EXPLANATION

Cooperative Alliance for Seacoast Transportation (COAST) has been awarded Federal Transit Administration (FTA) Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) program funds in the amount of \$898,000 to provide expanded transportation services in the Region 10 Southeast Region Coordinating Council (RCC) service area. FTA Section 5310 funds support eligible activities including operating, capital, mobility management, and volunteer driver programs.

The Department's proposed SFY 2024 and 2025 operating budget includes funds from the FTA Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) that provides funds for capital, contracted services, and mobility management for seniors and individuals with disabilities in New Hampshire.

COAST will act as the lead agency to facilitate the provision of accessible demand response transportation services for seniors and individuals with disabilities within the region and will support mobility management and strategic planning activities in cooperation with the Region 10 Southeast Region Coordinating Council.

The Section 5310 RCC funds were allocated by region according to a formula based on regional populations of residents over 65 and those between the ages of 5-64 with disabilities. Each individual RCC was responsible for conducting its own project solicitation, evaluation, and prioritization and then submitting one regional application for eligible Section 5310 RCC projects through an approved lead agency. Southeast Region Coordinating Council designated COAST as the lead agency for Region 10 and tasked COAST with applying for Section 5310 RCC funds on behalf of Region 10. As required by FTA, all projects are identified in a locally developed coordinated public transit-human services transportation plan.

COAST, in conjunction with its regional partners as applicable, will provide the remaining required non-federal matching funds. In the event that Federal Funds become unavailable, general funds will not be requested to support this program.

The Agreement has been approved by the Attorney General as to form and execution and the Department will verify the necessary funds are available pending enactment of the Fiscal Year 2024 and 2025 budget. Copies of the fully executed Agreement are on file at the Secretary of State's Office and the Department of Administrative Services, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

Your approval of this resolution is respectfully requested.

This project is for the period July 1, 2023 – June 30, 2025. The Grantee's grant application is hereby incorporated by reference and made part of this agreement. The Grantee agrees to provide all services indicated in the grant application unless modified per this agreement.
3. The following terms and conditions apply to all of the FTA Section 5310-funded services for seniors and individuals with disabilities provided by Grantee pursuant to this agreement:
 - a. The State may require the Grantee to provide additional transportation services or to reduce transportation services provided under this grant. Any alterations to such transportation services shall be submitted in writing by the State to the Grantee. The Grantee shall implement the alterations within thirty (30) days unless a different timeframe is agreed to by the State and the Grantee.
 - b. Mobility management activities, and as applicable, transportation services, subgrantees, and maximum reimbursement rates, shall consist of those submitted in the Grantee's 5310 Regional Coordinating Council (RCC) application or as subsequently modified by the State through written notification to the Grantee. Further amendments to mobility management activities, transportation services, subgrantees, and/or maximum reimbursement rates require RCC approval, as documented in official minutes, as well as written approval from the State.
 - c. Eligible Regional Mobility Manager expenses shall be limited to those directly related to the position's role as described within the 2016 "New Hampshire Statewide Coordination of Community Transportation Services Plan" and/or within the most recent "New Hampshire Statewide Mobility Manager Network: A Blueprint for Implementation", both hereby incorporated by reference. Roles may be further modified based on those recommended by the Statewide Coordinating Council (SCC) and approved in writing by the State.

- d. All services provided shall conform to FTA Section 5310 guidelines. Per FTA requirements, the Grantee shall be responsible for oversight of subgrantees and contractors relative to FTA requirements.
- e. The Grantee shall ensure the provision of ADA-accessible services within the RCC region. Any marketing materials, brochures, and other service information shall describe it as ADA-accessible. It is acceptable for a subgrantee/lower tier subrecipient that does not utilize accessible vehicles to contract with an accessible provider in order to meet this requirement.
- f. The Grantee must fulfill its contractual obligations and provide its scope of services throughout the Grant period regardless of expenses exceeding the maximum allowed to be reimbursed. As necessary, the Grantee shall establish trip priorities to ensure funds are not expended prematurely.
- g. The State may require the Grantee to provide additional transportation services or to reduce transportation services provided under this Grant. Any alterations to such transportation services shall be submitted in writing by the State to the Grantee. The Grantee shall implement the alterations within thirty (30) days unless another timeframe is agreed to by the State and the Grantee.

Gentlemen:

This modifies our letter of the above date in which we stated that you would be treated as an organization which is not a private foundation until the expiration of your severance ruling period.

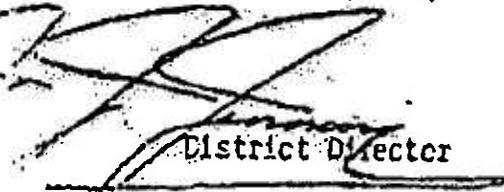

Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Internal Revenue Code, because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi). Your exempt status under section 501(c)(3) of the Code is still in effect.

Grantors and contributors may rely on this determination until the Internal Revenue Service publishes notice to the contrary. However, a grantor or a contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 170(b)(1)(A)(vi) status, or acquired knowledge that the Internal Revenue Service has given notice that you would be removed from classification as a section 170(c)(1)(A)(vi) organization.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

INDEPENDENT AUDITOR'S REPORT

December 24, 2022

To the Board of Directors
of the Cooperative Alliance for Seacoast Transportation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Cooperative Alliance for Seacoast Transportation (a nonprofit organization), which comprise the statements of financial position as of September 30, 2022 and 2021, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Cooperative Alliance for Seacoast Transportation as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cooperative Alliance for Seacoast Transportation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative Alliance for Seacoast Transportation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative Alliance for Seacoast Transportation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative Alliance for Seacoast Transportation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of grant expenditures are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of grant expenditures are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 24, 2022, on our consideration of the Cooperative Alliance for Seacoast Transportation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cooperative Alliance for Seacoast Transportation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cooperative Alliance for Seacoast Transportation's internal control over financial reporting and compliance.

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1: NATURE OF THE ORGANIZATION

Cooperative Alliance for Seacoast Transportation (COAST) is organized as a Public Nonprofit Corporation and was formed in 1982 to promote and provide public mass transportation for southeastern New Hampshire. The Organization provides administrative, planning, para-transit, and coordination services. COAST receives approximately 75% of its funding directly from the federal government. The balance of its funding comes from local sources, primarily municipalities served by the transit routes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the Standards of Accounting and Financial Reporting for Not-for-Profit Organizations as promulgated by the American Institute of Certified Public Accountants. They are stated on the accrual basis and include all material accounts receivable and payable.

Recent Accounting Pronouncements

In June 2018, the FASB issued ASU 2018-08, "Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958)". The amendments in this Update provide a more robust framework to determine when a transaction should be accounted for as a contribution under Subtopic 958-605 or as an exchange transaction accounted for under other guidance (for example, Topic 606). The amendments also provide additional guidance about how to determine whether a contribution is conditional. COAST adopted this ASU on October 1, 2020.

COAST implemented ASU 2018-08 using a full retrospective method of application. The adoption of ASU 2018-08 resulted in changes to the disclosure of revenue. There were no material changes to the recognition or presentation of revenue as a result of the application of ASU 2018-08. As a result, no cumulative effect adjustment was recorded upon adoption.

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)". This ASU supersedes the revenue recognition requirements in "Topic 605, Revenue Recognition", and most industry-specific guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. COAST adopted this ASU on October 1, 2020.

COAST implemented ASU 2014-09 using a full retrospective method of application. The adoption of ASU 2014-09 resulted in changes to the disclosure of revenue. There were no material changes to the recognition or presentation of revenue as a result of the application of ASU 2014-09. As a result, no cumulative effect adjustment was recorded upon adoption.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The majority of COAST's revenue is derived from cost-reimbursable federal contracts and grants, which are conditioned upon costs of providing transit services. Amounts received are recognized as revenue when COAST has incurred expenditures in compliance with specific contract or grant performance requirements (incurring costs for providing transit services).

Financial Statement Presentation

The Organization follows the recommendation of the Financial Accounting Standards Board as applicable to not-for-profit organizations. Under these standards, the Organization is required to report information regarding its financial position and activities according to two classes of net assets, as applicable: net assets with donor restrictions or net assets without donor restrictions.

Descriptions of the two net asset categories are as follows:

Net Assets with Donor Restrictions

The part of net assets of a not-for-profit entity that is subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

Net Assets without Donor Restrictions

The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

A donor-imposed restriction is a donor stipulation (donors include other types of contributors, including makers of certain grants) that specifies a use for a contributed asset that is more specific than broad limits resulting from the following:

- a. The nature of the not-for-profit entity (NFP)
- b. The environment in which it operates
- c. The purposes specified in its articles of incorporation or bylaws or comparable documents for an unincorporated association.

The Organization reflects all resources used for operations as net assets without donor restrictions since any restricted revenues are generally received and spent in the same year.

Receivables

No allowance for doubtful accounts has been reflected since management believes all accounts receivable to be collectible. Accounts receivable will be considered delinquent based on the contractual terms of the agreement. COAST does not assess interest on outstanding or past-due balances.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fixed Assets

Structures and equipment are stated at cost if purchased or fair market value if contributed. Depreciation is recorded on the straight-line method over a two to twenty-five year period. Expenditures for additions, renewals and betterments of buildings and equipment, unless of a relatively minor amount, are capitalized. Expenditures for maintenance and repairs are expensed as incurred.

Inventory

Inventory, which consists of fuel and bus parts, is stated at the lower of cost or market.

Income taxes

No income tax provision has been included in the financial statements of COAST since it is a not-for-profit entity exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. It has been classified as an organization that is not a private foundation. COAST has analyzed its tax positions and has determined that there are no unrecognized tax obligations to record.

Cash Equivalents

For purposes of the statement of cash flows, COAST considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Functional Allocation of Expenses

The costs of providing various programs and supporting services are summarized on a functional basis in the statement of activities. Expenses are directly charged to the appropriate activity, where feasible. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, they may require allocation on a reasonable basis that is consistently applied. This basis included personnel cost allocations which are based on the estimates of time and effort.

Contributed Services

The value of contributed service of transit drivers is included in these statements. The value of contributed services of other volunteers is not reflected in these statements since there is no objective measurement available for such services.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and reported revenues and expenses.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising

The Organization expenses advertising costs as incurred.

Risks and Uncertainties

On March 11, 2020, the World Health Organization declared the outbreak of the COVID-19 virus a global pandemic as it spread rapidly throughout the world and still continues to spread. The virus negatively impacted COAST's operations, such as lower ridership, a shortage of bus operators and a subsequent service suspension of some fixed bus routes. Management has evolved with the pandemic in an effort to support its employees and riders.

In an effort to counter the virus' negative impact on operations, COAST has received federal funding to support its operations during the pandemic.

COAST continues to closely monitor the situation. Depending on the severity and duration of the pandemic, COAST could continue to experience additional negative impacts to operations; however, the extent of the future impact cannot be reasonably estimated at this time.

NOTE 3: LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Organization's financial assets as of the balance sheet date, reduced by amounts not available to meet cash needs for general expenditures within one year. The Organization's working capital and cash flows have variations during the year primarily due to the inconsistent collections of accounts receivable.

As part of the Organization's liquidity management plan, funds in excess of general requirements are invested in a money market account.

Financial assets at year-end:

	2022	2021
Cash and equivalents	\$ 1,975,763	\$ 1,494,157
Accounts and grants receivable	671,237	608,543

NOTES TO FINANCIAL STATEMENTS

NOTE 4: CONCENTRATION OF CREDIT RISK

COAST maintains accounts with First Seacoast Bank and TD Bank that at times exceed the Federal Deposit Insurance Corporation (FDIC) limit of \$250,000. At September 30, 2022, the bank balances for each institution totaled \$1,170,812 and \$308,782, respectively.

The majority of the funding for COAST is received directly from the Federal Government. Accounts receivable at September 30, 2022 includes \$442,024 from the Federal Government and a total of \$129,900 from the states of New Hampshire and Maine.

NOTE 5: STRUCTURES AND EQUIPMENT

Structures and equipment consist of the following components at September 30, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Structures, land and leasehold improvements	\$ 1,576,603	\$ 1,289,291
Equipment, vehicles and furniture	9,364,453	8,182,441
Amenities and miscellaneous	693,794	642,140
	<u>11,634,850</u>	<u>10,113,872</u>
Accumulated depreciation	<u>(7,427,937)</u>	<u>(7,503,416)</u>
	<u>\$ 4,206,913</u>	<u>\$ 2,610,456</u>

Included in these figures are three vehicles which are not currently used in operations by COAST. The vehicles are used by community agencies in the provision of transit services for the elderly and disabled. COAST retains the title to these vehicles and would take possession of the vehicles if these services were to cease. At September 30, 2022 and 2021, these vehicles are fully depreciated.

NOTE 6: REFUNDABLE ADVANCES

COAST recognizes conditional income from grants as services are provided and conditions are met. Funds received in advance are recorded as refundable advances.

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 7: OPERATIONS

Transit operation expenditures are detailed in the Supplemental Data "Grant Expenditures - Operating Grants." Costs are recorded in accordance with the FTA as set forth in its National Transit Database Uniform System of Accounts. Reimbursement rates are 50%, 80% or 100%. Preventive maintenance and facility expenses are included in maintenance.

NOTE 8: PENSION PLAN

COAST has a SIMPLE pension plan. The organization matches employee contributions up to three percent of salaries. The cost for the years ended September 30, 2022 and 2021, respectively, were \$46,148 and \$41,631.

NOTE 9: CONTINGENT LIABILITIES

COAST receives money from the federal government under grants. Under the terms of these grants, COAST is required to use the money within the grant period for purposes specified in the grant proposals. If the expenditures of the grant were found not to be in compliance with the proposal, COAST might be required to repay the grantor's funds. The federal government also has an interest in equipment purchased with federal funds. Because specific amounts, if any, have not been determined by grantor agency audits as of September 30, 2022, no provision has been made for this contingency.

NOTE 10: COLLABORATION

During the year ended September 30, 2009, COAST and Stafford Network (a nonprofit organization) formed a working committee known as the Alliance for Community Transportation (ACT) for the purposes of establishing and advancing a transportation brokerage network in the area. COAST has agreed to receive grant funding and provide human resource and oversight of the Manager of Coordination Planning and Operations. COAST also provides dispatch and operational support. Expenditures for this project in the amount of \$450,033, and related revenue of \$496,212, are included in the financial statements for the year ended September 30, 2022.

NOTES TO FINANCIAL STATEMENTS

NOTE 11: COMMITMENTS

Lease Commitment

For the year ended September 30, 2021, COAST was engaged in a tenancy-at-will agreement for the rental of its office facilities. COAST incurred net rent expense of \$27,000 and was allotted contributions from the Lessor in the amount of \$3,000. The lease also called for COAST to pay a pro rata share of the utilities and internal maintenance and repairs.

Starting October 1, 2021, COAST entered into a new three-year lease for its office facilities. The lease includes the right to terminate the lease without cause upon at least a ninety days' written notice to the Lessor. The market value of the leased space is \$2,550 per month and the Lessor agrees to provide a \$250 per month contribution towards the market value. COAST owes a net monthly payment of \$2,300. COAST will continue to pay a pro rata share of utilities and internal maintenance and repairs. For the year ended September 30, 2022, COAST incurred net rent expense of \$27,600 and was allotted \$3,000 in contributions from the Lessor. COAST continues to pay a pro rata share of utilities and internal maintenance and repairs.

Future minimum lease payments for the subsequent fiscal year ends are as follows:

2023	\$	30,600
2024		30,600
	\$	<u>61,200</u>

Construction of New Facility Commitment

COAST is in the planning process of the construction of a new 48,000 square foot facility to house its transit operations and administrative offices. The estimated cost of the new facility is approximately \$15,000,000. Funds for the project will come from a blend of sources, including up to \$12,000,000 in Federal Transit Authority (FTA) capital grants, which will require \$3,000,000 in matching funds. COAST is in the process of raising the matching funds.

For the fiscal year ended September 30, 2022, COAST has been awarded \$449,600 in federal grants, of which COAST has drawn down \$246,195, or 80% of its \$307,744 in related expenditures.

NOTE 12: SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 24, 2022, which is the date the financial statements were available to be issued.

The COVID-19 virus is still present in the United States. Future potential impacts caused by the virus may include additional disruptions or restrictions on the COAST's ability to serve its riders; however, the related financial impact and duration cannot be reasonably estimated at this time.

COAST, Dover, NH

Regional Mobility Manager

2013 – Present

- Manage TripLink, a regional call center that handles ride requests from seniors and individuals with disabilities on behalf of ACT, COAST, Ready Rides, Rockingham Nutrition & Meals on Wheels, and the Community Action Partnership of Strafford County. Recruit additional partner agencies to reduce overhead costs and provide seamless service for transportation users. Develop business rules and policies for new partners. TripLink's service partners provided over 27,000 rides in FY20.
- Provide staff support for the multi-agency Regional Coordination Council for Community Transportation for Southeastern NH (Alliance for Community Transportation), including setting the agenda and moderating council discussions. Regional Coordination Councils around the state work to improve their regions' transportation networks by helping transportation providers coordinate and collaborate. Our region's work is often highlighted for the success of TripLink, a regional transportation call center.
- Manage a \$500,000 budget, including applying for federal grants. Apply for philanthropic, municipal, and county grants and develop other income streams to serve as local match to Federal Transit Administration grants.
- Leader in statewide work on transportation coordination, currently chairing the State Coordinating Council for Community Transportation's Regional Mobility Manager subcommittee, serving on the NH Alliance for Healthy Aging's Transportation Workgroup, launching a volunteer driver program networking group, and sitting on the Endowment for Health's Advisory Council. The Endowment for Health is a statewide, private, nonprofit foundation dedicated to improving the health of New Hampshire's people, especially those who are vulnerable and underserved.
- Provide travel training for seniors and individuals with disabilities to reduce barriers to accessing the fixed route bus system and demand response services.
