The purpose of this request is to rent one electric forklift that supports operations at the Department warehouse and helps maximize available space through the use of vertical storage. The Department maintains warehouse storage that includes three tiers of racking. A forklift is needed to maximize utilization of all racking and available space within the warehouse to store and retrieve materials. The Department warehouse includes supplies such as personal protective equipment (PPE), durable medical equipment, emergency medication caches, and other

materials. The warehouse supports routine operations and maintains the Department's capability to receive and distribute materials for emergency response needs related to the provision of health and human services.

The Department will monitor services by ensuring that the Contractor:

- Performs routine maintenance every 400 hours (of forklift use) and/or emergency maintenance, or repair to the equipment at the Department's warehouse.
- Provides a maintenance summary upon completion of all routine maintenance.
- Maintains training logs.

The Department selected the Contractor through a competitive bid process using a Request for Bids (RFB) that was posted on the Department's website from January 29, 2025, through February 27, 2025. The Department received two (2) responses that were reviewed and scored by a team of qualified individuals. The Summary Bid Sheet is attached.

As referenced in Exhibit A of the attached agreement, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, the Department will be unable to maintain current warehouse operations and receive and distribute supplies in the event of an emergency.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this Agreement, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this Agreement is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties) <https://www.ecfr.gov/current/title-22/chapter-V/part-513>.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
