Bureau of Construction  
February 11, 2025

Her Excellency, Governor Kelly A. Ayotte  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Transportation to increase the contract value amount for (Contract # X-A005(317), 44100) with Evroks Corporation (Vendor #155652) of 23 Industrial Drive, Northfield N.H. by \$217,000 (from \$1,437,286.35 to \$1,654,286.35) for bridge preservation in Lee effective upon G&C approval. 100 % Federal Funds.

Funding is available as follows:	<u>FY 2025</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$217,000

**EXPLANATION**

The Lee X-A005(317), 44100 contract was approved by Governor and Council on October 16, 2024 (Item # 26) on a basis of a single bid for an original contract encumbrance of \$1,437,286.35. The contract is proposed to be increased by \$217,000 in accordance with the Standard Specifications to address the following items:

Upon installing the shielding under the bridge deck at Bridge #103/078 that carries Lee Hook Road over the Lamprey River, deteriorated concrete on the western abutment and easterly pier was discovered. The extensive deterioration on the abutment and pier caps was not anticipated. Due to the unexpected condition a more comprehensive preservation strategy (repair the abutment and pier caps) is needed to achieve the desired life extension. The estimated cost increase for these repairs is \$217,000.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.  
Commissioner

Deputy Commissioner

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
September 5, 2024

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Evroks Corporation (Vendor 155652) of Northfield, NH, on the basis of a single bid of \$1,437,286.35 for bridge preservation of two (2) bridges (BR No. 103/078 and 050/055) in Lee, (Project: Lee #44100) from the date of Governor and Council approval through October 31, 2025, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funds are available in the following account for Fiscal Year 2025, and are anticipated to be available in Fiscal Year 2026, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified:

Funding is available as follows:	<u>FY 2025</u>	<u>FY 2026</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$1,067,698.44	\$369,587.91

2. Further authorize that a contingency in the amount of \$143,728.64 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2026</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$143,728.64

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan under the Bridge Tier 3 and 4 Maintenance and Preservation (Brdg-T3/4-M&P) Program. The project consists of the bridge preservation of the following two (2) bridges: Lee Br. No. 103/078 – Lee Hook Road over Lamprey River and Lee Br. No. 050/055 – NH 152 over North River.

The work limits at the Lee Hook Road bridge begin approximately 170' southeast of the southeastern end of the bridge and continue 400' northwest across the bridge. The work limits at the NH 152 bridge begin at the west end of the bridge and continue 37' east across the bridge.

The scope of work at both bridges includes removal and replacement of the bridge deck pavement and barrier membrane; partial and full depth deck repairs; installation of zinc anodes; and installation of crack seals. Additionally, work at the Lee Hook Road bridge includes removal and replacement of the bridge bearings and expansion joints, both at the pier and at the south abutment, as well as removal and replacement of the bridge rail and copings.

The purpose of the project is to extend the useful life of the bridges by performing bridge preservation activities.

Br. No. 103/078 is a 75' long 2-span IB-C that is 23'-10" curb-to-curb with a deck built in 1975. The deck, superstructure and substructure rating of the bridge is 6, 6, and 6. The bridge ranked #6 on the 2022 Tier 3&4 M&P priority list. The Bureau of Bridge Design and Bridge Maintenance performed a combined under bridge inspection to verify that the deck is worthy of preservation.

Br. No. 050/055 is a 37' long single-span IB-C that is 32'-0" curb-to-curb with a deck built in 1985. The deck, superstructure and substructure rating of the bridge is 7, 7, and 7. The bridge ranked #280 on the 2022 Tier 3&4 M&P priority list.

The proposed contingency amount is 10% of the contract amount. The extent of this work has been estimated, but the full extent of the work won't be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

Although the bid costs exceeded the Department's estimate by 42.03%, the sole bid received is felt to be reasonable for the work involved. Several of the items that contributed to the higher-than-expected bid were: Item 502.101 Removal of Existing Bridge \$137,000, Item 520.0201 Concrete Class AA \$72,900, Item 550.191 Temporary Girder Support \$52,500 and Item 550.1 Structural Steel \$37,101. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

Page 3

This project funding is: 80% Federal funds (Brdg-T3/4-M&P), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.  
Commissioner

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project consists of the bridge preservation of the following two (2) bridges:

1. Lee Br. No. 103/078 – Lee Hook Road over Lamprey River
2. Lee Br. No. 050/055 – NH 152 over North River

The work limits at the Lee Hook Road bridge begin approximately 170' southeast of the southeastern end of the bridge and continue 400' northwest across the bridge. The work limits at the NH 152 bridge begin at the west end of the bridge and continue 37' east across the bridge.

The scope of work at both bridges includes removal and replacement of the bridge deck pavement and barrier membrane; partial and full depth deck repairs; installation of zinc anodes; and installation of crack seals. Additionally, work at the Lee Hook Road bridge includes removal and replacement of the bridge bearings and expansion joints, both at the pier and at the south abutment, as well as removal and replacement of the bridge rail and copings.

**FEDERAL FUNDING:** 80% (Brdg-T3/4-M&P) with anticipated utilization of Turnpike Toll Credits for the State's 20% match.

**CONTINGENCY:** The contingency amount is proposed to be 10%. The extent of this work has been estimated, but the full extent of the work won't be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

**PROJECT INITIATED:** 2022 Bridge T3&4 M&P Priority List

**PROJECT EXPLANATION:** The purpose of the project is to extend the useful life of the bridges by performing bridge preservation activities.

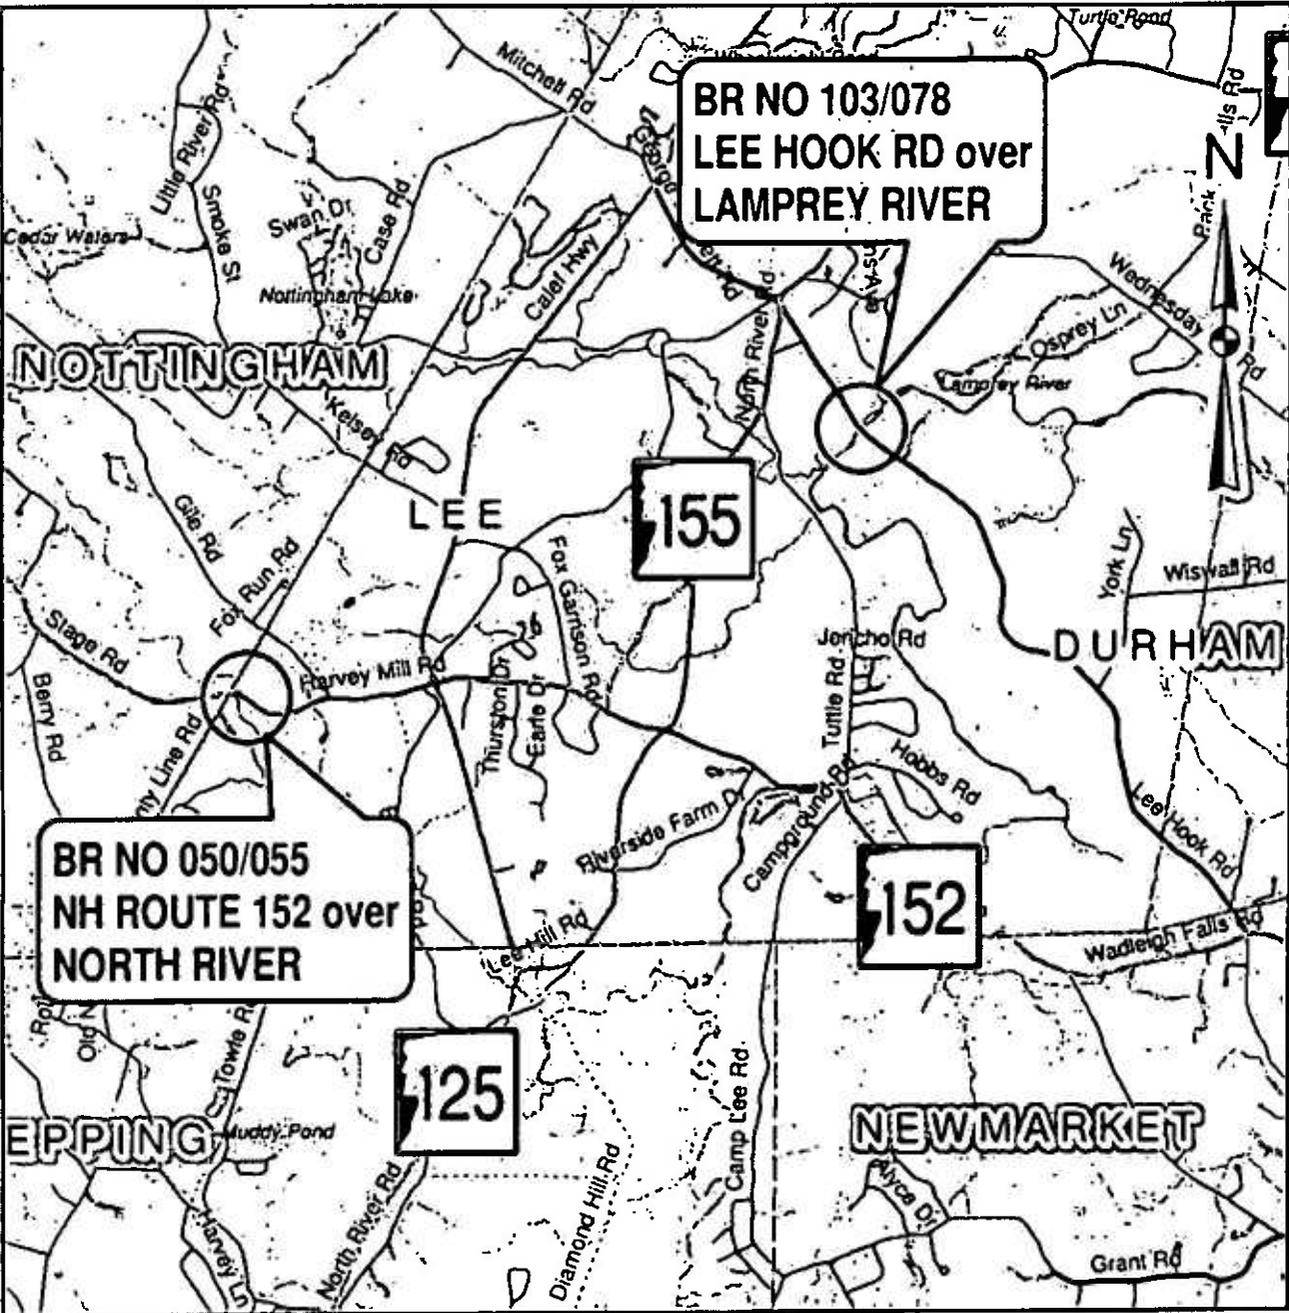

Br. No. 103/078 is a 75' long 2-span IB-C that is 23'-10" curb-to-curb with a deck built in 1975. The deck, superstructure and substructure rating of the bridge is 6, 6, and 6. The bridge ranked #6 on the 2022 Tier 3&4 M&P priority list. The Bureaus of Bridge Design and Bridge Maintenance performed a combined under bridge inspection to verify that the deck is worthy of preservation.

Br. No. 050/055 is a 37' long single-span IB-C that is 32'-0" curb-to-curb with a deck built in 1985. The deck, superstructure and substructure rating of the bridge is 7, 7, and 7. The bridge ranked #280 on the 2022 Tier 3&4 M&P priority list.

**TRAFFIC IMPLICATION:** One lane of alternating, two-way traffic during both phases of work at NH 152 (approx.. 8 weeks per phase). 16-week closure at Lee Hook Rd.

**FINAL COMPLETION DATE:** October 31, 2025.

## Department of State

### CERTIFICATE

I, David M. Scanlan, Secretary of State of the State of New Hampshire, do hereby certify that EVROKS CORPORATION is a New Hampshire Profit Corporation registered to transact business in New Hampshire on February 07, 1983. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: 59773

Certificate Number: 0006757853

IN TESTIMONY WHEREOF,

I hereto set my hand and cause to be affixed  
the Seal of the State of New Hampshire,  
this 27th day of August A.D. 2024.

A handwritten signature in black ink, appearing to read "David M. Scanlan".

David M. Scanlan  
Secretary of State

**SOLE OFFICER CERTIFICATE OF AUTHORITY**

I, Michael Ferrari, President, hereby certify that I am the Sole  
(Name and Title)  
Officer of Evroks Corporation, which is a corporation registered  
(Name of Corporation)

with the Secretary of State under RSA 349.

I further certify that it is understood that the State of New Hampshire may rely on this certificate as evidence that I currently occupy the position indicated and that I have full authority to bind the corporation. This authority remains in full force and effect for thirty (30) days from the date of this Certificate.

DATED: 9/12/24

ATTESTED:  Michael Ferrari, President  
(Name and Title)
