EXPLANATION

The American Rescue Plan Act (ARPA) of 2021, is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic and health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergency, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure.

The former Mohawk Tannery, also known as Granite State Leathers, produced tanned hides for leather between 1924 and 1984. The tannery produced sludge and acidic residual waste and disposed of waste in a series of pits and drainage basins in and around the tannery buildings. The sludge and the soils in these areas are contaminated with heavy metals, semi-volatile organic compounds, dioxins, and asbestos. The Site was proposed to the Environmental Protection Agency's (EPA's) National Priorities List in 2000 but was never listed. EPA has reached an agreement with a private developer, Blaylock Holdings, LCC., to purchase, remediate and redevelop the Site. The remediation design will address identified contaminants of concern in soils, sludges, and contaminated waste to reduce the threat posed to human health and the environment. Cleanup work at the site will include excavation of hazardous tannery waste, landfill material, and asbestos containing material, disposal of waste in newly constructed waste containment cells, and general property restoration. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

This grant will be combined with other federal, state, municipal, and private funding sources to complete the remediation project with a proposed total cost of \$23,428,150. This grant agreement has been approved by the Attorney General's Office as to form, substance, and execution.

We respectfully request your approval.

Robert R. Scott
Commissioner
