Vendor Name	Vendor Code	Practice Site	Term	SFY 25	SFY 26	SFY 27	Total

Total:				\$1,466	\$5,807	\$4,227	\$11,500

Funds are available in the following account for the State Fiscal Year 2025 and are anticipated to be available in State Fiscal Years 2026 and 2027, upon the availability and continued appropriation of funds in the future operating budget with the authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified.

See attached fiscal details.

EXPLANATION

The purpose of this request is to seek the approval of one (1) agreement for a total of \$11,500 to be used to provide payments to a State Loan Repayment Program mental health provider. The funds will be applied to the principal and interest of qualifying educational loans for actual cost paid for tuition, reasonable educational expenses, and reasonable living expenses relating to graduate or undergraduate education of a primary health care provider.

The State Loan Repayment Program provides funds to health care providers working in areas of the state designated as being medically underserved. These medically underserved areas identified as Health Professional Shortage Areas, Mental Health Professional Shortage Areas, Dental Health Professional Shortage Areas, Medically Underserved Areas/Populations, and Governor's Exceptional Medically Underserved Populations are indicators that a shortage of

health care professionals exists, posing a barrier to access health care services for the residents of these areas. As one of several approaches to improve access to health care and mental health services, the State Loan Repayment Program has proven to be a successful short and long-term strategy to recruit and retain physicians, dentists, and other health care professionals into New Hampshire's underserved communities. In addition, the health care provider and practicing site that are participating in the State Loan Repayment Program agree to provide direct primary health care services, oral health, behavioral health services, or substance abuse treatment especially for uninsured residents who are residing in our medically underserved areas of New Hampshire.

As referenced in Exhibit A of the attached contract, the party has the option to extend the agreement for one (1) year contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, it may impact the ability of the facility to provide patient services potentially decreasing quality of and access to care.

Area served: Hillsborough County.

Respectfully submitted,

Lori A. Weaver
Commissioner

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
