Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Transportation to accept and execute federal grants from the Federal Aviation Administration (FAA) State Block Grant Program (SBGP) to fund airport maintenance and operations, as well as airport planning and development projects, at the following airports: Berlin Regional Airport (Milan), Boire Field (Nashua), Claremont Municipal Airport, Concord Municipal Airport, Dean Memorial Airport (North Haverhill), Dillant-Hopkins Airport (Keene), Laconia Municipal Airport (Gilford), Parlin Field (Newport), Plymouth Airport, Skyhaven Airport (Rochester) and Mount Washington Regional Airport (Whitefield). These FAA grants could also fund projects completed by the Department for statewide airport projects and the Aircraft Rescue and Fire Fighting Training Facility in Concord, NH. Federal participation in the amount of \$3,293,038 is effective upon Governor and Council approval through September 30, 2028. 100% Federal Funds (FAA).

Estimated funding is anticipated as follows: FY 2026

04-96-96-960030-9342	
FAA Projects	
034-500161 New Construction	\$3,293,038

EXPLANATION

There are nine (9) airports in New Hampshire that are eligible to receive SBGP funding from the FAA Airport Improvement Program (AIP) and these nine (9) airports plus an additional two (2) airports (Parlin Airfield and Plymouth Airport), for a total of 11 airports, are also eligible to receive funds from the Infrastructure Investment and Jobs Act (IIJA). The 11 eligible airports are listed above. IIJA was enacted to authorize up to \$108 billion for public transportation and was signed into law on November 15, 2021. IIJA will invest \$25 billion nationwide to address public infrastructure maintenance and repair needs, reduce congestion and emissions, and modernize the National Airspace System (NAS). These funds can be used for airport terminals and control towers, as well as other airport infrastructure normally eligible under the FAA's AIP program. In addition, some of these 11 airports may receive

Community Project Funding (CPF) funds through FAA's airport grant programs that will also require this approval. All FAA funding from AIP, IIJA, and CPF are granted through the SBGP.

The FAA Reauthorization Act of 2024 was signed into law on May 16, 2024, and reauthorizes the FAA, and aviation infrastructure and safety grant programs for 5 years.

This request for Governor and Council approval is to allow the Department and the Attorney General's Office to execute all FAA grants issued in FFY 2025, FFY 2026 and FFY2027. This will include any FAA AIP, IIJA CPF and/or emergency funding that the FAA grants in addition to what is outlined in the attached available documentation. The funding documentation are estimates.

The funding listed above is an estimated amount that the Department expects to receive from the FAA through both the AIP, IIJA, and CPF. The actual airport grant awards will be submitted to Governor and Council for approval with the actual funding account string and exact amount needed to complete each project.

To date, a total federal amount of \$3,293,038 is requested from FAA for the SBGP. The FAA may grant less funding or additional funds depending upon project priority and available funds, including IIJA and CPF funds. All AIP funds received from the FAA are typically 90% federal share are typically matched with 5% State funding and a 5% local sponsor share. IIJA funds may be funded at 100%, 95% or 90% federal funds depending on the type of project. The non-federal share to match the IIJA funds, if any, would normally be split evenly between the State and local sponsor.

In the past, the FAA has issued discretionary funds to the Department at the end of the FFY that were above and beyond the Department's original request for FAA funding. This approval would allow the Department and the Attorney General's Office to sign and accept the FAA funds with the understanding that the actual sub-grants to airports for the projects will require further Governor and Council approval. The FAA may issue multiple grants offers to the Department.

In the event that the Federal Funds are no longer available, General Funds will not be requested to support this program.

Please note that the state funds are from the General Fund and have been previously approved in HB25, 2021, 107:1: XIV,1 Capital Budget.

Sincerely,

William J. Cass, P.E.
Commissioner

RE: New Hampshire Airport Block Grant Program
REVISED Grant Application AIP #3-33-SBGP-xxx-2025
FY 2025 State Block Grant Program – FY 2025 NPE & Discretionary Funding for DAW

Dear Ms. LoGiudice:

Please find enclosed a PDF version of the REVISED grant application for a New Hampshire State Block Grant Program project in the NH SBGP requesting FY 2025 non-primary entitlements and discretionary grant funds as detailed in the attached grant application. This grant application only requests funds for a project at one (1) of the NH SBGP airport (Skyhaven Airport- DAW). The remainder of the NPE and SA funds needed for other NH SBGP projects were requested under separate cover. We have prepared this revised grant application with a 95% FAA share, 2.5% NHDOT share, and a 2.5% local share on the AIP-eligible (100% on AIP-ineligible) portions of the project funded with FY 2025 AIP funds.

During your review of this application, if there's any additional information that you need, just give us a call.

Sincerely,

Carol L. Niewola, PE, CM

PART II - SECTION B

Certification Regarding Lobbying

The declarations made on this page are under the signature of the authorized representative as identified in box 21 of form SF-424, to which this form is attached. The term "Sponsor" refers to the applicant name provided in box 8 of the associated SF-424 form.

The Authorized Representative certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the Sponsor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the Authorized Representative shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The Authorized Representative shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

PART II – SECTION C

The Sponsor hereby represents and certifies as follows:

1. Compatible Land Use – The Sponsor has taken the following actions to assure compatible usage of land adjacent to or in the vicinity of the airport:

The NHDOT continues to work with and monitor the Skyhaven Airport sponsor's actions to assure compatible land uses adjacent to their airport.

2. Defaults – The Sponsor is not in default on any obligation to the United States or any agency of the United States Government relative to the development, operation, or maintenance of any airport, except as stated herewith:

The Skyhaven Airport sponsor is not in default on any obligation to the United States or any agencies of the United States Government relative to the development, operations, or maintenance of Skyhaven Airport.

3. Possible Disabilities – There are no facts or circumstances (including the existence of effective or proposed leases, use agreements or other legal instruments affecting use of the Airport or the existence of pending litigation or other legal proceedings) which in reasonable probability might make it impossible for the Sponsor to carry out and complete the Project or carry out the provisions of the Grant Assurances, either by limiting its legal or financial ability or otherwise, except as follows:

There are no facts or circumstances which in reasonable probability might make it impossible to carry out the proposed project.

4. Consistency with Local Plans – The project is reasonably consistent with plans existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

The project is reasonably consistent with existing plans for the development of the areas surrounding Skyhaven Airport

5. Consideration of Local Interest – It has given fair consideration to the interest of communities in or near where the project may be located.

The Skyhaven Airport sponsor has given fair consideration to the interests of their community.

6. Consultation with Users – In making a decision to undertake an airport development project under Title 49, United States Code, it has consulted with airport users that will potentially be affected by the project (§ 47105(a)(2)).

The Skyhaven Airport sponsor has worked initiated and has ongoing user consultations.

7. Public Hearings – In projects involving the location of an airport, an airport runway or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

No projects are proposed involving the location of an airport, an airport runway, or a major runway extension.

8. Air and Water Quality Standards – In projects involving airport location, a major runway extension, or runway location it will provide for the Governor of the state in which the project is located to certify in writing to the Secretary that the project will be located, designed, constructed, and operated so as to comply with applicable and air and water quality standards. In any case where such standards have not been approved and where applicable air and water quality standards have been promulgated by the Administrator of the Environmental Protection Agency, certification shall be obtained from such Administrator. Notice of certification or refusal to certify shall be provided within sixty days after the project application has been received by the Secretary.

No projects are proposed involving the location of an airport, an airport runway, or a major runway extension.

PART II – SECTION C (Continued)

9. Exclusive Rights – There is no grant of an exclusive right for the conduct of any aeronautical activity at any airport owned or controlled by the Sponsor except as follows:

The NHDOT has worked with the Skyhaven Airport sponsor to ensure that no grants of an exclusive right for the conduct of any aeronautical activity exists at their airport.

10. Land – (a) The sponsor holds the following property interest in the following areas of land, which are to be developed or used as part of or in connection with the Airport subject to the following exceptions, encumbrances, and adverse interests, all of which areas are identified on the aforementioned property map designated as Exhibit "A". [1]

The NHDOT has worked with the Skyhaven Airport sponsor to ensure that sufficient property interests at their airport exists to support the proposed projects as described in Table 2 of the supplemental Program Narrative.

The Sponsor further certifies that the above is based on a title examination by a qualified attorney or title company and that such attorney or title company has determined that the Sponsor holds the above property interests.

(b) The Sponsor will acquire within a reasonable time, but in any event prior to the start of any construction work under the Project, the following property interest in the following areas of land on which such construction work is to be performed, all of which areas are identified on the aforementioned property map designated as Exhibit "A". [1]

All development properties are owned or controlled by the Skyhaven Airport sponsor.

(c) The Sponsor will acquire within a reasonable time, and if feasible prior to the completion of all construction work under the Project, the following property interest in the following areas of land which are to be developed or used as part of or in connection with the Airport as it will be upon completion of the Project, all of which areas are identified on the aforementioned property map designated as Exhibit "A". [1]

All development properties are owned or controlled by the Skyhaven Airport sponsor.

¹ State the character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

PART IV – PROGRAM NARRATIVE
(Suggested Format)

PROJECT: New Hampshire Airport Block Grant Program

AIRPORT: DAW

1. Objective:

The objective of this grant request is to fund needed safety improvements to DAW's terminal apron. This grant request is for the non-primary entitlement and discretionary funds from FAA for this project.

2. Benefits Anticipated:

The benefits anticipated from the implementation of this grant request are increased safety and preservation of DAW's apron for aircraft users and emergency service vehicles.

3. Approach: (See approved Scope of Work in Final Application)

DAW has submitted a grant application to the NHDOT/Bureau of Aeronautics based on approved federal procurement processes. NHDOT/Bureau of Aeronautics will issue sub-grant agreement to DAW's airport sponsor for the apron reconstruction project using the funds allocated as a result of this grant application. NHDOT/Bureau of Aeronautics will manage these sub-grants in accordance with accepted FAA rules, policies, and regulations including regular financial and project status reports to FAA as needed. FAA's standard Airport Sponsor Assurances, current as of the issuance of the sub-grant offers, will be attached to each airport sponsor's sub-grant offer, which will continue to obligate DAW's airport sponsor to the federal requirements.

4. Geographic Location:

Skyhaven Airport (DAW) is located in Rochester, NH.

5. If Applicable, Provide Additional Information:

This is the seventeenth year of the Program in New Hampshire. Attached is a more descriptive narrative of the Program.

6. Sponsor's Representative: (include address & telephone number)

New Hampshire State Block Grant Program Organizational Chart

New Hampshire State Block Grant Program Program Narrative (continued) FY 2025 Supplemental Information to FAA Form 5100-100

Breakdown of Grant Application Financial Components and Other Requirements

Table 1 is the status of the grant components for DAW's apron reconstruction project included in the FY 2025 State Block Grant Program for new FY 2025 NPE and Discretionary funding. All cells for this project will be completed prior to NHDOT's issuance of a sub-grant agreement to the airport sponsor.

TABLE 1 – PROJECT GRANT APPLICATION COMPONENT STATUS

Airport	Project Title	Intergovernmental Review Completed	Disadvantage Business Enterprise (DBE) Plan Approved	Construction Safety and Phasing Plan Approved	Categorical Exclusion Provided by Sponsor	User Coordination Documented
Skyhaven Airport	Rehabilitate and Mark Terminal Area Tiedown Apron (Approx. 110,000 ± SF) - Phase II (Bid, Construct)	N/A	✓ (11/26/2024)	pending (2025-ANE-621-NRA)	✓ (5-6.4.e)	✓

✓ = Completed or Approved, as applicable N/A = Not Applicable N/T = Not Triggerred

Explanation of “Not Triggerred” in Table 1

- Intergovernmental Review coordination (through NH Office Strategic Initiatives) is not triggered when the project meets the exemption listed in FAA Order 5100.38D, paragraph 3-18.
- Section 106 coordination is not triggered when, based on an understanding between the NH SHPO, FAA, and NHDOT, the following projects are proposed: airport master plans, equipment purchases, rehabilitation/reconstruction work that only disturbs previously disturbed areas, pavement marking and remarking, land acquisition that has no construction or demolition, repairing or replacing in kind existing airfield signs and existing airport lighting, repair or renovation in the interior spaces of non-public buildings less than 50 years old, and tree cutting or vegetation removal with no stump removal and no disturbance of soil.
- Coast Zone Management, as managed by the NH Department of Environmental Services, is not triggered if the project is not a construction project or won't have any impacts to coastal waters, adjacent shorelands, islands, transitional and intertidal areas, salt marshes, associated wetlands, and beaches.
- DBE Plan/Goal Approval is not triggered when the airport sponsor will not exceed the annual \$250,000 federal share grant threshold identified in 49 CFR Part 24.

Disadvantaged Business Enterprise Statement

The NHDOT/Bureau of Aeronautics' FAA approval for the statewide DBE Plans/Goals for FY 2024-2026 is pending from FAA Office of Civil Rights. DAW's airport sponsor has FAA approval of their DBE Goals for FY 2024-2026.

As a recipient of AIP funds through the SBGP, NHDOT does not contract with any consultants or contractors to carry out sub-recipients' project work and, therefore, NHDOT requires compliance with 49 CFR Part 24 from each of its sub-recipients who sponsor (and issue) contracts for their project work.

SHPO/THPO Coordination Statement

Section 106 coordination needs for each individual sub-grant within NH's SBGP is individually evaluated and coordination results are shown in Table 1 of this grant application. FAA did not provide any

notification of THPO coordination needed for any of NH's SBGP proposed FY 2025 projects, but if coordination is requested in the future, it will be carried out by the NHDOT/Bureau of Aeronautics in concert with the specified airport sponsor(s). A copy of NH's FY 2025 SBGP grant application for DAW's apron reconstruction project is not required to be submitted to NH Office of Strategic Initiatives under EO 12372 which could have included additional coordination with any state agency including SHPO (via NH Division of Historical Resources).

US Fish & Wildlife Coordination Statement

The Fish and Wildlife Coordination Act, as amended, requires coordination with USFWS where waters of any stream or other body of water are proposed to be controlled or modified by a project. Individual sub-grants within NH's SBGP have or will coordinate with USFWS if they are preparing an environmental assessment or designing or constructing a project that is proposed to impact these water bodies.

NH SBGP NEPA Statement

Because these projects were scoped when FAA Order 1050.1F was in place for all projects except the Statewide project, references will be to FAA Order 1050.1F. The grant (e.g., "action") for the State Block Grant Program is Categorically Excluded from further the National Environmental Policy Act (NEPA) review per paragraph 5-6.1o in FAA Order 1050.1F (in FAA Order 1050.1G use paragraph B-2.1(o)). In addition, there are no extraordinary circumstances per FAA Order 1050.1F, paragraph 5-2 (FAA order 1050.1G per paragraph B-1). *Additionally, the DAW sponsors' grant application for the requested funding for their project is Categorically Excluded from further NEPA review per paragraph 5-6.4.e FAA Order 1050.1F (in FAA Order 1050.1G use paragraph B-2.4(e)). In addition, there are no extraordinary circumstances in DAW sponsors' request per FAA Order 1050.1F, paragraph 5-2 (FAA order 1050.1G per paragraph B-1).*

Project Schedule

The SBGP grant period of performance begins on the date the NHDOT formally accepts this agreement. Unless explicitly stated otherwise in an amendment from the FAA, the end date of the project period of performance is 4 years (1,460 calendar days) from the date of formal grant acceptance by the Sponsor. The NHDOT will not reimburse any grant funds incurred after the Period of Performance end date.

Table 2 represents the financial data associated with the **FY 2025 NPE + Discretionary** funding of FAA shares of this project. FAA shares are shown as 95% for DAW's apron reconstruction project.

Drug-Free Workplace Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: DAW

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025 NPE & Discretionary Funds for DAW

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements on the drug-free workplace within federal grant programs are described in 2 CFR part 182. Sponsors are required to certify they will be, or will continue to provide, a drug-free workplace in accordance with the regulation. The AIP project grant agreement contains specific assurances on the Drug-Free Workplace Act of 1988.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. A statement has been or will be published prior to commencement of project notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the sponsor's workplace, and specifying the actions to be taken against employees for violation of such prohibition (2 CFR § 182.205).

Certification and Disclosure Regarding Potential Conflicts of Interest Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: DAW

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025 NPE & Discretionary Funds for DAW

Application

Title 2 CFR § 200.112 and § 1201.112 address Federal Aviation Administration (FAA) requirements for conflict of interest. As a condition of eligibility under the Airport Improvement Program (AIP), sponsors must comply with FAA policy on conflict of interest. Such a conflict would arise when any of the following have a financial or other interest in the firm selected for award:

- a) The employee, officer or agent,
- b) Any member of his immediate family,
- c) His or her partner, or
- d) An organization which employs, or is about to employ, any of the above.

Selecting "Yes" represents sponsor or sub-recipient acknowledgement and confirmation of the certification statement. Selecting "No" represents sponsor or sub-recipient disclosure that it cannot fully comply with the certification statement. If "No" is selected, provide support information explaining the negative response as an attachment to this form. This includes whether the sponsor has established standards for financial interest that are not substantial or unsolicited gifts are of nominal value (2 CFR § 200.318(c)). The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance.

Certification Statements

1. The sponsor or sub-recipient maintains a written standards of conduct governing conflict of interest and the performance of their employees engaged in the award and administration of contracts (2 CFR § 200.318(c)). To the extent permitted by state or local law or regulations, such standards of conduct provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the sponsor's and sub-recipient's officers, employees, or agents, or by contractors or their agents.

Yes No

2. The sponsor's or sub-recipient's officers, employees or agents have not and will not solicit or accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to sub-agreements (2 CFR § 200.318(c)).

Yes No

3. The sponsor or sub-recipient certifies that is has disclosed and will disclose to the FAA any known potential conflict of interest (2 CFR § 1200.112).

Yes No

Attach documentation clarifying any above item marked with "no" response.

Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: DAW

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025 NPE & Discretionary Funds for DAW

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements for selection of consultant services within federal grant programs are described in 2 CFR §§ 200.317-200.326. Sponsors may use other qualifications-based procedures provided they are equivalent to standards of Title 40 chapter 11 and FAA Advisory Circular 150/5100-14, Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. Sponsor acknowledges their responsibility for the settlement of all contractual and administrative issues arising out of their procurement actions (2 CFR § 200.318(k)).
 Yes No N/A

2. Sponsor procurement actions ensure or will ensure full and open competition that does not unduly limit competition (2 CFR § 200.319).
 Yes No N/A

3. Sponsor has excluded or will exclude any entity that develops or drafts specifications, requirements, or statements of work associated with the development of a request-for-qualifications (RFQ) from competing for the advertised services (2 CFR § 200.319).
 Yes No N/A

4. The advertisement describes or will describe specific project statements-of-work that provide clear detail of required services without unduly restricting competition (2 CFR § 200.319).
 Yes No N/A
5. Sponsor has publicized or will publicize a RFQ that:
a. Solicits an adequate number of qualified sources (2 CFR § 200.320(d)); and
b. Identifies all evaluation criteria and relative importance (2 CFR § 200.320(d)).
 Yes No N/A
6. Sponsor has based or will base selection on qualifications, experience, and disadvantaged business enterprise participation with price not being a selection factor (2 CFR § 200.320(d)).
 Yes No N/A
7. Sponsor has verified or will verify that agreements exceeding \$25,000 are not awarded to individuals or firms suspended, debarred or otherwise excluded from participating in federally assisted projects (2 CFR §180.300).
 Yes No N/A
8. A/E services covering multiple projects: Sponsor has agreed to or will agree to:
a. Refrain from initiating work covered by this procurement beyond five years from the date of selection (AC 150/5100-14); and
b. Retain the right to conduct new procurement actions for projects identified or not identified in the RFQ (AC 150/5100-14).
 Yes No N/A
9. Sponsor has negotiated or will negotiate a fair and reasonable fee with the firm they select as most qualified for the services identified in the RFQ (2 CFR § 200.323).
 Yes No N/A
10. The Sponsor's contract identifies or will identify costs associated with ineligible work separately from costs associated with eligible work (2 CFR § 200.302).
 Yes No N/A
11. Sponsor has prepared or will prepare a record of negotiations detailing the history of the procurement action, rationale for contract type and basis for contract fees (2 CFR §200.318(i)).
 Yes No N/A
12. Sponsor has incorporated or will incorporate mandatory contract provisions in the consultant contract for AIP-assisted work (49 U.S.C. Chapter 471 and 2 CFR part 200 Appendix II)
 Yes No N/A

13. For contracts that apply a time-and-material payment provision (also known as hourly rates, specific rates of compensation, and labor rates), the Sponsor has established or will establish:

- a. Justification that there is no other suitable contract method for the services (2 CFR §200.318(j));
- b. A ceiling price that the consultant exceeds at their risk (2 CFR §200.318(j)); and
- c. A high degree of oversight that assures consultant is performing work in an efficient manner with effective cost controls in place 2 CFR §200.318(j)).

Yes No N/A

14. Sponsor is not using or will not use the prohibited cost-plus-percentage-of-cost (CPPC) contract method. (2 CFR § 200.323(d)).

I declare under penalty of perjury that the foregoing is true and correct. I understand that knowingly and willfully providing false information to the federal government is a violation of 18 USC § 1001 (False Statements) and could subject me to fines, imprisonment, or both.

ASSURANCES

AVIATION STATE BLOCK GRANT PROGRAM

General

These assurances are required to be submitted as Part III of the three-part application forms by States applying to participate in the State Block Grant Program under Title 49, United States Code, section 47128, and Title 14, Code of Federal Regulations, Part 156. Participating States shall comply with these assurances in the performance of any grant agreement executed as a result of this application.

1. Incorporated in Grant Agreement.

Upon acceptance by the State of the grant offer, these assurances and all assurances, as well as applicable terms and conditions are incorporated in and become part of the Grant Agreement.

2. Federal Requirements.

The State agrees to comply with Federal procedural and other standard requirements for administering the block grant.

3. Program Reporting.

The State agrees to provide the FAA with such program or project information as the DOT Secretary may require, as described in the Agreement and in compliance with 49 U.S.C. Chapters 471 and 475.

4. Obligated to Standard Assurances.

- a. For all projects where the State is the owner of the airport(s), the State shall be obligated to comply with the standard AIP Assurances entitled "Assurances – Airport Sponsors" and "Assurances – Non-airport Sponsors Undertaking Noise Compatibility Program Projects," as appropriate to the individual project. These standard assurances are attached to and become part of these Assurances – Aviation State Block Grant Program.
- b. For all projects benefiting an airport owner other than the State, the State shall enter into an agreement with the airport owner. The agreement shall obligate the airport owner, or the State, to comply with each of the attached assurances as well as terms and conditions contained in this agreement that would have been applicable to the airport owner had it applied directly to the FAA for a grant to undertake the project. The agreement shall address the transfer and delegation to the airport owner of State obligations to the FAA, if desired. The agreement and changes thereto must be satisfactory to the Administrator of the FAA.

5. Compliance Responsibilities.

The State shall take steps to enforce agreements for subgrants with each airport owner benefiting from the State Block Grant Program if noncompliance with the terms of the agreement is evident or presented to the State. This compliance responsibility shall be assumed by the FAA at the termination of the State Block Grant Program, or as otherwise agreed to by the State and the FAA in the current State Block Grant Program Memorandum of Agreement.

6. Environmental Responsibilities.

A State that is subject to its own environmental requirements comparable to requirements of the National Environmental Policy Act (NEPA) of 1969 ("NEPA-like," as defined in regulations issued by the U.S. Council on Environmental Quality (CEQ)) shall follow its own requirements. If the State has no such requirements, it shall follow applicable CEQ regulations.

7. State Resources.

The State assures that sufficient funds will be available for that portion of project costs that are not paid by the United States, and that sufficient qualified personnel will be available to carry out its responsibilities under this Grant in a timely manner satisfactory to the FAA.

ASSURANCES

AIRPORT SPONSORS

A. General.

1. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.
2. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.
3. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this Grant Agreement.

B. Duration and Applicability.

1. Airport Development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.

The terms, conditions, and assurances of this Grant Agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.

The preceding paragraph (1) also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. Airport Planning Undertaken by a Sponsor.

Unless otherwise specified in this Grant Agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 23, 25, 30, 32, 33, 34, 37, and 40 in Section C apply to planning projects. The terms, conditions, and assurances of this Grant Agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

1. General Federal Requirements

The Sponsor will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance, and use of Federal funds for this Grant. Performance under this agreement shall be governed by and in compliance with the following requirements, as applicable, to the type of organization of the Sponsor and any applicable sub-recipients. The applicable provisions to this agreement include, but are not limited to, the following:

FOOTNOTES TO ASSURANCE (C)(1)

- ¹ These laws do not apply to airport planning sponsors.
- ² These laws do not apply to private sponsors.
- ³ 2 CFR Part 200 contains requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation shall apply where applicable to private sponsors receiving Federal assistance under Title 49, United States Code.
- ⁴ Cost principles established in 2 CFR Part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.
- ⁵ Audit requirements established in 2 CFR Part 200 subpart F are the guidelines for audits.

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this Grant Agreement.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

4. Good Title.

- a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

- b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

- a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.
- b. Subject to 49 U.S.C. 47107(a)(16) and (x), it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.
- c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.
- e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.
- f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for

residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance-Management.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program, and it assures that it will use such program for the useful life of any pavement constructed, reconstructed, or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for

certification of such airport under 49 U.S.C. 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary and incorporated into this Grant Agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

- a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.
- b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.
- c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.
- d. It will make such material available for examination by the public and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.
- e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.
- f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.
- g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.
- h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state, and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

1. Operating the airport's aeronautical facilities whenever required;
 2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
 3. Promptly notifying pilots of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.
- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:
 1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
- d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
- e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
- f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.
- g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
- h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
- i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not

conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.
 2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
 3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95.
- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or

transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

- c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of 49 U.S.C. 47107.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this Grant Agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and
- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that:

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. The airport owner or operator will maintain a current airport layout plan of the airport showing:
 1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
 3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
 4. all proposed and existing access points used to taxi aircraft across the airport's property boundary.
- b. Subject to subsection 49 U.S.C. 47107(x), the Secretary will review and approve or disapprove the plan and any revision or modification of the plan before the plan, revision, or modification takes effect.
- c. The owner or operator will not make or allow any alteration in the airport or any of its facilities unless the alteration—
 1. is outside the scope of the Secretary's review and approval authority as set forth in subsection (x); or
 2. complies with the portions of the plan approved by the Secretary.
- d. When the airport owner or operator makes a change or alteration in the airport or the facilities which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary:
 1. eliminate such adverse effect in a manner approved by the Secretary; or
 2. bear all costs of relocating such property or its replacement to a site acceptable to the Secretary and of restoring the property or its replacement to the level of safety, utility, efficiency, and cost of operation that existed before the alteration was made, except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, color, and national origin (including limited English proficiency) in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d to 2000d-4); creed and sex per 49 U.S.C. 47123 and related requirements; age per the Age Discrimination Act of 1975 and related requirements; or disability per the Americans with Disabilities Act of 1990 and related requirements, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program and activity conducted with, or benefiting from, funds received from this Grant.

- a. Using the definitions of activity, facility, and program as found and defined in 49 CFR 21.23(b) and 21.23(e), the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.
- b. Applicability
 1. Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
 2. Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.
 3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
 2. So long as the sponsor retains ownership or possession of the property.
- d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this Grant Agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The (NHDOT), in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, all businesses will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of

race, color, national origin (including limited English proficiency), creed, sex, age, or disability in consideration for an award.”

e. Required Contract Provisions.

1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the Department of Transportation (DOT), and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin (including limited English proficiency), creed, sex, age, or disability as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
 - a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 1. Reinvestment in an approved noise compatibility project;
 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. 47117(e);

3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. 47114, 47115, or 47117;
4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 1. Reinvestment in an approved noise compatibility project;
 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. 47117(e);
 3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. 47114, 47115, or 47117;
 4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
 5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.
- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a), (b), or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction

management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U.S.C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out any project funded under an Airport Improvement Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars for AIP projects as of July 21, 2025.

35. Relocation and Real Property Acquisition.

- a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
- b. It will provide a relocation assistance program offering the services described in Subpart C of 49 CFR Part 24 and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin, or sex, in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for

enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. §§ 3801-3809, 3812).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in 49 U.S.C. § 47102) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that:
 1. Describes the requests;
 2. Provides an explanation as to why the requests could not be accommodated; and
 3. Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six-month period prior to the applicable due date.

40. Access to Leaded Aviation Gasoline

- a. If 100-octane low lead aviation gasoline (100LL) was made available at an airport, at any time during calendar year 2022, an airport owner or operator may not restrict or prohibit the sale of, or self-fueling with 100-octane low lead aviation gasoline.
- b. This requirement remains until the earlier of December 31, 2030, or the date on which the airport or any retail fuel seller at the airport makes available an unleaded aviation gasoline that has been authorized for use by the FAA as a replacement for 100-octane low lead aviation gasoline for use in nearly all piston-engine aircraft and engine models; and meets either an industry consensus standard or other standard that facilitates the safe use, production, and distribution of such unleaded aviation gasoline, as determined appropriate by the FAA.
- c. An airport owner or operator understands and agrees, that any violation of this grant assurance is subject to civil penalties as provided for in 49 U.S.C. § 46301(a)(8).

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

FAA Title VI Pre-Grant Award Checklist

Submission information

Submission date (Pick a date): 07/21/2025

Name of airport sponsor: State of New Hampshire (NH DOT)

Submitter's name: Carol L. Niewola

Title: Senior Aviation Planner

Phone number: 603-271-1675

Section 1: Questions Concerning Prior Approval of Title VI Program

By selecting "Yes" below, the sponsor certifies that the following documents were provided to, and approved by, the FAA Office of Civil Rights, and documentation of FAA's approval has been received by the sponsor. The FAA Office reviewing this grant application will confirm the FAA's approval of the documents in this Section prior to approving the grant application.

A sponsor that has **both** a Title VI* Plan and a Community Participation Plan, **both** of which are approved by the FAA and current, and has already received approval for the information outlined in this Checklist, does not need to complete the remaining questions in Sections 2 and 3 of this Checklist.

This information is required based on DOT Order 1000.12C, Ch. II, Secs. 3 and 4
[<https://www.transportation.gov/mission/us-department-transportation-title-vi-program>].

Criterion	Notes	Response	Comments
<p>1.1 The sponsor has a written Title VI Plan, approved by the FAA Office of Civil Rights, and subsequently adopted by the recipient, and documentation of the approval and adoption.</p>	<p>Sponsors must develop and adopt a Title VI Plan that outlines the recipient's measures to ensure compliance with Title VI. A current Title VI Plan on file with the FAA is sufficient if the Plan is no more than 3 years old.</p> <p>If the sponsor does not have an approved Title VI Plan, select "No" and complete Sections 2 and 3 of this Checklist.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>1.2 The sponsor has a written Community Participation Plan (CPP), or an equivalent public participation plan (PPP), and documented approval or concurrence of the plan from the FAA Office of Civil Rights.</p>	<p>Sponsors must satisfy CPP requirements as a condition of receiving an award of federal financial assistance. To the extent the sponsor has already prepared a PPP as part of planning or other requirements of FAA or DOT, that plan or plans may satisfy the CPP requirement so long as the plan has incorporated the Title VI requirements as provided in DOT Order 1000.12C, Ch. II, Sec. 4(a-j).</p> <p>If the sponsor does not have an approved CPP or PPP, select "No" and answer question 3.5 in Section 3 of this Checklist.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

If the answers to 1.1 and 1.2 above are both "Yes," do *not* complete Sections 2 and 3.

Section 2: Questions Concerning Applicant Data

By selecting "Yes" below, the sponsor certifies that the following documents have been collected in its records prior to submitting this grant application and will be timely made available to FAA staff, including from the FAA Offices of Airports, Chief Counsel, and Civil Rights, upon request.

"Timely available" usually means within 1 week or less, depending on the scope and circumstances. The data should already be available in a format that can be forwarded, as-is. No further data collection or summarization efforts should be necessary to respond to the request.

This information is required by DOT Order 1000.12C, Ch. II, Sec. 2; 49 CFR 21.9; and FAA Order 1400.11.

Criterion	Notes	Response	Comments
<p>2.1 The sponsor has, on file, demographic information for the surrounding community and communities otherwise affected by the sponsor's facilities and operations, including any airport noise and relocations.</p>	<p>At a minimum, data is required for race, color, national origin, and limited English proficiency (LEP) populations. The collected data must include the most current U.S. Census Bureau data, where available, such as American Community Survey data.</p> <p><u>EJScreen</u> [www.epa.gov/ejscreen] is a useful resource for assessing project areas.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>2.2 The sponsor has, on file, demographic information for beneficiaries. For example, if the applicant is an airport operator, it has collected information for its airport customers.</p>	<p>In most cases, this type of information is available through voluntary disclosures by customers, lessees, community meeting attendees, and businesses seeking opportunities with the applicant.</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>2.3 The sponsor has, on file, demographic information for their staff.</p>	<p>In most cases, this type of information is available through voluntary disclosures. See also 49 CFR § 21.5(c).</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>2.4 The sponsor has, on file, demographic information for individuals who are members of planning or advisory boards overseeing the applicant's programs, including its airport operations (if applicable).</p>	<p>Airport sponsors, the most common FAA grant applicants, commonly have appointed boards or are overseen directly by elected bodies, such as city councils. In addition, input for specific projects or sponsor priorities is often provided by standing appointed committees. If not already available, the information can be requested on a voluntary basis.</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Section 3: Questions about the Sponsor's Programs

By choosing "Yes" below, the sponsor certifies that the related statements are true.

This information is required by DOT Order 1000.12C, Ch. II, Secs. 2, 3, and 4.

Criterion	Notes	Response	Comments
<p>3.1 The sponsor's programs, including any airport operations, have been evaluated for potential impact based on race, color, national origin (including limited English proficiency (LEP)), or low-income status as part of an environmental review process consistent with FAA requirements.</p>	<p>Relevant requirements include Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et seq.) ("Title VI"), DOT's Title VI regulations at 49 CFR part 21, Executive Order 12898, and DOT Order on Environmental Justice (Order 5610.2C).</p> <p>See Title VI of the Civil Rights Act of 1964 [www.justice.gov/crt/fcs/TitleVI];</p> <p>49 CFR part 21 [www.ecfr.gov]</p> <p>DOT Order on Environmental Justice [www.transportation.gov/transportation-policy/environmental-justice]</p>	<p><input type="checkbox"/> Yes</p> <p><input checked="" type="checkbox"/> No</p>	
<p>3.2 The sponsor has evaluated Checklist Section 2 data to identify any potential disparities based on race, color, or national origin (including LEP), as part of an analysis to identify potential discriminatory effects, consistent with FAA requirements.</p>	<p>Relevant requirements include Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et seq.) ("Title VI"), DOT's Title VI regulations at 49 CFR part 21, Executive Order 12898, and DOT Order on Environmental Justice (Order 5610.2C).</p>	<p><input type="checkbox"/> Yes</p> <p><input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>3.3 The sponsor has performed a “Four-Factor” LEP analysis for the sponsor’s programs, including its airport operations (if applicable). Plans and procedures and resources are in place to meet the identified LEP needs, consistent with the analysis.</p>	<p>A “Yes” response means yes to both parts of the question. The LEP analysis must be consistent with Executive Order 13166 and DOT Policy Guidance Concerning Recipients' Responsibilities to LEP Persons (70 FR 74087, December 14, 2005).</p> <p>See DOT's LEP Guidance [https://www.transportation.gov/civil-rights/civil-rights-awareness-enforcement/dots-lep-guidance].</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.4 If the sponsor is an airport sponsor, the FAA Unlawful Discrimination Poster is displayed at its public airport facilities.</p> <p>If the sponsor is not an airport sponsor, it uses other effective methods to inform its customers, clients, beneficiaries, etc., that it will not discriminate based on race, color, national origin (including LEP), age, sex (including sexual orientation and gender identity), or creed, and of how to file a complaint of discrimination under Title VI against the applicant.</p>	<p>For airport sponsors, areas where the posters should be displayed include, as applicable, airport terminals, fixed base operator facilities, and at businesses that are open to the public and operating on airport property, such as hotels. For larger facilities, posters should be placed so that people can reasonably be expected to see them, no matter where they are in the facility. The poster is available at Airport Civil Rights Program – National Airport Policy and Compliance [https://www.faa.gov/about/office_org/headquarters_offices/acr/com_civ_support/national_airport_policy_compliance/].</p> <p>If applicant is not an airport, the method used to inform the public must be ongoing and documented.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>3.5 The sponsor's practices for obtaining proactive and meaningful public participation to ensure that (1) beneficiaries, as well as contractors and sub-recipients (if applicable), are adequately informed about how programs, projects, and other activities will potentially affect them, and (2) diverse views are heard and considered throughout all stages of consultation, planning, and decision-making processes.</p>	<p>To demonstrate compliance with Title VI, the sponsor must specifically be able to show how it affords all members of the community equal opportunity to provide input, regardless of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age, in accordance with Title VI, 49 U.S.C. § 47123, Executive Orders 12898 and 13166, DOT Order 5610.2C, and the DOT LEP guidance at 70 FR 74087.</p> <p>Please skip this question if the sponsor has an FAA-approved community participation plan.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.6 Detailed information for all of the sponsor's Title VI lawsuits, investigations, and complaints filed or pending within the last 2 years been uploaded to the FAA Civil Rights Connect System or sent to ACR-4-TitleVI@faa.gov, with receipt acknowledged.</p>	<p>Sponsors must provide the FAA with both the initial notifications for the individual lawsuits, investigation, and complaints, and status updates. The updates are required until at least the time of grant closeout. The updates must include at least the outcome of the lawsuits, investigation, and complaint, and confirmation for resolution of identified deficiencies.</p> <p>See Appendix C to 49 CFR 21, Sub-part (b)(3) [available through www.ecfr.gov].</p> <p>"Title VI lawsuits, investigations, and complaints" include those alleging discrimination based on race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed or age.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>3.7 Detailed information for all Title VI oversight activities (including audits, compliance reviews, and assessments for the sponsor) performed or pending within the last 2 years, has been sent to ACR-4-TitleVI@faa.gov, with receipt acknowledged. This requirement does not apply to oversight activities conducted by FAA.</p>	<p>Sponsors must provide the FAA with both the initial notifications for the individual audits, compliance reviews, and assessment, and status updates. The updates are required until at least the time of grant closeout. The updates must include at least the outcome of the audits, compliance reviews, and assessment, and confirmation for resolution of identified deficiencies.</p> <p>See Appendix C to 49 CFR 21, Sub-part (b)(3) [available through www.ecfr.gov].</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.8 Detailed information for any pending grant applications with Federal agencies other than FAA identified in the grant application.</p>	<p>The information should be included in narrative fields of the pending application.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>

RE: New Hampshire Airport Block Grant Program
Grant Application AIP #3-33-SBGP-xxx-2025 - **REVISED**
FY 2025 State Block Grant Program – FY 2025 NPE & FY 2025 SA (as published)

Dear Ms. LoGiudice:

Please find enclosed a **revised** PDF version of the grant application for New Hampshire State Block Grant Program projects in the NH SBGP requesting FY 2025 NPE and FY 2025 State Apportionment (as published) grant funds as detailed in the attached grant application. This grant application only requests funds for projects at two (2) of the NH SBGP airports and statewide because the other airports are focusing on their IJJA-AIG funded projects in FY 2025. Additionally, the DAW apron project's NPE and Discretionary grant funding request will be resubmitted to you in a separate as requested. We have prepared this grant application with a 95% FAA share, 2.5% NHDOT share, and a 2.5% local share on the AIP-eligible portions of the project funded with FY 2025 AIP funds.

During your review of this revised application, if there's any additional information that you need, just give us a call.

Sincerely,

Carol L. Niewola, PE, CM

PART II - SECTION B

Certification Regarding Lobbying

The declarations made on this page are under the signature of the authorized representative as identified in box 21 of form SF-424, to which this form is attached. The term "Sponsor" refers to the applicant name provided in box 8 of the associated SF-424 form.

The Authorized Representative certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the Sponsor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the Authorized Representative shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The Authorized Representative shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

PART II – SECTION C

The Sponsor hereby represents and certifies as follows:

1. Compatible Land Use – The Sponsor has taken the following actions to assure compatible usage of land adjacent to or in the vicinity of the airport:

The NHDOT continues to work with and monitor the NH SBGP sponsor's actions to assure compatible land uses adjacent to their airports.

2. Defaults – The Sponsor is not in default on any obligation to the United States or any agency of the United States Government relative to the development, operation, or maintenance of any airport, except as stated herewith:

The NHDOT is not in default on any obligation to the United States or any agencies of the United States Government relative to the development, operations, or maintenance of any airport in NH's State Block Grant Program.

3. Possible Disabilities – There are no facts or circumstances (including the existence of effective or proposed leases, use agreements or other legal instruments affecting use of the Airport or the existence of pending litigation or other legal proceedings) which in reasonable probability might make it impossible for the Sponsor to carry out and complete the Project or carry out the provisions of the Grant Assurances, either by limiting its legal or financial ability or otherwise, except as follows:

There are no facts or circumstances which in reasonable probability might make it impossible to carry out the proposed projects.

4. Consistency with Local Plans – The project is reasonably consistent with plans existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

The projects are reasonably consistent with existing plans for the development of the areas surrounding the airports.

5. Consideration of Local Interest – It has given fair consideration to the interest of communities in or near where the project may be located.

The NH SBGP airport sponsors have given fair consideration to the interests of their communities.

6. Consultation with Users – In making a decision to undertake an airport development project under Title 49, United States Code, it has consulted with airport users that will potentially be affected by the project (§ 47105(a)(2)).

The NHDOT has worked with the NH SBGP airport sponsors to ensure user consultations have taken place.

7. Public Hearings – In projects involving the location of an airport, an airport runway or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

No projects are proposed involving the location of an airport, an airport runway, or a major runway extension.

8. Air and Water Quality Standards – In projects involving airport location, a major runway extension, or runway location it will provide for the Governor of the state in which the project is located to certify in writing to the Secretary that the project will be located, designed, constructed, and operated so as to comply with applicable and air and water quality standards. In any case where such standards have not been approved and where applicable air and water quality standards have been promulgated by the Administrator of the Environmental Protection Agency, certification shall be obtained from such Administrator. Notice of certification or refusal to certify shall be provided within sixty days after the project application has been received by the Secretary.

No projects are proposed involving the location of an airport, an airport runway, or a major runway extension.

PART II – SECTION C (Continued)

9. Exclusive Rights – There is no grant of an exclusive right for the conduct of any aeronautical activity at any airport owned or controlled by the Sponsor except as follows:

The NHDOT has worked with the NH SBGP airport sponsors to ensure that no grants of an exclusive right for the conduct of any aeronautical activity exists at their airports.

10. Land – (a) The sponsor holds the following property interest in the following areas of land, which are to be developed or used as part of or in connection with the Airport subject to the following exceptions, encumbrances, and adverse interests, all of which areas are identified on the aforementioned property map designated as Exhibit “A”. [1]

The NHDOT has worked with the NH SBGP airport sponsors to ensure that sufficient property interests at their airports exists to support the proposed projects as described in Table 2 of the supplemental Program Narrative.

The Sponsor further certifies that the above is based on a title examination by a qualified attorney or title company and that such attorney or title company has determined that the Sponsor holds the above property interests.

(b) The Sponsor will acquire within a reasonable time, but in any event prior to the start of any construction work under the Project, the following property interest in the following areas of land on which such construction work is to be performed, all of which areas are identified on the aforementioned property map designated as Exhibit “A”. [1]

All development properties are owned or controlled by airport sponsors.

(c) The Sponsor will acquire within a reasonable time, and if feasible prior to the completion of all construction work under the Project, the following property interest in the following areas of land which are to be developed or used as part of or in connection with the Airport as it will be upon completion of the Project, all of which areas are identified on the aforementioned property map designated as Exhibit “A”. [1]

All development properties are owned or controlled by airport sponsors.

¹ State the character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

SECTION E – REMARKS
 (Attach sheets if additional space is required)

The amounts requested in this grant application are for the AIP-eligible portion of the project's total costs. Included are new NPE funds for 1 (EEN) NH SBGP airport plus FY 2025 NH State Apportionment funds (as published amount). Discretionary and NPE funds for DAW's FY 2025 apron project will be requested in a separate grant application. NHDOT requests that FAA carry forward the FY 2025 NPE funds for ASH, BML, CON, CNH, 5B9, LCI, and HIE into FY 2026 as these airports are focusing on their IJJA-AIG funded projects in FY 2025. The cost breakdown is attached in the Supplemental Program Narrative. A summary of Exhibit A - Airport Property Plans are included in the Supplemental Program Narrative and is made a part of this grant application.

FAA From 5100-100 rounds the budget amounts to the nearest dollar...please refer to the Supplemental Program Narrative for the full amounts including pennies.

PART IV – PROGRAM NARRATIVE
(Suggested Format)

PROJECT: New Hampshire Airport Block Grant Program
AIRPORT: ASH, BML, CNH, CON, DAW, EEN, HIE, LCI, 5B9 and Statewide System
1. Objective: The objective of this grant request is to fund needed safety and standards improvement projects at the non-primary airports in New Hampshire along with statewide system improvements by requesting 100% of FY 2025 non-primary entitlements for EEN and 100% of FY 2025 state apportionments (as published amount). FY 2025 non-primary entitlements for ASH, BML, CON, CNH, LCI, HIE, and 5B9 are requested to be carried forward into FY 2026. DAW's FY 2025 apron project using FY 2025 NPE and Discretionary funds will be requested via a separate grant application.
2. Benefits Anticipated: The benefits anticipated from the implementation of this grant request are increased safety and preservation of runways, taxiways, aprons, and airspace surrounding the Airport Block Grant Program (Program) airports.
3. Approach: (See approved Scope of Work in Final Application) Each of the Program airports and the statewide system have submitted grant applications to the NHDOT/Bureau of Aeronautics based on approved federal procurement processes. NHDOT/Bureau of Aeronautics will issue sub-grant agreements to the airport sponsors of projects within the Program using the funds allocated as a result of this grant application. NHDOT/Bureau of Aeronautics will manage these sub-grants in accordance with accepted FAA rules, policies, and regulations including regular financial and project status reports to FAA as needed. FAA's standard Airport Sponsor Assurances, current as of the issuance of the sub-grant offers, will be attached to each airport sponsor's sub-grant offer, which will continue to obligate the Program airport sponsors to the federal requirements.
4. Geographic Location: The Program airports are located in Nashua (ASH), Milan (BML), Claremont (CNH), Concord (CON), Rochester (DAW), Keene/Swanzey (EEN), Whitefield (HIE), Gilford (LCI), and North Haverhill (5B9). One statewide project is planned this year.
5. If Applicable, Provide Additional Information: This is the seventeenth year of the Program in New Hampshire. Attached is a more descriptive narrative of the Program.
6. Sponsor's Representative: (include address & telephone number) Carol L. Niewola, PE, CM, Senior Aviation Planner, NHDOT/Bureau of Aeronautics, 7 Hazen Drive/P.O. Box 483 Concord, NH 03302-0483 P: (603) 271-1675 E: carol.l.niewola@dot.nh.gov

Table 1 is the status of the grant components for the projects included in the FY 2025 State Block Grant Program for new FY 2025 NPE and new FY 2025 State Apportionment (as published) funding. All cells for each project will be completed prior to NHDOT's issuance of a sb-grant agreement to that airport sponsor.

√ = Completed or Approved, as applicable N/A = Not Applicable N/T = Not Triggered

Explanation of “Not Triggered” in Table 1

- Intergovernmental Review coordination (through NH Office Strategic Initiatives) is not triggered when the project meets the exemption listed in FAA Order 5100.38D, paragraph 3-18.
- Section 106 coordination is not triggered when, based on an understanding between the NH SHPO, FAA, and NHDOT, the following projects are proposed: airport master plans, equipment purchases, rehabilitation/reconstruction work that only disturbs previously disturbed areas, pavement marking and remarking, land acquisition that has no construction or demolition, repairing or replacing in kind existing airfield signs and existing airport lighting, repair or renovation in the interior spaces of non-public buildings less than 50 years old, and tree cutting or vegetation removal with no stump removal and no disturbance of soil.
- Coast Zone Management, as managed by the NH Department of Environmental Services, is not triggered if the project is not a construction project or won't have any impacts to coastal waters, adjacent shorelands, islands, transitional and intertidal areas, salt marshes, associated wetlands, and beaches.
- DBE Plan/Goal Approval is not triggered when the airport sponsor will not exceed the annual \$250,000 federal share grant threshold identified in 49 CFR Part 24.

Disadvantaged Business Enterprise Statement

The NHDOT/Bureau of Aeronautics' FAA approval for their DBE Plans/Goals for FY 2024-2026 is pending from FAA Office of Civil Rights. Unless the funding threshold was not triggered, NH's non-primary airport sponsors have submitted and either have received or are awaiting FAA approvals of their DBE Goals for FY 2024-2026.

As a recipient of AIP funds through the SBGP, NHDOT does not contract with any consultants or contractors to carry out sub-recipients' project work and, therefore, NHDOT requires compliance with 49 CFR Part 24 from each of its sub-recipients who do sponsor (and issue) contracts for their project work.

SHPO/THPO Coordination Statement

Section 106 coordination needs for each individual sub-grant within NH's SBGP is individually evaluated and coordination results are shown in Table 1 of this grant application. FAA did not provide any notification of THPO coordination needed for any of NH's SBGP proposed FY 2024 projects, but if coordination is requested in the future, it will be carried out by the NHDOT/Bureau of Aeronautics in concert with the specified airport sponsor(s). A copy of NH's FY 2024 SBGP grant application has been provided (if required) to NH Office of Strategic Initiatives for coordination with any state agency including SHPO (via NH Division of Historical Resources).

US Fish & Wildlife Coordination Statement

The Fish and Wildlife Coordination Act, as amended, requires coordination with USFWS where waters of any stream or other body of water are proposed to be controlled or modified by a project. Individual sub-grants within NH's SBGP have or will coordinate with USFWS if they are preparing an environmental assessment or designing or constructing a project that is proposed to impact these water bodies.

NH SBGP NEPA Statement

Because these projects were scoped when FAA Order 1050.1F was in place for all projects except the Statewide project, references will be to FAA Order 1050.1F. The grant (e.g., "action") for the Airport Block Grant Program is Categorically Excluded from further the National Environmental Policy Act (NEPA) review per paragraph 5-6.1o in FAA Order 1050.1F (in FAA Order 1050.1G use paragraph B-2.1(o)). In addition, there are no extraordinary circumstances per FAA Order 1050.1F, paragraph 5-2 (FAA order 1050.1G per paragraph B-1). *Additionally, the airport sponsors' individual grant applications for the requested FY 2025 NPE and FY 2025 State Apportionment funding for their projects are anticipated to be Categorically Excluded from further NEPA review per the paragraph listed from FAA Order 1050.1F (see table 1 herein). In addition, there are no extraordinary circumstances in the airport sponsors' request per FAA Order 1050.1F, paragraph 5-2.*

Project Schedule

The SBGP grant period of performance begins on the date the NHDOT formally accepts this agreement. Unless explicitly stated otherwise in an amendment from the FAA, the end date of the project period of performance is 4 years (1,460 calendar days) from the date of formal grant acceptance by the Sponsor. The NHDOT will not reimburse any grant funds incurred after the Period of Performance end date.

Table 2 represents the financial data associated the **FY 2025 NPE and FY 2025 State Apportionment (as published)** funding of FAA shares. FAA shares will be 95% for FAA's shares granted in FY 2025 for airport sponsors' projects.

Table 4 illustrates the total amounts of non-primary entitlements (except DAW) and state apportionment (as published funding requested for this grant application specific to the airport sponsors' projects. Table 4 uses two methods to confirm the federal share and total project amount needed for FY 2025: (1) adding the "formula" values to the discretionary funds needed, and (2) summary of funding needs from Table 2 plus the amounts to be carried over into FY 2026 (that the NHDOT will be tracking) minus any funds carried forward from previous years. The difference in how the state and local shares are distributed is a result of the state funding the local share of a project.

Drug-Free Workplace Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: ASH, BML, CNH, CON, DAW, EEN, HIE, LCI, 5B9, and Statewide

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements on the drug-free workplace within federal grant programs are described in 2 CFR part 182. Sponsors are required to certify they will be, or will continue to provide, a drug-free workplace in accordance with the regulation. The AIP project grant agreement contains specific assurances on the Drug-Free Workplace Act of 1988.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. A statement has been or will be published prior to commencement of project notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the sponsor's workplace, and specifying the actions to be taken against employees for violation of such prohibition (2 CFR § 182.205).

Yes No N/A

2. An ongoing drug-free awareness program (2 CFR § 182.215) has been or will be established prior to commencement of project to inform employees about:

- a. The dangers of drug abuse in the workplace;
- b. The sponsor's policy of maintaining a drug-free workplace;
- c. Any available drug counseling, rehabilitation, and employee assistance programs; and
- d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

Yes No N/A

3. Each employee to be engaged in the performance of the work has been or will be given a copy of the statement required within item 1 above prior to commencement of project (2 CFR § 182.210).

Yes No N/A

4. Employees have been or will be notified in the statement required by item 1 above that, as a condition employment under the grant (2 CFR § 182.205(c)), the employee will:

- a. Abide by the terms of the statement; and
- b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction.

Yes No N/A

5. The Federal Aviation Administration (FAA) will be notified in writing within 10 calendar days after receiving notice under item 4b above from an employee or otherwise receiving actual notice of such conviction (2 CFR § 182.225). Employers of convicted employees must provide notice, including position title of the employee, to the FAA (2 CFR § 182.300).

Yes No N/A

6. One of the following actions (2 CFR § 182.225(b)) will be taken within 30 calendar days of receiving a notice under item 4b above with respect to any employee who is so convicted:

- a. Take appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; and
- b. Require such employee to participate satisfactorily in drug abuse assistance or rehabilitation programs approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.

Yes No N/A

7. A good faith effort will be made, on a continuous basis, to maintain a drug-free workplace through implementation of items 1 through 6 above (2 CFR § 182.200).

Yes No N/A

Certification and Disclosure Regarding Potential Conflicts of Interest Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: ASH, BML, CNH, CON, DAW, EEN, HIE, LCI, 5B9, and Statewide

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025

Application

Title 2 CFR § 200.112 and § 1201.112 address Federal Aviation Administration (FAA) requirements for conflict of interest. As a condition of eligibility under the Airport Improvement Program (AIP), sponsors must comply with FAA policy on conflict of interest. Such a conflict would arise when any of the following have a financial or other interest in the firm selected for award:

- a) The employee, officer or agent,
- b) Any member of his immediate family,
- c) His or her partner, or
- d) An organization which employs, or is about to employ, any of the above.

Selecting "Yes" represents sponsor or sub-recipient acknowledgement and confirmation of the certification statement. Selecting "No" represents sponsor or sub-recipient disclosure that it cannot fully comply with the certification statement. If "No" is selected, provide support information explaining the negative response as an attachment to this form. This includes whether the sponsor has established standards for financial interest that are not substantial or unsolicited gifts are of nominal value (2 CFR § 200.318(c)). The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance.

Certification Statements

1. The sponsor or sub-recipient maintains a written standards of conduct governing conflict of interest and the performance of their employees engaged in the award and administration of contracts (2 CFR § 200.318(c)). To the extent permitted by state or local law or regulations, such standards of conduct provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the sponsor's and sub-recipient's officers, employees, or agents, or by contractors or their agents.

Yes No

2. The sponsor's or sub-recipient's officers, employees or agents have not and will not solicit or accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to sub-agreements (2 CFR § 200.318(c)).

Yes No

3. The sponsor or sub-recipient certifies that is has disclosed and will disclose to the FAA any known potential conflict of interest (2 CFR § 1200.112).

Yes No

Attach documentation clarifying any above item marked with "no" response.

Sponsor's Certification

I certify, for the project identified herein, responses to the forgoing items are accurate as marked and have the explanation for any item marked "no" is correct and complete.

Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: ASH, BML, CNH, CON, DAW, EEN, HIE, LCI, 5B9, and Statewide

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements for selection of consultant services within federal grant programs are described in 2 CFR §§ 200.317-200.326. Sponsors may use other qualifications-based procedures provided they are equivalent to standards of Title 40 chapter 11 and FAA Advisory Circular 150/5100-14, Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. Sponsor acknowledges their responsibility for the settlement of all contractual and administrative issues arising out of their procurement actions (2 CFR § 200.318(k)).
 Yes No N/A

2. Sponsor procurement actions ensure or will ensure full and open competition that does not unduly limit competition (2 CFR § 200.319).
 Yes No N/A

3. Sponsor has excluded or will exclude any entity that develops or drafts specifications, requirements, or statements of work associated with the development of a request-for-qualifications (RFQ) from competing for the advertised services (2 CFR § 200.319).
 Yes No N/A

4. The advertisement describes or will describe specific project statements-of-work that provide clear detail of required services without unduly restricting competition (2 CFR § 200.319).
- Yes No N/A
5. Sponsor has publicized or will publicize a RFQ that:
- a. Solicits an adequate number of qualified sources (2 CFR § 200.320(d)); and
- b. Identifies all evaluation criteria and relative importance (2 CFR § 200.320(d)).
- Yes No N/A
6. Sponsor has based or will base selection on qualifications, experience, and disadvantaged business enterprise participation with price not being a selection factor (2 CFR § 200.320(d)).
- Yes No N/A
7. Sponsor has verified or will verify that agreements exceeding \$25,000 are not awarded to individuals or firms suspended, debarred or otherwise excluded from participating in federally assisted projects (2 CFR §180.300).
- Yes No N/A
8. A/E services covering multiple projects: Sponsor has agreed to or will agree to:
- a. Refrain from initiating work covered by this procurement beyond five years from the date of selection (AC 150/5100-14); and
- b. Retain the right to conduct new procurement actions for projects identified or not identified in the RFQ (AC 150/5100-14).
- Yes No N/A
9. Sponsor has negotiated or will negotiate a fair and reasonable fee with the firm they select as most qualified for the services identified in the RFQ (2 CFR § 200.323).
- Yes No N/A
10. The Sponsor's contract identifies or will identify costs associated with ineligible work separately from costs associated with eligible work (2 CFR § 200.302).
- Yes No N/A
11. Sponsor has prepared or will prepare a record of negotiations detailing the history of the procurement action, rationale for contract type and basis for contract fees (2 CFR §200.318(i)).
- Yes No N/A
12. Sponsor has incorporated or will incorporate mandatory contract provisions in the consultant contract for AIP-assisted work (49 U.S.C. Chapter 471 and 2 CFR part 200 Appendix II)
- Yes No N/A

13. For contracts that apply a time-and-material payment provision (also known as hourly rates, specific rates of compensation, and labor rates), the Sponsor has established or will establish:

- a. Justification that there is no other suitable contract method for the services (2 CFR §200.318(j));
- b. A ceiling price that the consultant exceeds at their risk (2 CFR §200.318(j)); and
- c. A high degree of oversight that assures consultant is performing work in an efficient manner with effective cost controls in place 2 CFR §200.318(j)).

Yes No N/A

14. Sponsor is not using or will not use the prohibited cost-plus-percentage-of-cost (CPPC) contract method. (2 CFR § 200.323(d)).

Yes No N/A

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General procurement standards for equipment and construction contracts within Federal grant programs are described in 2 CFR §§ 200.317-200.326. Labor and Civil Rights Standards applicable to the AIP are established by the Department of Labor (www.dol.gov) AIP Grant Assurance C.1—General Federal Requirements Identifies all applicable Federal Laws, regulations, executive orders, policies, guidelines and requirements for assistance under the AIP. Sponsors may use state and local procedures provided the procurement conforms to these federal standards.

This certification applies to all equipment and construction projects. Equipment projects may or may not employ laborers and mechanics that qualify the project as a “covered contract” under requirements established by the Department of Labor requirements. Sponsor shall provide appropriate responses to the certification statements that reflect the character of the project regardless of whether the contract is for a construction project or an equipment project.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting “Yes” represents sponsor acknowledgement and confirmation of the certification statement. The term “will” means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

Real Property Acquisition Airport Improvement Program Sponsor Certification

Sponsor: New Hampshire Department of Transportation

Airport: ASH, BML, CNH, CON, DAW, EEN, HIE, LCI, 5B9, and Statew⁺

Project Number: 3-33-SBGP-xxx-2025

Description of Work: New Hampshire Airport Block Grant Program FY 2025

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements on real property acquisition and relocation assistance are in 49 CFR Part 24. The AIP project grant agreement contains specific requirements and assurances on the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), as amended.

Certification Statements

Except for certification statements below marked not applicable (N/A), this list includes major requirements of the real property acquisition project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards.

1. The sponsor's attorney or other official has or will have good and sufficient title as well as title evidence on property in the project.
 Yes No N/A

2. If defects and/or encumbrances exist in the title that adversely impact the sponsor's intended use of property in the project, they have been or will be extinguished, modified, or subordinated.
 Yes No N/A

3. If property for airport development is or will be leased, the following conditions have been met:
 - a. The term is for 20 years or the useful life of the project;
 - b. The lessor is a public agency; and
 - c. The lease contains no provisions that prevent full compliance with the grant agreement. Yes No N/A

4. Property in the project is or will be in conformance with the current Exhibit A property map, which is based on deeds, title opinions, land surveys, the approved airport layout plan, and project documentation.

Yes No N/A

5. For any acquisition of property interest in noise sensitive approach zones and related areas, property interest was or will be obtained to ensure land is used for purposes compatible with noise levels associated with operation of the airport.

Yes No N/A

6. For any acquisition of property interest in runway protection zones and areas related to 14 CFR 77 surfaces or to clear other airport surfaces, property interest was or will be obtained for the following:

- a. The right of flight;
- b. The right of ingress and egress to remove obstructions; and
- c. The right to restrict the establishment of future obstructions.

Yes No N/A

7. Appraisals prepared by qualified real estate appraisers hired by the sponsor include or will include the following:

- a. Valuation data to estimate the current market value for the property interest acquired on each parcel; and
- b. Verification that an opportunity has been provided to the property owner or representative to accompany appraisers during inspections.

Yes No N/A

8. Each appraisal has been or will be reviewed by a qualified review appraiser to recommend an amount for the offer of just compensation, and the written appraisals as well as review appraisal are available to Federal Aviation Administration (FAA) for review.

Yes No N/A

9. A written offer to acquire each parcel was or will be presented to the property owner for not less than the approved amount of just compensation.

Yes No N/A

10. Effort was or will be made to acquire each property through the following negotiation procedures:

- a. No coercive action to induce agreement; and
- b. Supporting documents for settlements included in the project files.

Yes No N/A

11. If a negotiated settlement is not reached, the following procedures were or will be used:

- a. Condemnation initiated and a court deposit not less than the just compensation made prior to possession of the property; and
- b. Supporting documents for awards included in the project files.

Yes No N/A

12. If displacement of persons, businesses, farm operations, or non-profit organizations is involved, a relocation assistance program was or will be established, with displaced parties receiving general information on the program in writing, including relocation eligibility, and a 90-day notice to vacate.

Yes No N/A

13. Relocation assistance services, comparable replacement housing, and payment of necessary relocation expenses were or will be provided within a reasonable time period for each displaced occupant in accordance with the Uniform Act.

ASSURANCES

AIRPORT SPONSORS

A. General.

1. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.
2. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.
3. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this Grant Agreement.

B. Duration and Applicability.

1. Airport Development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.

The terms, conditions, and assurances of this Grant Agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.

The preceding paragraph (1) also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. Airport Planning Undertaken by a Sponsor.

Unless otherwise specified in this Grant Agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 23, 25, 30, 32, 33, 34, 37, and 40 in Section C apply to planning projects. The terms, conditions, and assurances of this Grant Agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

1. General Federal Requirements

The Sponsor will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance, and use of Federal funds for this Grant. Performance under this agreement shall be governed by and in compliance with the following requirements, as applicable, to the type of organization of the Sponsor and any applicable sub-recipients. The applicable provisions to this agreement include, but are not limited to, the following:

FOOTNOTES TO ASSURANCE (C)(1)

- ¹ These laws do not apply to airport planning sponsors.
- ² These laws do not apply to private sponsors.
- ³ 2 CFR Part 200 contains requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation shall apply where applicable to private sponsors receiving Federal assistance under Title 49, United States Code.
- ⁴ Cost principles established in 2 CFR Part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.
- ⁵ Audit requirements established in 2 CFR Part 200 subpart F are the guidelines for audits.

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this Grant Agreement.

2. Responsibility and Authority of the Sponsor.**a. Public Agency Sponsor:**

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

4. Good Title.

- a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

- b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

- a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.
- b. Subject to 49 U.S.C. 47107(a)(16) and (x), it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.
- c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.
- e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.
- f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for

residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance-Management.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program, and it assures that it will use such program for the useful life of any pavement constructed, reconstructed, or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for

certification of such airport under 49 U.S.C. 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary and incorporated into this Grant Agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

- a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.
- b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.
- c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.
- d. It will make such material available for examination by the public and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.
- e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.
- f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.
- g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.
- h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state, and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

1. Operating the airport's aeronautical facilities whenever required;
 2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
 3. Promptly notifying pilots of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.
- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:
 1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
- d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
- e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
- f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.
- g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
- h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
- i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not

conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.
 2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
 3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95.
- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or

transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

- c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of 49 U.S.C. 47107.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this Grant Agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and
- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that:

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. The airport owner or operator will maintain a current airport layout plan of the airport showing:
 1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
 3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
 4. all proposed and existing access points used to taxi aircraft across the airport's property boundary.
- b. Subject to subsection 49 U.S.C. 47107(x), the Secretary will review and approve or disapprove the plan and any revision or modification of the plan before the plan, revision, or modification takes effect.
- c. The owner or operator will not make or allow any alteration in the airport or any of its facilities unless the alteration—
 1. is outside the scope of the Secretary's review and approval authority as set forth in subsection (x); or
 2. complies with the portions of the plan approved by the Secretary.
- d. When the airport owner or operator makes a change or alteration in the airport or the facilities which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary:
 1. eliminate such adverse effect in a manner approved by the Secretary; or
 2. bear all costs of relocating such property or its replacement to a site acceptable to the Secretary and of restoring the property or its replacement to the level of safety, utility, efficiency, and cost of operation that existed before the alteration was made, except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, color, and national origin (including limited English proficiency) in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d to 2000d-4); creed and sex per 49 U.S.C. 47123 and related requirements; age per the Age Discrimination Act of 1975 and related requirements; or disability per the Americans with Disabilities Act of 1990 and related requirements, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program and activity conducted with, or benefiting from, funds received from this Grant.

- a. Using the definitions of activity, facility, and program as found and defined in 49 CFR 21.23(b) and 21.23(e), the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.
- b. Applicability
 1. Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
 2. Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.
 3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.
- c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
 2. So long as the sponsor retains ownership or possession of the property.
- d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this Grant Agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The NHDOT, _____ in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, all businesses will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of

race, color, national origin (including limited English proficiency), creed, sex , age, or disability in consideration for an award.”

e. Required Contract Provisions.

1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the Department of Transportation (DOT), and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin (including limited English proficiency), creed, sex, age, or disability as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
 - a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 1. Reinvestment in an approved noise compatibility project;
 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. 47117(e);

3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. 47114, 47115, or 47117;
4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 1. Reinvestment in an approved noise compatibility project;
 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. 47117(e);
 3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. 47114, 47115, or 47117;
 4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
 5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.
- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a), (b), or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction

management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U.S.C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out any project funded under an Airport Improvement Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars for AIP projects as of July 18, 2025.

35. Relocation and Real Property Acquisition.

- a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
- b. It will provide a relocation assistance program offering the services described in Subpart C of 49 CFR Part 24 and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin, or sex, in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for

enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. §§ 3801-3809, 3812).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in 49 U.S.C. § 47102) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that:
 1. Describes the requests;
 2. Provides an explanation as to why the requests could not be accommodated; and
 3. Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six-month period prior to the applicable due date.

40. Access to Leaded Aviation Gasoline

- a. If 100-octane low lead aviation gasoline (100LL) was made available at an airport, at any time during calendar year 2022, an airport owner or operator may not restrict or prohibit the sale of, or self-fueling with 100-octane low lead aviation gasoline.
- b. This requirement remains until the earlier of December 31, 2030, or the date on which the airport or any retail fuel seller at the airport makes available an unleaded aviation gasoline that has been authorized for use by the FAA as a replacement for 100-octane low lead aviation gasoline for use in nearly all piston-engine aircraft and engine models; and meets either an industry consensus standard or other standard that facilitates the safe use, production, and distribution of such unleaded aviation gasoline, as determined appropriate by the FAA.
- c. An airport owner or operator understands and agrees, that any violation of this grant assurance is subject to civil penalties as provided for in 49 U.S.C. § 46301(a)(8).

ASSURANCES

AVIATION STATE BLOCK GRANT PROGRAM

General

These assurances are required to be submitted as Part III of the three-part application forms by States applying to participate in the State Block Grant Program under Title 49, United States Code, section 47128, and Title 14, Code of Federal Regulations, Part 156. Participating States shall comply with these assurances in the performance of any grant agreement executed as a result of this application.

1. Incorporated in Grant Agreement.

Upon acceptance by the State of the grant offer, these assurances and all assurances, as well as applicable terms and conditions are incorporated in and become part of the Grant Agreement.

2. Federal Requirements.

The State agrees to comply with Federal procedural and other standard requirements for administering the block grant.

3. Program Reporting.

The State agrees to provide the FAA with such program or project information as the DOT Secretary may require, as described in the Agreement and in compliance with 49 U.S.C. Chapters 471 and 475.

4. Obligated to Standard Assurances.

- a. For all projects where the State is the owner of the airport(s), the State shall be obligated to comply with the standard AIP Assurances entitled "Assurances – Airport Sponsors" and "Assurances – Non-airport Sponsors Undertaking Noise Compatibility Program Projects," as appropriate to the individual project. These standard assurances are attached to and become part of these Assurances – Aviation State Block Grant Program.
- b. For all projects benefiting an airport owner other than the State, the State shall enter into an agreement with the airport owner. The agreement shall obligate the airport owner, or the State, to comply with each of the attached assurances as well as terms and conditions contained in this agreement that would have been applicable to the airport owner had it applied directly to the FAA for a grant to undertake the project. The agreement shall address the transfer and delegation to the airport owner of State obligations to the FAA, if desired. The agreement and changes thereto must be satisfactory to the Administrator of the FAA.

5. Compliance Responsibilities.

The State shall take steps to enforce agreements for subgrants with each airport owner benefiting from the State Block Grant Program if noncompliance with the terms of the agreement is evident or presented to the State. This compliance responsibility shall be assumed by the FAA at the termination of the State Block Grant Program, or as otherwise agreed to by the State and the FAA in the current State Block Grant Program Memorandum of Agreement.

6. Environmental Responsibilities.

A State that is subject to its own environmental requirements comparable to requirements of the National Environmental Policy Act (NEPA) of 1969 ("NEPA-like," as defined in regulations issued by the U.S. Council on Environmental Quality (CEQ)) shall follow its own requirements. If the State has no such requirements, it shall follow applicable CEQ regulations.

7. State Resources.

The State assures that sufficient funds will be available for that portion of project costs that are not paid by the United States, and that sufficient qualified personnel will be available to carry out its responsibilities under this Grant in a timely manner satisfactory to the FAA.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

FAA Title VI Pre-Grant Award Checklist

Submission information

Submission date (Pick a date): 07/18/2025

Name of airport sponsor: State of New Hampshire (NH DOT)

Submitter's name: Carol L. Niewola

Title: Senior Aviation Planner

Phone number: 603-271-1675

Section 1: Questions Concerning Prior Approval of Title VI Program

By selecting "Yes" below, the sponsor certifies that the following documents were provided to, and approved by, the FAA Office of Civil Rights, and documentation of FAA's approval has been received by the sponsor. The FAA Office reviewing this grant application will confirm the FAA's approval of the documents in this Section prior to approving the grant application.

A sponsor that has **both** a Title VI* Plan and a Community Participation Plan, **both** of which are approved by the FAA and current, and has already received approval for the information outlined in this Checklist, does not need to complete the remaining questions in Sections 2 and 3 of this Checklist.

This information is required based on DOT Order 1000.12C, Ch. II, Secs. 3 and 4
[<https://www.transportation.gov/mission/us-department-transportation-title-vi-program>].

Criterion	Notes	Response	Comments
<p>1.1 The sponsor has a written Title VI Plan, approved by the FAA Office of Civil Rights, and subsequently adopted by the recipient, and documentation of the approval and adoption.</p>	<p>Sponsors must develop and adopt a Title VI Plan that outlines the recipient's measures to ensure compliance with Title VI. A current Title VI Plan on file with the FAA is sufficient if the Plan is no more than 3 years old.</p> <p>If the sponsor does not have an approved Title VI Plan, select "No" and complete Sections 2 and 3 of this Checklist.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>1.2 The sponsor has a written Community Participation Plan (CPP), or an equivalent public participation plan (PPP), and documented approval or concurrence of the plan from the FAA Office of Civil Rights.</p>	<p>Sponsors must satisfy CPP requirements as a condition of receiving an award of federal financial assistance. To the extent the sponsor has already prepared a PPP as part of planning or other requirements of FAA or DOT, that plan or plans may satisfy the CPP requirement so long as the plan has incorporated the Title VI requirements as provided in DOT Order 1000.12C, Ch. II, Sec. 4(a-j).</p> <p>If the sponsor does not have an approved CPP or PPP, select "No" and answer question 3.5 in Section 3 of this Checklist.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

If the answers to 1.1 and 1.2 above are both "Yes," do *not* complete Sections 2 and 3.

Section 2: Questions Concerning Applicant Data

By selecting "Yes" below, the sponsor certifies that the following documents have been collected in its records prior to submitting this grant application and will be timely made available to FAA staff, including from the FAA Offices of Airports, Chief Counsel, and Civil Rights, upon request.

"Timely available" usually means within 1 week or less, depending on the scope and circumstances. The data should already be available in a format that can be forwarded, as-is. No further data collection or summarization efforts should be necessary to respond to the request.

This information is required by DOT Order 1000.12C, Ch. II, Sec. 2; 49 CFR 21.9; and FAA Order 1400.11.

Criterion	Notes	Response	Comments
<p>2.1 The sponsor has, on file, demographic information for the surrounding community and communities otherwise affected by the sponsor's facilities and operations, including any airport noise and relocations.</p>	<p>At a minimum, data is required for race, color, national origin, and limited English proficiency (LEP) populations. The collected data must include the most current U.S. Census Bureau data, where available, such as American Community Survey data.</p> <p><u>EJScreen</u> [www.epa.gov/ejscreen] is a useful resource for assessing project areas.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>2.2 The sponsor has, on file, demographic information for beneficiaries. For example, if the applicant is an airport operator, it has collected information for its airport customers.</p>	<p>In most cases, this type of information is available through voluntary disclosures by customers, lessees, community meeting attendees, and businesses seeking opportunities with the applicant.</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>2.3 The sponsor has, on file, demographic information for their staff.</p>	<p>In most cases, this type of information is available through voluntary disclosures. See also 49 CFR § 21.5(c).</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>2.4 The sponsor has, on file, demographic information for individuals who are members of planning or advisory boards overseeing the applicant's programs, including its airport operations (if applicable).</p>	<p>Airport sponsors, the most common FAA grant applicants, commonly have appointed boards or are overseen directly by elected bodies, such as city councils. In addition, input for specific projects or sponsor priorities is often provided by standing appointed committees. If not already available, the information can be requested on a voluntary basis.</p> <p>If not applicable or after reasonable efforts, no information was collected, respond, "Yes."</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Section 3: Questions about the Sponsor's Programs

By choosing "Yes" below, the sponsor certifies that the related statements are true.

This information is required by DOT Order 1000.12C, Ch. II, Secs. 2, 3, and 4.

Criterion	Notes	Response	Comments
<p>3.1 The sponsor's programs, including any airport operations, have been evaluated for potential impact based on race, color, national origin (including limited English proficiency (LEP)), or low-income status as part of an environmental review process consistent with FAA requirements.</p>	<p>Relevant requirements include Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et seq.) ("Title VI"), DOT's Title VI regulations at 49 CFR part 21, Executive Order 12898, and DOT Order on Environmental Justice (Order 5610.2C).</p> <p>See Title VI of the Civil Rights Act of 1964 [www.justice.gov/crt/fcs/TitleVI]; 49 CFR part 21 [www.ecfr.gov] DOT Order on Environmental Justice [www.transportation.gov/transportation-policy/environmental-justice]</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.2 The sponsor has evaluated Checklist Section 2 data to identify any potential disparities based on race, color, or national origin (including LEP), as part of an analysis to identify potential discriminatory effects, consistent with FAA requirements.</p>	<p>Relevant requirements include Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et seq.) ("Title VI"), DOT's Title VI regulations at 49 CFR part 21, Executive Order 12898, and DOT Order on Environmental Justice (Order 5610.2C).</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>3.3 The sponsor has performed a “Four-Factor” LEP analysis for the sponsor’s programs, including its airport operations (if applicable). Plans and procedures and resources are in place to meet the identified LEP needs, consistent with the analysis.</p>	<p>A “Yes” response means yes to both parts of the question. The LEP analysis must be consistent with Executive Order 13166 and DOT Policy Guidance Concerning Recipients’ Responsibilities to LEP Persons (70 FR 74087, December 14, 2005).</p> <p>See <u>DOT’s LEP Guidance</u> [https://www.transportation.gov/civil-rights/civil-rights-awareness-enforcement/dots-lep-guidance].</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.4 If the sponsor is an airport sponsor, the FAA Unlawful Discrimination Poster is displayed at its public airport facilities.</p> <p>If the sponsor is not an airport sponsor, it uses other effective methods to inform its customers, clients, beneficiaries, etc., that it will not discriminate based on race, color, national origin (including LEP), age, sex (including sexual orientation and gender identity), or creed, and of how to file a complaint of discrimination under Title VI against the applicant.</p>	<p>For airport sponsors, areas where the posters should be displayed include, as applicable, airport terminals, fixed base operator facilities, and at businesses that are open to the public and operating on airport property, such as hotels. For larger facilities, posters should be placed so that people can reasonably be expected to see them, no matter where they are in the facility. The poster is available at <u>Airport Civil Rights Program – National Airport Policy and Compliance</u> [https://www.faa.gov/about/office_org/headquarters_offices/acr/com_civ_support/national_airport_policy_compliance/].</p> <p>If applicant is not an airport, the method used to inform the public must be ongoing and documented.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	

Criterion	Notes	Response	Comments
<p>3.5 The sponsor's practices for obtaining proactive and meaningful public participation to ensure that (1) beneficiaries, as well as contractors and sub-recipients (if applicable), are adequately informed about how programs, projects, and other activities will potentially affect them, and (2) diverse views are heard and considered throughout all stages of consultation, planning, and decision-making processes.</p>	<p>To demonstrate compliance with Title VI, the sponsor must specifically be able to show how it affords all members of the community equal opportunity to provide input, regardless of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age, in accordance with Title VI, 49 U.S.C. § 47123, Executive Orders 12898 and 13166, DOT Order 5610.2C, and the DOT LEP guidance at 70 FR 74087.</p> <p>Please skip this question if the sponsor has an FAA-approved community participation plan.</p>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
<p>3.6 Detailed information for all of the sponsor's Title VI lawsuits, investigations, and complaints filed or pending within the last 2 years been uploaded to the FAA Civil Rights Connect System or sent to ACR-4-TitleVI@faa.gov, with receipt acknowledged.</p>	<p>Sponsors must provide the FAA with both the initial notifications for the individual lawsuits, investigation, and complaints, and status updates. The updates are required until at least the time of grant closeout. The updates must include at least the outcome of the lawsuits, investigation, and complaint, and confirmation for resolution of identified deficiencies.</p> <p>See Appendix C to 49 CFR 21, Sub-part (b)(3) [available through www.ecfr.gov].</p> <p>"Title VI lawsuits, investigations, and complaints" include those alleging discrimination based on race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed or age.</p>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	

Criterion	Notes	Response	Comments
<p>3.7 Detailed information for all Title VI oversight activities (including audits, compliance reviews, and assessments for the sponsor) performed or pending within the last 2 years, has been sent to ACR-4-TitleVI@faa.gov, with receipt acknowledged. This requirement does not apply to oversight activities conducted by FAA.</p>	<p>Sponsors must provide the FAA with both the initial notifications for the individual audits, compliance reviews, and assessment, and status updates. The updates are required until at least the time of grant closeout. The updates must include at least the outcome of the audits, compliance reviews, and assessment, and confirmation for resolution of identified deficiencies.</p> <p>See Appendix C to 49 CFR 21, Sub-part (b)(3) [available through www.ecfr.gov].</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>3.8 Detailed information for any pending grant applications with Federal agencies other than FAA identified in the grant application.</p>	<p>The information should be included in narrative fields of the pending application.</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
