and the Honorable Council  
State House  
Concord, NH 03301

Your Excellency and Members of the Council:

**REQUESTED ACTION**

Authorize the New Hampshire Department of Justice (DOJ) to amend an existing subgrant with Londonderry Police Department, Londonderry, NH (Vendor #177430-B003) for the Comprehensive, Opioid, Stimulant, Substance Abuse Site-based Program (COSSAP) from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance for the purpose of continuing to fund enhancements to the Prevention, Enforcement, and Treatment Program (PET), by increasing the price limitation for Londonderry Police Department by \$7,819.90 from \$176,000 to \$183,819.90 and by extending the completion date from September 30, 2025 to September 30, 2026, effective upon Governor and Executive Council approval. The original contract was approved by Governor and Council on July 27, 2022, item #123 and amended on May 29, 2024, item #005T and June 26, 2024, item #191. **100% Federal Funds.**

Funding is available in Fiscal Year 2026 as follows:

<u>Swift Sanctions Grant</u>	<u>FY 2026</u>
02-20-20-201510-58970000	
072-50074 Contracts, Grants Federal	\$7,819.90

**EXPLANATION**

The U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, COSSAP funding is specifically designed to help lower recidivism rates of overdose victims and provide support to families of those struggling with substance use disorder (SUD) through enhancing and expanding the Prevention, Enforcement, and Treatment (PET) program. This program funds dedicated police officers to respond to overdose calls to provide resources. These officers can assist individuals suffering from SUD, and affected family members, by

connecting them with needed resources. The officers also focus on child family members to identify adverse childhood experiences (ACEs) with a goal of preventing children from becoming future users.

New Hampshire Police Departments suffered a shortage of staffing and turnover causing delays in implementing the PET Program with the communities. Due to these shortages several of the Police Departments are de-obligating funds as they will be unable to spend the funds during the extension period. The de-obligated funds will be utilized by the Police Departments with staff in the PET Officer position through the extension period.

The time extension for the Londonderry Police Department will allow for continued overtime funding for designated police officers for the PET program.

In the event that federal funds are no longer available, general funds will not be requested to support this program.

NH DOJ has determined that the vendor has secured the required levels of insurance and has provided evidence of authority to execute and be bound by the contract. The documents supporting these assertions are available at NH DOJ, for review upon request.

Please let me know if you have any questions concerning this request. Your consideration is greatly appreciated.

Respectfully submitted,

John M. Formella
