

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

32

William Cass, P.E.
Commissioner

David Rodrigue, P.E.
Assistant Commissioner
Andre Briere, Colonel, USAF (RET)
Deputy Commissioner

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
December 17, 2024

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with R.M. Piper, Inc. of Plymouth, NH (Vendor 174180), on the basis of a low bid of \$5,931,551.20 for bridge replacement of culvert carrying NH 125 over Litte River in Lee, (Project: Lee #41322) from the date of Governor and Council approval through November 12, 2027, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funds are available in the following account for Fiscal Year 2025, and are anticipated to be available in Fiscal Years 2026, 2027 and 2028, upon the availability and continued appropriation of funds in the future operating budgets, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified:

Table with 3 columns: Funding description, FY 2025, FY 2026, FY 2027, FY 2028. Includes rows for 04-96-96-963515-3054 Consolidated Federal Aid and 400-500870 Highway Contract Payments.

2. Further authorize that a contingency in the amount of \$474,524.10 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 8% of the contract amount.

Table with 2 columns: Funding description, FY 2028. Includes rows for 04-96-96-963515-3054 Consolidated Federal Aid and 400-500870 Highway Contract Payments.

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Bridge Tier 1 & 2 Rehabilitation & Reconstruction Program. This project consists of the bridge replacement of Br. No. 073/084, NH 125 over the Little River and realignment of the river under the proposed structure. The project starts on NH 125 approximately 750 feet southwest of the bridge over the Little River and extends northeasterly approximately 1750 feet along NH 125. The scope of work includes removal of the metal pipe arch and construction of a steel girder and concrete deck integral bridge on micropiles with associated roadwork.

Page 2

The purpose of the project is to correct structural deficiencies and hydraulic conditions with the bridge structure. The need for the project is demonstrated by the deteriorated condition of the existing corrugated metal pipe arch, which is rusted and has holes along the waterline. Its current condition rating is Culvert: 3. The need is also demonstrated by the flooding of West Mill Pond Road during heavy rainstorm events.

The proposed contingency amount is 8% of the contract amount. This is to account for the risks associated with micropile installation and testing, and handling of railroad soils.

Although the bid costs exceeded the Department's estimate by 6.43% the low bid of five bids received is felt to be reasonable for the work involved. There was only one item that contributed to the higher than anticipated bid item and that was Item 670.05401 Construct and Remove Diversion \$560,000. Readvertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available, and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal funds (Bridge Tier 1 & 2 Rehabilitation & Reconstruction), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.
Commissioner

WJC/pcj

Department Estimate:	\$5,573,257.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project consists of the bridge replacement of Br. No. 073/084, NH 125 over the Little River and realignment of the river under the proposed structure. The project starts on NH 125 approximately 750 feet southwest of the bridge over the Little River and extends northeasterly approximately 1750 feet along NH 125. The scope of work includes removal of the metal pipe arch and construction of a steel girder and concrete deck integral bridge on micropiles with associated roadwork.

FEDERAL FUNDING: 80% Bridge Tier 1 & 2 Rehabilitation & Reconstruction; 20% Turnpike Toll Credits

CONTINGENCY: The proposed contingency amount is 8% of the contract amount. This is to account for the risks associated with micropile installation and testing, and handling of railroad soils.

PROJECT INITIATED: This project was initiated through the Bridge T1 & 2 R&R Priority List

PROJECT EXPLANATION: The purpose of the project is to correct structural deficiencies and hydraulic conditions with the bridge structure. The need for the project is demonstrated by the deteriorated condition of the existing corrugated metal pipe arch, which is rusted and has holes along the waterline. Its current condition rating is Culvert: 3. The need is also demonstrated by the flooding of West Mill Pond Road during heavy rainstorm events.

TRAFFIC IMPLICATION: This project will be completed in phases so that the two travel lanes can be diverted to a roadway over widening to allow portions of the bridge to be constructed to phase traffic over the bridge. Due to the narrow shoulders during construction a bike detour will be in place during construction. Short term, alternating two-way traffic will be allowed to complete certain construction activities.

FINAL COMPLETION DATE: November 12, 2027

State of New Hampshire

Department of State

CERTIFICATE

I, David M. Scanlan, Secretary of State of the State of New Hampshire, do hereby certify that R. M. PIPER, INC. is a New Hampshire Profit Corporation registered to transact business in New Hampshire on September 21, 1982. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: 49646

Certificate Number: 0006660408

IN TESTIMONY WHEREOF,

I hereto set my hand and cause to be affixed
the Seal of the State of New Hampshire,
this 5th day of April A.D. 2024.

A handwritten signature in black ink, appearing to read "David M. Scanlan".

David M. Scanlan
Secretary of State

CERTIFICATE OF VOTE

I, Kelsey Slaney Hereby certify that I am duly elected
Secretary of R.M. Piper, Inc.

I hereby certify the following is a true copy of a vote taken at a meeting
of the Board of Directors of the Corporation, duly called and held
on December 19, 2024, at which a quorum of the Board was present
and voting.

VOTED: That Karen L. Prince is duly authorized
to enter into a specific contract namely LEE X-A004(593) 41322
With State of New Hampshire,, and further authorized to
Department of Transportation

execute any documents which may in his judgment be desirable or necessary to effect
the purpose of this vote.

I hereby certify that said vote has not been amended or repealed and remains
in full force and effect as of December 19, 2024, and that
Karen L. Prince is duly elected President of this
Corporation.

DATED: December 19, 2024

ATTEST: Kelsey Slaney (Affix Corp. Seal)
Kelsey Slaney, Secretary
