### EXPLANATION

The Body-worn and Dashboard Camera Fund was established in RSA 105-D:3 to provide matching grants to local law enforcement agencies to assist with the purchase, maintenance, and replacement of body-worn and dashboard cameras including ongoing costs related to the maintenance and storage of data. In accordance with Administrative Rule Saf-C 9700, awards provide matching funds of up to 50% of the cost, up to a maximum of \$50,000.00 per entity. The grant program was announced on July 1, 2024, and two applications were received by the September 20, 2024, deadline. Both applicants received funding from this program.

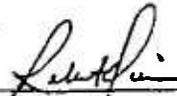

Due to the time required to fully execute and accept funding at the county and municipal level, and the timing of future Governor and Executive Council meetings, the Department of Safety requests authorization to enter into the grant agreements noted above using the grant agreement form attached to this request. Governor and Executive Council approval of this authorizing item will permit grant agreements to become

and the Honorable Council

effective after being fully executed and accepted at the county and municipal level, without requiring further action by the Governor and Executive Council.

These agreements will remain subject to a review of form and execution by the Attorney General's Office before final execution and approval by the Department of Safety.

Respectfully submitted,

Robert L. Quinn  
Commissioner of Safety
