EXPLANATION

The South Weare Cooperative (Cooperative) had originally requested a total of \$359,500 in ARPA grant funding for needed water system improvements. We are requesting approval of this amendment to provide the Cooperative \$31,115 in additional ARPA grant funds to complete additional water system improvements, including source water improvements and additional water main replacement. Approval is also being requested to amend the project's schedule completion date to complete the agreed upon scope of services.

The increase in award will allow the Cooperative to complete the anticipated work scoped for the drinking water system to improve source capacity and address water main leaks. This is an allowable use of ARPA FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure. To date, \$14,979 of the original \$359,500 grant has been disbursed.

In the event federal funds become no longer available, general funds will not be requested to support this program. This amendment has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval of this item.

REQUESTED ACTION

Authorize the New Hampshire Department of Environmental Services (NHDES) to award a grant to the South Weare Mobile Home Cooperative (VC#448098 B001) Weare, NH, in the amount not to exceed \$359,500 for water and wastewater system improvements, effective upon Governor & Council approval through February 28, 2026. 100% Federal Funds.

FY 2024
\$359,500

EXPLANATION

NHDES selected awardees for the Disadvantaged Communities Grant Assistance for Drinking Water and Wastewater System Improvements Program from applications received in June of 2022. Twenty-six (26) applications were received, evaluated, and ranked based on criteria established in the application including being a resident owned community/manufactured home cooperative in the state of New Hampshire meeting affordability criteria of having a median household income (MHI) less than the statewide average with at least 50% of the residential units occupied at least six months of the year by a population meeting this criterion. Out of the 26 applications, 23 were selected to be funded for up to \$1,000,000 for drinking water and \$1,000,000 for wastewater projects. See attachment A for funding amounts, rankings and list of reviewers. NHDES, through the American Rescue Plan Act (ARPA) funds has offered South Weare Mobile Home Cooperative \$359,500 in grant funds, \$147,000 for drinking water improvements and \$212,500 for wastewater improvements.

South Weare Mobile Home Cooperative will use the grant funding to make water and wastewater system improvements. Improvements will include replacement and upgrades to the existing aging water distribution system components, upgrades to the well house, construction of inline valves and curb stops, replacement of leach fields, and upgrades to the pump station and septic system components. This is an allowable use of ARP FRF funds under Section 602 (c)(1)(D) to make necessary investments in water, sewer, or broadband infrastructure.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

ARPA of 2021 is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed into law by President Biden on March 11, 2021, to speed up the United States' recovery from the economic health effects of the COVID-19 pandemic and the resultant recession. The Act defines eligible uses of the state and local funding, including responding to public health emergencies, responding to workers performing essential work during the COVID-19 emergency, providing revenue relief to states and making investments in water, sewer, and broadband infrastructure.

In the event federal funds become no longer available, general funds will not be requested to support this program. This grant agreement has been approved by the Attorney General's Office as to form, substance, and execution.
