Her Excellency, Governor Kelley A. Ayotte  
and the Honorable Council  
State House  
Concord, NH 03301

**REQUESTED ACTION**

For inclusion on the Governor and Council Consent Calendar. Authorize the State Treasurer, as Trustee of the New Hampshire Higher Education Savings Plan Trust (the "Trust"), to amend the following documents relating to the New Hampshire College Tuition Savings Plan (the "Savings Plan") to become effective October 1, 2025, subject to approval of the Governor and Executive Council:

Seventh Amendment to the Restated Management And Administrative Services Agreement (the "MASA") between the State Treasurer, as Trustee, and FMR LLC, Fidelity Management and Research Company, LLC, and Fidelity Brokerage Services LLC (collectively referred to as "Fidelity"), as amended.

Amended and Restated Investment Management Agreement (the "IMA") dated April 28, 2003, between the State Treasurer, as Trustee, and Fidelity Management and Research, LLC d/b/a Fidelity FMR Co. (the "Investment Manager"), as amended.

There is no financial impact to the State. All compensation paid to the Program Administrator and all administrative costs incurred by the Trust are funded by means of an administrative assessment collected directly from the investment portfolios of participants in the Savings Plan.

**EXPLANATION**

Statutory Background – The New Hampshire College Tuition Savings Plan was established in 1997 pursuant to RSA 195-H, which authorized the creation of a State-sponsored college tuition savings plan qualified under Section 529 of the Internal Revenue Code (the "Program"). The Program currently consists of two savings plans: 1) the UNIQUE College Investing Plan ("UNIQUE") – a retail plan offered directly to the public,

and; 2) the Fidelity Advisor 529 Plan (“FA529”) – available only through third-party investment advisors that are able to offer these accounts to their own clients.

RSA 195-H also created the 13-member New Hampshire College Tuition Savings Plan Advisory Commission (the “Advisory Commission”) and authorized the creation of the New Hampshire Higher Education Savings Plan Trust (the “Trust”), established in 1998, in order to carry out and promote the State’s purposes for the Program, with the State Treasurer serving as Trustee. The Trust currently has over one million participant accounts with \$30.8 billion in participant-invested assets under management, making the State’s Program the fourth-largest 529 plan in the nation.

RSA 6:38 established the New Hampshire Excellence in Higher Education Endowment Trust Fund (the “Fund”) to provide postsecondary education scholarships for financially-qualified New Hampshire residents attending participating New Hampshire colleges. Fund revenues are derived from an administrative assessment applied to the market value of each participant account. Since inception, the Fund has distributed over \$230 million in scholarship aid for the benefit of New Hampshire students. The Fund also provides reimbursement to the State for administrative costs incurred on behalf of the Trust, the State Treasury, and the Advisory Commission.

Fidelity Service Contracts – In 1998 the State Treasurer, as Trustee, with the advice and consent of the Advisory Commission and the approval of the Governor and Executive Council, contracted with Fidelity to provide investment, recordkeeping, regulatory compliance, and administrative services as a result of a rigorous Request for Proposal process. The two resulting service contracts (the Investment Management Agreement and the Management and Administrative Services Agreement) have been amended from time to time and are in effect through December 31, 2028. Amendments to these agreements have been made in order to remain compliant with Section 529 of the federal tax code and investment disclosure requirements, and strengthen the competitiveness of the Savings Plan in the national marketplace by reducing investment fees, adding investment options, enhancing technology and services, and reducing participant barriers such as account maintenance costs and contribution minimums, all with the overall goal of promoting postsecondary education savings, particularly among middle and lower income families.

Requested Action – The Investment Manager is proposing to reduce the Fidelity Advisor 529 Plan Age-Based Fee schedule. The impacted vintages are near or at college age. Also, the program manager, Fidelity Investments, for the UNIQUE Plan is requesting approval to lower the program manager fee for all active, blend, and index portfolios by two (2) basis points as well as lowering the bank administration fee for the Bank Deposit Portfolio from 40 basis points to 20 basis points. The fee reductions will ultimately benefit participants of the New Hampshire 529 College Tuition Savings Plan.

Her Excellency, Governor Kelley A. Ayotte  
and the Honorable Council

Additionally, the State Treasury has confirmed that the Investment Manager remains in good standing with the Secretary of State's Office, has secured the required levels of insurance, and has provided evidence of authority to execute and be bound by the contract. Documents supporting these assertions are available at the State Treasury, for review upon request.

Respectfully Submitted,

### WITNESSETH THAT:

WHEREAS, the State of New Hampshire (“the State”) has adopted legislation (the “Authorizing Legislation”) enabling the State to establish and maintain the New Hampshire College Tuition Savings Plan, a college savings plan designed to constitute a “qualified tuition program” under Section 529 of the United States Internal Revenue Code of 1986, as amended from time to time (the “Plan”) and to provide for the administration and operation of the Plan;

WHEREAS, the State has established the New Hampshire Higher Education Savings Plan Trust (the “Trust”), with the Treasurer of the State of New Hampshire as Trustee, under the laws of the State of New Hampshire as a vehicle to establish the Plan and to allow participants to establish accounts with the Trust (the “Accounts”) and to save assets to fund the costs of qualified higher education expenses;

WHEREAS, the Plan allows contributions to be made to the Trust by participants who have executed a Participation Agreement with the Trust, and the Plan provides for the administration and investment of such contributions;

WHEREAS, the Trust is divided into investment pools (the “Pools”) which are and will be invested under different investment strategies in accordance with the investment guidelines (the “Guidelines”) set forth in Schedule A attached hereto, as revised from time to time in accordance with this Agreement;

WHEREAS, the Trust authorizes the Trustee, upon approval of the New Hampshire College Tuition Savings Plan Advisory Commission, to enter into one or more contracts, subject to Governor and Executive Council approval, to obtain administrative, marketing and management services for the Plan, including for investment of the assets of the Trust;

WHEREAS, the Trust has entered into a Restated Management and Administrative Services Agreement (the "Restated MAS Agreement") by and among the Trustee acting on behalf of the Trust and FMR, a Massachusetts corporation, Fidelity Brokerage Services LLC and FMR under which the Fidelity entities provide services, including investment management services, in order to meet the administrative and investment obligations of the Trust;

WHEREAS, the Trustee wishes to enter into this Restated Investment Management Agreement (the "Agreement") for the purpose of restating the prior agreement under which the Trustee retained FMR as investment manager to manage the assets of the Trust (the "Investment Manager"), and to incorporate changes to the Agreement as the Trustee and FMR agree.

WHEREAS, the New Hampshire College Tuition Savings Plan Advisory Commission ("Advisory Commission") approved the Trustee to enter into this Agreement for the purpose of restating the prior agreement under which the Trust retained FMR as Investment Manager, and to incorporate changes to the Agreement as the Trust and FMR agree.

NOW THEREFORE, in consideration of the promises and the mutual covenants herein contained, the Trustee and FMR do enter into this Agreement, which replaces and supersedes the prior agreement and all amendments thereto, and hereby agree as follows:

## I. APPOINTMENT OF THE INVESTMENT MANAGER

Subject to the terms and conditions of this Agreement, the Trustee hereby appoints FMR as Investment Manager to manage, pursuant to the guidelines referred to in Section VI hereof, such of the assets as are in the Accounts from time to time, and FMR agrees to serve as Investment Manager. FMR shall develop, implement and operate the Plan at the Trustee's direction. The assets of the Trust shall be preserved, invested and expended by FMR pursuant to and for the purposes of the Trust.

## II. REPRESENTATIONS AND WARRANTIES

2.1 The Trustee hereby represents and warrants as follows:

- (a) the Trust is a trust duly organized, validly existing and in good standing under the laws of the State of New Hampshire;
- (b) the Trustee has the full legal right, power and authority to execute and deliver the Agreement and to consummate the transactions contemplated thereby;
- (c) the execution and delivery of the Agreement has been duly and validly approved by the Commission (as such term is defined in the Restated MAS

Agreement) and the Trustee in accordance with all applicable state laws including the Authorizing Legislation;

(d) with the exception of Governor and Executive Council approval, no consents or approvals of any agency or instrumentality of the State of New Hampshire or of any third party are necessary in connection with the execution and delivery by the Trustee of the Agreement and the consummation of the transactions contemplated hereby; and

(e) to the best of the Trustee's knowledge, the execution and delivery of the Agreement and performance of the Restated Agreement will not conflict with or constitute on the part of the Trustee a breach or default under any agreement or other instrument to which the Trustee is a party or any existing law, administrative regulation, court order or consent decree to which the Trustee is subject.

2.2 FMR hereby represents and warrants as follows:

(a) FMR is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction under whose laws it is organized;

(b) FMR has the full legal right, power and authority to execute and deliver the Agreements and to consummate the transactions contemplated thereby;

(c) FMR has obtained all necessary corporate actions approving the execution and delivery of the Agreement;

(d) no consents or approvals of or filings or registrations with any court, administrative agency or commission or other governmental authority or instrumentality or with any third party are necessary in connection with the execution and delivery by FMR of the Agreement and the consummation of the transactions contemplated hereby; and

(e) to the best of the FMR's knowledge, the execution and delivery of the Agreement and performance of the Agreement will not conflict with or constitute on the part of FMR a breach or default under any agreement or other instrument to which any of FMR is a party or any existing law, administrative regulation, court order or consent decree to which FMR is subject.

2.3 FMR represents and warrants that it is an investment adviser registered as such with the U.S. Securities and Exchange Commission and shall make all necessary notice and other filings with the various states to the extent required to conduct such business, including the State. FMR represents and warrants that its directors, officers, employees, and other individuals or entities dealing with the money and/or securities of the Trust are and shall continue to be at all times covered by blanket fidelity bond or similar coverage in an amount not less than that required currently by rule 17g-(1) of the Investment Company Act of 1940 or related provisions as may be promulgated from time

to time. The aforesaid bond shall include coverage for larceny and embezzlement and shall be issued by a reputable bonding company. FMR represents and warrants that it is covered by an errors and omissions insurance policy in an amount not less than \$10 million and that it will continue to maintain such coverage or similar coverage during the term of this Agreement.

### III. POWERS AND DUTIES OF THE INVESTMENT MANAGER

FMR shall manage the Trust assets in accordance with the provisions of the Declaration of Trust, the Restated MAS Agreement and this Agreement, and to that end FMR shall have full power and authority to:

3.1 issue orders for or make purchases or sales of securities including both individual securities and shares of mutual funds advised by affiliates, subsidiaries or divisions of Fidelity Management & Research Co. or funds held out with the Fidelity name ("Fidelity Investments mutual funds" or "Fidelity Funds") or other property or part interest therein for the Account directly to or with a broker, dealer, or other person;

3.2 invest daily cash balances;

3.3 exercise or abstain from exercising any option, privilege, or right attaching to any asset in the Account;

3.4 vote on behalf of the Trustee all proxies with respect to non-mutual fund holdings of the Trust;

3.5 determine or confirm, as the case may be, consistent with the procedures and policies adopted by the Investment Manager, the value of any securities holdings or other assets of the Pools, including (but not limited to) providing recommendations for fair valuations and maintaining records and written backup information with respect to such valuation determinations; and

3.6 perform any or all acts reasonably necessary to carry out the duties described in this Agreement.

### IV. COMPENSATION

For the performance of its duties hereunder, the Trustee shall pay FMR in accordance with the fee provisions set forth in Schedule B hereto. During the term of this Agreement and any subsequent extension, the payment by the Trustee, on behalf of the Trust, of such compensation as provided herein shall represent full and adequate compensation to FMR for its obligations under this Agreement and the Restated MAS Agreement. The Trustee's payment obligations under this Agreement shall be limited recourse obligations payable solely from the assets of the applicable Pool of the Trust.

### V. DUTIES OF THE TRUSTEE

The Trustee shall:

5.1 provide FMR with such information pertaining to the Trust as the Investment Manager may reasonably request;

5.2 compensate FMR for its services under this Agreement as set forth in Schedule B attached hereto; and

5.3 provide FMR with true and correct copies of the Declaration of Trust, and any and all amendments thereto. FMR agrees to hold such copies confidential and, except as otherwise required by law, not to deliver said copies to any other party, without the prior written consent of the Trustee.

5.4 approve the Guidelines attached as Schedule A hereto as revised from time to time in accordance with this Agreement.

## VI. INVESTMENT OBJECTIVES - GUIDELINES

The current Guidelines are approved by the Trustee on behalf of the Trust and are set forth in Schedule A attached hereto. FMR shall make its investment decisions consistent with such Guidelines, but otherwise shall have sole and exclusive authority and discretion to manage and control the assets of the Account. FMR shall manage the Pools in accordance with the Guidelines and have responsibility for underlying fund selection with respect to each Pool. Changes in Guidelines may be made from time to time and shall be made only with the express written consent of the Trustee, who shall make due allowance for the time which FMR shall have to come into compliance with such changed Guidelines.

## VII. PERFORMANCE OF DUTIES - STANDARD OF CARE

FMR shall be obligated to perform its duties under this Agreement:

7.1 by diversifying, consistent with the Guidelines outstanding from time to time under Section VI, the investments of the Trust assets, unless under the circumstances it is clearly prudent not to do so; and

7.2 in accordance with the documents and instruments governing the Trust; provided, however, that the duties of FMR shall be governed exclusively by this Agreement and the Restated MAS Agreement to the extent that the provisions of any such plan documents are inconsistent with this Agreement and the Restated MAS Agreement.

## VIII. INDEMNIFICATION

FMR shall defend, indemnify and hold harmless the State, its officers and employees, including the Trustee, the Trust and the Commission, from and against any and all losses suffered by the State, its officers and employees, including the Trustee, the Trust and the Commission, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, including the Trustee, the Trust and the

Commission, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) either (i) the acts or omissions of FMR or its agents, subcontractors or subconsultants, relating to the qualification of the Plan under section 529 of the Code; or (ii) the negligence, gross negligence, reckless disregard or willful misconduct of FMR or its agents, subcontractors or subconsultants in the performance of the Services required hereunder, except in both cases to the extent such liability or damage is caused by the negligence, gross negligence, reckless disregard or willful misconduct by the State, its officers or employees, including the Trustee, the Trust, and the Commission. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this Agreement.

#### IX. APPOINTMENT OF AGENTS

FMR may at any time in its discretion appoint (and may at any time remove) one or more parties as agent to perform services in connection with FMR's duties under this Agreement. Such agents may only be subsidiaries, affiliates or divisions of FMR LLC or FMR, and may include but not be limited to the use of Fidelity Brokerage Services LLC, Fidelity Distributors Company LLC, formerly known as Fidelity Investments Institutional Services Company, Inc., and their affiliates to provide brokerage and custodial services. However, FMR may at any time in its discretion appoint one or more unaffiliated custodians or sub-custodians with respect to the Pools to facilitate the orderly transition of assets within the Trust. The Investment Manager shall use its best efforts to seek to execute Trust transactions at prices which are reasonable in relation to the benefits received. Selected brokers or dealers may also provide brokerage and research services (as those terms are defined in Section 28(e) of the Securities and Exchange Act of 1934) to the Trust and/or the other accounts over which FMR or its affiliates exercise investment discretion. The Investment Manager is authorized to pay such broker or dealer a commission for executing a Pool transaction for the Trust which is excess of the amount of commission another broker or dealer would have charged for effecting that transaction if FMR determines in good faith that such amount of commission is reasonable in relation to the value of the brokerage and research services provided by such broker or dealer. The agents and nominees of FMR will be required to exercise the same degree of care in performing each such service without exception as FMR would be obligated to exercise if it were performing the same itself. The appointment of any such agent shall not relieve FMR of any of its liabilities or responsibilities hereunder.

#### X. TERMINATION

This Agreement shall take effect on the date first stated above, provided it has then been approved by the Advisory Commission and the Governor and Executive Council (the "Effective Date"). This Agreement shall continue in effect until the date on which the Restated MAS Agreement is terminated in accordance with the terms of the Restated MAS Agreement. It is the intent of the Trustee and FMR that this Agreement and the Restated MAS Agreement are inextricably related and that the termination or

expiration of one of these contracts shall result in the termination or expiration of both of them. Except as provided in section 7.4 of the Restated MAS Agreement, if this Agreement is terminated during any period of time for which FMR has or has not been compensated, the fee due to FMR for such period shall be prorated to the date of termination.

## XI. MISCELLANEOUS

11.1 In the performance of this Agreement, FMR is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither FMR nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, worker's compensation or other emoluments provided by the State to its employees.

11.2 In connection with the performance of the investment management services required hereunder, FMR shall comply with all statutes, laws, regulations and orders of federal, state, county or municipal authorities which impose any obligation or duty upon FMR, including but not limited to civil rights and equal opportunity laws. During the term of this Agreement, FMR shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap or national origin and will take affirmative action to prevent such discrimination.

11.3 FMR shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the Trustee.

11.4 On or after the effective date of this Agreement, all Data (defined below) developed, produced or obtained by FMR shall be the property of the State, and shall be returned to the State in a mutually agreeable electronic format that can be used by any successor program manager upon termination of this Agreement for any reason. All Data shall be kept confidential and not disclosed by FMR or any agent, subcontractor or subconsultant, or other person or entity that obtains Data in conjunction with the performance of this Agreement without the prior written consent of the Trustee, except as otherwise required by law or this Agreement. As used in this Agreement, the word "Data" shall mean all information developed or obtained by reason of this Agreement, including but not limited to studies, reports, files, drawings, analyses, and designs specifically for the purposes of providing services under this Agreement and, all marketing materials of any kind, all trademarks, servicemarks and tradenames developed for the Plan, copyrighted materials, computer printouts, dedicated telephone numbers, notes, letters, customer lists, memoranda, papers and documents, whether finished or unfinished and all Data of any kind relating to Accounts maintained with the Trust or the Plan. The Trustee acknowledges that this Agreement does not involve the acquisition by the Trustee of any computer programs or other internal administrative systems developed by FMR and used to enable FMR to provide the Services required hereunder. All trademarks, servicemarks and trade names owned by FMR, any data relating to FMR customers except as such data relates to Accounts maintained with the Trust or the Plan,

and any proprietary administrative, computer or technical programs or systems developed and used by FMR to enable FMR to provide the Services required hereunder is and shall remain the property of FMR. This provision shall survive the termination of this Agreement.

11.5 No failure by the Trustee or the Trust to enforce any provisions hereof after any breach or failure to perform shall be deemed a waiver of its rights with regard to such event, or any subsequent breach or failure to perform. No such failure to enforce any provision hereof be deemed a waiver of the right of the Trustee or the Trust to enforce each and all of the provisions hereof upon any further or other default on the part of FMR.

11.6 This Agreement shall be construed in accordance with the laws of the State of New Hampshire and is binding upon and inures to the benefit of the parties and their respective successors and assigns.

11.7 The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

11.8 This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.

11.9 Nothing in this Agreement shall be construed to require FMR to do anything that would, in its reasonable judgment, contravene any requirements of applicable law or regulation.

11.10 During and for a reasonable time after the term of this Agreement, FMR shall permit the Trustee or its agents (including but not limited to independent public accountants or consultants of any kind selected by the Trustee) at all reasonable times during business hours to inspect, at the expense of the Trust, the Data (defined above) created and maintained pursuant to this Agreement for reasonable audit and inspection by the Trustee.

11.11 This Agreement may be amended, waived or modified only by an instrument in writing signed by the parties hereto and such amendment, waiver or modification will only become effective after such review and approval by the Governor and Executive Council of the State of New Hampshire required under then applicable state law.

11.12 The parties agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

11.13 The Trustee acknowledges that FMR has provided to it Part II of FMR's Form ADV or the equivalent thereof.

## **SCHEDULE A**

### **Investment Management Guidelines for New Hampshire Higher Education Savings Plan Trust**

The Trustee hereby establishes investment guidelines dated November 16, 2006, as amended and revised on October 4, 2011, February 8, 2012, August 1, 2013, September 30, 2017, April 20, 2018, January 2, 2019, June 5, 2019, September 1, 2019, March 15, 2020, February 8, 2021, December 31, 2021, June 15, 2022, August 1, 2024, and October 1, 2025.

The Trust is composed of a number of investment pools dedicated exclusively to the management of the assets contributed by donors for ultimate direction to qualified higher education expenses.

One grouped set of pools (the "Retail and Employee Pools" or "Retail and Employee Portfolios") is and will be primarily marketed directly to the public by Fidelity Brokerage Services LLC. This set of pools may also be marketed in the future, at such time as the Trustee and Fidelity Brokerage Services LLC may mutually agree, by Fidelity Brokerage Services LLC to employees through their place of employment.

A second grouped set of pools (the "Advisor Pools" or "Advisor Portfolios") is and will be marketed to the public through financial intermediaries not part of the Fidelity Investments group of companies. This set of pools is also marketed by financial intermediaries to employees through their place of employment.

The Retail and Employee Pools and the Advisor Pools shall each contain four types of pools. The first type of pool ("changing allocation pools") shall be designed to accommodate beneficiaries of similar ages. The second type of pool ("static allocation pools") shall be designed to accommodate beneficiaries without regard to age. The third type of pool ("individual fund pools") shall be designed to invest in a single underlying mutual fund and accommodate beneficiaries without regard to age. The fourth type of pool ("stable value pools"), which shall be available in the Trust in April 2022, shall be designed to invest in a stable value separately-managed account that may invest in individual securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks and accommodate beneficiaries without regard to age.

The Trustee may offer additional types of pools in the Trust. Upon mutual agreement of the Trustee and Investment Manager, the Trust may offer a fifth type of pool ("sustainability pool"), which shall be designed to invest in a combination of actively-managed and/or index Fidelity mutual funds that invest in companies that meet certain sustainability criteria and accommodate beneficiaries without regard to age.

The pools shall have the following characteristics:

## I.A. INVESTMENT OBJECTIVES FOR RETAIL AND EMPLOYEE POOLS

The Retail and Employee Pools shall have three series of changing allocation pools, two series of static allocation pools, one series of individual fund pools, and one series of a stable value pool available for investment.

The first series of changing allocation pools invests primarily in actively-managed mutual funds. The investment objective of each changing allocation pool shall be capital appreciation with reasonable safety of principal, consistent with the ages of the beneficiaries. For younger beneficiaries the Investment Manager shall place a greater emphasis on capital appreciation. For older beneficiaries, the Investment Manager shall place a greater emphasis on preservation of capital.

The second series of changing allocation pools invests primarily in index mutual funds. The investment objective of each changing allocation pool shall be capital appreciation with reasonable safety of principal, consistent with the ages of the beneficiaries. For younger beneficiaries the Investment Manager shall place a greater emphasis on capital appreciation. For older beneficiaries, the Investment Manager shall place a greater emphasis on preservation of capital.

The third series of changing allocation pools invests in a combination of actively-managed and index mutual funds. The investment objective of each changing allocation pool shall be capital appreciation with reasonable safety of principal, consistent with the ages of the beneficiaries. For younger beneficiaries the Investment Manager shall place a greater emphasis on capital appreciation. For older beneficiaries, the Investment Manager shall place a greater emphasis on preservation of capital.

The first series of static allocation pools invests primarily in actively-managed mutual funds. Of this series, there shall be three types of static allocation pools. The first type shall maintain a neutral mix over time of 100% of its assets in equity mutual funds. The investment objective of this static allocation pool shall be growth of capital over the long term by allocating its assets among equity mutual funds and commodities-related mutual funds. The second type shall maintain a neutral mix over time of approximately 70% of assets in equity mutual funds and 30% of assets in bond mutual funds. The investment objective of the second type of static allocation pool shall be to maximize total return over the long term by allocating its assets among equity, commodity-related, and bond mutual funds. The third type shall be invested approximately 45% in bond mutual funds and 55% in short-term bond mutual funds at all times. The primary investment objective of the third type of this form of static allocation pool is preservation of capital by allocating its assets among bond and short-term mutual funds. Income is a secondary objective.

The second series of static allocation pools invests primarily in index mutual funds. Of this series, there shall be three types of static allocation pools. The first type shall maintain a neutral mix over time of 100% of its assets in equity mutual funds. The

investment objective of this static allocation pool shall be growth of capital over the long term by allocating its assets among equity mutual funds and commodities-related mutual funds. The second type shall maintain a neutral mix over time of approximately 70% of assets in equity mutual funds and 30% of assets in bond mutual funds. The investment objective of the second type of this form of static allocation pool shall be to maximize total return over the long term by allocating its assets among equity, commodity-related, and bond mutual funds. The third type shall be invested approximately 45% in bond mutual funds and 55% in short-term bond mutual funds at all times. The primary investment objective of the third type of this form of static allocation pool is preservation of capital by allocating its assets among bond and short mutual funds. Income is a secondary objective.

The individual fund pools shall each invest in a single underlying index-based mutual fund or non-index based money market mutual fund. The investment objective of each such pool shall be the same as the investment objective of the mutual fund in which it invests. The individual fund pools that invest in index mutual funds shall invest as follows: Fidelity Index 500 Fund; Fidelity Total Market Index Fund; Fidelity Global ex US Index Fund; Fidelity Intermediate Treasury Bond Index Fund, or any successor funds thereof. Additional pools of this type may be formed at any time by action of the Advisory Commission.

The stable value pool shall invest in a stable value separately-managed account that may invest in individual securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks. The investment objective of such a stable value pool, subject to certain restrictions, shall be the preservation of principal while providing a steady, positive rate of return.

Upon mutual agreement of the Trustee and Investment Manager, the Trust may offer a sustainability pool, which shall invest in a combination of index and actively-managed mutual funds. The pool shall actively allocate around a neutral mix of approximately 70% of assets in sustainable equity mutual funds and 30% of assets in sustainable bond mutual funds. The investment objective of such a sustainability pool is to seek maximum total return over the long term by allocating assets among equity and bond mutual funds.

#### I.B. INVESTMENT OBJECTIVES FOR ADVISOR POOLS

The Advisor Pools shall have one series of changing allocation pools, one series of static allocation pools, one series of individual fund pools, and one series of a stable value pool available for investment.

The changing allocation pools invest primarily in actively-managed mutual funds. The investment objective of each changing allocation pool shall be capital appreciation with reasonable safety of principal, consistent with the ages of the beneficiaries. For younger beneficiaries the Investment Manager shall place a greater emphasis on capital

appreciation. For older beneficiaries, the Investment Manager shall place a greater emphasis on preservation of capital.

The static allocation pools invest primarily in actively-managed mutual funds. There shall be two types of static allocation pools. The first type shall maintain a neutral mix over time of 100% of its assets in equity mutual funds. The investment objective of the first type of static allocation pool shall be growth of capital over the long term by allocating its assets among equity mutual funds and commodities-related mutual funds. The second type shall maintain a neutral mix over time of approximately 70% of assets in equity mutual funds and 30% of assets in bond mutual funds. The investment objective of the second type of static allocation pool shall be to maximize total return over the long term by allocating its assets among equity, commodity-related, and bond mutual funds.

The individual fund pools shall primarily invest in actively-managed mutual funds or a non-index money market mutual fund. These pools shall be invested each in a single underlying mutual fund at all times. The investment objective of each pool is the same as the investment objective of the single mutual fund in which it invests, or any successor fund thereof, as stated in the then current prospectus for the mutual fund. There shall be seventeen pools of this third type, and the mutual funds in which they shall invest are as follows: Fidelity Advisor Diversified International fund, Fidelity Advisor Dividend Growth Fund, Fidelity Advisor Asset 60% Fund, Fidelity Advisor Equity-Growth Fund, Fidelity Advisor Equity-Income Fund, Fidelity Advisor Global Strategies Fund, Fidelity Advisor Growth Opportunities Fund, Fidelity Advisor New Insights Fund, Fidelity Advisor Small Cap Fund, Fidelity Advisor Strategic Dividend & Income Fund, Fidelity Advisor Stock Selector Mid Cap Fund, Fidelity Advisor Value Strategies Fund, Fidelity Advisor High Income Fund, Fidelity Advisor Inflation-Protected Bond Index Fund, Fidelity Advisor Limited Term Bond Fund, Fidelity Advisor Strategic Income Fund, and Fidelity Advisor Total Bond Fund. Additional individual fund pools may be formed at any time by action of the Advisory Commission.

The stable value pool shall invest in a stable value separately-managed account that may invest in individual securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks. The investment objective of such a stable value pool, subject to certain restrictions, shall be the preservation of principal while providing a steady, positive rate of return.

Upon mutual agreement of the Trustee and Investment Manager, the Trust may offer a sustainability pool, which shall invest in a combination of index and actively-managed mutual funds. The pool shall actively allocate around a neutral mix of approximately 70% of assets in sustainable equity mutual funds and 30% of assets in sustainable bond mutual funds. The investment objective of such a sustainability pool is to seek maximum total return over the long term by allocating assets among equity and bond mutual funds.

The Investment Manager shall set the allocation of each (i) changing allocation, static allocation, individual fund, and sustainability pool's (if the Trustee and Investment Manager mutually agree to offer a sustainability pool) assets in a Pool of Fidelity Investments mutual funds or in a single Fidelity Investments mutual fund consistent with the objectives of that pool, and (ii) stable value pool's assets in a pool of individual securities or Fidelity Investments mutual funds and investment contracts issued by third-party insurance companies or banks consistent with the investment objective of that pool.

\*Portfolio Management Fee data is as of October 1, 2025.

The Investment Manager agrees and acknowledges that no assets of the Trust shall be invested in any mutual fund if a sales load would be imposed on that investment.

The Trustee agrees and acknowledges that in addition to the charges described in the prior provisions of this paragraph, each of the mutual funds that are chosen by the Investment Manager also has investment management fees and other expenses.

(iii) With respect to all Accounts, but subject to the following sentence, a fee assessed annually of \$20 per Account. This \$20 annual charge shall be waived and not imposed for any year in which: (a) the Account or a Related Account (defined below) is subject to an election by the Participant to make automatic monthly additional contributions by electronic funds transfers; or (ii) the total asset value of the Account and Related Accounts equals or exceeds \$25,000. The \$20 annual charge also may be waived at the Adviser's discretion. For purposes of this provision, the term "Related Account" means any Account that is established for the same designated beneficiary.

(iv)(a) With respect to sales of Class A Units, Accounts shall be charged, payable immediately, a front-end sales charge as follows:

(1) To the extent that the dollars used to purchase Class A Units the following schedule shall apply:

<u>Purchase Amounts</u>	<u>As a % of Offering Price</u>
Up to \$49,999	3.50%
\$50,000 - \$99,999	3.00%
\$100,000 - \$249,999	2.50%
\$250,000 - \$499,999	1.75%
\$500,000 - \$999,999	1.50%
\$1,000,000 or more	0.00%

(2) To the extent that the dollars used to purchase Class A Units are allocated to a pool that invests in a stable value separately-managed account that may invest in individual securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks, no front-end sales charge shall be payable; however, if such a Class A Unit is purchased and subsequently exchanged for a Class A Unit in another pool available for investment exchange in the Trust, then at the time of the exchange, there shall become immediately payable an amount equal to the amount that would have become immediately payable had such type of Class A Unit been purchased initially.

(3) With respect to all Class A Units outstanding, an additional fee accrued and computed daily and payable monthly at an annual rate of 0.25%, except that for Class A Units invested in a pool that invests in a single underlying bond fund, the annual rate shall be 0.15% instead of 0.25%. Notwithstanding the foregoing, the fee computed daily at the 0.25% annual rate shall be reduced in certain circumstances, as follows: if and to the extent that the Trustee at any time waives the corresponding fee charged to Participants under the Participation Agreement for investment in a pool that invests in a stable value separately-managed account that may invest in individual securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks, the fee to FMR shall be reduced in an equal amount. The Trustee shall not make any such fee waiver without the prior consent of FMR, which consent shall not be unreasonably withheld.

(4) With respect to purchases of Class A Units of \$1,000,000 or more that qualify for a full load waiver, a contingent deferred sales charge of 1.00% (based on the lesser of the original cost of the Units or the value of the Units at the time of redemption) will be assessed on Units that do not remain in a Pool for a period of at least one uninterrupted year. The contingent deferred sales charge will not apply to any amount attributable to investment gains, to redemptions used to pay for a Beneficiary's qualified higher education expenses, or to redemptions due to a Beneficiary's death, disability, or receipt of a scholarship.

(5) The front-end sales charge will not apply to purchases of Class A Units for (a) purchases by any employee of a firm, and any member of the immediate family of such person, if such firm has in effect a Selling Agreement for the Fidelity Advisor 529 Plan with Fidelity Investments Institutional Services Company, Inc.; (b) purchases with "Fidelity 529 Dollars" generated from the Fidelity Investments College Rewards credit card; (c) purchases through a trust institution or bank department for a managed account that is charged an asset based fee (but Accounts managed by third parties do not qualify for this waiver); and (d) purchases of \$10.00 or less.

(v) (a)(1)) With respect to Class C Units outstanding: (a) an additional fee accrued and computed daily and payable monthly at an annual rate of 1.00%, and (b) with respect to all such Class C Units redeemed, a contingent deferred sales charge at a rate of 1.00% of any amount withdrawn during the first year. The contingent deferred sales charge will not apply to any amount attributable to investment gains, to redemptions used to pay for a Beneficiary's qualified higher education expenses, or to redemptions due to a Beneficiary's death, disability, or receipt of a scholarship. Also, the contingent deferred sales load will not apply to any such Class C Units purchased by exchanging other Class C Units. In such cases, the contingent deferred sales load applicable to the originally purchased category of Class C Units shall continue to apply instead. Notwithstanding the foregoing, the fee computed daily at the 1.00% annual rate with respect to pools that invest in a stable value separately-managed account that may invest in individual

securities or actively-managed and/or index Fidelity mutual funds and investment contracts issued by third-party insurance companies or banks shall be reduced in certain circumstances, as follows: if and to the extent that the Trustee at any time waives the corresponding fee charged to Participants under the Participation Agreement, the fee to FMR shall be reduced in an equal amount. The Trustee shall not make any such fee waiver without the prior consent of FMR, which consent shall not be unreasonably withheld.
