Dept. Environmental Services, Emerging Contaminants, Grants Non-Federal

FY 2025

\$66,752

**EXPLANATION**

The Per- and Polyfluoroalkyl Substances Remediation Grant and Loan Fund (PFAS RLF) was created, as authorized by RSA 485-H, to provide low interest loans and grants to community public water systems; non-profit, non-transient, non-community public water systems; municipalities; and wastewater facilities to address exceedances of PFAS standards for costs incurred after September 30, 2019. Grant and loan applications are accepted year-round and reviewed for eligibility in the order in which the applications are received.

The Town of Madison will use grant funding to install point of entry treatment (POET) systems to address per- and poly-fluoroalkyl substances (PFAS) exceedances present within private drinking water wells and the well serving the Town buildings. These water sources were affected by the use of aqueous film forming foams (AFFF) at the Madison Fire Department. Grant funds will be used for engineering and construction oversight, POET installation and associated infrastructure, approximately one year of treatment optimization, and other associated eligible project costs.

This grant agreement has been approved by the Attorney General's Office as to form, substance, and execution.

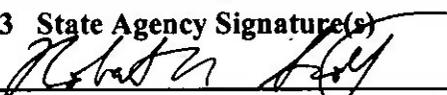

We respectfully request your approval.

- 11.2.4 Treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

- 12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.
  17. **INSURANCE.**
    - 17.1 The Grantee shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

Certificate of Vote

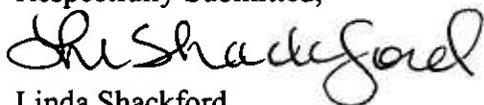

**Excerpt from 11/26/2024 Madison Board of Selectmen Minutes:**

**Selectmen in Attendance:** Adam Price, John Arruda, Joy Gray

**NH Department of Environmental Grant Agreement** – Michael Brooks explained that grant funds are available from NH DES to assist in the funding of the PFAS water contamination. There are \$66,752.00 left in the fund for 2024. Brooks suggested that the funds could be used to cover the POU filtration systems that are required to be installed. There are state recommended vendors that are contracted at a less expensive rate than going out with an RFP.

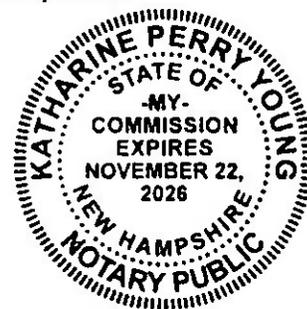

**Motion** by Arruda, seconded by Gray to accept and have Chairman Price sign the NH Department of Environmental Services Grant Agreement Account #03-44-44-444010-8873-073 for the amount of \$66,752.00 for use in PFAS remediation. The motion passed 3-0.
