
- Began development with Catalis of a new generation of equalization and revaluation and monitoring software system to update old systems and replace Access databases.
- Established capitalization rates for low-income housing tax credits (LIHTC) and values for telecommunications poles and conduits. Provided administrative support to the Assessing Standards Board and Current Use Board including rulemaking and the establishment of current use values.

- The Timber and Gravel Bureaus provided numerous educational opportunities for municipal officials, town clerks and tax collectors, and licensed foresters in New Hampshire including on-site timber trainings for municipal personnel. The appraisers also completed approximately 1,387 operation site visits.

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to teamwork, professional development, and high standards of professionalism. Audit staff are responsible for conducting both desk and field audits.

Despite nationwide volatility in the labor market that made employee retention a challenge for many state agencies, the Audit Division had another impressive year. Additionally, the last auditor that had been temporarily reassigned to the Governor's GOFERR team rejoined her Audit Division colleagues at the end of the fiscal year.

Consistent with last fiscal year, Audit staff reviewed 687 taxpayers' returns. Of that number, after a full audit, the Audit Division determined that taxpayers' returns in 118 cases were in compliance, and these audits were closed without an assessment or other changes. Another 488 taxpayers' returns were audited with changes, including assessments totaling \$73,096,602.83 in tax, interest, and penalties (and also including reduced refund requests), as well as reductions to net operating loss deductions, business enterprise tax credit carryforwards, and other credits totaling \$5,815,888.27. Of the total assessments, the Audit Division recognized more than \$6.2 million in what the Department terms "revenue uplift," which consists of payments following an audit where the auditor used new tools and efficiencies from the RIMS system. Of the 687 returns reviewed, the Division ultimately did not pursue full formal audits of the remaining 81, because no material issues were identified.

In addition to its normal operations, the Division continued its nationally recognized program, colloquially referred to as "monitor forward," allowing selected taxpayers, in lieu of a traditional audit, to opt into an arrangement where more limited reviews of their meals and rooms tax returns were conducted, while their future monthly tax returns were monitored for compliance on an ongoing basis. Division staff and management also presented on a variety of topics at several state and regional level training events or conferences.

In addition, the Discovery/Nexus Bureau researched federal and state filings, as well as online resources, to discover non-filers who may have a duty to file and pay New Hampshire business taxes, meals and rooms taxes, or interest and dividends taxes. As a result of their efforts in FY 2024, an additional

\$5,730,374.69 in tax, penalties, and interest was collected, of which \$2,139,579.29 came in through the voluntary disclosure program. More than \$925 thousand of these payments were attributed to revenue uplift and when combined with the amounts attributed to auditing (described above), the Audit Division generated more than \$7.1 million in total revenue uplift.

During the fiscal period, the lead tobacco auditor served as the Governor of the Federation of Tax Administrators Northeast Region Tobacco Tax Section and collaborated with her colleagues from other northeastern states, including as part of the group's annual meeting held in Concord this summer. The Tobacco Group also worked with the state Liquor Commission to conduct joint tobacco/liquor investigations (including into the sale of electronic cigarettes), and with the state Department of Justice to ensure diligent enforcement of the Master Settlement Agreement by tobacco manufacturers and wholesalers. The Tobacco Group conducted 86 compliance checks during the fiscal year, which resulted in the seizure of contraband tobacco products at 11 separate locations, including the largest seizure in Department history. The group also conducted 9 full audits of tobacco wholesalers. The group continued to refine the Revenue Information Management System (RIMS) and processes within the portal, Granite Tax Connect (GTC), for electronic filing by NH tobacco licensees and provided quarterly training for wholesalers and retailers.

The Department of Revenue Administration (DRA), with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process, which benefits the agency as well as NH taxpayers by providing modernized operations and accurate information.

During FY 2024, DoIT migrated the Document Imaging and Electronic Remittance application to an upgraded more robust virtual environment at DoIT's primary datacenter. This system is used to process paper documents utilizing barcodes and optical character recognition (OCR). In addition, DoIT introduced two reclassified positions that were used for staff augmentation on the Revenue Information Management System (RIMS) project in FY 2024, bringing the total developer count to six. The team spent much of the time working on a major conversion of RIMS, upgrading the primary application from V12 to Core21 which is scheduled to go live in the second quarter of FY 2025. DoIT continues to utilize one DoIT BRMD employee to handle all security updates in the system and one DoIT employee responsible for printing, folding, enveloping, and sealing over 220K pieces of mail over the course of a year.

Ongoing efforts to maintain the highest level of security and comply with IRS Publication 1075 standards continue. DoIT has introduced multifactor authentication on individual devices and will undergo a complete NIST 800-53 V5 Security Assessment of the RIMS application and procured equipment to introduce a Pub1075 compliant virtual cluster in advance of the triennial Safeguard Audit scheduled for the Q2 of FY 2025.

In addition to the internal DoIT initiatives, DoIT Shared Services recently upgraded the networking equipment at DRA's primary location as part of the statewide eNHance project. This provides the department with an updated and highly manageable infrastructure.

RIMS Enhancements and Upgrades

FY 2024 was another busy year for DRA, FAST, and our embedded DoIT team. Along with our ongoing production support effort, our team implemented numerous system enhancements and changes throughout the year.

In June 2023, our team kicked off the “Managed Payments” project to update the RIMS internal payment processing system. This project spanned a period of six-months and required numerous definition meetings, system testing, and training of all DRA staff. Managed Payments went live in January 2024, and was also a prerequisite of the RIMS software upgrade project, also known as “Core 21.”

In January 2024, our team kicked off the Core 21 RIMS software upgrade project. Once live, this upgrade will offer visual updates to internal system configuration, new tools for viewing and searching for information, improvements to existing workflows, and updates the development code from Visual Basic to C#. Much like the original implementation phases of RIMS, Core 21 requires assigning full-time DRA, DoIT, and FAST developers, for a period of 10 months, to define, develop, test, and train all other members of the DRA staff. As we wrap up business testing and begin our user training effort, we are on track for an October 7, 2024 go-live.

Finally, while enhancements and upgrades are important to ensure we are providing NH taxpayers with the most up to date technology possible, maintaining current system functionality and enhancing taxpayer experience is always a focus for DRA. To that end, our Production Support Team continued to address requests for RIMS corrections or changes during FY 2024. Over 450 requests for updates or changes to RIMS functionality were entered, with more than 360 requests completed by the end of the fiscal year. These requests range from minimal updates with no taxpayer impact, to updates aimed at making the system function more efficiently for internal users and taxpayers alike. One of the more notable changes that went into effect during the fiscal year is an email notification to taxpayers with a GTC login when DRA sends them a letter. This notification does not include any sensitive taxpayer information; however, it does alert a taxpayer with a GTC account to the fact that a letter was sent and directs them to log into their GTC account to view the same. This change was in direct response to an email received by the Department, in which the taxpayer expressed frustration at missing an important deadline due to problems receiving their US Postal Service mail in a timely manner. By adding a simple electronic notification, DRA is doing what it can to make the process more efficient, and hopefully, save taxpayers unnecessary time and money.

This is only one example of how DRA continuously strives to meet the needs of our taxpayers through continuous process improvement. We look forward to continuing this trend into FY 2025 and beyond.

The Audit Tobacco Group and members of the Collections Division are responsible for conducting tobacco compliance checks at NH retail locations as part of the diligent enforcement provision of the Master Settlement Agreement (MSA). These checks are to ensure that NH retailers are purchasing tobacco products on which the NH tobacco tax has been paid and to identify product in the state from Non-Participating Manufacturers as outlined in the MSA. When tobacco products are found without the tax paid, it is considered contraband and subject to seizure.

³ Source: NH Revenue Focus – June FY 2024

⁴ The significant reduction in Business Enterprise Tax revenue from prior year is driven by allocation changes between the Business Enterprise and Business Profits taxes.

⁵ The Meals and Rentals Tax portion of General and Education Trust Fund revenue is net of debt service payments and transfers to the Municipal Revenue Fund. School Building Debt Aid debt service is FY 2023 - \$7,028,512.00 / FY 2024 - \$6,816,272.00 and Municipal Revenue Fund FY 2023 - \$100,143,752.00 / FY 2024 - \$133,407,266.98

⁶ The Real Estate Transfer Tax portion of General and Education Trust Fund revenue is net of LCHIP distributions in the amount of FY 2023 \$3,138,985.00 / FY 2024 - \$2,824,835.00 and Affordable Housing Transfer in the amount of \$5,000,000.00 for both FY 2023 and FY 2024.

 - 85,448 Business Entities filed business tax returns
 - 32,704 Business Entities filing business tax returns paid no (\$0) BET or BPT
 - 52,744 Business Entities filed business tax returns with payments totaling \$1,089.6m, of which
 - 2,480 (4.7%) of those paid 79.4% of BET/BPT (\$864.6m out of \$1,089.6m)
 - 1,909 (77.0%) are corporations paying a total of \$753.1m
 - 453 (18.3%) are partnerships paying a total of \$97.2m
 - 118 (4.8%) are proprietors and fiduciaries paying a total of \$14.4m
 - The remaining 50,264 (95.3%) paid 20.7% of BET/BPT (\$225.0m out of \$1,089.6m), of which
 - 10,579 (21.1%) paid under \$500 = \$2.3m (1.0%)
 - 8,973 (17.8%) paid \$500 - \$1,000 = \$6.7m (3.0%)
 - 24,447 (48.6%) paid \$1,000 - \$10,000 = \$81.8m (36.4%)
 - 6,265 (12.5%) paid \$10,000 - \$50,000 = \$134.2m (59.6%)

¹ Per returns received as of August 12, 2024.

² Information is provided by NH SoS as of July 21, 2023.

³ Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

The Business Profits Tax, RSA 77-A, was enacted by Laws of 1970, chapter 5, section 1, effective April 27, 1970.

Current Due Date: Return due dates are consistent with federal income tax due dates based on the taxpayer's entity type.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2010	7/8/10	CH 286	RSA 77:4-b, allows a business organization engaged in an IRC §1031 Like-Kind Exchange to utilize a single member limited liability company, revocable trust or other entity disregarded for federal tax purposes as the recipient entity. Under the special rule, the recipient entity takes the basis of the relinquished property as held by the parent organization as computed for federal income tax purposes.		
2010	7/13/10	CH 311	RSA Chapter 162-N Economic Revitalization Zone Tax Credit amended to extend the availability of the credits for four years and makes certain changes to the eligibility for and determination of the eligible amounts for the credits.		
2010	7/20/10	CH 324:2, 4 and 5	RSA 77-A:4, III the amount of the deduction for compensation for personal services shall be determined, as applicable to NH's tax structure, using the standards set forth in IRC §162(a)(1). Beginning on or after 1/1/11 there is a record-keeping safe harbor for deductions up to \$50,000 as total compensation for the tax year. Also creates a study committee to study safe harbors and the taxation of investment organizations (report due 11/1/11).		
2011	6/14/11	CH 181:2	RSA 77-A:1, XXI(a), to include under the definition of "Qualified Investment Company" a Qualified Community Development Entity (as defined in section 45D of the US Internal Revenue Code), which is owned, controlled, or managed, directly or indirectly, by the NH Business Finance Authority.		
2011	6/25/11	CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.		
2011	7/1/13	CH 224:363	RSA 77-A:4, XIII, increases the amount of Net Operating Loss that may be generated in a tax year from \$1,000,000 to \$10,000,000.		
2011	7/1/14	CH 225	RSA 77-A:5, X, <u>applicable for taxable periods ending on or after July 1, 2014</u> , changes the carryforward periods for the BET credit against the BPT from five taxable periods to ten taxable periods.		
2012	6/27/12	CH 287:2	RSA 77-G, establishes an Education Tax Credit against the BPT equal to 85% of a business organization's donation to a scholarship organization under new chapter RSA 77-G. <u>First year of program to begin January 1, 2013.</u>		
2012	5/23/12	CH 71	RSA 77-A:4, XIII (e), changes the applicability date for CH 224:363, Laws of 2011 (see above) from July 1, 2013 to January 1, 2013.		
2012	8/4/12	CH 116	Changes the prospective repeal date for the Research and Development Tax Credit under RSA 77-A:5, XIII from July 1, 2013 to July 1, 2015.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2016	6/21/16	CH 300	RSA 77-A:4, XIV, eliminates the requirement that a business organization make an addition to gross business profits when an interest or beneficial interest in the business organization is sold or exchanged in an amount equal to the net increase in the basis of all underlying assets. Any portion of the annual depreciation or amortization attributable to the increase in basis federally from the sale of an ownership interest shall be added back to the gross business profits of the business organization and the gain or loss on the sale or disposition of the asset shall be calculated without regard to the basis increase recognized federally. The business organization may make an irrevocable election to recognize the basis increase for any particular sale or exchange and if made, the business organization shall make an addition to gross business profits in an amount equal to the net increase in the basis of its assets in the tax period when the sale or exchange of the ownership interest occurs. The business organization may then deduct against gross business profits any annual depreciation or amortization attributable to the increased basis and take into consideration the basis increase upon the sale or disposition of the asset. Applicable to sales or exchanges occurring on or after 1/1/16.		
2017	7/1/19	CH 156:213			7.7% (for taxable periods ending on or after 12/31/2019)

2023 Tables by County

This report presents the 2023 Tables by County as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XII, which states:

“XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available.”

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the MS-1 Report, Summary Inventory of Valuation.

Assessment information is also gathered with regards to exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer's assessment versus a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

LAND VALUATION: The sum of the taxable land valuations for the following land subcategories:

- RSA 79-A, Current Use
- RSA 79-B, Conservation Restriction
- RSA 79-C, Discretionary Easement
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures
- Residential
- Commercial/Industrial

The values in the above columns are prior to the application of any exemption and do not include any utility land value.

BUILDING VALUATION: The sum of the taxable building valuations for the following building subcategories:

- Residential
- RSA 674:31, Manufactured (MFG) Housing
- Commercial/Industrial
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures

The values in the above columns are prior to the application of any exemptions and do not include utility building value.

PUBLIC UTILITIES: The figure represents the sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

MATURE WOOD & TIMBER: RSA 79:5

GROSS VALUATION: Gross valuation represents the valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

EDUCATIONAL & SPECIAL EXEMPTIONS: The sum of the following exemptions granted:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:23, IV, School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)
- RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

MODIFIED ASSESSED VALUATION: Modified assessed valuation represents the sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

LOCAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS: Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt or modify the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & -b, Elderly Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23, IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

NET LOCAL ASSESSED VALUATION: Net local assessed valuation represents the sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

GROSS PROPERTY TAXES: Gross Property taxes represent the sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

LESS VETERANS' CREDITS: Veterans' credits represent the sum of credits granted pursuant to RSA 72:28; 72:28-b; 72:28-c; 72:29-a; 72:32 and RSA 72:35.

NET TAX COMMITMENT: Net tax commitment represents the sum of gross property taxes minus the sum of the veteran's tax credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

ACTUAL TAX RATE: The actual tax rate equals the sum of the municipal, county, local and state school education tax rates. This tax rate does not include village district or precinct tax rates.

RESIDENTS TAX: Resident's tax represents the sum of monies collected by a municipality for the Residents Tax pursuant to RSA 72:1.

COUNTY SUMMARY: The county summary represents the totals for each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

EDUCATIONAL & SPECIAL EXEMPTIONS REPORT: This report provides a breakdown of the educational and special exemptions granted by municipalities. These are not optional.

LOCAL OPTIONAL EXEMPTIONS REPORT: This report provides a breakdown of what each municipality currently grants. These are optional and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal & Property Division at (603) 230-5950.

New Hampshire Property Tax Summary

The New Hampshire property tax system involves the budget, appropriation, and tax rate setting processes, the assessment of property values and appeal procedures, and the application of exemptions and tax credits. The Department equalizes property values for apportionment purposes and reviews municipal records for compliance with applicable laws and rules.

BUDGET AND APPROPRIATIONS

Every property owner is responsible for paying a portion of the money necessary to operate their municipality (town or city), school district, county, and village district. Each municipality, school district, county, and village district, annually establishes a budget to submit to their legislative body for approval. It is the budget and appropriations, voted by the legislative body, that establishes the basis for property taxes in New Hampshire.

The legislative body that votes the appropriations necessary to fund budgets varies depending on the type of government. In a town, school, and village district, it is by vote of the residents at an annual meeting. In a city or a town with a council form of government, the town or city council serves as the legislative body, and in a city, the Board of Mayor and Aldermen may serve as the legislative body. In a county, the county commissioners represent the legislative body and are responsible for the appropriation and oversight over all expenditures necessary to fund county government. County taxes are apportioned to each municipality within the county based on its proportion of the county's total equalized value.

SETTING OF TAX RATES

The total appropriations voted by the municipality, school district, county, and village district less revenue from all sources, is the amount of money needed to be raised by taxes. The amount to be raised by taxes is divided by the total local assessed property value to calculate the property tax rates.

$$\frac{\text{Voted Appropriation} - \text{Total Revenue}}{\text{Local Assessed Property Value}} \times 1,000 = \text{Tax Rate}$$

For example:

Annual town meeting appropriations =	\$ 1,000,000	-
Total Revenues	<u>\$ 300,000</u>	
Total to be Raised by Taxes	\$ 700,000	divided by
Total Local Assessed Property Value	<u>\$25,000,000</u>	=
Tax Rate	\$28.00 (for every \$1,000 of value)	

By law, every property tax bill must show the assessed value of property and the tax rate for each component of the total tax bill: Municipal, School (Local and/or Regional), State Education, County, and Village District.

PROPERTY ASSESSMENT AND APPEAL PROCESS

Property taxes are based upon the assessed value of property as of April 1. This means that the first tax bill, typically mailed in December, reflects the assessed value of property as of the previous April 1. For example, if a garage is built on May 15, the taxes would not be assessed on the garage until the following year since it did not exist on April 1 of the current tax year.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within a municipality as of April 1 each year. The accuracy of assessments, compared to market value, is best determined by a periodic revaluation of all property within the municipality.

During a revaluation, properties are valued using the applicable approach(es) to value known as sales, income, and cost. The intent of a revaluation is to assess property at its “full and true” value, also referred to as “market value.” More importantly, the purpose of a revaluation is to ensure that property within the municipality is assessed proportionally so that each property owner equally shares the property tax burden based upon the “value” of their property.

A revaluation establishes base year property values which must be updated at least once every five years. In the years following a revaluation, the assessors value pick-ups including new construction, subdivisions, and other changes to property as of April 1. Depending on the amount of change reflected in current sales, assessors may conduct a partial or statistical revaluation to maintain proportionality among all property values on an annual basis.

Unless all properties are updated to current market value, pick-ups are valued not at current year values but at the most recent revaluation year values. That way, if a revaluation had been done in 2021, a 3-bedroom cape style home built in 2022 will be assessed comparably to a 3-bedroom cape style home built in 2021. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc. Other characteristics of a property that may contribute to value such as a view, water frontage, or a junkyard, must also be considered.

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error. The first level of appeal is to request an abatement of property taxes with the local assessing officials. The request for abatement must be made in writing, or filed on a form, by March 1, after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is to either the Board of Tax and Land Appeals (BTLA) or to the superior court in the county where

the property is located. Forms for both the municipal and BTLA appeal may be found on the BTLA's website at <https://www.btla.nh.gov/jurisdiction/property-tax>.

An opinion that property taxes are “too high” is not adequate grounds to justify an abatement. The “amount of tax” is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property, or evidence of a disproportionate assessment, to qualify for an abatement. If an appeal is filed, the burden is on the property owner to show how the assessment was in error.

RATIO STUDY AND EQUALIZATION

All municipalities do not conduct revaluations in the same year. Some may be assessing property close to full value (due to a recent revaluation) while other municipalities are assessing property at more or less than full value (because their revaluation is not current). This variation makes it difficult to compare municipalities to one another because the local assessed valuations are based upon different revaluation years.

The ratio study process involves a detailed review of property sales throughout the state and compares qualified sales with the local property assessments. Statistics are derived from this process that measure the level of assessments (median ratio), uniformity of assessments (coefficient of dispersion), and proportionality of assessments (price-related differential).

The median ratio is used to determine the level in which assessments compare to market value. The coefficient of dispersion, or COD, measures the equity within a group of ratios from the median ratio. And the price-related differential, or PRD, measures the differences in the appraisal of low value and high value properties. These statistics are reviewed annually to understand the general level of assessment in a municipality and used to determine if a revaluation is needed. Whether a municipality's median ratio is high or low, the COD is more important. The lower the COD, the more uniform the assess paying their fair share of the property tax burden based on the value of their property.

The weighted mean, also known as the equalization ratio, is the other statistic calculated from the ratio study. This ratio is used to adjust each municipalities' total local assessed property value to 100% or full value to reasonably apportion shared tax burdens. Shared tax burdens include the county tax, state education tax, cooperative school district tax, and village districts. This process of adjusting property values to 100% or full value is called the equalization process. The Department issues the total equalized values to each municipality, typically, in April. Details about the ratio study process, equalization process, and an explanation of statistics are provided in the [NH Equalization Manual](#), which can be found on the DRA's website at [Municipal and Property Division | NH Department of Revenue Administration](#). You may also contact the Department at (603) 230-5950.

LOW AND MODERATE INCOME HOMEOWNER'S PROPERTY TAX RELIEF

The low and moderate income homeowner's property tax relief program, also known as education property tax relief, is available to homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax.
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of:
 - \$37,000 or less, if a single person.
 - \$47,000 or less, if married or head of a New Hampshire household.

There are two ways to submit a claim:

- Form DP-8, [Low and Moderate Income Homeowner's Property Tax Relief](#), is available on the DRA's website at [Current Year Forms and Instructions | NH Department of Revenue Administration](#) under the **Low & Moderate Program** heading. The form is a fillable PDF which may be opened, completed, and saved.
- Through Granite Tax Connect at [Granite Tax Connect | NH Department of Revenue Administration](#).

Pursuant to [RSA 198:57 Low and Moderate Income Homeowners Property Tax Relief](#), claims must be filed with the Department of Revenue Administration between May 1 and June 30 following the due date of the final tax bill as defined in RSA 76:1-a for state education property taxes.

For purposes of calculating the maximum award available, the maximum homestead value is increased to \$220,000. For purposes of calculating the total award each recipient receives, the income brackets for single applicants and married or head of household applicants are incrementally increased for each income bracket.

The Department of Revenue Administration rules for the low and moderate income homeowner's property tax relief (Rev 1200) are located on the Office of Legislative Services, Administrative Rules page at https://gencourt.state.nh.us/rules/state_agencies/rev1200.html.

This program is administered by the Taxpayer Services Division of the Department of Revenue Administration. For additional information or questions, call (603) 230-5920 or visit their website at [Low and Moderate Income Homeowners Property Tax Relief | NH Department of Revenue Administration](#).

ASSESSMENT REVIEW

As a result of the Supreme Court's 2001 decision in *Evelyn Sirrell v. State of New Hampshire*, [RSA 75:8-a Five-Year Valuation](#) was signed into law requiring all towns and cities in New Hampshire to reappraise all real estate within the municipality at least as often as every fifth year to ensure assessments are at the full and true value. The Department of Revenue Administration is mandated by [RSA 21-J:11-a Assessment Report](#) and [RSA 21-J:11-b Implementation of Assessment Review](#) to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules.

The Assessing Standards Board (ASB) amended and adopted the *Standards for Monitoring of Local Assessment Practices* in April 2023, to be implemented during the fifth 5-year Assessment Review cycle that began in 2023. All municipalities will have undergone Assessment Review within this cycle, ending in 2027. The Department's staff conducts file and field reviews of municipal records and reports on the assessing practices of the municipalities in accordance with the ASB standards. The findings are reported to the municipalities and to the ASB. The final municipal report becomes a public document after a 30-day review period has ended.

EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due. Every municipality offers an exemption for blind and elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt, modify or rescind, the following exemptions: blind, elderly, disabled, deaf, woodheating energy system, wind-powered energy system, solar energy system, and electric energy storage systems. Property tax credits are available to qualifying veterans or their surviving spouses.

Form PA-29, [Permanent Application for Property Tax Credits/Exemptions](#), shall be used to apply for an exemption or a tax credit and must be filed with the municipality on or before April 15, prior to that year's tax bill. Form PA-29 shall also be used to apply for tax deferral for elderly or disabled taxpayers meeting certain criteria and shall be filed with the municipality on or before March 1 prior to that year's tax bill. Form PA-29, [Permanent Application for Property Tax Credits/Exemptions](#), is available on the DRA website at [Current Year Forms and Instructions | NH Department of Revenue Administration](#) under the **Property** heading)

CONCLUSION

Property taxation in New Hampshire can be a complex process. The Assessing Standards Board has published a document called [Understanding NH Property Taxes: The Official NH Assessing Reference Manual](#), that can be found on the Department's website at [Municipal and Property Division | NH Department of Revenue Administration](#) under **Related Links**.

The information in this manual ranges from municipal and taxpayer form due dates, the equalization process, the appraisal process, approaches to value, revaluations, jurisdictional exceptions (taxes based on values other than market value), exemptions and credits, taxpayer rights, a breakdown of real estate taxes, forms, and frequently asked questions.

For additional information, contact the Department's Municipal and Property Division at (603) 230-5950 or visit the website using the above.

2023 Equalization Survey

“Including Utilities and Railroads”

May 1, 2024

This report presents the results of the 2023 Equalization Survey “including utilities and railroads” conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (*Revised 4/1/99*), which states:

“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compared with the statutory ratio of 100%, so that taxes can be apportioned equitably.

The Department of Revenue Administration (DRA) has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2022, to September 30, 2023, against the actual assessments applied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arms-length sales transferred for market value in this analysis. Every effort has been made to exclude non-arms-length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2023 sales assessment ratio. These ratios were used in conjunction with other DRA adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2023 MS-1, Summary Inventory of Valuation.

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veterans'
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption (\$150,000 max per exemption)
- RSA 72:12-a, Water & Air Pollution Control Exemption

= MODIFIED ASSESSED VALUATION minus:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

= NET LOCAL ASSESSED VALUATION. This is used to compute the municipal, county and local school tax rates.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III. - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality's tax rate.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation and is divided into three categories.

- Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities), buildings and manufactured housing is equalized by the 2023 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are applied. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2022 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, 601.16 and 601.25, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

Category 3: The total modified local assessed value of public utilities, as defined by RSA 83-F, is equalized by the 2023 ratio. The difference between the modified local assessed value of utilities and the equalized value of utilities equals the DRA adjustment for utilities. The value of public utilities is not added into the “Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes.”

DRA INVENTORY ADJUSTMENT: The sum of the adjustments for the above three categories.

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality and is the sum of the “modified local assessed valuation” plus the DRA inventory adjustment.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the “Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes.”

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2024 tax year.
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2024 tax year.

LOCAL TAX RATE: The local tax rate, also known as the actual tax rate, is calculated by the Department of Revenue Administration, Municipal Bureau. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2023 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's Equalization Bureau.

FULL VALUE TAX RATE: The 2023 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2023 Notification of Total Equalized Valuations on **April 22, 2024**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

This report presents the results of the 2023 Equalization Survey “**not including utilities and railroads.**” It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (Revised 4/1/99), which states:

“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2022, to September 30, 2023, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arm’s-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2023 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.
MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality’s 2023 MS-1,

Summary Inventory of Valuation, “not including utility values taxed pursuant to RSA 83-F.”

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veteran’s
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption: (\$150,000 max per exemption)
- RSA 72:12-a, Water & Air Pollution Control Exemption:

= MODIFIED ASSESSED VALUATION is used to calculate the total equalized valuation minus:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

= NET LOCAL ASSESSED VALUATION Not Including Utility Valuation

The State Education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality’s tax rates.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2023 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land,

buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2022 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, Rev 601.16, and Rev 601.25, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

TOTAL EQUALIZED VALUATIONS NOT INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The 2023 “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the State Education property tax for the tax year 2025. The 2022 total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2024.

EQUALIZATION RATIO: The 2023 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2023 Notification of Total Equalized Valuations on **April 22, 2024**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

Comparison of Full Value Tax Rates

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2023 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-228 for 2023). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by N/A in the Rank column) have no 2023 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

For example:	Town A	<u>100,000 X 21.95</u>	
		1000 =	\$2,195.00
	Town B	<u>100,000 X 26.56</u>	
		1000 =	\$2,656.00

Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
