REQUESTED ACTION

Authorize the Department of Administrative Services to enter into a **Sole Source** amendment to an existing contract with D.L. King & Associates, Inc., (VC# 168979) Merrimack, New Hampshire, by increasing the price limitation by \$258,000 from \$334,840 to \$592,840 with no change to the contract completion date for door installation and repair services at state-owned buildings effective upon approval of Governor and Council through June 30, 2026. The original contract was approved by Governor and Council on May 29, 2024, item #128.

Funds are available through various individual Department of Administrative Services (DAS) budgeted class 048 contract maintenance line expenditures for Fiscal Years 2025 and anticipated to be available for Fiscal Year 2026, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified.

EXPLANATION

This request is **Sole Source** because the amendment amount is more than 10% of the original contract. DAS is requesting an increase of \$258,000 to the current contract with D.L. King & Associates, which has approximately one year remaining until the contract expires. This additional funding will ensure the continuation of essential routine door repair for interior and exterior doors, as well as the installation of new doors and related hardware for 95 state-owned buildings maintained by DAS.

The existing contract with D.L. King & Associates for door installation and repair was approved less than a year ago, on May 29, 2024, with a start date of July 1, 2024. The original contract amount is \$334,840 for a two-year period (item #128 attached). By November 5, 2024, the Department had utilized \$8,730 for necessary door installation and repair services. The remaining balance of approximately \$326,110 was encumbered using available American Rescue Plan Act (ARPA) funding for the installation of Americans with Disabilities Act (ADA) compliant automatic door openers at multiple state-owned court facilities.

Upgrading the doors at court facilities has been an item on our deferred maintenance list, however, it has historically been superseded by more urgent infrastructure repairs, such as roofs and boilers. Recognizing the availability of ARPA funds, which were at risk of expiring if not encumbered by December 31, 2024, the Department decided to use the existing competitively bid contract with D.L. King & Associates to efficiently encumber the remaining ARPA funds, maximizing this valuable federal funding opportunity. Approving this contract increase will ensure the ongoing door repairs and installations are completed so our doors are safe, functional, and accessible.

Respectfully submitted,

Charles M. Arlinghaus,
Commissioner

The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the State's sovereign immunity, which immunity is hereby reserved to the State.
