The Honorable Ken Weyler, Chairman
Fiscal Committee of the General Court

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council

Approval of this request will allow the Department of Business and Economic Affairs to continue to administer the usage of funds awarded to support the State Small Business Credit Initiative Technical Assistance (SSBCI TA) grant program activities funded by the US Department of Treasury.

The SSBCI TA grant is a federal program authorized under the American Rescue Plan Act of 2021 and administered by the U.S. Department of the Treasury. It provides funding to deliver specialized support services to small businesses, with a focus on v small businesses. Services include legal assistance, accounting, and financial advisory support to help businesses prepare for and secure capital, as well as sustain long-term growth.

Through the SSBCI TA Program, the UNH Small Business Development Center (SBDC) can offer free, expert support - overseen by the NH Department of Business and Economic Affairs - to connect business owners with the resources they need to access capital and succeed.

Although the program is federally funded, the grant is administered through a state-designated entity rather than directly to service providers (in this case UNH SBDC). In New Hampshire, BEA serves as the designated implementing entity, responsible for oversight and federal compliance. This structure allows the state to partner with trusted local organizations—such as the NH SBDC, community lenders, and nonprofit service providers—that understand the state's economic conditions and challenges.

By centralizing program management with a single accountable state entity, the U.S. Treasury ensures strong oversight while enabling New Hampshire to align technical assistance with its broader SSBCI capital programs. This approach strengthens connections between small businesses seeking capital and the resources they need to grow and succeed in New Hampshire.

The total grant amount awarded to BEA for the SSBCI TA grant program is \$756,778, to run through October 31, 2027.

Funds are budgeted as follows:

Class 040 – Indirect Costs – all agencies receiving outside funding from any source are required by RSA 21-I:75 to recover a proportional share of the outside funding source to alleviate agency indirect costs.

Class 042 – Additional Fringe Benefits – Post retirement cost allocation for existing position.

Class 050 – Personal Service Temp – salary cost allocation for existing position.

Class 060 – Benefits – Benefit cost allocation for existing position.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

EXPLANATION

The US Department of Treasury has awarded the New Hampshire Small Business Development Center (NH SBDC) a State Small Business Credit Initiative (SSBCI) Technical Assistance (TA) grant contingent upon Fiscal Committee and Governor and Executive Council approval. accounting, and financial advisory services to very small businesses (VSB's) and business enterprises owned and controlled by socially and economically disadvantaged individuals (SEDI-owned businesses). The State of New Hampshire's Department of Business and Economic Affairs (BEA) has been designated as the "implementing entity" for purposes of overseeing these funds and entering into any agreements relative to their administration. Additionally, every state had access to an allocation from the SSBCI TA grant program, but an application and subsequent award by US Treasury was required. As a result, SBDC will directly facilitate the program with oversight by BEA for federal compliance purposes.

These funds provided to the NH SBDC will be used to fund TA services to eligible beneficiaries, as well as align with and support other state or federally funded initiatives or programs. Eligible beneficiaries are very small businesses (VSB's) and businesses owned and controlled by socially and economically disadvantaged individuals (SEDI-owned businesses) that are applying for, preparing for, or have previously applied for an SSBCI capital program or other federal or other jurisdiction program that supports small businesses.

New Hampshire has more than 130,000 small businesses, which create a majority of new jobs and have a significant impact on the State's economy. Recent surveys conducted by SBDC indicate that many of those small businesses have ongoing concerns and need for assistance as it pertains to access to capital, legal counsel, accounting and recordkeeping, and financials.

The principal function of the NH SBDC program is to design and carry out quality business advising, training, and educational services to help entrepreneurs and existing business owners reduce operating costs and respond to changing market conditions to be competitive and more profitable. The NH SBDC's current client base consists of roughly 90% VSB's and is therefore well suited to facilitate this TA program. The NH SBDC and BEA have a preexisting relationship and familiarity in part due to a Cooperative Project Agreement in effect through this biennium (June 30, 2025), enabling SBDC and BEA's Division of Economic Development to work closely through referral exchanges and special projects designed to help meet the needs of the New Hampshire's small business community.

By participating in this SSBCI TA grant program, the State will be in an even better position to respond to the various, and often changing, needs of and opportunities for New Hampshire's small business community, and its economic development efforts are enhanced by this support to small companies which in turn, promotes growth and creates jobs.

Upon approval of this item, BEA will seek approval by the Governor and Executive Council to enter into an agreement with the NH SBDC to provide administration, oversight, reporting, and support services in compliance with the SSBCI TA grant program requirements.

The total grant amount awarded to BEA for the SSBCI TA grant program is \$756,778, to run through October 31, 2027.

Funds are budgeted as follows:

Class 050 – Personal Service Temp – salary cost allocation for existing position.

Class 060 – Benefits – Benefit cost allocation for existing position.

The Honorable Ken Weyler, Chairman
Fiscal Committee of the General Court

His Excellency, Governor Christopher T. Sununu

Class 040 – Indirect Costs – all agencies receiving outside funding from any source are required by RSA 21-I:75 to recover a proportional share of the outside funding source to alleviate agency indirect costs.

Class 041 – Audit Fund Set-Aside – to comply with RSA 124:16 that requires all agencies which receive federal funds to set aside a percentage (0.1%) of the federal revenue amount received to pay for financial and compliance audits.

Class 042 – Additional Fringe Benefits – Post retirement cost allocation for existing position.

Class 102 – Contracts for Program Services – contract to UNH/NH SBDC to implement SSBCI-TA program.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.
