Her Excellency, Governor Kelly A. Ayotte  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Environmental Services (NHDES) to enter into a Grant Agreement with the Town of Raymond, NH (VC#177464-B001) totaling \$53,250 for partial funding for the replacement of one (1) wheel loader effective upon Governor and Council approval through September 30, 2025. 55% Federal funds, 45% New Hampshire Volkswagen Environmental Mitigation Trust funds.

Funding is available in the account as follows:

	<u>FY 2025</u>

Dept. of Environmental Services, DERA Funds, Grants Federal	

**EXPLANATION**

Under the Diesel Emission Reduction Act (DERA) the U.S. Environmental Protection Agency (EPA) provides funding to states for projects that reduce harmful emissions produced by older diesel engines, including the replacement of diesel wheel loaders. The new engines must meet more stringent emissions standards. Utilizing federal EPA funds, matched with funding from New Hampshire's VW Trust funds, NHDES has made approximately \$950,000 available for grants. The first round of the Request for Proposals was conducted from December 16, 2024 through January 24, 2025. Seven (7) entities submitted eligible proposals, all of which were selected for funding (see Attachment A for the scoring results).

Under this Agreement, the Town of Raymond will replace one (1) engine model year 1991 diesel wheel loader. With over three decades of daily use by the Town, this loader has accumulated over 14,000 hours of lifetime use. The loader is currently used as a multi-purpose machine by the Town to reduce costs, its roles included being used as an emergency vehicle for road maintenance, ditch work, road grading, and winter operations. Ongoing maintenance and unscheduled repairs have become an issue with the loader. In one recent instance, the Town had to expend funds on a rental loader when the current loader unexpectedly broke down during the winter months. Recent repairs to the transmission, rims and O-ring, tires, and other items have impacted operations and cost the Town unplanned maintenance expenses. The Town has prioritized the replacement of this loader to improve operational reliability, reduce fuel and maintenance costs, and reduce emissions impacts to the residents and employees of the Town.

The DERA program has a mandatory minimum cost share requirement for a wheel loader replacement project of 75 percent. NHDES will provide a grant of \$53,250 or 25 percent, whichever is less, of the total replacement cost (estimated at \$213,000) to the Town of Raymond for the replacement of the wheel loader.

This Agreement has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that federal funds become no longer available, general funds will not be requested to support this program.

We respectfully request your approval.

Commissioner

Each member of Primex<sup>3</sup> is entitled to the categories of coverage set forth below. In addition, Primex<sup>3</sup> may extend the same coverage to non-members. However, any coverage extended to a non-member is subject to all of the terms, conditions, exclusions, amendments, rules, policies and procedures that are applicable to the members of Primex<sup>3</sup>, including but not limited to the final and binding resolution of all claims and coverage disputes before the Primex<sup>3</sup> Board of Trustees. General Liability coverage is limited to Coverage A (Personal Injury Liability) and Coverage B (Property Damage Liability) only. Coverage's C (Public Officials Errors and Omissions), D (Unfair Employment Practices), E (Employee Benefit Liability) and F (Educator's Legal Liability Claims-Made Coverage) are excluded from this provision of coverage.

The below named entity is a member in good standing of the New Hampshire Public Risk Management Exchange. The coverage provided may, however, be revised at any time by the actions of Primex<sup>3</sup>. As of the date this certificate is issued, the information set out below accurately reflects the categories of coverage established for the current coverage year.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend, or alter the coverage afforded by the coverage categories listed below.
