William Cass, P.E.
Commissioner

David Rodrigue, P.E.
Assistant Commissioner

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
April 28, 2025

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Surface Preparation Technologies, LLC (Vendor #315766) of New Kingstown, PA on the basis of a low bid of \$365,910 for installation of 280,000 LF of sinusoidal rumble strips along the centerline and shoulders of NH Rt. 16, where eligible, between MP 50.7 in Ossipee and MP 123.1 in Milan (Project: Ossipee-Milan #40845), from the date of Governor and Council approval through September 26, 2025, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funds are available in the following account for Fiscal Year 2025, and are anticipated to be available in Fiscal Year 2026, upon the availability and continued appropriation of funds in the future operating budgets, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified:

Funding is available as follows:	<u>FY 2025</u>	<u>FY 2026</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$200,250.50	\$165,659.50

2. Further authorize that a contingency in the amount of \$36,591 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2026</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$36,591

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Highway Safety Improvement Program (HSIP). This project involves the milling of 280,000 LF of sinusoidal rumble strips along the centerline and shoulders of NH Route 16, where eligible, between MP 50.7 in the Town of Ossipee and MP 123.1 in the Town of Milan.

NH 16 was prioritized for installation of rumble strips due to the propensity for high vehicle speeds and lane departure crashes along the corridor. The corridor has existing rumble strips within the Towns of Wakefield, Ossipee, Madison and Conway. This project will complete the installation of the safety countermeasure along the corridor, with the exception of sections of NH 16 that are scheduled to be repaved within the next two years.

The proposed contingency amount is 10% of the contract amount. This project was quantified based on field observations, aerial images, and available GIS data. Field adjustments may be required due to varying field conditions.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 100% Federal funds (Highway Safety Improvement Program (HSIP)).

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William J. Cass, P.E.
Commissioner

WJC/pcj

Department Estimate:	\$445,350

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project involves the milling of 280,000 LF of sinusoidal rumble strips along the centerline and shoulders of NH Route 16, where eligible, between MP 50.7 in the Town of Ossipee and MP 123.1 in the Town of Milan.

FEDERAL FUNDING: 100% (Highway Safety Improvement Program (HSIP))

CONTINGENCY: There is 10% contingency for this project. This project was quantified based on field observations, aerial images, and available GIS data. Field adjustments may be required due to varying field conditions.

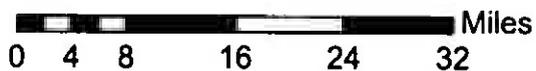

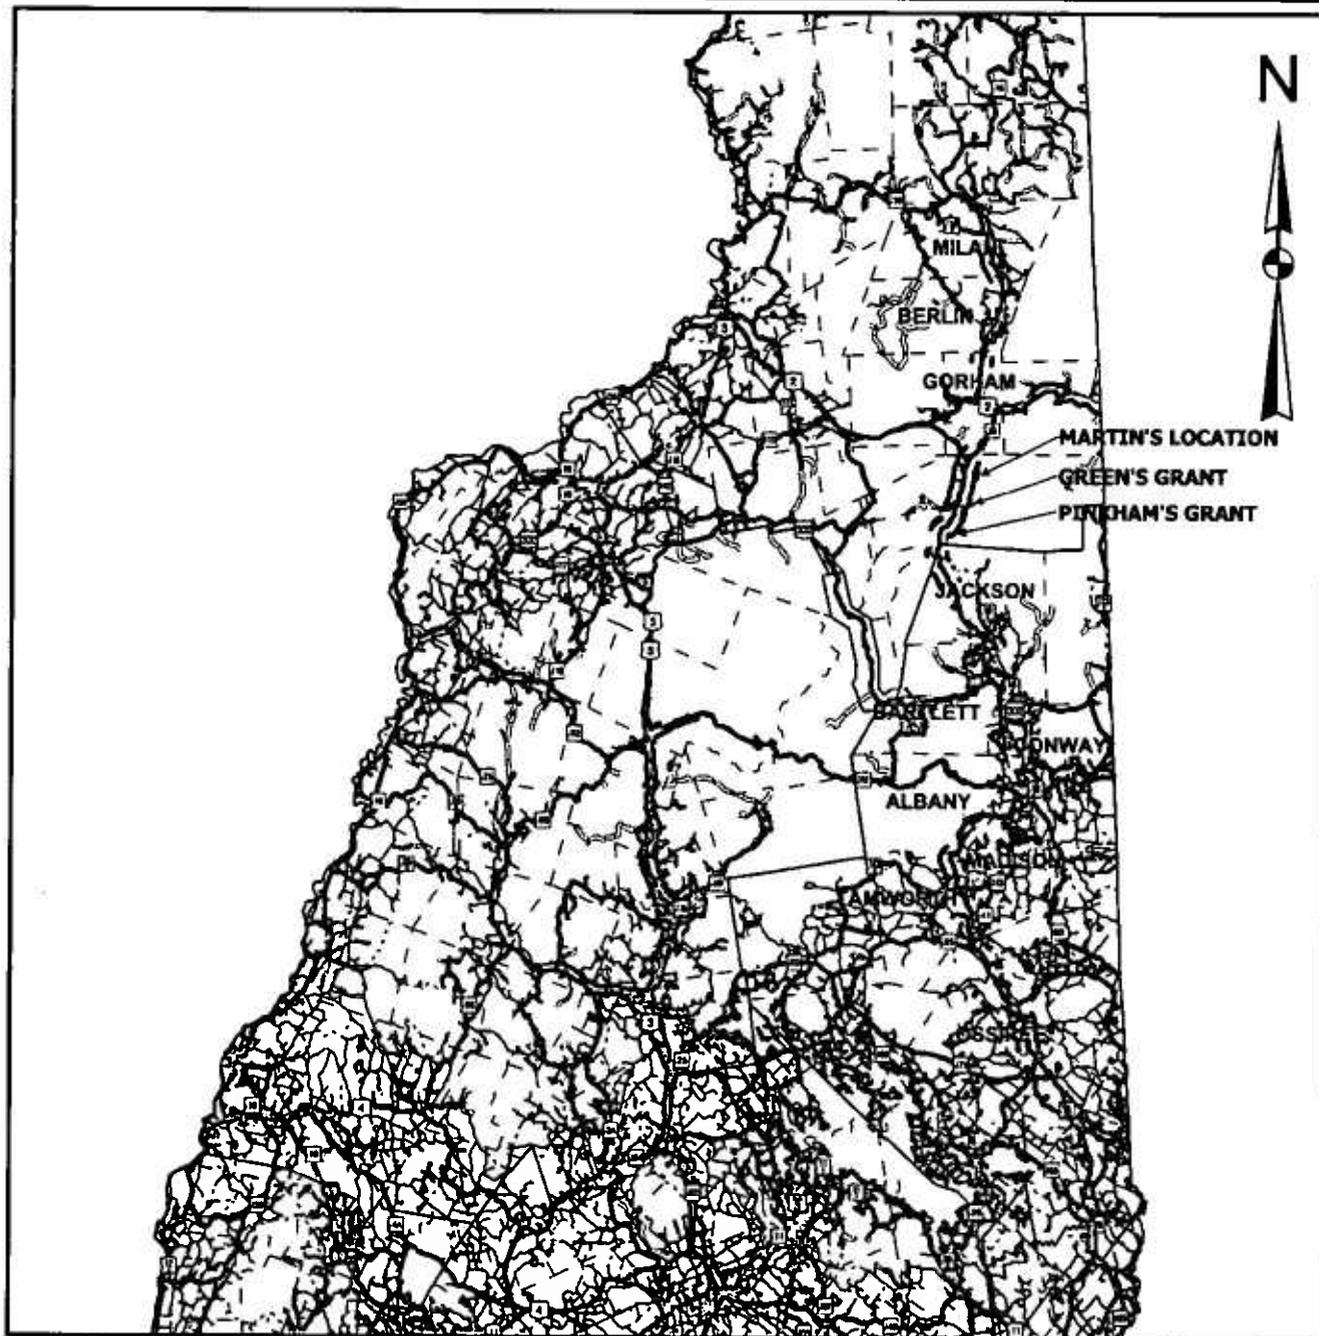

PROJECT INITIATED: This project is a result of an NHDOT systemic safety program to address run-off-the-road, centerline encroachment, and cross-centerline vehicle collisions on all state-owned Tier 2, 3 and 4 roads. The initiative to prevent roadway departure crashes is an identified Critical Emphasis Area in the 2022-2026 New Hampshire Strategic Highway Safety Plan (SHSP). Rumble strips are a low-cost, proven countermeasure to prevent roadway and lane departure crashes.

PROJECT EXPLANATION: NH 16 was prioritized for installation of rumble strips due to the propensity for high vehicle speeds and lane departure crashes along the corridor. The corridor has existing rumble strips within the Towns of Wakefield, Ossipee, Madison and Conway. This project will complete the installation of the safety countermeasure along the corridor, with the exception of sections of NH 16 that are schedule to be repaved within the next two years.

TRAFFIC IMPLICATION: This project will use one-lane alternating, two-way traffic, lane shifts, and shoulder closures where necessary to complete the work, supplemented with flaggers and officers. Work zone significance was determined to be non-significant.
