Re: **PETITIONS – Alstead #43566A & #43566B**

The Department of Transportation requests placing this item on the Consent Calendar.

Under RSA 230:14, attached is a petition for a hearing on the Alstead 43566A project, the proposed repair and reconstruction of NH Route 123A in Alstead as a result of the July 29-30, 2021 storm event.

Also included in the petition for a hearing is the companion Alstead 43566B project that will also repair and reconstruct NH Route 123A in Alstead as a result of the July 29-30, 2021 storm event. The NH Route 123A roadway repairs are located approximately 0.1 miles east of the NH 123 and NH 123A intersection in Alstead and adjacent to the Vilas Pool Dam.

As the petitions are not for the limitation or control of access, a Commission of Three Persons should be appointed by the Governor with the advice of the Executive Council to hold both hearings as prescribed by RSA 230:14. The Commission of Three Persons shall determine whether there is an occasion for the repair and reconstruction of NH Route 123A.

The purpose of the Alstead 43566A & 43566B projects are to repair and reconstruct NH Route 123A in Alstead, New Hampshire as a result of the July 29-30, 2021 storm event.

Recommended Commission:

Michael Hoefler -- Keene
Joel C McCarthy – Alstead
Chris Coates -- Keene

Proposed Budget:

9 workdays @ \$50.00 = \$450.00
415.6 miles @ \$0.67 = \$278.45
TOTAL = \$728.45

Respectfully,

William J. Cass, P.E.
Commissioner
