REQUESTED ACTION

Authorize the Department of Safety, Division of State Police, to enter into a contract with A.P.R.&R., LLC d/b/a New England Truck Center (VC # 1 54955-B002), 156 Epping Rd, Exeter, NH, 03833, in an amount not to exceed \$17,299.70 for the purpose of re-painting the Major Crime Unit – Crime Scene Truck (SP9353/EQ5178). Effective upon Governor and Council approval for through June 30, 2025. **Funding Source: 87% General Funds and 13% Agency Income**

Funds is in the SFY2025 operating budget as follows:

	<u>SFY2025</u>
02-23-23-234010-54120000 – Dept. of Safety – Division. of State Police – Detective Bureau	\$17,299.70
020-500235 – Current Expenses - Vehicle Maintenance	
TOTAL	\$17,299.70

EXPLANATION

Since the fall of 2016, SP953 has been a critical asset to the Major Crime Unit, serving as one of two primary vehicles deployed for major investigations throughout the year. The unit primarily responds to homicides, officer-involved shootings, and other serious felonies requiring the processing of large or complex crime scenes.

SP953 is the older of the two crime scene trucks currently utilized by the Major Crime Unit. Over time, rust has developed on the rear and sides of the vehicle’s cargo box, and the rear standing platform has sustained minor damage requiring repair. If left unaddressed, these issues will ultimately impact the vehicles operational lifespan. SP953 has approximately 32,000 miles on the drive train and chassis, with a life expectancy of 500,000-750,000 miles if the vehicle is maintained properly. Given that the replacement cost for a crime scene truck ranges between \$400,000 and \$500,000, timely repairs are essential to maximizing its service life. The remainder of the truck remains in good working condition, making these repairs a cost-effective solution. It is imperative that the repairs are completed to the highest standards to ensure both the longevity of the vehicle and the safety of the Troopers who operate and utilize it as a mobile workspace at crime scenes.

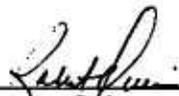

Her Excellency Kelly A. Ayotte
and the Honorable Council

Page 2 of 2

To address these concerns, the Division of State Police issued Request for Bid (RFB DOS 2025-06). The RFB was publicly advertised on the Purchase & Property website from January 8, 2025, through January 24, 2025. During this period, New England Truck Center was the sole bidder.

SP953 houses various specialized equipment, including cameras, lighting systems, tripods, batteries, and forensic supplies, all of which are sensitive to temperature and environmental conditions. Exposure to unregulated temperatures or external elements could compromise both the integrity of future investigations and the safety of the Troopers. As a result, the vehicle must be kept in a temperature-controlled facility throughout the duration of the repairs. This requirement was explicitly stated in the bid request, and New England Truck Center has confirmed its ability to meet this standard. Additionally, the paint and finish quality of the vehicle must align with the specifications of all State Police fleet vehicles, a standard that the vendor is also equipped to meet.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety
