EXPLANATION

The Land and Water Conservation Fund (LWCF)-State Assistance Program is funded by the US Department of Interior, National Park Service (NPS) under the LWCF Act of 1965 (Public Law 88-578) codified as positive law at 54 U.S.C. § 200301 et seq. The program provides 1:1 matching/reimbursement grants to States, and through States to local units of government as sub-recipients, for the acquisition, development and/or renovation of public outdoor recreation sites and facilities. Grants approved by the NPS are first received by the DNCR then passed through to the local government sub-recipients.

As condition of this \$297,500 sub-grant the Town of Exeter commits at minimum an additional \$297,500 from other sources, in fulfillment of the program's 1:1 cost share requirement, for an overall project value of \$595,000 or more. The project scope, as approved by the NPS, consists of demolition and removal of wood playground and replacing with new playground structure including fencing, paving, irrigation and landscaping at Recreation Park located at 4 Hampton Road, Exeter.

The Attorney General's Office has reviewed and approved the attached grant agreement as to form, substance, and execution.

Respectfully submitted,

3. Penalties

Failure by the Subrecipient to comply with any of the rules governing reimbursement of funds may result in the non-reimbursement of funds providing corrections are not made within the Project Period.

4. **Ongoing Requirements of Receiving Federal LWCF Assistance Funds**

The Subrecipient agrees that the property described in the Approved Application and this Subaward Agreement is being acquired and/or developed with LWCF assistance and therefore, without the approval of the Secretary of the United States Department of the Interior, it shall not be converted to other than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of property leased from a federal agency. The Secretary shall approve such a conversion only if it is found to be in accord with the then existing statewide comprehensive outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location (54 U.S.C. 200305(f)(3)). The LWCF post completion compliance regulations at 36 C.F.R. Part 59 provide further requirements. The replacement land then becomes subject to LWCF protection.

5. **Non-Discrimination**

The Subrecipient agrees to comply with Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), Title IX of the Education Amendments of 1972, as amended, (Pub. L. 92-318; Pub. L. 93-568, and Pub. In accordance with the above laws and regulations issued pursuant thereto, the Subrecipient agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Subrecipient receives Federal assistance.

6. **Drug-Free Workplace**

The Subrecipient covenants and agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Public Law 100-690, Title V, Subtitle D; 41 U.S.C. 701, et seq.).

The Subrecipient agrees to comply with the provisions of Executive Office of the President, Executive Orders 12549 and 12698, 2 CFR part 180, and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility matters. These regulations restrict awards, sub awards,

and contracts with certain parties that are debarred, suspended, or otherwise excluded for or ineligible for participation in Federal assistance programs or activities.

9. Universal Accessibility

The Subrecipient shall comply with all applicable provisions of the Architectural Barriers Act of 1968 (Public Law 90-480); Section 504 of the Rehabilitation Act of 1973, as amended; and the Americans with Disabilities Act.

10. Build America, Buy America

Based on project information provided by the State to the NPS through an intake and review process request the NPS has determined, in concurrence with the State that the Federal Grant Agreement, associated with this Subaward Agreement, does not appear to fund a project for "Infrastructure" within the scope of the Buy America Preference (Infrastructure Investment and Jobs Act, P.L. 117-58, Title IX (Jan 3, 2021)), as the project does not align with any of the enumerated categories of "Infrastructure" in the law (Sec. 70912 (5)). Therefore, this project as currently described within Exhibit B of this Subaward Agreement is not subject to the provisions of the Infrastructure Investment and Jobs Act ("IIJA") Pub. L. 117-158, which includes the Build America, Buy America Act. Pub. L. 117-58, §§70901-52, further described in Article XI, Section 25 of the Federal Grant Agreement.

While the project might include design, construction components, and materials, it is still possible for the Subrecipient to make a good faith effort to procure Made in America products. Any amendments to the scope of this project will require subsequent review for the continuance of this determination.

11. Copeland "Anti-Kickback" Act

The Subrecipient covenants and agrees that it will comply with the Copeland "Anti-Kickback" Act (18 U.S.C. Section 874) as supplemented in Department of Labor regulations (29 CFR Part 3). As applied to this Grant Agreement, the Copeland "Anti-Kickback" Act makes it unlawful to induce, by force, intimidation, threat of procuring dismissal from employment, or otherwise, any person employed in the construction or repair of public buildings or public works, financed in whole or in part by the United States, to give up any part of the compensation to which that person is entitled under a contract of employment.

I. LEGAL AUTHORITY

National Park Service (NPS) enters into this Agreement pursuant to:

Land and Water Conservation Fund (LWCF) Act of 1965, as amended (P.L. 88-578; currently codified at 54 U.S.C. § 200301 et seq.)

II. PERFORMANCE GOALS AND PROJECT OBJECTIVES

A. Performance Goals – LWCF financial assistance is provided to assure that a sufficient quality and/or quantity of outdoor recreation resources are available to serve the present and future outdoor recreation demands and needs of the general public. This project will improve public outdoor recreation opportunity for intended beneficiaries renovating Recreation Park in Exeter, New Hampshire. The Town of Exeter (Town) residents will benefit from this project by providing proper accessibility for those with mobility issues and disabilities.

B. Project Objectives – The Town will replace the playground at Recreation Park.

III. PUBLIC PURPOSE

The purposes of the LWCF Act are to assist in preserving, developing, and assuring accessibility to all citizens of the United States of present and future generations, and visitors who are lawfully present within the boundaries of the United States, such quality and quantity of outdoor recreation resources as may be available and are necessary and desirable for individual active participation in such recreation; and to strengthen the health and vitality of U.S. citizens. These purposes are accomplished in part by providing funds for and authorizing Federal financial assistance to States (and through States to local units of government) to plan for, acquire, and develop needed land and water areas and facilities for outdoor recreation.

IV. STATEMENT OF WORK

The Town of Exeter will replace the large wooden playground facilities, known as “Planet Playground,” located at Exeter’s largest and most visited park with new, universally designed playground to allow proper accessibility for those with mobility issues and disabilities. The renovation will include a new playground, pathways, chain fence, landscaping and irrigation.

The Recipient and Subrecipient shall adhere to the approved statement of work as set forth here and in Attachment F of this agreement.

V. RESPONSIBILITIES OF THE PARTIES

A. The Recipient agrees to:

1. Administer the grant to the Subrecipient, who shall carry out the Statement of Work in accordance with the terms and conditions stated herein. The Recipient and

- Subrecipient shall adhere to Federal, state, and local laws, regulations, and codes, as applicable.
2. The Subrecipient shall perform under this grant. The Town will replace the playground at Recreation Park.
 3. Ensure Subrecipient compliance with the requirements of 2 CFR 200. The Recipient must identify the selected subrecipient and provide the associated project and budget narratives to the NPS for review prior to making the subaward.
 4. Ensure the Subrecipient select(s) qualified subcontractors and submit(s) documentation to the NPS showing competitive selection or justification for single source procurement in accordance with 2 CFR 200.318 – 200.327.
 5. Conduct inspections of the project site in accordance with the State's inspection agreement and Attachment A, Part III.B.
 6. Verify the Subrecipient's actual project expenses and match contributions before submitting requests for reimbursement to the NPS.
 7. Collect and submit annual and final performance and financial reports in accordance with Article IX.
 8. Ensure documentation memorializing the LWCF assistance is recorded with the property deed(s) in accordance with Attachment A, Part II.F and that a sign has been installed at the park, by the time of grant closing.
- B. Substantial involvement is defined as significant NPS participation prior to and during the performance of a financial assistance agreement. For grants, substantial involvement is neither expected nor required. No substantial involvement on the part of the NPS is anticipated for the successful completion of the statement of work detailed in this award. It is anticipated that involvement will be limited to actions related to monitoring project performance, technical assistance at the request of the recipient.

VI. COST-SHARE REQUIREMENT

At least 50% non-Federal cost-share is required for costs incurred under this Agreement. If pre-award costs are authorized, reimbursement of these costs is limited to the Federal cost share percentage identified in this agreement.

VII. PRE-AWARD INCURRENCE OF COSTS

The Recipient is not authorized to incur costs prior to the award of this Agreement. Costs incurred prior to the award of this agreement are not allowable.

VIII. AWARD AND PAYMENT

- A. NPS will provide funding to the Recipient in an amount not to exceed **\$297,797.50** in accordance with the NPS approved budget. The approved budget detail is incorporated herein. Any award beyond the current fiscal year is subject to availability of funds. Acceptance of a Federal financial assistance award from the Department of the Interior carries with it the responsibility to be aware of, and comply with, the terms and conditions within this award document. Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means.
- B. Recipient shall request payment as applicable in accordance with the following:
1. **Method of Payment.** Payment will be made by advance and/or reimbursement through the Department of Treasury's Automated Standard Application for Payments (ASAP) system.
 2. **Requesting Advances.** Requests for advances must be submitted via the ASAP system. Requests may be submitted as frequently as required to meet the needs of the Financial Assistance (FA) Recipient to disburse funds for the Federal share of project costs. If feasible, each request should be timed so that payment is received on the same day that the funds are dispersed for direct project costs and/or the proportionate share of any allowable indirect costs. If same-day transfers are not feasible, advance payments must be as close to actual disbursements as administratively feasible.
 3. **Requesting Reimbursement.** Requests for reimbursements must be submitted via the ASAP system. Requests for reimbursement should coincide with normal billing patterns. Each request must be limited to the amount of disbursements made for the Federal share of direct project costs and the proportionate share of allowable indirect costs incurred during that billing period.
 4. **Adjusting Payment Requests for Available Cash.** Funds that are available from repayments to, and interest earned on, a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds must be disbursed before requesting additional cash payments.
 5. **Bank Accounts.** All payments are made through electronic funds transfer to the bank account identified in the ASAP system by the FA Recipient.
 6. **Supporting Documents and Agency Approval of Payments.** Additional supporting documentation and prior NPS approval of payments may be required when/if a FA Recipient is determined to be "high risk" or has performance issues. If prior Agency payment approval is in effect for an award, the ASAP system will notify the FA Recipient when they submit a request for payment. The Recipient must then notify the NPS AO that a payment request has been submitted. The NPS AO may request additional information from the Recipient to support the payment request prior to approving the release of funds, as deemed necessary. The FA Recipient is required to

comply with these requests. Supporting documents may include invoices, copies of contracts, vendor quotes, and other expenditure explanations that justify the reimbursement requests.

- C. Any award beyond the current fiscal year is subject to availability of funds; funds may be provided in subsequent fiscal years if project work is satisfactory, and funding is available.
- D. Expenses charged against awards under the Agreement may not be incurred prior to the beginning of the Agreement and may be incurred only as necessary to carry out the approved objectives, scope of work and budget with prior approval from the NPS AO. The Recipient shall not incur costs or obligate funds for any purpose pertaining to the operation of the project, program, or activities beyond the expiration date stipulated in the award.
- E. Any non-Federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the Federal share. Exceptions to this requirement may be granted by the AO based on sufficient documentation demonstrating previously determined plans for or later commitment of cash or in-kind contributions. In any case, the Recipient must meet their cost share commitment over the life of the award.

IX. REPORTS AND/OR OUTPUTS/OUTCOMES

- A. Refer to the second page of the Notice of Award document for Federal Financial reporting frequency and due dates. Performance reports are also required at the same reporting frequency and due dates as the FFR. Reports must be submitted through the Grant Solutions "Manage Reports" functionality.
- B. A final Performance Report and a final Federal Financial Report will be due 120 days after the end-date of the Term of Agreement. If the recipient does not submit the final report before the required due date, NPS is required to submit a finding of non-compliance to the Federal Awardee Performance and Integrity Information System (FAPIIS). Each report shall be submitted as described above.
- C. The Secretary of the Interior and the Comptroller General of the United States, or their duly authorized representatives, will have access, for the purpose of financial or programmatic review and examination, to any books, documents, papers, and records that are pertinent to the Agreement at all reasonable times during the period of retention in accordance with 2 CFR 200.333.

A. General Reporting Requirement

- i. If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you, as the recipient, during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

B. Proceedings You Must Report

Submit the information required about each proceeding that:

- i. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government.
- ii. Reached its final disposition during the most recent five-year period; and
- iii. Is one of the following:
 - a) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition; or
 - b) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more; or
 - c) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and payment of either a monetary fine or penalty of \$5,000 or more; or reimbursement, restitution, or damages in excess of \$100,000; or

- d) Any other criminal, civil, or administrative proceeding if:
 1. It could have led to an outcome described in paragraph B.iii. (a), (b), or (c) of this award term and condition.
 2. It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 3. The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph B of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

D. Reporting Frequency

During any period of time when you are subject to the requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five-year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

E. Definitions

For purposes of this award term and condition:

- a) Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.
- b) Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.
- c) Total value of currently active grants, cooperative agreements, and procurement contracts includes—
 1. Only the Federal share of the funding under any Federal award with a recipient cost share or match; and
 2. The value of all expected funding increments under a Federal award and options, even if not yet exercised.

9. FUNDING USED FOR THE PURCHASE AND OPERATION OF UNMANNED AIRCRAFT SYSTEMS (UAS)

NOT APPLICABLE

10. PATENTS AND INVENTIONS (37 CFR 401)

NOT APPLICABLE

11. ENSURING THE FUTURE IS MADE IN ALL OF AMERICA BY ALL OF AMERICA'S WORKERS PER E.O. 14005 (dated January 25, 2021)

Per Executive Order 14005, entitled "Ensuring the Future Is Made in All of America by All of America's Workers" the Recipient shall maximize the use of goods, products, and materials produced in, and services offered in, the United States; and whenever possible, procure goods, products, materials, and services from sources that will help American businesses compete in strategic industries and help America's workers thrive.

12. SECTION 508 OF THE REHABILITATION ACT OF 1973 (29 U.S.C. §794 (d))

While the requirements of Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d), do not apply to financial assistance agreements, the NPS is subject to the Act's requirements that all documents posted on an NPS or NPS-hosted website comply with the accessibility standards of the Act. Accordingly, final deliverable reports prepared under this agreement and submitted in electronic format must be submitted in a format whereby NPS can easily meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended. *NOTE: Quarterly Progress Reports and financial reports are not considered final deliverables and therefore the following requirements do not apply.*

All electronic documents prepared under this Agreement must meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended. The Act requires that all electronic products prepared for the Federal Government be accessible to persons with disabilities, including those with vision, hearing, cognitive, and mobility impairments. View [Section 508 of the Rehabilitation Act, Standards and Guidelines](#) for detailed information.

The following summarizes some of the requirements for preparing NPS reports in conformance with Section 508 for eventual posting by NPS to an NPS-sponsored website. For specific detailed guidance and checklists for creating accessible digital content, please go to [Section 508.gov, Create Accessible Digital Products](#). All accessible digital content must conform to the requirements and techniques of the [Web Content Accessibility Guidelines \(WCAG\) 2.0 or later, Level AA Success Criteria](#).

- a. Electronic documents with images

Provide a text equivalent for every non-text element (including photographs, charts and equations) in all publications prepared in electronic format. Use descriptions such as "alt" and "longdesc" for all non-text images or place them in element content. For all documents prepared, vendors must prepare one standard HTML format as described in this statement of work AND one text format that includes descriptions for all non-text images. "Text equivalent" means text sufficient to reasonably describe the image. Images that are merely decorative require only a very brief "text equivalent" description. However, images that convey information that is important to the content of the report require text sufficient to reasonably describe that image and its purpose within the context of the report.

b. Electronic documents with complex charts or data tables

When preparing tables that are heavily designed, prepare adequate alternate information so that assistive technologies can read them out. Identify row and column headers for data tables. Provide the information in a non-linear form. Markups will be used to associate data cells and header cells for data tables that have two or more logical levels of row and column headers.

c. Electronic documents with forms

When electronic forms are designed to be completed on-line, the form will allow people using assistive technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.

13. LOBBYING PROHIBITION

18 U.S.C. §1913, Lobbying with Appropriated Moneys, as amended by Public Law 107-273, Nov. 2, 2002 Violations of this section shall constitute violations of section 1352(a) of title 31. In addition, the related restrictions on the use of appropriated funds found in Div. F, § 402 of the Omnibus Appropriations Act of 2008 (P.L. 110-161) also apply.

14. ANTI-DEFICIENCY ACT

Pursuant to 31 U.S.C. §1341 nothing contained in this Agreement shall be construed as binding the NPS to expend in any one fiscal year any sum in excess of appropriations made by Congress, for the purposes of this Agreement for that fiscal year, or other obligation for the further expenditure of money in excess of such appropriations.

15. ASSIGNMENT

No part of this Agreement shall be assigned to any other party without prior written approval of the NPS and the Assignee.

16. MEMBER OF CONGRESS

Pursuant to 41 U.S.C. § 22, no Member of Congress shall be admitted to any share or part of any contract or agreement made, entered into, or adopted by or on behalf of the United States, or to any benefit to arise thereupon.

17. AGENCY

The Recipient is not an agent or representative of the United States, the Department of the Interior, NPS, or the Park, nor will the Recipient represent itself as such to third parties. NPS employees are not agents of the Recipient and will not act on behalf of the Recipient.

18. NON-EXCLUSIVE AGREEMENT

This Agreement in no way restricts the Recipient or NPS from entering into similar agreements, or participating in similar activities or arrangements, with other public or private agencies, organizations, or individuals.

19. PARTIAL INVALIDITY

If any provision of this Agreement or the application thereof to any party or circumstance shall, to any extent, be held invalid or unenforceable, the remainder of this Agreement or the application of such provision to the parties or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby and each provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.

20. NO EMPLOYMENT RELATIONSHIP

This Agreement is not intended to and shall not be construed to create an employment relationship between NPS and Recipient or its representatives. No representative of Recipient shall perform any function or make any decision properly reserved by law or policy to the Federal government.

21. NO THIRD-PARTY RIGHTS

This Agreement creates enforceable obligations between only NPS and Recipient. Except as expressly provided herein, it is not intended, nor shall it be construed to create any right of enforcement by or any duties or obligation in favor of persons or entities not a party to this Agreement.

22. PROGRAM INCOME

If the Recipient earns program income, as defined in 2 CFR §200.1, during the period of performance of this agreement, to the extent available the Recipient must disburse funds available from program income, and interest earned on such funds, before requesting

additional cash payments (2 CFR §200.305 (5)). As allowed under 2 CFR §200.307, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must be used for the purposes, and under the conditions of, the Federal award. Disposition of program income remaining after the end of the period of performance shall be negotiated as part of the agreement closeout process.

23. RIGHTS IN DATA

The Recipient must grant the United States of America a royalty-free, non-exclusive and irrevocable license to publish, reproduce and use, and dispose of in any manner and for any purpose without limitation, and to authorize or ratify publication, reproduction or use by others, of all copyrightable material first produced or composed under this Agreement by the Recipient, its employees or any individual or concern specifically employed or assigned to originate and prepare such material.

24. CONFLICT OF INTEREST

(a) Applicability.

1. This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements.
2. In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict-of-interest provisions in 2 CFR 200.318 apply.

(b) Requirements.

1. Non-Federal entities must avoid prohibited conflicts of interest, including any significant financial interests that could cause a reasonable person to question the recipient's ability to provide impartial, technically sound, and objective performance under or with respect to a Federal financial assistance agreement.
2. In addition to any other prohibitions that may apply with respect to conflicts of interest, no key official of an actual or proposed recipient or subrecipient, who is substantially involved in the proposal or project, may have been a former Federal employee who, within the last one (1) year, participated personally and substantially in the evaluation, award, or administration of an award with respect to that recipient or subrecipient or in development of the requirement leading to the funding announcement.
3. No actual or prospective recipient or subrecipient may solicit, obtain, or use non-public information regarding the evaluation, award, or administration of

an award to that recipient or subrecipient or the development of a Federal financial assistance opportunity that may be of competitive interest to that recipient or subrecipient.

(c) Notification.

Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass-through entity in accordance with 2 CFR 200.112, Conflicts of interest.

(d) Recipients must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Financial Assistance Officer in writing of any conflicts of interest that may arise during the life of the award, including those that have been reported by subrecipients. Restrictions on Lobbying. Non-Federal entities are strictly prohibited from using funds under this grant or cooperative agreement for lobbying activities and must provide the required certifications and disclosures pursuant to 43 CFR Part 18 and 31 USC 1352.

(e) Review Procedures. The Financial Assistance Officer will examine each conflict-of-interest disclosure on the basis of its particular facts and the nature of the proposed grant or cooperative agreement and will determine whether a significant potential conflict exists and, if it does, develop an appropriate means for resolving it.

(f) Enforcement. Failure to resolve conflicts of interest in a manner that satisfies the Government may be cause for termination of the award. Failure to make required disclosures may result in any of the remedies described in 2 CFR 200.338, Remedies for Noncompliance, including suspension or debarment (see also 2 CFR Part 180).

25. BUILD AMERICA, BUY AMERICA

(a) Standard Buy America Preference Award Term

The following terms apply for financial assistance agreements for infrastructure that currently or are anticipated to exceed the Simplified Acquisition Threshold (SAT), currently \$250,000.00. This threshold applies for the duration of the award and obligations made for infrastructure projects when additional funds are obligated through modification or renewal.

Required Use of American Iron, Steel, Manufactured Products, and Construction Materials

As required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58, on or after May 14, 2022, none of the funds under a federal award that are part of Federal financial assistance program for infrastructure may be obligated for a project unless all of the iron, steel,

manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. The requirements of this section must be included in all subawards, including all contracts and purchase orders for work or products under this program.

Recipients of an award of Federal financial assistance are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

1. All iron and steel used in the project are produced in the United States—this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
2. All manufactured products used in the project are produced in the United States -this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and,
3. All construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

For further information on the Buy America preference, please visit [“Buy America” Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#). Additional information can also be found at the White House Made in America Office website: [Made In America | OMB | The White House](#).

Waivers

When necessary, recipients may apply for, and the Department of the Interior (DOI) may grant, a waiver from these requirements, subject to review by the Made in America Office. The DOI may waive the application of the domestic content

procurement preference in any case in which it is determined that one of the below circumstances applies:

1. Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;
2. Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or
3. Public Interest Waiver: applying the domestic content procurement reference would be inconsistent with the public interest.

There may be instances where an award qualifies, in whole or in part, for an existing DOI general applicability waiver as described at: [Approved DOI General Applicability Waivers | U.S. Department of the Interior](#).

If the specific financial assistance agreement, infrastructure project, or non-domestic materials meets the criteria of an existing general applicability waiver within the limitations defined within the waiver, the recipient is not required to request a separate waiver for non-domestic materials.

If a general applicability waiver does not already apply, and a recipient believes that one of the above circumstances applies to an award, a request to waive the application of the domestic content procurement preference may be submitted to the Financial Assistance Awarding Officer in writing. Waiver requests shall include the below information. The waiver shall not include any Privacy Act information, sensitive data, or proprietary information within their waiver request. Waiver requests will be posted to ["Buy America" Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#) and are subject to public comment periods of no less than 15 days. Waiver requests will also be reviewed by the Made in America Office.

1. Type of waiver requested (non-availability, unreasonable cost, or public interest).
2. Requesting entity and Unique Entity Identifier (UEI) submitting the request.
3. Department of Interior Bureau or Office who issued the award.
4. Federal financial assistance listing name and number (reference block 2 on DOI Notice of Award)
5. Financial assistance title of project (reference block 8 on DOI Notice of Award).
6. Federal Award Identification Number (FAIN).

7. Federal funding amount (reference block 11.m. on DO Notice of Award).
8. Total cost of Infrastructure expenditures (includes federal and non-federal funds to the extent known).
9. Infrastructure project description(s) and location(s) (to the extent known).
10. List of iron or steel item(s), manufactured goods, and construction material(s) the recipient seeks to waive from Buy America requirements. Include the name, cost, countries of origin (if known), and relevant PSC or NAICS code for each.
11. A certification that the recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with the prime contractor.
12. A statement of waiver justification, including a description of efforts made (e.g., market research, industry outreach) by the recipient, in an attempt to avoid the need for a waiver. Such a justification may cite, if applicable, the absence of any Buy America-compliant bids received in response to a solicitation.
13. Anticipated impact if no waiver is issued. Approved waivers will be posted at [Approved DOI General Applicability Waivers | U.S. Department of the Interior](#); recipients requesting a waiver will be notified of their waiver request determination by an Financial Assistance Awarding Officer.

Questions pertaining to waivers should be directed to the Financial Assistance Awarding Officer.

Definitions

“Construction materials” includes an article, material, or supply that is or consists primarily of:

- non-ferrous metals;
- plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
- glass (including optic glass);
- lumber; or
- Drywall.

“Construction Materials” does not include cement and cementitious materials, aggregates such as stone, sand, or gravel, or aggregate binding agents or additives.

“Domestic content procurement preference” means all iron and steel used in the project are produced in the United States; the manufactured products used in the project are produced in the United States; or the construction materials used in the project are produced in the United States.

“Infrastructure” includes, at a minimum, the structures, facilities, and equipment for, in the United States, roads, highways, and bridges; public transportation; dams, ports, harbors, and other maritime facilities; intercity passenger and freight railroads; freight and intermodal facilities; airports; water systems, including drinking water and wastewater systems; electrical transmission facilities and systems; utilities; broadband infrastructure; and buildings and real property. Infrastructure includes facilities that generate, transport, and distribute energy.

“Project” means the construction, alteration, maintenance, or repair of infrastructure in the United States.

(b) Buy America Preference Alternate Small Award Term

The following terms apply for financial assistance agreements for infrastructure that do not currently and are not anticipated to exceed the Simplified Acquisition Threshold (SAT), currently \$250,000.00.

Required Use of American Iron, Steel, Manufactured Products, and Construction Materials

As required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58, on or after May 14, 2022, none of the funds under a federal award that are part of Federal financial assistance program for infrastructure may be obligated for a project unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. The requirements of this section must be included in all subawards, including all contracts and purchase orders for work or products under this program.

This award currently qualifies for the existing DOI general applicability small grant waiver as described at: www.doi.gov/grants/BuyAmerica/Generalapplicabilitywaivers on the basis that the total award amount does not exceed the Simplified Acquisition Threshold (SAT), currently \$250,000.00. While this waiver permits the use of non-domestic materials for DOI financial assistance awards that do not exceed the SAT, recipients shall still maximize the use of domestic materials to the maximum extent possible. In the event the total award amount is increased to an amount above the SAT, recipients under this award are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

1. All iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
2. All manufactured products used in the project are produced in the United State—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
3. All construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project, but are not an integral part of the structure or permanently affixed to the infrastructure project.

For further information on the Buy America preference, please visit www.doi.gov/grants/BuyAmerica/. Additional information can also be found at the White House Made in America Office website: www.whitehouse.gov/omb/management/made-in-america/.

In the event the total amount of this award increases to an amount that exceeds the SAT, recipients shall notify their financial assistance awarding officer of any non-domestic iron, steel, manufactured products, or construction materials already incorporated into the project as early as possible. Recipients may then apply for a DOI waiver, subject to review and approval by DOI and the Made in America Office, for non-compliant materials if it is determined that one of the below circumstances applies:

1. Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials used are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;
2. Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or

3. Public Interest Waiver: applying the domestic content procurement preference would be inconsistent with the public interest.

Instructions for requesting a waiver can be found on www.doi.gov/grants/buyamerica. Recipients requesting a waiver will be notified of their waiver request determination by an awarding officer. Questions pertaining to waivers should be directed to the financial assistance awarding officer.

Recipients shall consult [OMB Memorandum M-22-11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure](#), for additional information, inclusive of definitions for Construction Materials, Domestic Content Procurement Preference, and Infrastructure.

The DOI Small Grant General Applicability waiver expires on February 20, 2028. For awards that extend beyond the expiration date of the waiver, recipients shall ensure all iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless an approved waiver is obtained.

26. GEOSPATIAL DATA

Geospatial Data Act of 2018, Pub. L. 115-254, Subtitle F – Geospatial Data, §§ 751-759C, codified at 43 U.S.C. §§ 2801–2811 - Federal recipient collection of geospatial data through the use of the Department of the Interior financial assistance funds requires a due diligence search at the GeoPlatform.gov list of datasets to discover whether the needed geospatial-related data, products, or services already exist. If the required data set already exists, the recipient must use it. If the required data is not already available, the recipient must produce the proposed geospatial data, products, or services in compliance with applicable proposed guidance and standards established by the Federal Geospatial Data Committee (FGDC) posted at www.fgdc.gov.

Recipients must submit a digital copy of all GIS data produced or collected as part of the award funds to the bureau or office via email or data transfer. All GIS data files shall be in open format. All delineated GIS data (points, lines or polygons) should be established in compliance with the approved open data standards with complete feature level metadata.

27. SIGNATURES

Recipients are NOT required to sign the Notice of Financial Assistance Award letter or any other award document. As per DOI standard award terms and conditions, the recipient's acceptance of a financial assistance award is defined as the start of work, drawing down funds, or accepting the award via electronic means.

ATTACHMENT A LWCF GENERAL PROVISIONS

Part I – Definitions

- A. The term "NPS" as used herein means the National Park Service, United States Department of the Interior (DOI).
- B. The term "Director" as used herein means the Director of the National Park Service, or any representative lawfully delegated the authority to act for such Director.
- C. The term "Secretary" as used herein means the Secretary of the Interior, or any representative lawfully delegated the authority to act for such Secretary.
- D. The term "State" as used herein means the State, Territory, or District of Columbia that is a party to the grant agreement to which these general provisions are attached, and, when applicable, the political subdivision or other public agency to which funds are to be subawarded pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it applies solely to the State. For purposes of these provisions, the terms "State," "grantee," and "recipient" are deemed synonymous.
- E. The term "Land and Water Conservation Fund" or "LWCF" as used herein means the Financial Assistance to States section of the LWCF Act (Public Law 88-578, 78 Stat 897, codified at 54 U.S.C. § 2003), which is administered by the NPS.
- F. The term "Manual" as used herein means the Land and Water Conservation Fund State Assistance Program Manual, Volume 72 (October 1, 2023).
- G. The term "project" as used herein refers to an LWCF grant, which is subject to the grant agreement and/or its subsequent amendments.

Part II - Continuing Assurances

The parties to the grant agreement specifically recognize that accepting LWCF assistance for the project creates an obligation to maintain the property described in the agreement and supporting application documentation consistent with the LWCF Act and the following requirements.

Further, it is the acknowledged intent of the parties hereto that recipients of LWCF assistance will use the monies granted hereunder for the purposes of this program, and that assistance granted from the LWCF will result in a net increase, commensurate at least with the Federal cost-share, in a participant's outdoor recreation.

It is intended by both parties hereto that the LWCF assistance will be added to, rather than replace or be substituted for, the State and/or local outdoor recreation funds.

- A. The State agrees, as the recipient of the LWCF assistance, that it will meet these LWCF General Provisions, and the terms and provisions as contained or referenced in, or attached to, the NPS grant agreement and that it will further impose these terms and provisions upon any political subdivision or public agency to which funds are subawarded pursuant to the grant agreement. The State also agrees that it shall be responsible for compliance with the terms and provisions of the agreement by such a political subdivision or public agency and that failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply.
- B. The State agrees that the property described in the grant agreement and depicted on the signed and dated project boundary map made part of that agreement is being acquired or developed with LWCF assistance, or is integral to such acquisition or development, and that, without the approval of the Secretary, it shall not be converted to other than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of property leased from a federal agency. The Secretary shall approve such a conversion only if it is found to be in accord with the then existing statewide comprehensive outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location (54 U.S.C. 200305(f)(3)). The LWCF post-completion compliance regulations at 36 C.F.R. Part 59 provide further requirements. The replacement land then becomes subject to LWCF protection. The approval of a conversion shall be at the sole discretion of the Secretary, or her/his designee.

Prior to the completion of this project, the State and the Director may mutually agree to alter the area described in the grant agreement and depicted in the signed and dated project boundary map to provide the most satisfactory public outdoor recreation unit, except that acquired parcels are afforded LWCF protection as soon as reimbursement is provided.

In the event the NPS provides LWCF assistance for the acquisition and/or development of property with full knowledge that the project is subject to reversionary rights and outstanding interests, conversion of said property to other than public outdoor recreation use as a result of such right or interest being exercised will occur. In receipt of this approval, the State agrees to notify the NPS of the potential conversion as soon as possible and to seek approval of replacement property in accord with the conditions set forth in these provisions and the program regulations. The provisions of this paragraph are also applicable to: leased properties developed with LWCF assistance where such lease is terminated prior to its full term due to the existence of provisions in such lease known and agreed to by the NPS; and properties subject to other outstanding rights and interests that may result in a conversion when known and agreed to by the NPS.

- C. The State agrees that the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quality and quantity of public outdoor recreation facilities and resources that are available to the people of the State and of the United States, and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement. The State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended

under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement.

The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement or the submission and approval of a conversion request as described in Part II.B above.

- D. The State agrees to comply with the policies and procedures set forth in the Manual. Provisions of said Manual are incorporated into and made a part of the grant agreement.
- E. The State agrees that the property and facilities described in the grant agreement shall be operated and maintained as prescribed by Manual requirements and published post-completion compliance regulations (36 C.F.R Part 59).
- F. The State agrees that a notice of the grant agreement shall be recorded in the public property records (e.g., registry of deeds or similar) of the jurisdiction in which the property is located, to the effect that the property described and shown in the scope of the grant agreement and the signed and dated project boundary map made part of that agreement, has been acquired or developed with LWCF assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the Secretary as described in Part II.B above.
- G. Nondiscrimination
 - 1. By signing the LWCF agreement, the State certifies that it will comply with all Federal laws relating to nondiscrimination as outlined in Section V of the Department of the Interior Standard Award Terms and Conditions.
 - 2. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence, as set forth in 54 U.S.C. § 200305(i) and the Manual.

Part III - Project Assurances

A. Project Application

- 1. The Application for Federal Assistance bearing the same project number as the Grant Agreement and associated documents is by this reference made a part of the agreement.
- 2. The State possesses legal authority to apply for the grant, and to finance and construct the proposed facilities. A resolution, motion, or similar action has been duly adopted or passed authorizing the filing of the application, including all understandings and assurances contained herein, and directing and authorizing the person identified as the official representative of the State to act in connection with the application and to provide such additional information as may be required.
- 3. The State has the capability to finance the non-Federal share of the costs for the project. Sufficient funds will be available to assure effective operation and maintenance of the facilities acquired or developed by the project.

B. Project Execution

1. The State shall transfer to the project sponsor identified in the Application for Federal Assistance all funds granted hereunder except those reimbursed to the State to cover eligible expenses derived from a current approved negotiated indirect cost rate agreement.
2. The State will cause physical work on the project to start within one year after receipt of notification that funds have been approved and assure that the project is being implemented to completion with reasonable diligence.
3. The State shall secure completion of the work in accordance with approved construction plans and specifications, and shall secure compliance with all applicable Federal, State, and local laws and regulations.
4. The State will provide for and maintain competent and adequate architectural/engineering supervision and inspection at the construction site to ensure that the completed work conforms with the approved plans and specifications; and that it will furnish progress reports and such other information as the NPS may require.
5. In the event the project cannot be completed in accordance with the plans and specifications for the project, the State shall bring the project to a point of recreational usefulness agreed upon by the State and the Director or her/his designee in accord with Section III.C below.
6. As referenced in the DOI Standard Terms and Conditions, the State will ensure the project's compliance with applicable federal laws and their implementing regulations, including: the Architectural Barriers Act of 1968 (P.L. 90-480) and DOI's Section 504 Regulations (43 CFR Part 17); the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) and applicable regulations; and the Flood Disaster Protection Act of 1973 (P.L. 93-234).
7. The State will comply with the provisions of: Executive Order (EO) 11988, relating to evaluation of flood hazards; EO 11288, relating to the prevention, control, and abatement or water pollution, and EO 11990 relating to the protection of wetlands.
8. The State will assist the NPS in its compliance with Section 106 of the National Historic Preservation Act of 1966 (54 U.S.C. § 306108) and the Advisory Council on Historic Preservation regulations (36 C.F.R. Part 800) by adhering to procedural requirements while considering the effect of this grant award on historic properties. The Act requires federal agencies to take into account the effects of their undertaking (grant award) on historic properties by following the process outlined in regulations. That process includes (1) initiating the process through consultation with the State Historic Preservation Officer and others on the undertaking, as necessary, by (2) identifying historic properties listed on or eligible for inclusion on the National Register of Historic Places that are subject to effects by the undertaking, and notifying the NPS of the existence of any such properties, by (3) assessing the effects of the undertaking upon such properties, if present, and by (4)

resolving adverse effects through consultation and documentation according to 36 C.F.R. §800.11. If an unanticipated discovery is made during implementation of the undertaking, the State in coordination with NPS shall consult per provisions of 36 C.F.R. §800.13.

9. The State will assist the NPS in its compliance with the National Environmental Policy Act of 1969, as amended (42 U.S.C. §4321 et seq) and the CEQ regulations (40 C.F.R. §1500-1508), by adhering to procedural requirements while considering the consequences of this project on the human environment. This Act requires Federal agencies to take into account the reasonably foreseeable environmental consequences of all grant-supported activities. Grantees are required to provide the NPS with a description of any foreseeable impacts to the environment from grant-supported activities or demonstrate that no impacts will occur through documentation provided to the NPS. The applicant must submit an Application & Revision Form in order to assist the NPS in determining the appropriate NEPA pathway when grant-assisted development and other ground disturbing activities are expected. If a Categorical Exclusion (CE) is the appropriate NEPA pathway, the NPS will confirm which CE, according to NPS Director's Order 12, applies.

C. Project Termination

1. The Director may temporarily suspend Federal assistance under the project pending corrective action by the State or pending a decision to terminate the grant by the NPS.
2. The State may unilaterally terminate the project at any time prior to the first payment on the project. After the initial payment, the project may be terminated, modified, or amended by the State only by mutual agreement with the NPS.
3. The Director may terminate the project in whole, or in part, at any time before the date of completion whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Director will promptly notify the State in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the NPS under projects terminated for cause shall be in accord with the legal rights and liabilities of the parties.
4. The Director or State may terminate grants in whole or in part at any time before the date of completion when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible. The NPS may allow full credit to the State for the Federal share of the non-cancelable obligations, properly incurred by the grantee prior to termination.
5. Termination either for cause or for convenience requires that the project in question be brought to a state of recreational usefulness agreed upon by the State and the Director or that all funds provided by the NPS be returned.

D. Project Closeout

1. The State will determine that all applicable administrative actions, including financial, and all required work as described in the grant agreement has been completed by the end of the project's period of performance.
2. Within 120 calendar days after completing the project or the Expiration Date of the period of performance, whichever comes first, the State will submit all required documentation for closeout as outlined in the Manual, and the Federal Financial Report (SF-425) as outlined in Article IX of the Agreement, for approval by the NPS prior to requesting final reimbursement.
3. After review, including any adjustments, and approval from the NPS, the State will request through ASAP the final allowable payment of reimbursable costs. The State will submit a completed "LWCF Record of Electronic Payment" form to the NPS within 24 hours (before or after) of initiating the request for payment in ASAP.
4. The NPS retains the right to disallow costs and recover funds on the basis of later audit or other review within the record retention period.
