REQUESTED ACTION

Authorize the Department of Environmental Services to award a grant to the City of Portsmouth, NH (VC# 177463-B001), in the amount of \$90,000 to conserve three acres of land within the Wellhead Protection Area for the Portsmouth Water System's drinking water supply, effective upon Governor and Council approval through December 31, 2025. 100% Drinking Water and Groundwater Trust Fund (DWGTF).

Funding is available in the following account:

03-44-44-444010-7428-073-500580	<u>FY 2026</u>
Dept. Environmental Services, Drinking Water and Groundwater Trust, Grants Non-Federal	\$90,000

EXPLANATION

The Drinking Water and Groundwater Trust Fund (DWGTF) was created in 2016, using \$276 million of MtBE trial judgment funds, as authorized by RSA 485-F. The purpose of the DWGTF is to provide sustainable, long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission (Advisory Commission) was established to administer the DWGTF and provide guidance to the State on the use of the funds.

On December 1, 2018, the Advisory Commission voted to authorize grants for 15 drinking water source protection projects. The City of Portsmouth's (City) request for \$90,000 was selected for grant funding from the DWGTF to acquire three acres (Tax Map U3 Lot 8A) of land in Greenland via fee-simple with deed restrictions. The property falls within the Wellhead Protection Area (WHPA) for the Portsmouth Water System's Greenland well, which serves as the drinking water source for customers in the Greenland service area. The City agrees that the deed shall allow low-impact, passive outdoor recreation, including hiking, hunting, and fishing.

The total project cost for the City to purchase the property is \$189,000. The DWGTF will provide \$90,000 with \$99,000 in match provided by the City. The purchase price of the property is based on a recent appraisal of fair market value.

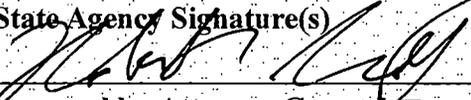

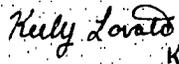

Attachment A contains a map showing the relationship of the land to the protected water supply source. In the event funds become unavailable, general funds will not be requested to support this project. This agreement has been approved by the Attorney General's Office as to form, substance, and execution. We respectfully request your approval of this item.

Robert R. Scott, Commissioner
