This contract is to create two repositories of tools and two series of professional learning workshops. For teachers of ELs, the vendor will create a repository of formative assessment tasks aligned with EL state standards to inform EL teacher instruction. The vendor will provide professional learning for all teachers of ELs in five school districts, selected through an application process. The Department received two (2) proposals from the issuance of the RFP "RFP 2025-NHED-English Language Development Across Content Areas-01".

A review committee consisting of three educational consultants within the Division of Learner Support, independently reviewed and scored the proposals (Attachment A).
